HDFC NIFTY100 LOW VOLATILITY 30 INDEX FUND

AN OPEN ENDED SCHEME REPLICATING/TRACKING NIFTY100 LOW VOLATILITY 30 INDEX (TRI)

TRUSTEE REPORT

HDFC Trustee Company Limited (the “Trustee”) is pleased to present its 25th report and the audited financial statements of the Schemes of HDFC Mutual Fund (the “Fund”), for the year ended March 31, 2025.

The Fund continues to be one of the largest Mutual Fund in India by Assets under Management (AUM). The AUM (including domestic FOF) as at March 31, 2025 was Rs. 765,961.22 crores (audited) as against Rs. 6,14,751.64 crores as at March 31, 2024 (audited), representing an increase of 24.60%. The equity schemes’ assets constitute 68.27% of the total assets under management of the Fund as at March 31, 2025.

During the year, the Fund launched 1 new Thematic Scheme, and 6 new passive schemes (Equity Index Funds).

The Fund aims to continue to offer need-based and customer-centric products that address the core needs of our diversified customer base.

As at March 31, 2025, the Fund offered 105 schemes (portfolios) across asset classes to meet the varying investment needs of investors.

1. SCHEME PERFORMANCE, FUTURE OUTLOOK AND OPERATIONS

A. SCHEME PERFORMANCE AND OPERATIONS

The Fund continues its focus on delivering long-term returns. Scheme specific comments on performance are provided in **Annexure 1** below.

B. FUTURE OUTLOOK

Overview of Global and Indian Economy

Global Economy

FY25 was a year that witnessed divergence in growth across major economies amidst heightened global uncertainties. The US exceptionalism continued as growth beat consensus estimates driven by strong consumer spending, private investments, robust services sector and a tight labour market. But the policy

shocks introduced by the new US administration have led to slowdown of growth in Q1CY25. While Europe avoided recession in CY24, outlook is cautious as geo-political instability and resultant energy price volatility continues to put pressure on European manufacturing competitiveness and cost of living. Germany indicated tolerance for higher spending by relaxing laws around limits on annual borrowings. China saw subdued economic growth in the last one year as the country continues to struggle with sluggish domestic demand and subdued property sector.

Indian economy

Growth: India’s GDP growth decelerated to 6.5% YoY in FY25 (FY24: 9.2%) as Government expenditure and investments spending slowed down. However, private consumption demand improved on the back of improving rural demand. GVA growth also decelerated (FY25: 6.4%, FY24: 8.6%) driven by moderation in manufacturing as well as services activities. Agriculture sector growth accelerated to 4.6% YoY in FY25 (FY24: 2.7%).

Fiscal: Central government fiscal deficit narrowed to 4.8% in FY25 (FY24: 5.5%). On the revenue front, gross tax collections growth slowed down to 11.2% in FY25 (FY24: 13.5%) driven by slowdown across segments. However, growth in personal income tax collections was robust at 19% YoY (FY24: 25%). Overall expenditure was contained at 6% YoY in FY25 (FY24: 6%). Within this, while revenue expenditure grew by 5.8% YoY in FY25 (FY24: 1.2%) capital expenditure growth slowed down to 7.3% (FY24: 28.3%).

Inflation: The average Consumer Price Index (CPI) eased in FY25 to 4.6% (FY24: 5.4%) driven by deceleration in fuel and core segments. Food inflation remained elevated at 7.3% driven by higher vegetable prices.

External sector: India’s Current Account Deficit (CAD) is likely to be contained under 1% of GDP in FY25 (FY24: 0.7%), driven by sustained growth in services exports although merchandise trade deficit increased to 7.3% of GDP (FY24: 6.7%). Higher merchandise trade deficit was driven by higher net oil and gold imports. On capital flows, heightened global uncertainties and increased

outflows resulted in a sharp decline in both FDI and FPI flows. While gross FDI flows were healthy, surge in repatriations (due to IPO exits) and India's outward FDI led to net FDI falling to multi-year low. FPI flows were weighed down by outflows from equity markets even as inflows into debt market remained healthy.

