

Notes to Financial Statements for the year ended March 31, 2025

General Information

HDFC Mutual Fund has been constituted as a trust in accordance with the provisions of the Indian Trusts Act, 1882, as per the terms of the trust deed dated June 8, 2000 and deeds of variation dated June 11, 2003 and June 19, 2003 respectively with Housing Development Finance Corporation Limited ("HDFC") and abrdn Investment Management Limited as the Sponsors / Settlers and HDFC Trustee Company Limited, as the Trustee. The Trust Deed has been registered under the Indian Registration Act, 1908. The Mutual Fund has been registered with SEBI, under registration code MF/044/00/6 on June 30, 2000. However, abrdn Investment Management Limited has ceased to be the co-sponsor as on June 20, 2023 and on account of merger of HDFC with and into HDFC Bank Limited, HDFC Bank Limited is the Sponsor of HDFC Mutual Fund, in place of HDFC, with effect from July 01, 2023.

2 Basis of preparation and presentation**2.1 Statement of compliance**

The financial statements of the Fund have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time and Securities and Exchange Board of India (Mutual Funds) Regulations, 1996 including guidelines issued thereunder, as amended from time to time ("the SEBI MF Regulations"). In case of any conflict between the requirements of Ind AS and SEBI MF Regulations, the requirements specified under SEBI MF Regulations are applied.

2.2 Preparation of Financial Statements of the Scheme

These financial statements of the Fund are presented in the format prescribed in SEBI circular no "SEBI/HO/IMD-II/DOF8/P/CIR/2022/12" dated February 04, 2022. The disclosures as required under Ind AS, as applicable to the Fund, are included in these financial statements.

The Fund has prepared the financial statements on the basis that it will continue to operate as a going concern.

Financial assets and financial liabilities are generally reported gross in the balance sheet. They are only offset and reported net when, in addition to having an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event, the parties also intend to settle on a net basis in all of the following circumstances:

- The normal course of business
- The event of default
- The event of insolvency or bankruptcy of the Fund and/or its counterparties

The Fund presents its balance sheet in order of liquidity. An analysis regarding recovery or settlement within 12 months after the reporting date (current) and more than 12 months after the reporting date (non-current) is presented in **Annexure XV**

2.3 Functional and presentational currency

Item included in the Financial Statement of the Fund are measured using the currency of the primary economic environment in which the Fund operates ("the functional currency"). The Financial Statements are presented in Indian rupee (INR), which is Fund's functional and presentation currency, and all values are rounded to the nearest lakhs (INR 00,000), except when otherwise indicated.

2.4 Basis of Measurement

The financial statements have been prepared under the historical cost convention on the accrual basis except for financial instruments which are measured at fair values through Profit and Loss at the end of each reporting period, as explained below.

All assets and Liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the degree to which the inputs to the fair value measurements are observable and the significance of the fair value measurement in its entirety:

- Level 1 - Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 - Inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 - Inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instruments nor are they based on available market data.

2.5 Significant accounting judgments, estimates and assumptions

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect the reported amounts of assets and liabilities and accompanying disclosures (including contingent liabilities) at the date of the financial statements and the reported amounts of revenues and expenses for the reporting period. The estimates and assumptions used in the accompanying financial statements are based upon management's evaluation of the relevant facts and circumstances as of the date of financial statements. Actual results could differ from these estimates. Any revisions to accounting estimates are recognized prospectively in the current and future periods.

Estimates and underlying assumptions are reviewed on an ongoing basis. Key sources of estimation of uncertainty at the date of financial statements, which may cause a material adjustment to the carrying amount of assets and liabilities within the next financial year are included in the following notes:

a Fair value measurement

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using various valuation techniques. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments. See note 31 for more information on the fair value measurement of the Fund's financial statements

3 Summary of material accounting policies

3.1 Income Recognition

Income is recognised on an accrual basis when the right of receipt is established and there is a reasonable certainty of collection. The recognition criteria for material classes of income are stated below :

- i. Dividend income is accrued on ex-dividend date.
- ii. Interest income is recognised daily on a time proportionate basis
- iii. Dividend and interest income for units of Infrastructure Investment Trust & Real Estate Investment Trust (InvIT and REIT) is accrued on ex-date. Capital reduction is adjusted towards cost of investment on ex -date.
- iv. Where income receivable on investments has accrued but has not been received or in case of debt securities classified as below investment grade , provision shall be made against the income already accrued in the manner specified by SEBI circular SEBI/HO/IMD/DF4/CIR/P/2019/102 dated 24th September 2019.
- v. In case of securities classified as below investment grade but not as default, interest accrual may continue with the same haircut applied to the principal, for securities that are classified as default no further interest shall be accrued on the same.
- vi. Profit or loss on sale of investments is recognised on the trade date. The cost of investments sold is determined on "weighted average cost" basis.
- vii. Income on derivative transactions is recognized as difference between the strike price or day end valuation of the previous day vis-a-vis the Settlement Price of the day.
- viii. Income on Interest Rate Swap (IRS) constitutes the interest contracted on the notional value and the daily mark to market of the IRS as per the valuation policy.

3.2 Financial instruments

Initial recognition and measurement of financial assets and financial liabilities

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

All financial assets and financial liabilities are recognised initially at fair value when the fund become party to the contractual provisions of the financial asset. In case of financial assets which are not recorded at fair value through profit or loss, transaction costs that are directly attributable to the acquisition or issue of the financial assets, are adjusted to the fair value on initial recognition.

The Fund's financial assets includes Investments, Derivative contracts, Receivables, Cash and cash equivalents, Bank balances other than cash and cash equivalents and other financial assets.

