Changes in asset allocation pattern:						
Short Term and Defensive Consideration:						
Subject to SEBI (MF) Regulations the asset allocation pattern indicated above may change from time to time, keeping in view market conditions, market opportunities, applicable regulations and political and economic factors. It must be clearly understood that the percentages stated above are only indicative and not absolute and that they can vary substantially depending upon the perception of the Investment Manager, the intention being at all times to seek to protect the interests of the Unit holders. As per clause 1.14.1.2.b of Master Circular, as may be amended from time to time, such changes in the investment pattern will be for short term and for defensive consideration only.						
In the event of change in the asset allocation, the fund manager will carry out portfolio rebalancing within 30 calendar days or such other timeline as may be prescribed by SEBI from time to time.						

NAME OF SCHEME	HDFC Flexi Cap Fund (HFCF) (Contd...)																																			
	<p>Portfolio rebalancing (in case of passive breaches): As per clause 2.9 of Master Circular read with SEBI circular No. SEBI/HO/IMD/PoD2/P/CIR/2025/92 dated June 26, 2025, as may be amended/clarified from time to time, in the event of change in the asset allocation due to passive breaches (occurrence of instances not arising out of omission and commission of the AMC), the fund manager is required to carry out portfolio rebalancing within 30 Business Days. In case the portfolio is not rebalanced within the period of 30 Business days, justification in writing, including details of efforts taken to rebalance the portfolio shall be placed before the Investment Committee. The Investment Committee, if it so desires, can extend the timeline for rebalancing up to sixty (60) Business days from the date of completion of mandated rebalancing period. In case the portfolio of the scheme is not rebalanced within the aforementioned mandated plus extended timelines, the AMC shall follow the requirements specified under the aforesaid circular including reporting the deviation to Trustees at each stage.</p>																																			
Investment Strategy	<p>The investment objective of the scheme is to generate capital appreciation/ income from a portfolio, predominantly of equity & equity related instruments. The Scheme would predominantly invest in companies spanning entire market capitalization that: a) are likely to achieve above average growth b) enjoy distinct competitive advantages, and c) have superior financial strength. The aim of the equity strategy will be to build a portfolio, representing a cross section of companies diversified across major industries, economic sectors and market capitalization that offer an acceptable risk reward balance. A part of the funds may be invested in debt and money market instruments. Investment in Debt securities (including securitised debt) and Money Market Instruments will be as per the limits in the asset allocation table of the Scheme, subject to permissible limits laid under SEBI (MF) Regulations. Investment in debt securities will be guided by credit quality, liquidity, interest rates and their outlook. The Scheme may also invest in the hybrid securities viz. units of REITs and InvITs for diversification and subject to necessary stipulations by SEBI from time to time. Subject to the Regulations and the applicable guidelines, the Scheme may engage in Stock Lending activities. As part of the Fund Management process, the Scheme may use derivative instruments such as futures and options, or any other derivative instruments that are permissible or may be permissible in future under applicable regulations. However, trading in derivatives by the Scheme shall be for restricted purposes as permitted by the regulations. As part of the Fund Management process, the Scheme may use derivative instruments such as futures and options, or any other derivative instruments that are permissible or may be permissible in future under applicable regulations. However, trading in derivatives by the Scheme shall be for restricted purposes as permitted by the regulations. For detailed derivative strategies, please refer to SAI. For exposure limits to derivatives, refer section 'Where will the scheme invest' under Section II, Part II, Clause A in the SID. Though every endeavor will be made to achieve the objective of the Scheme, the AMC/Sponsor/ Trustee do not guarantee that the investment objective of the Scheme will be achieved. No guaranteed returns are being offered under the Scheme.</p>

Indicative Table (Actual instrument/percentages may vary subject to applicable SEBI circulars)			
SR. No	Type of Instrument	Percentage of exposure	Circular references
1.	Securities Lending	a) Upto 25% of the net assets b) Upto 5% of the net assets at single intermediary i.e. broker level	Clause 12.11 of Master Circular