Outlook:

Global growth is likely to decelerate in CY25 to 2.8% (Source: IMF, CY24: 3.3%) due to tariff-related trade and geo-political disruptions. India's growth decelerated in FY25 but it still remained the fastest growing major economy in the world. Despite global uncertainties, India is expected to maintain similar growth rate of 6.5% in FY26 as well (source: RBI). This optimism is driven by sustained rural demand and prospects of revival in urban demand on the back of income tax cut and RBI's monetary easing. While the external sector faces elevated uncertainty due to tariff related and geo-political disruptions, India is safeguarded by ample foreign exchange reserves and a manageable current account. Key risks include further flare up in geopolitical tensions, global trade uncertainty and weather-related disruptions.

Equity markets

With a market capitalization of USD ~4.8 trillion as of end-FY25, India remained the 5th largest equity market globally. NIFTY/BSE Sensex ended the year higher by ~5.3%/5.1% respectively, which was significantly lower than FY24 when the indices registered gains of 28.6%/24.9%. Gains in Midcap and Smallcap indices also moderated significantly in FY25. Within sectors while Healthcare, Banks, Metals and Capital goods outperformed, Power, Auto and Oil and Gas underperformed. Globally most equity indices ended the year with strong gains with the exception of French, Korean and Japanese markets which ended the year with decline.

The moderation in return in India in FY25 was driven by selling from Foreign Portfolio Investors (FPIs) even as buying from Domestic Institutional Investors (DIIs) remained strong. In FY25, FPIs sold equity worth USD 15.7 billion (FY24: Net buy of USD 25.2 billion). Further, DIIs purchased equities worth USD 71.7 billion in FY25 (FY24: USD 25.3 billion). Retail participation in the equity markets – directly or through mutual funds - rose in FY25. Systematic Investment Plan (SIP) flows, a proxy of retail participation in mutual funds, has grown 2.6x since FY21 (gross inflows of USD 34 billion in FY25 vs USD 13 billion in FY21) and kept the DII buying strong.

Outlook: As on March 31, 2025, NIFTY 50 Index was trading at ~19x FY26E price to earnings multiple. The gap between 10Y G-sec yield and 1Y-Forward NIFTY 50 Index earnings yield narrowed during the year [$\text{Earnings yield} = 1/(\text{one year forward } P/E)$]. Recent rally has pushed valuations at premium to historical averages. Given the global uncertainties and valuation being higher than the historical average, the importance of stock selection increases even more.

Over the medium to long term, structurally robust domestic growth outlook, healthy corporate profitability, strong macroeconomic fundamentals and supportive pro-growth policies are anticipated to bode well for Indian equities. However, near-term risks include global trade uncertainties and resultant moderation in global growth, cyclical moderation in corporate earnings etc.

Fixed Income markets

Major central banks undertook synchronised rate cuts (except Japan which undertook rate hike) in FY25. The US exhibited exceptionalism with falling inflation and strong growth. It provided the Fed with the opportunity to cut policy rate by 100bps during the year. In Europe, Germany announced plans to loosen its constitutionally enshrined limit on annual borrowings. By the end of the year, 10-year Government bond yields were lower by just 10bps in the US and 48bps in China. It was higher by 44bps in EU and by 75bps in Japan.

10-year benchmark Government bond yield in India fell by 48bps during the year ending at 6.58% as inflation started to fall in line in 2HFY25 and RBI initiated rate cut cycle with its first rate cut in February 2025. RBI's liquidity enhancing measures towards the end of the year also helped cool yields. 10-year AAA corporate bond yields also witnessed decline of 23bps during the year and the spread between 10 year AAA and 10 year Gsec widened by ~25bps. FPIs flows in debt market remained robust in FY25 as well and they ended the year with net buying of USD 18.2 billion (FY24 net buy: USD 13.2 billion). The FPI inflows in debt was also supported by India's inclusion in the JP Morgan global bond index.

Outlook: Fixed income markets is favourably placed for FY26 given (1) low inflation, (2) ample liquidity provision by RBI, (3) comfortable external sector in view of steady growth in services exports and (4) Government sticking to

fiscal consolidation path. Key risks to this outlook include geopolitical and weather-related disruptions.