Purchase and sale of investments are recorded on the date of the transaction, at cost and sale price respectively, after excluding brokerage, commission, CCIL charges and fees payable or receivable, if any and stamp duty charges in case of investment in mutual fund units.

Classification and subsequent measurement of Financial assets and financial liabilities

Evaluation of Business Model - Classification and measurement of financial assets depends on the results of business model and the solely payments of principal and interest ("SPPI") test.

As per clause 47 of the SEBI Regulations, every mutual fund shall ensure that the AMC computes and carries out valuation of investments made by its fund in accordance with the investment valuation norms specified in Eighth Schedule. As per Eighth Schedule, the valuation of investments shall be based on the principles of fair valuation i.e. valuation shall be reflective of the realizable value of the Securities. The Valuation shall be done in good faith and in true and fair manner through appropriate valuation policies and procedures.

The Fund's portfolio of financial assets is managed, and its performance is evaluated on a fair value basis in accordance with the Fund's documented investment strategy, together with other related financial information.

The Fund is required to fair value investment as per SEBI Regulations. Hence, the Fund has not performed the SPPI Test.

Investments at fair value through profit or loss (FVTPL)

All investments are measured at FVTPL. Investments at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on re-measurement recognized in the Revenue account. The gain recognized in the Revenue account is included in the 'Gain on Fair Value Change' line item and in case of loss recognized in the Revenue account is included in the 'Loss on Fair Value Change' line item.

Financial liabilities

Derivative contracts that have a negative fair value are presented as liabilities at FVTPL. Interest expense and foreign exchange gains and losses are recognised in the Revenue account.

Financial instruments not measured at fair value

The carrying value less expected credit loss provision of other financial assets and other financial liabilities are assumed to approximate their fair values due to their short-term nature.

De-recognition

The fund derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the fund neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset. If the fund enters into transactions whereby it transfers assets recognised on its Balance sheet but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised. The Scheme derecognises a financial liability when its contractual obligations are discharged or cancelled or expire.

3.3 Portfolio Valuation

Investments are stated at fair value at the Balance Sheet date. Investment transactions are initially recognised on the trade date at cost. Cost of investments excludes brokerage, commission, stamp charges and any charge customarily included in the broker note which are within the limits specified in SEBI Notification dated September 26, 2012 and Custodian Fees. Any accrued interest paid on purchase of coupon bearing securities is not included in the cost of investment and is accounted in interest receivable account. Any accrued interest received on sale of coupon bearing securities is not included in the sale value. Investments include contracts for purchase of securities and exclude securities where contracts for sale have been executed, deliveries for which are pending as on the Balance Sheet date. In respect of privately placed debt instruments, front end discount, if any, is reduced from the cost of the instrument.

The Scheme's investments are subsequently revalued as described hereinafter and the unrealised gain or loss in the value of investment is determined separately for each investment. The change in unrealised gain or loss, if any, between two Balance Sheet dates is recognised in the Revenue Account. However, unrealised gain in the value of investment is reduced from distributable income at the time of income distribution.

The basis of valuation of the Scheme's investments, after initial recognition, is given below:

Equity, Equity Related Securities and Preference Shares

All traded investments are valued at the last quoted closing price on the National Stock Exchange Limited (NSE)/BSE Limited (BSE) or other stock exchange, where such security is listed. If not traded on the primary stock exchange, the closing price on the other stock exchange is considered. NSE is the primary stock exchange, except in the below mentioned schemes wherein traded securities are valued at the last quoted closing price on BSE on which the security is traded.

HDFC BSE 500 ETF
HDFC BSE 500 Index Fund
HDFC BSE Sensex Index Fund
HDFC BSE Sensex ETF

When a security is not traded on any stock exchange, on the date of valuation, then the previous closing price on NSE/BSE or any other Stock Exchange is used, provided such closing price is not exceeding a period of 30 calendar days.

Thinly Traded Equity, Equity related securities and Preference Shares are those securities whose trade in a month, are both less than Rs. 5 lacs and the total volume is less than 50,000 shares. Thinly Traded and Non-Traded Equity securities are valued at fair value as per procedures determined by the Investment Manager and approved by Trustee of HDFC Mutual Fund, in accordance with the SEBI Regulations and related circulars.

All non-traded Non-convertible preference share investments are valued at the present value of all the future expected dividend payments and the maturity value, discounted at the expected return on preference share. convertible preference share investments are valued based on underlying equity, discounted for illiquidity, if required as decided by the Valuation Committee.

All equity warrants/rights entitlement/partly paid up rights shares are valued after applying appropriate discount, after reducing the exercise price/issuance price from the closing price of the underlying equity security.

Futures and Options are valued at settlement price on the stock exchange on which they are traded.

Foreign Securities

The prices of securities which are denominated in foreign currencies (i.e. ADR/GDR/Offshore securities) are priced at the closing price in the respective principal stock exchange. The price is converted into INR. Conversion is done using the Financial Benchmarks India Private Limited ("FBIL") reference rates published on the respective date.

Debt, Money Market and related securities

All traded and non-traded investments are valued at average of scrip level prices provided by CRISIL & ICRA LTD for individual securities.

Pursuant to SEBI circular Nos. SEBI/HO/IMD/DF4/CIR/P/2019/102 dated September 24, 2019 and SEBI/HO/IMD/DF3/CIR/P/2020/76 dated April 30, 2020, following valuation practice has come into effect from June 30, 2020 All debt, money market and related securities irrespective of residual maturity are valued at average of scrip level prices provided by CRISIL & ICRA LTD for individual securities. If security level price for new security purchased (primary allotment or secondary market) is not available from Valuation Agencies, the valuation of such securities shall be done at the weighted average yield/Price of all the purchases made by HDFC Mutual Fund Schemes from the day of allotment/purchase

Government Securities/Treasury Bills/Cash Management Bills

Central Government and State Government loans and Treasury bills are valued based on the aggregated prices provided by CRISIL & ICRA.