2.	Derivatives (For Hedging and Non Hedging)	Upto 100% of the total assets	Clause 12.25 of Master Circular
3.	Repo/ Reverse Repo / Tri- Party repos (TREPS) on Government Securities and Treasury Bills (G-Secs and T-Bills)	To meet liquidity requirements or pending deployment as per regulatory limits.	Clause 1 of Seventh Schedule of SEBI Mutual Funds Regulations
4.	Securitized debt	As per asset allocation table above	Clause 12.15 of Master Circular
5.	Structured obligations or Credit enhancements	As per asset allocation table above subject to regulatory limits	Clause 12.3 of Master Circular
6.	Credit Default Swaps	Upto 10% of AUM of scheme and shall be within the overall limit of derivatives	Clause 12.28 of Master Circular
7.	Instruments with special features AT1 and AT2 Bonds	a) Upto 10% of its NAV of the debt portfolio of the scheme in perpetual debt instruments and b) Upto 5% of its NAV of the debt portfolio of the scheme at single issuer level. The above exposure will be subject to the overall limit for debt instruments issued by a single issuer and other prudential limits with respect to the debt instruments.	Clause 12.2 of Master Circular
8.	REITs and InvITs	a) Upto 10% of its NAV in the units of REIT and InvIT b) Upto 5% of its NAV in the units of REIT and InvIT at single issuer level.	Clause 13 of Seventh Schedule of SEBI Mutual Funds Regulations and Clause 12.21 of Master Circular

10.	Repo/ Reverse Repo in permitted corporate debt securities	Upto 10% of the net assets	Clause 12.18 of Master Circular
11.	Short Term deposits	As per regulatory limits	Clause 8 of Seventh Schedule of SEBI Mutual Funds regulations and Clause 12.16 of Master Circular
12.	Mutual Fund Units	Upto 5% of the net assets of the Mutual Fund (i.e. across all the schemes of the Fund)	Clause 4 of Seventh Schedule of SEBI Mutual Funds Regulations
	In addition to the instruments stated in the table above the Scheme may undertake Short Selling and such other transactions in accordance with guidelines issued by SEBI and the scheme may also hold cash from time to time.		
	Changes in asset allocation pattern:		
	Short Term and Defensive Consideration:		
	Subject to SEBI (MF) Regulations the asset allocation pattern indicated above may change from time to time, keeping in view market conditions, market opportunities, applicable regulations and political and economic factors. It must be clearly understood that the percentages stated above are only indicative and not absolute and that they can vary substantially depending upon the perception of the Investment Manager, the intention being at all times to seek to protect the interests of the Unit holders. As per clause 1.14.1.2.b of Master Circular, as may be amended from time to time, such changes in the investment pattern will be for short term and for defensive consideration only.		
	In the event of change in the asset allocation, the fund manager will carry out portfolio rebalancing within 30 calendar days or such other timeline as may be prescribed by SEBI from time to time.		
	Portfolio rebalancing (in case of passive breaches):		
	As per clause 2.9 of Master Circular read with SEBI circular No. SEBI/HO/IMD/PoD2/P/CIR/2025/92 dated June 26, 2025, as may be amended/clarified from time to time, in the event of change in the asset allocation due to passive breaches (occurrence of instances not arising out of omission and commission of the AMC), the fund manager is required to carry out portfolio rebalancing within 30 Business Days.		
	In case the portfolio is not rebalanced within the period of 30 Business days, justification in writing, including details of efforts taken to rebalance the portfolio shall be placed before the Investment Committee. The Investment Committee, if it so desires, can extend the timeline for rebalancing up to sixty (60) Business days from the date of completion of mandated rebalancing period. In case the portfolio of the scheme is not rebalanced within the aforementioned mandated plus extended timelines, the AMC shall follow the requirements specified under the aforesaid circular including reporting the deviation to Trustees at each stage.		
Investment Strategy	The Scheme will seek to generate income through arbitrage opportunities such as Index/Stock Spot vs Index/Stock Futures or Index Futures vs Stock Futures or Future of same stock with different expiry months or ADR/GDR vs underlying shares etc. The Scheme may use corporate action or event driven strategy where there is a potential opportunity for arbitrage in cash or derivative market such as dividend arbitrage or buy-back arbitrage or merger etc. The Scheme would carry out simple strategies, which would be to take offsetting positions on various markets simultaneously across various asset classes. The overall risk the Scheme would carry would be that of being market neutral. The Scheme would not attempt to leverage or have short positions.		

NAME OF SCHEME	HDFC Arbitrage Fund (HAF) (Contd...)																																			