Name of the Scheme	Risk-o-meter level at the Start of the Financial Year i.e. March 31, 2024/at the time of NFO	Risk-o-meter level at the end of the Financial Year i.e. March 31, 2025/last available before maturity	Number of Changes in Risk-o-meter during the Financial Year/Period (April 2024 to March 2025)
HDFC NIFTY100 Low Volatility 30 Index Fund*	Very High	Very High	0

**Launched during the year*

9. STEWARDSHIP CODE

In terms of applicable clause(s) of SEBI Master Circular for Mutual Funds dated June 27, 2024, the report on implementation of every principle of Stewardship Code is given below:

Principle 1 - Formulation of Policy, its Disclosure and Review: Status - Complied

HDFC Mutual Fund (HDFC MF) has formulated Stewardship Code (the Code) in accordance with the provision of the SEBI Circular. This has been approved by the Board of Directors of HDFC Asset Management Company Limited (HDFC AMC or “Company”) and the HDFC Trustee Company Limited and was effective from July 1, 2020. The Code has been disclosed on the Company’s website. The Committee authorized under the Code undertakes annual review and/or whenever any changes are to be incorporated in the Code.

Principle 2 - Managing Conflict of Interest: Status - Complied

The Stewardship Code also covers conflict of interests in fulfilling stewardship responsibilities. Voting decisions are also guided by voting policy and conflict of interest policy. In all cases the voting decisions of HDFC MF have been based on the overall best interests of the Unit holders. The voting policy has also been disclosed on the website of HDFC Mutual Fund.

Principle 3 - Monitoring of Investee Companies: Status - Complied

In accordance with the Stewardship Code, the investee companies were monitored through various activities like financial performance analysis, management evaluation, business outlook, corporate governance, capital structure, industry level changes, and other key risk areas. Monitoring of areas like remuneration, risk related to social and environmental issues, shareholder rights and grievances was done on a best effort basis.

Principle 4 - Policy on Intervention in the Investee Company and collaboration with other Institutional Investors: Status - Complied

The Stewardship Code includes guiding principle for intervention in investee companies and on collaboration with other institutional investors. All the interventions were done with the objective to play a constructive role in enhancing the value of the investment in the equity of the investee companies to benefit the unit holders of schemes.

Principle 5 - Voting Policy and disclosure of voting activity: Status - Complied

HDFC MF has formulated the Voting policy approved by the Board of directors of HDFC AMC and Trustee Company. The Policy lays down the rules related to voting on the issues related to the investee companies. The Policy has been disclosed on HFDC Mutual Fund’s website. The Company has also uploaded its voting activities on the website on quarterly basis as per the guidelines issued by SEBI and Board approved Stewardship Code and Voting policy. The summary of votes cast during the financial year 2024-25 is disclosed on HDFC MF’s website (<https://www.hdfcfund.com/statutory-disclosure/voting>).

Principle 6 - Reporting of Stewardship Activities: Status – Complied

HDFC Mutual Fund has reported its stewardship activities as per the guidelines issued by SEBI and as per the Stewardship Code and Voting Policy.

10. DISCLOSURES PERTAINING TO NAV ADJUSTED FOR SWING FACTOR ALONG WITH THE PERFORMANCE IMPACT (APPLICABLE TO OPEN ENDED DEBT SCHEMES):

Sr No.	Period of applicability of swing pricing	Scheme name	Unswung NAV	Swing factor applied	Whether optional or Mandatory
Not Applicable					

11. DIGITAL PLATFORMS – UPDATES DURING THE YEAR

Our mission of creating wealth for every Indian will be possible at scale by increasing accessibility and security of our digital channels. Every internet-connected phone in the country is an opportunity for us to serve the wealth needs of that investor. To this end, we prioritised four pillars to align and amplify our digital efforts:

1. Seamless digital journeys

Deep diving into all our critical user journeys, we optimised each of them to make them simplified and frictionless. We revamped SIP, purchase, and payment journeys across mobile and web, and integrated e-Cart functionality and UPI AutoPay. The WhatsApp “Tap2Pay” platform went live with SIP and Purchase transactions, offering users an app-like experience on WhatsApp—bringing mutual funds to where the user already is. We also launched mobile based login, which removes the need to remember a username, and enables easy user registration.

We upgraded our website with a newly designed homepage, dark mode and faster load speeds. Content depth was expanded with MF Insights, a Book Review and Poetry section, and SIP Saheli—our learning management platform.