Interest Rate Swaps (IRS) / Forward Rate Agreements (FRA)

All OTC derivatives viz. SWAP/ IRS/ FRA's are valued at the average prices provided by AMFI approved agencies (currently CRISIL and ICRA).

Valuation of money market and debt securities which are rated below investment grade

All money market and debt securities which are rated below investment grade shall be valued at the average of the price provided by AMFI approved agencies.

Mutual Fund Units

Investment in Listed Mutual funds will be valued at closing price on the principal stock exchange. Investment in unlisted Mutual Fund units are valued at the day-end Net Asset Value of the respective scheme.

TREPS and Reverse Repo

TREPS & Reverse Repos are valued on the aggregated prices provided by CRISIL & ICRA. In case prices are not available then the same shall be valued on cost plus accrual basis.

Gold

The gold acquired by the scheme is in the form of standard bars and its value as on a particular day is determined as under:

- The London Bullion Market Association's (LBMA) AM fixing price per troy ounce is increased/decreased with the Cost, Insurance, Freight premium/discount and the LBMA fixing charges.
- This value arrived at in (a) above is then converted to the equivalent price for 1 kg gold of 0.995 fineness by applying the conversion factor.
- The Financial Benchmark India Private Limited (FBIL) reference rate is applied to convert the price from US dollars to Indian Rupees.
- The Indian taxes levied in the form of customs duty as applicable are added to arrive at the final landed price of gold.

If on any day the LBMA AM fixing or FBIL reference rate is not available due to holiday, then the immediately previous day's prices are applied for the purpose of calculating the value of gold.

Silver

The Silver acquired by the scheme is in the form of standard bars and its value as on a particular day is determined as under:

- The London Bullion Market Association's (LBMA) AM fixing price per troy ounce is increased/decreased with the Cost, Insurance, Freight premium/discount and the LBMA fixing charges.
- This value arrived at in (a) above is then converted to the equivalent price for 1 kg Silver of 0.999 fineness by applying the conversion factor.
- The FBIL reference rate is applied to convert the price from US dollars to Indian Rupees.
- The Indian taxes levied in the form of customs duty as applicable are added to arrive at the final landed price of Silver.

If on any day the LBMA AM fixing or FBIL reference rate is not available due to holiday, then the immediately previous day's prices are applied for the purpose of calculating the value of Silver.

Where price of gold / silver as determined by method prescribed in SEBI MF Regulations is higher/lower than the MCX spot price i.e. domestic price, the premium or discount shall be applied to adjust the valuation price to reflect fair valuation. In case MCX spot is not available any other appropriate source may be used as agreed upon by valuation committee to determine domestic price.

The premium / discount shall be determined on monthly basis or such other shorter periodic intervals as may be deemed necessary.

Units of InvITs / REITs

The units of Listed InvITs and REITs will be valued at the closing price of the principal stock exchange.

f. Impairment of financial assets

In accordance with Ind AS 109, the Fund uses 'Expected Credit Loss' (ECL) model, for evaluating impairment of financial assets other than those measured at fair value through profit and loss (FVTPL).

Expected credit losses are measured through a loss allowance at an amount equal to:

- The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument)

For receivables, the Fund applies 'simplified approach' which requires expected lifetime losses to be recognised from initial recognition of the receivables. The Fund uses historical default rates to determine impairment loss on the portfolio of receivables. At every reporting date, these historical default rates are reviewed and changes in the forward-looking estimates are analysed.

For other assets, the Fund uses 12-month ECL to provide for impairment loss where there is no significant increase in credit risk. If there is significant increase in credit risk full lifetime ECL is used.

For Detailed valuation policy, please refer our website <https://www.hdfcfund.com/statutory-disclosure/valuation-policy>

3.3 Offsetting financial instruments

Financial assets and Financial liabilities are offset and the net amount reported in the balance sheet when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Fund or the counterparty.

3.4 Foreign currency transactions and balances

Transactions in foreign currencies are initially recorded in the functional currency at the spot rate of ex-change ruling at the date of the transaction. Simultaneously forward contract at settlement price equal to spot rate is booked. Thus, on reporting date there is no translation gain or loss on outstanding transactions. Investments in foreign securities are valued in functional currency on every business day considering the exchange rate published by FBIL and closing market price of the security on respective exchange. MTM Such securities is recorded through Profit and loss account.

3.5 Unit Premium Reserve ("UPR") and Income Equalisation

If units are issued / repurchased at a price higher than the face value i.e. at a premium, the portion of the premium which is attributable to realised gains is credited / debited to the Revenue Account for the period as Income Equalisation. The balance portion of the premium that is not attributable to realised gains is credited / debited to the UPR.

The distributable amount is determined by deducting from the balance in the Revenue Reserve as at the end of the period, the net unrealised appreciation in the value of investments as at the end of the period. Credit balance in the UPR is considered to be at par with unit capital and is not taken into account in the determination of the distributable surplus.

If units are issued / repurchased at a price lower than the face value the difference is debited to the Revenue Account as Income Equalisation. Dividend is declared only when the Revenue Reserve is positive.

3.6 Determination of net asset value

The net asset value of the units of the Scheme is determined separately for the units issued under the options.

For reporting the net asset values within the portfolio, the Scheme's daily income earned, including realised profit or loss and unrealised gain or loss in the value of investments, and expenses accrued, are allocated to the related plans in proportion to their respective daily net assets arrived at by multiplying day end outstanding units to previous day's closing net asset value.