	<p>Investment in Debt securities (including securitised debt) and money market instruments will be as per the limits in the asset allocation table of the Scheme, subject to permissible limits laid under SEBI (MF) Regulations. 	In addition to the instruments stated in the table above the Scheme may undertake Short Selling and such other transactions in accordance with guidelines issued by SEBI and the scheme may also hold cash from time to time.			
	Changes in asset allocation pattern:			
	Short Term and Defensive Consideration:			
	Subject to SEBI (MF) Regulations the asset allocation pattern indicated above may change from time to time, keeping in view market conditions, market opportunities, applicable regulations and political and economic factors. It must be clearly understood that the percentages stated above are only indicative and not absolute and that they can vary substantially depending upon the perception of the Investment Manager, the intention being at all times to seek to protect the interests of the Unit holders. As per clause 1.14.1.2.b of Master Circular, as may be amended from time to time, such changes in the investment pattern will be for short term and for defensive consideration only.			
	In the event of change in the asset allocation, the fund manager will carry out portfolio rebalancing within 30 calendar days or such other timeline as may be prescribed by SEBI from time to time.			
	Portfolio rebalancing (in case of passive breaches):			
	As per clause 2.9 of Master Circular read with SEBI circular No. SEBI/HO/IMD/PoD2/P/CIR/2025/92 dated June 26, 2025, as may be amended/ clarified from time to time, in the event of change in the asset allocation due to passive breaches (occurrence of instances not arising out of omission and commission of the AMC), the fund manager is required to carry out portfolio rebalancing within 30 Business Days.			
	In case the portfolio is not rebalanced within the period of 30 Business days, justification in writing, including details of efforts taken to rebalance the portfolio shall be placed before the Investment Committee. The Investment Committee, if it so desires, can extend the timeline for rebalancing up to sixty (60) Business days from the date of completion of mandated rebalancing period. In case the portfolio of the scheme is not rebalanced within the aforementioned mandated plus extended timelines, the AMC shall follow the requirements specified under the aforesaid circular including reporting the deviation to Trustees at each stage.			
Investment Strategy	<p>The investment objective of the Scheme is to provide long term capital appreciation / income from a mix of equity and debt investments. The Scheme would invest in Government securities, money market instruments, securitised debt, corporate debentures and bonds, preference shares, quasi Government bonds or any other debt instruments, equity and equity related instruments etc as permitted by Regulations.</p> <p>Different asset classes exhibit different risk-return profile and relatively low correlation to each other as compared to investments within the same asset class. The fund manager will determine asset allocation between equity and debt depending on prevailing market and economic conditions.</p> <p>The debt-equity mix at any point of time will be a function of interest rates, equity valuations, medium to long term outlook of the asset classes and risk management etc.</p> <p>The aim of equity strategy will be to build a portfolio of companies diversified across major industries, economic sectors and market capitalization that offer an acceptable risk reward balance.</p> <p>The Scheme will retain the flexibility to invest in the entire range of debt securities (including securitised debt) and money market instruments. Investment in debt securities will be guided by credit quality, liquidity, interest rates and their outlook.</p> <p>The Scheme may also invest in the hybrid securities viz. units of REITs and InVITs for diversification and subject to necessary stipulations by SEBI from time to time.</p> <p>Subject to the Regulations and the applicable guidelines, the Scheme may engage in Stock Lending activities.</p> <p>The Scheme may also invest in the schemes of Mutual Funds in terms of the prevailing SEBI (MF) Regulations.</p> <p>As part of the Fund Management process, the Scheme may use derivative instruments such as futures and options, or any other derivative instruments that are permissible or may be permissible in future under applicable regulations. However, trading in derivatives by the Scheme shall be for restricted purposes as permitted by the regulations.</p> <p>For detailed derivative strategies, please refer to SAI. For exposure limits to derivatives, refer section 'Where will the scheme invest' under Section II, Part II, Clause A in the SID.</p> <p>Though every endeavor will be made to achieve the objective of the Scheme, the AMC/ Sponsor/ Trustee do not guarantee that the investment objective of the Scheme will be achieved. No guaranteed returns are being offered under the Scheme.</p>			
Risk Profile of the Scheme	<p>Mutual Fund Units involve investment risks including the possible loss of principal. Please read the SID carefully for details on risk factors before investment. 	<p>In addition to the instruments stated in the table above the Scheme may undertake Short Selling and such other transactions in accordance with guidelines issued by SEBI and the scheme may also hold cash from time to time.</p> <p>It must be clearly understood that the percentages stated above are only indicative and not absolute and that they can vary substantially depending upon the perception of the Investment Manager, the intention being at all times to seek to protect the interests of the Unit holders. Such changes in the investment pattern will be for short term and defensive considerations under the circumstances such as (i) The debt/money market instruments offer better returns than the arbitrage opportunities available; (ii) Adequate arbitrage opportunities not available; (iii) Unwinding of the existing position and booking short term profits.</p>			