2. Scaling digital distribution

To empower our MFD partners, we enabled SIP Top-up with first instalment and implemented 2-Factor Authentication at login for enhanced security. The partner app has been refreshed with a new UI/UX and a new pre-login section. Our Connekt tool (co-marketing platform for partners) was further enhanced, enabling single-click campaigns, lead tracking, and personalized outreach. Our prime focus for Partners includes streamlining transaction flows to help accelerate time-to-conversion and boosting partner productivity on WhatsApp through Account statements, new SIP registrations, Lumpsum transactions, SIP renewals, and a complete overhaul of the Partner One click asset for enhancing their mobility and reach.

3. Security and regulatory prudence

In line with regulatory and security goals, we launched digital platform updates on unclaimed dividends and redemptions, weekly/monthly debt disclosures, modified TER formats, visual accessibility enhancements, and new statutory sections like Public Caution Notices, MOA & AOA. We implemented new security tools for advanced observability, Runtime application self-protection (RASP) solution, Risk-based authentication, and secured development practices, in line with the CSCR requirements. Our ‘far DR-BCP’ site setup has been tested and is now live and operational.

4. Step-changing digital experience with AI

FY25 was a year of many new AI experiments and launches. We went live with our very own self-hosted AI open-source model, which was then used to launch an internal knowledge management system (KMS) across multiple functions such as client services, compliance etc. This KMS,

through its chat-based frontend, now serves internal users across the country with quick answers to tricky but critical questions based on a guard railed content database. We are also using LLMs to automate processes and thus saving hundreds of person-hours across regulation checking, automatic dashboarding, generating factsheets etc. Our AI content engine is now creating hundreds of blogs and articles, posters, NFO creatives and even videos for social posts and moment marketing.

We see AI becoming a bigger enabler across our efforts on digital enablement, process automation and content creation in the coming year.

12. LIABILITY AND RESPONSIBILITY OF TRUSTEE AND SPONSORS

The main responsibility of the Trustee is to safeguard the interest of the Unitholders and inter-alia ensure that HDFC Asset Management Company Limited (HDFC AMC) functions in the interest of investors and in accordance with the Regulations, the provisions of the Trust Deed and the Statement of Additional Information, Scheme Information Document/Offer Document of the respective Schemes. From the information provided to the Trustee and the reviews the Trustee has undertaken, the Trustee believes HDFC AMC has operated in the interests of the Unitholders.

The Co-Sponsors are not responsible or liable for any loss or shortfall resulting from the operation of the Schemes beyond the initial contribution of Rs.1 lakh each made by them towards setting up of the Fund.

13. STATUTORY INFORMATION

- HDFC Bank Ltd. is not responsible or liable for any loss resulting from the operation of the Schemes of the Fund beyond their initial contribution of Rs.1 lakh each for setting up the Fund, and such other accretions/additions to the same.
- The price and redemption value of the Units, and income from them, can go up as well as down with fluctuations in the market value of its underlying investments.
- Full Annual Report shall be disclosed on website of the fund (<https://www.hdfcfund.com/statutory-disclosure/annual-reports>) and shall be available for inspection at the Head Office of HDFC Mutual Fund. On written request, present and prospective unitholders/investors can obtain a physical copy of the trust deed, the annual report and scheme related documents at a nominal price.
- Annual Report of the AMC is disclosed on website of the fund (<https://www.hdfcfund.com/about-us/financial-information/annual-reports>). Upon request of any unitholder, annual report of the AMC shall be provided to them.

14. ACKNOWLEDGEMENTS

The Trustees take this opportunity to thank SEBI, AMFI, Exchange(s), Depositories, the investors, Investor Service Centres, distributors, key partners, service providers, HDFC AMC and its employees for their commitment and look forward to their continued support.

**For and on behalf of the Board of Directors
HDFC Trustee Company Limited**

Annexure 1
SCHEME PERFORMANCE

HDFC NIFTY100 Low Volatility 30 Index Fund- An open ended scheme replicating/tracking NIFTY100 Low Volatility 30 Index (TRI).

HDFC NIFTY100 Low Volatility 30 Index Fund seeks to generate returns that are commensurate (before fees and expenses) with the performance of the NIFTY100 Low Volatility 30 Index (TRI), over long term, subject to tracking error. There is no assurance that the investment objective of the Scheme will be achieved.