3.7 Unit capital

Unit capital represents the net outstanding units at the balance sheet date, thereby reflecting all transactions relating to the period ended on that date.

Upon issue and redemption of units, the net premium or discount to the face value of units is adjusted against the unit premium reserve of each option, after an appropriate portion of the issue proceeds and redemption payouts is credited/debited to the equalisation account.

3.8 Taxes

No income tax provision has been made as the Fund qualifies as a recognized Mutual Fund under section 10(23D) of the Income Tax Act, 1961. However, some dividend and interest income received by the Fund is subject to withholding tax imposed in certain countries of origin. Income that is subject to such tax is recognised net of the taxes and the corresponding withholding tax is not recognised as tax expense.

3.9 Expenses

- a. All expenses are accounted for on accrual basis.
- b. New Fund offer (NFO) expenses: New Fund offer expenses for the Schemes are borne by the AMC.
- c. Pursuant to SEBI Circular No. SEBI/HO/IMD/DF2/CIR/P/2018/137 dated October 22, 2018, all the Scheme related expenses including commission paid to distributors, by whatever name called and in whatever manner paid, are borne and paid by the Schemes within regulatory limits mandated under regulation 52 of the SEBI (MUTUAL FUNDS) REGULATIONS, 1996.
- d. Accrual of expenses, in addition to TER, for distribution expenses incurred for bringing in inflows from beyond top 30 cities (as notified by Association of Mutual Funds of India (AMFI)) is accrued in accordance with regulation 52(6A).
- e. As per the SEBI circular, the schemes have been charged 0.02% per annum towards Investor Education Fund on daily net assets within the maximum SEBI TER limits as per Regulation 52 of SEBI (Mutual Fund) Regulations.
- f. Additional amount towards expenses specified in the said Regulation 52 not exceeding 0.05% of the daily net assets of the Scheme wherever exit load has been charged to the schemes.
- g. GST on Investment Management and Advisory Fees is charged over and above the cumulative limits as specified above.
- h. The cost of borrowing for meeting redemptions have been charged to schemes not exceeding the portfolio return of the borrowing scheme and balance, if any, have been borne by the AMC. With effect from March 23, 2018, as per AMFI best practice guideline circular, cost of borrowing in the schemes of HDFC Mutual Fund has been charged to the Scheme to the extent of yield to maturity (YTM) / running yield of the Fund as on the previous day and excess, if any, have been borne by the AMC.

3.10 Cash and cash equivalents

Cash and cash equivalents in the balance sheet comprise of cash on hand and Tri-Party Repo (including reverse purchase transactions). For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes Cash on hand, balances with banks in current accounts, deposits placed with scheduled banks (with an original maturity of upto three months) and Tri-Party Repo (including reverse purchase transactions) that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

3.11 Statement of cash flows

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of non-cash future, any deferrals or accruals of past or future operating cash receipts or payments and item of expenses associated with investing or financing cash flows. The cash flows from operating and financing activities of the Fund are segregated.

3.12 Transactions with Trustee, Investment Manager, their associates and with entities controlled by co-sponsors (in relation to services received by the Scheme)

As explained above, HDFC and abrdn are the co-sponsors of the Mutual Fund. The nature of transactions with the Trustee, the Investment Manager (i.e. the Asset Management Company), their associates and entities controlled by co-sponsors has been provided hereinafter. For the purpose of making these disclosures, the meanings ascribed to the terms "associates" and "control" by Regulation 2(c) and 2(g) of the SEBI Regulations have been used which have been summarised below:

- Associates are entities that exercise control over or are controlled by the Trustee or the Investment Manager or whose director, officer or employee is a director, officer or employee of the Investment Manager;
- Control means the ability to exercise not less than 10% of the voting power of an entity or the ability of the board of directors of an entity to exercise control over the Investment Manager.

Trustee

The Trustee holds the property of the Mutual Fund in trust for the benefit of the unit holders of the Mutual Fund in terms of the Trust Deed dated June 8, 2000. In terms of Board Resolution dated April 30, 2021, w.e.f. April 1, 2021, Trusteeship fees is Rs. 30,000,000 per annum to be allocated to all schemes of HDFC Mutual Fund on basis of quarterly average Assets Under Management (AUM) and paid at quarterly intervals. HDFC is an associate of the Trustee.

Investment Manager

The Board of Directors of the Trustee has appointed the HDFC AMC as the Investment Managers for the Mutual Fund pursuant to an agreement dated June 8, 2000. The AMC is an associate of both HDFC and abrdn. In accordance with the terms of the arrangement and as per the SEBI Regulations, the Scheme has provided for management fees and the average annualised rate of the average daily net assets value attributable to the unit holders. The annualised rate charged to respective scheme is provided in note 24.

3.13 Custodian

HDFC Bank Ltd. rendered Custodial Services for all schemes (except HDFCEQ, HDFCT2, HDFCGR, HDINFG, HDFCSMALLF, HDFCLARGE, HDFCTS, HDFCCB, MY2005, HDGETF, HSILVERETF & HDFCDWIFOF). During June 2023, all these Schemes were migrated to three new Custodians. The following table provides the Scheme wise Custodians as of the year end.

Citibank N.A.	Deutsche Bank AG (for physical metal)	HSBC Ltd. (appointed w.e.f. June 23, 2023)	ICICI Bank (appointed w.e.f. June 17, 2023)	SBI-SG Global Securities Services Pvt. Ltd. (appointed w.e.f. June 19, 2023)

The fees for such services are based on the average market value of assets held by them. They are also reimbursed for any direct expenses incurred by them during the course of rendering such services

3.14 Professional Clearing Member

HDFC Bank provides professional clearing member services in the F&O segment to the Mutual Fund. It is also a principal provider of banking and allied services. The fees for such services are on an arms-length basis and are disclosed separately as required by extant SEBI (MF) Regulations.