	<p>Changes in asset allocation pattern:</p> <p>Short Term and Defensive Consideration:</p> <p>Subject to SEBI (MF) Regulations the asset allocation pattern indicated above may change from time to time, keeping in view market conditions, market opportunities, applicable regulations and political and economic factors. It must be clearly understood that the percentages stated above are only indicative and not absolute and that they can vary substantially depending upon the perception of the Investment Manager, the intention being at all times to seek to protect the interests of the Unit holders. As per clause 1.14.1.2.b of Master Circular, as may be amended from time to time, such changes in the investment pattern will be for short term and for defensive consideration only.</p> <p>In the event of change in the asset allocation, the fund manager will carry out portfolio rebalancing within 30 calendar days or such other timeline as may be prescribed by SEBI from time to time.</p> <p>Portfolio rebalancing (in case of passive breaches):</p> <p>As per clause 2.9 of Master Circular read with SEBI circular No. SEBI/HO/IMD/PoD2/P/CIR/2025/92 dated June 26, 2025, as may be amended/clarified from time to time, in the event of change in the asset allocation due to passive breaches (occurrence of instances not arising out of omission and commission of the AMC), the fund manager is required to carry out portfolio rebalancing within 30 Business Days.</p> <p>In case the portfolio is not rebalanced within the period of 30 Business days, justification in writing, including details of efforts taken to rebalance the portfolio shall be placed before the Investment Committee. The Investment Committee, if so desires, can extend the timeline for rebalancing up to sixty (60) Business days from the date of completion of mandated rebalancing period. In case the portfolio of the scheme is not rebalanced within the aforementioned mandated plus extended timelines, the AMC shall follow the requirements specified under the aforesaid circular including reporting the deviation to Trustees at each stage.</p>			
Investment Strategy	<p>The Scheme shall endeavour to provide capital appreciation and income distribution to the investors using arbitrage opportunities, investment in equity/equity related instruments and debt/money market instruments.</p> <p>Equity investments:</p> <p>The Scheme may aim to generate capital appreciation/income by investing in a cross section of companies diversified across major industries, economic sectors and market capitalization.</p> <p>Arbitrage Opportunities</p> <p>The Scheme may seek to generate income through arbitrage opportunities such as Index/Stock Spot vs Index/Stock Futures or Index Futures vs Stock Futures or Future of same stock with different expiry months or ADR/GDR vs underlying shares etc.</p> <p>The Scheme may also use corporate action or event driven strategy where there is a potential opportunity for arbitrage in cash or derivative market such as dividend arbitrage or buy-back arbitrage or merger etc.</p> <p>Debt/Money market instruments:</p> <p>Investment in Debt securities (including securitised debt) and money market instruments will be as per the limits in the asset allocation table of the scheme, subject to permissible limits laid under SEBI (MF) Regulations. Investment in debt securities will be guided by credit quality, liquidity, interest rates and their outlook.</p> <p>REITs/InvITs</p> <p>The Scheme may also invest in the hybrid securities viz. units of REITs and InvITs for diversification and subject to necessary stipulations by SEBI from time to time.</p> <p>Subject to the Regulations and the applicable guidelines, the Scheme may engage in Stock Lending activities.</p> <p>The Scheme may also invest in the schemes of Mutual Funds in terms of the prevailing SEBI (MF) Regulations.</p> <p>As part of the Fund Management process, the Scheme may use derivative instruments such as futures and options, or any other derivative instruments that are permissible or may be permissible in future under applicable regulations. However, trading in derivatives by the Scheme shall be for restricted purposes as permitted by the regulations.</p> <p>For detailed derivative strategies, please refer to SAI. For exposure limits to derivatives, refer section 'Where will the scheme invest' under Section II, Part II, Clause A in the SID.</p> <p>Though every endeavor will be made to achieve the objective of the Scheme, the AMC/ Sponsor/ Trustee do not guarantee that the investment objective of the Scheme will be achieved. No guaranteed returns are being offered under the Scheme.</p>

	Changes in asset allocation pattern/Portfolio Rebalancing:			
	Short Term Defensive Consideration: Subject to SEBI (MF) Regulations the asset allocation pattern indicated above may change from time to time, keeping in view market conditions, market opportunities, applicable regulations and political and economic factors. It must be clearly understood that the percentages stated above are only indicative and not absolute and that they can vary substantially depending upon the perception of the Investment Manager, the intention being at all times to seek to protect the interests of the Unit holders. As per clause 1.14.1.2.b of Master Circular, as may be amended from time to time, such changes in the investment pattern will be for short term and for defensive consideration only. In the event of change in the asset allocation, the fund manager will carry out portfolio rebalancing within 30 calendar days or such other timeline as may be prescribed by SEBI from time to time.			