The performance of HDFC NIFTY100 Low Volatility 30 Index Fund as at March 31, 2025 is presented below:

Regular Plan - Growth Option:

Period	Absolute Returns (%) ^	Benchmark Returns (%) #
Since Inception@	-3.82	-3.22

^Past performance may or may not be sustained in the future.

Benchmark Index: NIFTY100 Low Volatility 30 Index (Total Returns Index)

@ Date of Inception/Allotment: July 10, 2024.

Since Inception returns are calculated on Rs.10 (allotment price per Unit)

Direct Plan - Growth Option:

Period	Absolute Returns (%) ^	Benchmark Returns (%) #
Since Inception@	-3.46	-3.22

^Past performance may or may not be sustained in the future.

Benchmark Index: NIFTY100 Low Volatility 30 Index (Total Returns Index).

@ Date of Inception/Allotment: July 10, 2024.

Since Inception returns are calculated on Rs.10 (allotment price per Unit).

HDFC NIFTY100 Low Volatility 30 Index Fund has underperformed the benchmark since inception. Tracking error of scheme is 0.07%. The underperformance to benchmark is due to a) various fund cost e.g. Security Transaction Tax and Brokerage cost on buying/selling of underlying stocks in Index during inflow/redemption, re-balancing, deploying dividend received on underlying stocks of Index, b) although the Scheme mirrors the benchmark, the returns would be lower also to the extent of permissible expenses charged to the Scheme and c) stock price variation from ex-dividend date to dividend deployment date.

The net assets of the Scheme amounted to Rs. 334.50 crore as at March 31, 2025.

As at March 31, 2025, the Scheme had 99.90% of its total assets invested in constituents of the underlying Index and 0.10% in other current assets (including Fixed Deposits/Reverse Repos/TREPS).

^Average Resolution time is the sum total of time taken to resolve each complaint in days, in the current month divided by total number of complaints resolved in the current month

INDEPENDENT AUDITOR'S REPORT

To the Trustees of
HDFC Mutual Fund – HDFC Nifty100 Low Volatility 30 Index Fund

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of HDFC Nifty100 Low Volatility 30 Index Fund (“the Scheme”), which comprise the Balance Sheet as at March 31, 2025, the Revenue Account, the Cash Flow Statement and the Statement of changes in net asset attributable to unit holders of scheme for the period then ended, and notes to the financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements of the Scheme give a true and fair view in conformity with the accounting principles generally accepted in India, including the accounting policies and standards specified in the Ninth Schedule to the Securities and Exchange Board of India (Mutual Funds) Regulations, 1996, as amended (“the SEBI Regulations”):

- (a) in the case of the Balance Sheet, of the state of affairs of the Scheme as at March 31, 2025;
- (b) in the case of the Revenue Account, of the deficit for the period ended on that date;
- (c) in the case of the Cash Flow Statement, of the cash flows for the period ended on that date; and
- (d) in the case of Statement of changes in Net assets, of the changes in net assets attributable to the unit holders of the respective schemes for the period ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) issued by the Institute of Chartered Accountants of India (“the ICAI”). Our responsibilities under those Standards are further described in the ‘Auditor’s Responsibilities for the Audit of the Financial Statements’ section of our report. We are independent of the Scheme in accordance with the ‘Code of Ethics’ issued by the ICAI together with the ethical requirements that are relevant to our audit of the financial statements, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Information Other than the Financial Statements and Auditor’s Report Thereon

The Board of Directors of HDFC Asset Management Company Limited (the “AMC”) and HDFC Trustee Company Limited (the “Trustees”) are responsible for the other information. The other information comprises the information included in the Trustee report, but does not include the financial statements and our auditor’s report thereon. The Trustee report is expected to be made available to us after the date of this auditor’s report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the trustee report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and to comply with the relevant applicable requirements of the standards on auditing for auditor’s responsibility in relation to other information in documents containing audited financial statements. We have nothing to report in this regard.

Responsibilities of management and Those Charged With Governance for the Financial Statements

The Board of Directors of the AMC and the Trustees are responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance, cash flows and changes in net assets attributable to unitholders of the Scheme in accordance with accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS), read with the SEBI Regulations. This responsibility also includes maintenance of adequate accounting records in accordance with the SEBI regulations for safeguarding of the assets of the Scheme and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent, the design, implementation and maintenance of adequate internal controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the management is responsible for assessing the Scheme’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate the Scheme or to cease operations, or has no realistic alternative but to do so.