3.15 Principal Bank

The AMC has principally engaged the services of ICICI Bank Ltd and HDFC Bank Ltd to provide banking services to the Mutual Fund.

3.16 Registrars and Transfer Agents

The AMC, by agreement dated June 26, 2000 has appointed Computer Age Management Services Pvt. Ltd. ("CAMS") to provide services as Registrars and Transfer Agents to the Mutual Fund. These services include back-office data processing, unit holder account maintenance and front office maintenance. The fees differ for each of the services availed.

3.17 Distributors

The AMC has appointed various distributors to distribute products of the Mutual Fund for a commission. Distributors are compensated depending on the kind of arrangement that applies to the products that they are selling. Entities that have been paid such commission include HDFC Bank Ltd., HDFC Sales Private Ltd., HDFC Investments Ltd. and HDFC Securities Ltd. over which HDFC exercises significant influence and / or control.

Transactions during the year in relation to services received by the Scheme and balances outstanding as at the year-end in respect of such transactions with the co-sponsors or with entities over which they exercise control and other disclosures required under Regulation 25(8) of the SEBI regulations are contained in Note 27.

3.18 Transaction Costs

These represent charges paid to Clearing House for trading and settlement of investment trades. These charges are not considered for computation of the total expense ratio as per SEBI's Notification dated September 26, 2012.

3.19 Recent Accounting developments

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards. There is no such notification on accounting standards which would have been applicable to the Company from April 01, 2025

Note 24 - Income, Expenditure & Management Fee

The total income (including unrealised gain in the value of investments but net of unrealised loss in the value of the investments, loss on sale of investments, interest on borrowing and transaction costs as per note 5 above) and expenditure (excluding loss on sale of investments, interest on borrowing and transaction costs as per note 5 above) and Management Fee as a percentage of the average daily net assets during the financial year are given below:

In terms of Board Resolution dated April 30, 2021, w.e.f. April 1, 2021 , Trusteeship fees is Rs. 30,000,000/- per annum to be allocated to all schemes of HDFC Mutual Fund on basis of quarterly average Assets Under Management (AUM) and paid at quarterly intervals.

** Held by HDFC Ltd.
\$ Held by HDFC Ltd. (including through HDFC Investments Ltd. and HDFC Holdings Ltd.)
\$\$ Held by HDFC Bank Ltd.
The commission includes commission on retained business of prior periods.
Pursuant to SEBI directives, no payment of commission has been made in respect of investments made by the Sponsor of the Mutual Fund.
The above amount represents payments made to associates and is netted for the amount borne by the AMC, if any.
@ less than 0.01 %
@@ Less than 0.01 lac
@\$ Housing Development Finance Corporation Limited ("HDFC Limited") is merged with HDFC Bank Limited effective July 1, 2023.
Consequently, HDFC Limited, has ceased to be the Sponsor and HDFC Bank Ltd. has become the Sponsor of HDFC Mutual Fund.

27 Disclosure under Regulation 25 (8) of the SEBI Regulations as amended

(ii) The Scheme has made payments to its associates, for the services rendered by them, during the year and amounts outstanding as at Balancesheet date under :

Previous Year

29 Investor Education Fund (IEF) and Investor Education & Awareness Initiative (IEAI)

IEF comprises of:

Income earned on investment of unclaimed redemption and dividend which has been outstanding for more than three years.

IEAI:

An annual charge of 2 basis points (0.02% p.a.) of daily net assets, being part of total recurring expenses is set aside for IEAI as mandated by SEBI vide Circular No CIR/IMD/DF/21/2012 dated September 13, 2012.

The cumulative balance of the IEF & IEAI is transferred on periodic basis to a separate bank account maintained for the purpose.

In accordance with SEBI communication IMD/DF/RS/813/216 dated January 08 2016, effective April 01, 2016 mutual fund houses are mandated to contribute 1 basis point (0.01% p.a.) of daily net assets to Association of Mutual Funds in India (AMFI) for investors awareness programmes.

The balance funds are utilised by the AMC in accordance with the SEBI Regulations and the policy approved by the Trustees.

In partial modification to paragraph F of SEBI Circular No.CIR/IMD/DF/21/2012 dated September 13, 2012, the following have been decided in SEBI Circular SEBI/HO/IMD/DOF2/P/CIR/2022/69:

- The charges applicable for investor education and awareness initiatives from ETFs/ Index Funds shall be 1bps of daily net assets of the scheme.
- Fund of Funds (FoFs) investing more than 80% of its NAV in the underlying domestic funds shall not be required to set aside 2bps of the daily net assets towards investor education and awareness initiatives.

The balances pending utilisation are deployed in money market instruments.

Movement of IEF & IEAI balances for HDFC Mutual Fund during the financial year ended March 31, 2025 is as follows:

Particulars	Amount (In Lacs)	
	As at March 31, 2025	As at March 31, 2024
Opening balance	2,639.43	6,678.52
Additions during the current year	15,476.36	11,588.74
Less: Utilisations during the current year	(4,804.56)	(10,348.84)
Less: 50 % balance transfer to AMFI	(7,235.31)	(5,278.99)
Closing balance	6,075.92	2,639.43

30. Related Party Disclosures

The Schemes have entered into transactions with HDFC Asset Management Co. Ltd.(Investment Manager to the Schemes of HDFC Mutual Fund). The information required in this regard in accordance with Accounting Standard 18 on 'Related Party Disclosures' issued by the ICAI is provided below

Current Year

32 Accumulated Load

No entry load is charged on applications received for fresh purchase of units after August 1, 2009.

Exit load collected (after reducing applicable Goods & Services Tax) is credited as income to the scheme.