	Portfolio rebalancing (in case of passive breaches): As per clause 2.9 of Master Circular read with SEBI circular No. SEBI/HO/IMD/PoD2/P/CIR/2025/92 dated June 26, 2025, as may be amended/ clarified from time to time, in the event of change in the asset allocation due to passive breaches (occurrence of instances not arising out of omission and commission of the AMC), the fund manager is required to carry out portfolio rebalancing within 30 Business Days. In case the portfolio is not rebalanced within the period of 30 Business days, justification in writing, including details of efforts taken to rebalance the portfolio shall be placed before the Investment Committee. The Investment Committee, if it so desires, can extend the timeline for rebalancing up to sixty (60) Business days from the date of completion of mandated rebalancing period. In case the portfolio of the scheme is not rebalanced within the aforementioned mandated plus extended timelines, the AMC shall follow the requirements specified under the aforesaid circular including reporting the deviation to Trustees at each stage.			
Investment Strategy	<p>The Fund would invest across equity and equity related instruments, cash, debt, gold related instruments, hybrid securities and derivatives based on prevailing market conditions subject to permissible limits. The Fund Manager will increase exposure to Equity when market valuations are attractive (subject to maximum permissible limit under the Asset Allocation Pattern) and will prune down the equity exposure by increasing cash, debt, hybrid securities or exposure to gold related instruments and / or hedging when equity markets get expensive or experience volatility or under any other conditions as found suitable by the Fund Manager.</p> <p>Additionally, the Fund may consider investments in such securities as permitted by SEBI from time to time.</p> <p>Equity Investments: The aim will be to invest in companies across market capitalization which have:</p> <ul style="list-style-type: none"> a) reasonable growth prospects b) sound financial strength c) sustainable business models d) acceptable valuation that offer potential for capital appreciation. <p>The Scheme aims to maintain a reasonably diversified portfolio at all times.</p> <p>Arbitrage Opportunities: The Scheme may seek to generate income through arbitrage opportunities such as Index / Stock Spot vs Index / Stock Futures or Index Futures vs Stock Futures or Future of same stock with different expiry months or ADR / GDR vs underlying shares etc. The Scheme may also use corporate action or event driven strategy where there is a potential opportunity for arbitrage in cash or derivate market such as dividend arbitrage or buy-back arbitrage or merger etc.</p> <p>Debt Investments: Investment in Debt securities (including securitised debt) and money market instruments will be as per the limits in the asset allocation table of the Scheme, subject to permissible limits laid under SEBI (MF) Regulations. Investment in debt securities will be guided by credit quality, liquidity, interest rates and their outlook.</p> <p>Gold related instruments: The Scheme may invest in Gold ETFs and other Gold related instruments (including derivatives, Sovereign Gold Bonds etc as and when SEBI / RBI permits).</p> <p>REITs & InvITs: The Scheme may also invest in the hybrid securities viz. units of REITs and InvITs for diversification and subject to necessary stipulations by SEBI from time to time.</p> <p>Subject to the Regulations and the applicable guidelines, the Scheme may engage in Stock Lending activities.</p> <p>The Scheme may also invest in the schemes of Mutual Funds. Depending upon the market conditions and in the interest of the investors, the Fund Manager shall decide allocation to various asset classes, within the limits specified under section 'Asset Allocation' of the Scheme Information Document.</p> <p>As part of the Fund Management process, the Scheme may use derivative instruments such as futures and options, or any other derivative instruments that are permissible or may be permissible in future under applicable regulations. However, trading in derivatives by the Scheme shall be for restricted purposes as permitted by the regulations.</p> <p>For detailed derivative strategies, please refer to SAI. For exposure limits to derivatives, refer section 'Where will the scheme invest' under Section II, Part II, Clause A in the SID.</p> <p>Though every endeavor will be made to achieve the objective of the Scheme, the AMC/ Sponsor/ Trustee do not guarantee that the investment objective of the Scheme will be achieved. No guaranteed returns are being offered under the Scheme.</p>			