Those Charged with Governance are also responsible for overseeing the Scheme’s financial reporting process.

Auditor’s Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of the management’s use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Scheme’s ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor’s report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor’s report. However, future events or conditions may cause the Scheme to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the management, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

INDEPENDENT AUDITOR'S REPORT (contd...)

We also provide to the management with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by Regulation 55(4) and clause 5(ii)(2) of the Eleventh Schedule of the SEBI Regulations, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - b. In our opinion, the balance sheet and revenue account dealt with by this report have been prepared in conformity with the accounting policies and standards specified in the Ninth Schedule to the Regulations; and
 - c. The balance sheet, the revenue account, the cash flow statement and Statement of changes in net asset attributable to unit holders of scheme dealt with by this report are in agreement with the books of account of the Scheme.
2. On the basis of information and explanations given to us, the scheme does not have any non-traded securities as at March 31, 2025 and hence reporting requirement of Eighth Schedule of the SEBI Regulations is not applicable.

Auditors' Report and Abridged Audited Results have been extracted from the Auditors' Report, Audited Balance Sheet, Revenue Account and Notes to Accounts. Full Annual Report shall be disclosed on the website (www.hdfcfund.com) and shall be available for inspection at the Head Office of HDFC Mutual Fund. Unit holder can obtain a copy of the same at a price.

Have you...

Updated your PAN and KYC information with us?

Provide us your PAN and KYC information

All Unit holder(s) have to keep their PAN and KYC information (both mandatory) to be updated at all times in their folios. Please note that investments (systematic transaction, lumpsum, redemption and non-investor initiated transactions like IDCW payout) shall not be permitted/shall be restricted in the folios wherein PAN/PEKRN (PAN-exempt KYC Reference Number) are not available. In case of any changes to the KYC information provided by you earlier, please visit an Investor Service Centre (ISC) of HDFC Mutual Fund/CAMS or your financial advisor, if any. The KYC procedure can be completed at the Point of Service of any KYC Registration Agency (KRA) authorized by SEBI.

PAN Aadhaar linking

Currently, as per Section 139AA of the Income Tax Act, 1961, every person who has been allotted a PAN as on July 1, 2017, and who is eligible to obtain an Aadhaar number, shall have link their Aadhaar and PAN failing the payouts may attract higher TDS.

Identification of Ultimate Beneficial Ownership (UBO) for Non-individual investors

SEBI has mandated all registered intermediaries to obtain sufficient information from their investors/clients viz. non-individuals and trusts in order to identify and verify the identity of persons who beneficially own or control the investments. The beneficial owner is defined as the natural person or persons, who ultimately own, control or influence a client and/or persons on whose behalf a transaction is being conducted or those persons who exercise ultimate effective control over a legal person or arrangement. In view of the above we request you to submit the details of the beneficial ownership along with the requisite documents at the earliest. For the UBO declaration/form, please visit our website www.hdfcfund.com.

Updation/Review of Bank account

Unit holders are advised to note that for redemptions and IDCW declared with effect from January 13, 2023, as per amended SEBI regulations, payout will be done only through electronic mode(s), even where a Unit holder has opted to receive physical instruments. Thus, payment of such amounts shall be made through physical instruments only in exceptional circumstances for reasons to be recorded by the AMC. Accordingly, unit holders who have opted for/have earlier received physical instruments are requested to update their bank account details by/sending us a copy of a cancelled cheque of first/sole holder's bank account.

Thus, unit holders should also ensure that the correct bank account details including IFSC is updated in our records.

Done your bit towards the environment?

Provide us your latest contact information and opt to receive communications by email

Update your email ID and mobile number in your folio(s) and experience the convenience of receiving transaction alerts and account statements immediately upon transacting. You can also request for receiving an account statement regularly to your email ID. HDFC Mutual Fund offers a facility for you to receive documents (account statements, annual reports etc.) by email. Receiving documents by email is convenient, easy to store/retrieve, free of cost as well as eco-friendly. After opting for the facility, if you need any document in the physical form, you may request for the same and we shall provide it at no cost to you.