32.1 Following are the details of utilisation of accumulated load for meeting the selling expenses for the following schemes in addition to those charged to revenue account of those respective schemes.

Scheme Code	Amount (in lacs)	
	Current Year	Previous Year
	Nil	

32.2 Unutilised load balance as at the year end is represented by the following assets and is available for payment of agent's commission subject to restriction laid down in SEBI's Circular No. SEBI/IMD/CIR No. 4/ 168230/09 dated June 30, 2009 - Nil (Previous Year - Nil)

33 List of scheme wherein collaterals have been placed for margins :
As at March 31, 2025

*Includes scheme matured during period

In computation of above value IRS, Futures & Option, TREPS And Reverse Repo is excluded

- 35 All diminution in the value of asset have been provided for in the current year and previous year
- 36 Following Expenses Related To Mutual Fund Schemes And Borne By Hdfc Amc Ltd Are Within The Limits Specified By Sebi Circular SEBI/HO/IMD/DF2/CIR/P/2019/42 dated 25th March, 2019:
Expense borne by Investment Manager for Year ending March 31, 2025 and March 31 2024 and its % to Average Net Assets is Nil
- 37 Disclosure under Regulation 25 (11) of the SEBI Regulations as amended

Refer Annexure I

- 38 Statement of Portfolio as at March 31, 2025

Refer Annexure II

For security level portfolio details please refer our website <https://www.hdfcfund.com/statutory-disclosure/monthly-portfolio>

- 39 Disclosure on derivatives as at March 31, 2025 pursuant to SEBI Circular no. CIR/IMD/DF/11/2010 dated August 18, 2010

Refer Annexure III

- 40 In accordance with Regulation 44 (1) of the SEBI Regulations, securities purchased should be held in the name of the Scheme. Investments in Government Securities and Treasury Bills (including Reverse REPO) are held in the name of "HDFC Mutual Fund".
- 41 Details of large holdings over 25% of the Net Asset Value (NAV) of the Schemes as at March 31, 2025: Nil
Details of large holdings over 25% of the Net Asset Value (NAV) of the Schemes as at March 31, 2024: Nil
- 42 Amount, if any, charged to the scheme in excess of the expense limit as prescribed in SEBI regulations is recovered from the AMC subject to such amounts not exceeding 2 bps of the respective schemes weighted average net assets for the period.
- 43 No provision for income tax has been made since the income of the schemes is exempt u/s 10 (23D) of the Income Tax Act 1961.
- 44 **Segment Reporting**
The Schemes operate in a single business segment primarily generating returns on the investments of unit holders based on scheme's investment objectives. Therefore, segment information is not separately presented.
- 45 **Previous Year / Period Figures**
Prior year amounts have been regrouped and reclassified, wherever applicable, to confirm to current year's presentation.
Previous year referred in Revenue account statement of Financial is ending as on 31 march 2024 or on the scheme's maturity date.
Current year referred in Revenue account statement of Financial is ending as on 31 march 2025 or on the scheme's maturity date.
- 46 **Aggregate Fair Value of securities classified as below investment grade**

The aggregate fair value of securities classified as below investment grade and default valued in 'good faith' by the Investment Manager on the basis of the valuation principles laid down by SEBI is as under :

Scheme Name	Amount (Rs.)	
	As at March 31, 2025	As at March 31, 2024
NIL		

- 47 The below matured schemes are not considered as going concern and all assets/ liabilities as such are valued at realisable/fair value.

Scheme Name	Maturity Date
NIL	

The following schemes maturing before 31 March 2026 , are not considered as going concern and all assets/ liabilities as

Scheme Name	Maturity Date
HDFC FMP 1162D March 2022	19-May-25
HDFC FMP 1158D JULY 2022	25-Sep-25

- 48 HDFC Credit Risk Fund (Scheme), in 2015 had invested in 3 bonds issued by Simplex Infrastructure Limited. These bonds were downgraded to "D" Default on 11th Dec 2019.

Outstanding Exposure of Simplex in the Scheme	Amount
Gross Value of Investment in Simplex as on Dec 11, 2019	13430.80
Book value of Investment after 50% haircut as on Dec 11, 2019	6715.40
Recovery till March 28, 2025	3528.29
Outstanding Book Value as of March 28, 2025	3187.11

On March 29, 2025 Simplex Infrastructure Ltd offered Rs 20 Crore as full and final settlement for the outstanding dues to the fund and the same were received on April 02, 2025. Below table shows value of investment considered as net receivable on March 31, 2025.

Security	ISIN	Value of the Investment considered under net receivables (i.e. value recognized in NAV in absolute terms and as % to NAV) (amount in Lacs)		Total amount (including principal and interest) that is due to the scheme on that investment (amount in Lacs)

HDFC MUTUAL FUND

Notes to Financial Statements for the year ended March 31, 2025

(All amount in lakhs, unless otherwise stated)

52 FAIR VALUE MEASUREMENT

The Scheme measures its financial assets and financial liabilities at fair value at each reporting date.

All financial assets and financial liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- i) Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- ii) Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- iii) Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

Valuation Techniques and Classification:

The following table shows financial instruments recognised at fair value:

Refer Annexure IV

The below table shows the carrying amount of financial assets and financial liabilities other than those carried at FVTPL

Refer Annexure V

For all other financial assets and liabilities, the carrying value is an approximation of fair value, including: cash and cash equivalents; balances with banks; receivables and other financial assets; payables and other financial liabilities.

There have been no transfers between Level 1, Level 2 and Level 3 for the year ended 31 March 2025 and 31 March 2024

HDFC MUTUAL FUND

Notes to Financial Statements for the year ended March 31, 2025
(All amount in lakhs, unless otherwise stated)

53 FINANCIAL RISK MANAGEMENT

The Fund's activities expose it to a variety of financial risks: market risk (including currency risk, interest rate risk and price risk), credit risk and liquidity risk.

The Fund's AMC has overall responsibility for the establishment and oversight of the Fund's risk management framework. The Fund's risk management policies are established to identify and analyse the risks faced by the Fund, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Fund's activities. The Fund's Trustees quarterly monitors compliance with the Fund's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Fund which are summarised below.

The Fund uses different methods to measure and manage the various types of risk to which it is exposed; these methods are explained below.

i) Market Risks

Market risk is the risk of loss of future earnings, fair values or future cash flows related to financial instrument that may result from adverse changes in market rates

(a) Price Risks

Price risk is the risk that the fair value of the future cashflows of the financial instrument will fluctuate as a result of changes in market prices and related market variables whether caused by factors specific to an individual investment, its issuer or the market.

The Fund's exposure to price risk arises from investments in Corporate Bond, Certificates of deposit, Commercial paper, State Government Securities and Central Government Securities which are classified as financial assets at Fair Value Through Profit and Loss. The following is the Fund's exposure to price risk:

Refer Annexure VI

The Manager mitigates the risk through the use of investment strategies that seek to minimise the Fund's tracking error as compared to market indices with the parameters of investment strategy. The maximum exposure resulting from investment in financial instrument is its fair value. The table below summarises the sensitivity of the Fund's net assets attributable to holders of redeemable units to price movements:

Refer Annexure VII

The Fund reviews the credit concentration of funds investment based on counterparties and industries.

As on reporting date, the Scheme's debt and money market securities exposures were concentrated in the following industries:

Refer Annexure VIII

There were no significant concentrations in the debt and money market securities portfolio of credit risk to any individual issuer or group of issuers at March 31, 2025 or March 31, 2024

(b) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. Foreign currency risk arises from recognised financial assets and liabilities denominated in a currency that is not its functional currency (Indian Rupees). The Fund is exposed to the risk that the value of securities denominated in other currencies will fluctuate due to changes in exchange rates. The Fund may enter into foreign exchange forward contracts to reduce its foreign currency exposure. However such securities are valued daily in INR after taking into account exchange rates published on Financial Benchmarks India Pvt Ltd and MTM gain loss is recognized in P&L. Hence, Sensitivity Analysis is not applicable.

(c) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Fund manager regularly assesses the economic condition, monitor changes in interest rates outlook and take appropriate measures accordingly to control the impact of interest rate risk.

The majority of the Fund's financial assets are Corporate Bond, Certificates of deposit, Commercial paper, State Government Securities and Central Government Securities etc

The following table analyses the Fund's interest rate risk exposure. The Fund's assets and liabilities are included at their carrying amount and categorised by the earlier of contractual re-pricing or maturity dates:

Refer Annexure IX

If prevailing interest rates had risen or declined by 1.00%, assuming a parallel shift in the yield curve with all other variables held constant, the Fund's net assets would decrease or increase as per table mentioned below. In practice, actual results may differ from this sensitivity analysis and the difference could be material.

Refer Annexure X

ii) Credit risk

Credit risk is the risk that the Fund will incur a loss because its counterparties fail to discharge their contractual obligations. The Fund is exposed to the risk of credit-related losses that can occur as a result of a counterparty or issuer being unable or unwilling to honour its contractual obligations.

The AMC's policy is to closely monitor the creditworthiness of the Fund's counterparties by reviewing their credit ratings, financial statements and press releases on a regular basis.

(a) Credit quality analysis

The Scheme's exposure to credit risk arises in respect of the following financial instruments:

- Cash and cash equivalents;
- Contract for sale of investment in securities and Derivative financial instruments receivable;
- Securities Lending and Borrowing (SLB);
- Investments in debt and money market securities; and
- Derivative assets;

Contract for sale of investment in securities and Derivative financial instruments receivable

Contract for sale of investment in securities and Derivative financial instruments receivable represent margin accounts and sales transactions awaiting settlement. Credit risk relating to unsettled transactions is considered small due to the short settlement period involved and the high credit quality of the brokers used. Following table shows outstanding Contract for sale of investment in securities and Derivative financial instruments receivable and no. of brokers from whom same is receivable.

Refer Annexure XI

Securities Lending and Borrowing

Credit risk relating to receivables from Securities Lending and Borrowing (SLB) is considered small due to the amount and quality of collateral and the high credit quality of the counterparties used. Since SLB is done through Stock exchange mechanism, counterparty is unknown. Thus, NSE can be deemed as counterparty for all the SLB transactions.

Below table shows receivable from SLB.

Scheme Name	Receivable as on 31.03.2025	Receivable as on 31.03.2024
HDFC NIFTY Bank ETF	0.57	
HDFC NIFTY200 MOMENTUM 30 ETF	0.15	
HDFC NIFTY MIDCAP 150 ETF	0.15	
HDFC NIFTY PSU BANK ETF	0.17	
HDFC Nifty 50 Index Fund	3.33	1.27
HDFC NIFTY 50 ETF	0.79	0.02
HDFC NIFTY Next 50 Index Fund	0.95	
HDFC NIFTY SMALLCAP 250 ETF	3.42	0.24
HDFC BSE Sensex Index Fund	1.67	
HDFC BSE SENSEX ETF	0.17	

Investments in debt and money market securities

As at March 31, 2025, the Scheme was invested in debt and money market securities with the following credit quality. The ratings are provided by credit rating agencies.