Unclaimed Investments

Over the years, Mutual Fund investors may lose track of their investments, especially if made in physical form with minimal KYC details. These investments might remain perpetually invested unless the investor or their nominee/legal heir approaches the concerned AMC for redemption, transfer, or transmission. Due to the non-availability of PAN, email ID, or valid address, these folios may not appear in the unitholder's Consolidated Account Statement, making them susceptible to fraudulent redemptions.

To address these concerns, as part of SEBI's initiative, the MITRA platform has been developed by the RTAs. This industry-level searchable database of inactive and unclaimed Mutual Fund folios empowers investors by:

- Enabling identification of overlooked investments or rightful claims.
- Encouraging KYC compliance as per current norms.
- Reducing the number of unclaimed Mutual Fund folios.

We therefore believe this initiative will significantly benefit investors by safeguarding their investments.

Checked if you have received the redemptions and IDCW, if any, in your folio?

Check for any unclaimed redemptions/IDCW

Unit holders are earnestly requested to check that they have received all redemptions and IDCW, if any, in their folio(s). If any payouts have not been received, our Investor Service Centres will assist unit holders in receiving any such payments.

Important note for investors of erstwhile Morgan Stanley Mutual Fund:

HDFC Asset Management Company Limited manages the schemes of erstwhile Morgan Stanley Mutual Fund with effect from the close of business hours of June 27, 2014. Unitholders of the erstwhile Morgan Stanley Growth Fund are earnestly requested to check for any missing/unclaimed IDCW, particularly those declared between 1999 and 2006. The Unitholders are requested to approach our Investor Service Centres for the process of claiming such IDCW and for KYC/address or contact details and/or bank account details updation etc. at the earliest.

Information on FATCA & CRS

FATCA (i.e. Foreign Account Tax Compliance Act) is a United States Federal law that requires foreign financial institutions to report certain information about financial accounts held by U.S. taxpayers or by foreign entities in which U.S. taxpayers hold a substantial ownership interest either directly or indirectly to the US tax authorities. FATCA is an important development in US efforts to improve tax compliance involving foreign financial assets and offshore accounts of US citizens. The Government of India and the United States of America (US) have signed an Inter Governmental Agreement to implement FATCA on July 09, 2015. Additional information on FATCA is available at: <http://www.irs.gov/FATCA>.

Similar to FATCA, Organisation for Economic Co-operation and Development (OECD) has released a “Standard for Automatic Exchange of Financial Account Information in Tax Matters”, commonly known as Common Reporting Standard (CRS). CRS mandates multilateral and automatic tax information exchange. Under the standard, jurisdictions would obtain financial information from their financial institutions and automatically exchange that information with other jurisdictions on an annual basis. India has signed a multilateral agreement on June 03, 2015 that has paved the way for effective exchange of financial account information on an automatic basis among signatory countries. Information on CRS is available at: <https://www.oecd.org/tax/automatic-exchange/common-reporting-standard>.

Pursuant to the new reporting regime under FATCA and CRS, the AMC/Mutual Fund is required to collect and disclose information about its investors/unit holders to the Indian tax authorities for the purpose of onward transmission to the concerned authorities in case identified as a reportable account. The information disclosed may include (inter alia, but not limited to) the identity of the investors, their tax residency and their direct or indirect beneficiaries, beneficial owners and controlling persons. We urge all the unit holders to update their FATCA/CRS details by submitting self-certification to the AMC/Mutual Fund at the earliest.

The Central Board of Direct Taxes, vide a press release dated April 11, 2017 has notified the requirement of obtaining the FATCA/CRS self-certification from the investors whose folios were opened between July 01, 2014 and August 31, 2015, failing which, such folios would be restricted for further transactions.

All investors, especially those who had opened the folios after July 01, 2014, are therefore requested to provide this information online via our website www.hdfcfund.com under Investor Corner --> KYC and FATCA/CRS requirements. Alternately, it can be submitted to any of our Investor Service Centers (ISCs) or to your distributor, if any, by filling up the Supplementary KYC, FATCA & CRS form.

Did you know?

Units of eligible schemes of HDFC Mutual Fund can be held in your demat account and are available for transactions on the stock exchanges.