Refer Annexure XII

Derivatives

The table below shows an analysis of derivative assets and derivative liabilities outstanding as at March 31, 2025 and March 31, 2024

Refer Annexure XIII

(b) Collateral and other credit enhancements, and their financial effect

The Scheme mitigates the credit risk of derivatives and Securities Lending and Borrowing by entering into master agreements and holding collateral in the form of marketable securities

Derivatives

The Scheme may use derivatives instruments like Interest Rate Swaps or other derivative instruments for the purpose of hedging and portfolio balancing, as permitted under the SEBI Regulations and guidelines. Usage of derivatives will expose the Schemes to risk inherent to such derivatives e.g. when a credit event such as a default occurs - all outstanding transactions under the agreement with the counterparty are terminated, the termination value is assessed and only a single net amount is payable in settlement of all transactions with the counterparty.

The derivatives are entered into with bank and financial institution counterparties. ratings of counterparties is metioned below, based on ratings provided by credit rating agencies.

Counterparty Name	Current Rating as on March 31, 2025
Barclays Bank	AAA
Clearing Corporation of India Ltd.	AAA
DBS Bank Ltd.	AAA
ICICI Bank Ltd.	AAA
Standard Chartered Bank	AA+
Axis Bank Ltd.	AAA
Goldman Sachs (India) Capital Markets Pvt. Ltd.	AA
HDFC Bank Ltd.	AAA
Hongkong & Shanghai Bank Ltd.	AAA
Indusind Bank Ltd.	AA+
IDFC First Bank Limited	AA+
ICICI Securities Primary Dealership	AAA
Nomura Fixed Income Securities Pvt.	AAA

(c) Expected Credit Loss principles

In accordance with Ind AS 109, the Fund uses 'Expected Credit Loss' (ECL) model, for evaluating impairment of financial assets other than those measured at fair value through profit and loss (FVTPL).

Expected credit losses are measured through a loss allowance at an amount equal to:

- The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument)

For receivables, the Fund applies 'simplified approach' which requires expected lifetime losses to be recognised from initial recognition of the receivables. The Fund has determined based on historical experience and expectations that the ECL on its receivables is insignificant and was not recorded. At every reporting date, these historical default rates are reviewed and changes in the forward-looking estimates are analysed.

For other assets, the Fund uses 12-month ECL to provide for impairment loss where there is no significant increase in credit risk. If there is significant increase in credit risk full lifetime ECL is used.

For purposes of impairment assessment, the Funds' assets which are measured at amortised cost are considered to have low credit risk as they are not due for payment at the end of the reporting period and there has been no significant increase in the risk of default on the receivables since initial recognition. Accordingly, for the purpose of impairment assessment for these receivables, the loss allowance is measured at an amount equal to 12-month expected credit losses ("ECL"). The ECL for these assets as at the end of the reporting period is not significant.

The main concentration of credit risk to which the Fund is exposed arises from the Fund's investments in Corporate Bond, Certificates of deposit, Commercial paper. These classes of financial assets are not subject to IND AS 109's impairment requirements as they are measured at FVTPL. Hence, no separate maximum exposure to credit risk disclosure is provided for these instruments.

The Fund is also exposed to credit risk on cash and cash equivalents, balances with banks and other financial assets. These instruments carry very minimal credit risk based on the financial position of parties and Fund's historical experience of dealing with the parties. No assets are considered impaired and no amounts have been written off in the period.

iii) Liquidity risks

Liquidity risk is the risk that the Fund will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Fund's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Fund's reputation.

The responsibility for liquidity risk management rests with the AMC and the Trustees, who has established an appropriate liquidity risk management framework for the management of the Fund's short-term, medium-term and long-term funding and liquidity management requirements. The Fund manages liquidity risk by maintaining adequate reserves, banking facilities and by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial

The following table shows the maturity analysis of financial liabilities of the Fund based on contractually agreed undiscounted cash flows:

Refer Annexure XIV

The table above shows the undiscounted cash flows of the Scheme's financial liabilities on the basis of their earliest possible contractual maturity. The Scheme's expected cash flows on these instruments do not vary significantly from this analysis.

For derivative financial instruments, the inflow/(outflow) disclosed in the table represents the contractual undiscounted cash flows relating to these instruments. The disclosure shows net cash flow amounts for derivatives that are net cash-settled and gross cash inflow and outflow amounts for derivatives that have simultaneous gross settlement - e.g. interest rate swaps.

54 OFFSETTING FINANCIAL ASSETS AND FINANCIAL LIABILITIES

Financial assets and financial liabilities are offset and the net amount is reported in the statement of financial position if, and only if, there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, or to realise the asset and settle the liability simultaneously. The Scheme has not offset any financial assets and financial liabilities during the year.

HDFC MUTUAL FUND

Notes to Financial Statements for the year ended March 31, 2025

(All amount in lakhs, unless otherwise stated)

55 MATURITY ANALYSIS OF ASSETS AND LIABILITIES

The table below shows an analysis of assets and liabilities according to their maturity profile:

Refer Annexure XV

56 CAPITAL MANAGEMENT

Unitholders are entitled to receive proceeds of the NAV per unit of that Fund for all or any of the units of such unitholder. The units are redeemable for cash equal to a pro rata share of the Fund's series NAV. Upon issue and redemption of units, the net premium or discount to the face value of units is adjusted against the unit premium reserve of each option, after an appropriate portion of the issue proceeds and redemption payouts is credited / debited to the equalisation account. The Fund may take appropriate steps in order to maintain, or if necessary adjust, its capital structure.

57 EVENTS AFTER REPORTING PERIOD

There are no events after the reporting period to be disclosed

58 Supplementary Investment Portfolio Information and Industrywise Classification (Refer Annexure II)

59 The above financials have been reviewed by the Audit Committee and approved by the Board of Directors of the company, at their meeting held on 16th June, 2025.