Risk Profile of the Scheme	<p>Mutual Fund Units involve investment risks including the possible loss of principal. Please read the SID carefully for details on risk factors before investment. For Scheme specific risk factors refer pages 158 to 167.</p> <p>For details on risk factors and risk mitigation measures, please refer SID.</p>

Changes in asset allocation pattern/Portfolio Rebalancing:				
Short Term Defensive Consideration:				
Subject to SEBI (MF) Regulations the asset allocation pattern indicated above may change from time to time, keeping in view market conditions, market opportunities, applicable regulations and political and economic factors. It must be clearly understood that the percentages stated above are only indicative and not absolute and that they can vary substantially depending upon the perception of the Investment Manager, the intention being at all times to seek to protect the interests of the Unit holders. As per clause 1.14.1.2.b of Master Circular, as may be amended from time to time, such changes in the investment pattern will be for short term and for defensive consideration only.				
In the event of change in the asset allocation, the fund manager will carry out portfolio rebalancing within 30 calendar days or such other timeline as may be prescribed by SEBI from time to time.				
Portfolio rebalancing (in case of passive breaches):				
As per clause 2.9 of Master Circular read with SEBI circular No. SEBI/HO/IMD/PoD2/P/CIR/2025/92 dated June 26, 2025, as may be amended/ clarified from time to time, in the event of change in the asset allocation due to passive breaches (occurrence of instances not arising out of omission and commission of the AMC), the fund manager is required to carry out portfolio rebalancing within 30 Business Days.				
In case the portfolio is not rebalanced within the period of 30 Business days, justification in writing, including details of efforts taken to rebalance the portfolio shall be placed before the Investment Committee. The Investment Committee, if it so desires, can extend the timeline for rebalancing up to sixty (60) Business days from the date of completion of mandated rebalancing period. In case the portfolio of the scheme is not rebalanced within the aforementioned mandated plus extended timelines, the AMC shall follow the requirements specified under the aforesaid circular including reporting the deviation to Trustees at each stage.				
Investment Strategy	<p>The total assets of the Scheme will be invested primarily in Debt and Money market instruments. The Scheme seeks to generate income/capital appreciation by investing primarily in debt securities and money market instruments while having a moderate exposure to equities.</p> <p>The aim of equity strategy will be to build a portfolio of companies diversified across major industries, economic sectors and market capitalization that offer an acceptable risk reward balance.</p> <p>The Scheme will retain the flexibility to invest in the entire range of debt securities (including securitised debt) and money market instruments. Investment in debt securities and Money Market Instruments will be as per the limits in the asset allocation table of the Scheme, subject to permissible limits laid under SEBI (MF) Regulations. Investment in debt securities will be guided by credit quality, liquidity, interest rates and their outlook.</p> <p>The Scheme may also invest in the hybrid securities viz. units of REITs and InVITs for diversification and subject to necessary stipulations by SEBI from time to time.</p> <p>Subject to the Regulations and the applicable guidelines, the Scheme may engage in Stock Lending activities.</p> <p>The Scheme may also invest in the schemes of Mutual Funds.</p> <p>As part of the Fund Management process, the Scheme may use derivative instruments such as futures and options, or any other derivative instruments that are permissible or may be permissible in future under applicable regulations. However, trading in derivatives by the Scheme shall be for restricted purposes as permitted by the regulations.</p> <p>For detailed derivative strategies, please refer to SAI. For exposure limits to derivatives, refer section 'Where will the scheme invest' under Section II, Part II, Clause A in the SID.</p> <p>Though every endeavor will be made to achieve the objective of the Scheme, the AMC/ Sponsor/ Trustee do not guarantee that the investment objective of the Scheme will be achieved. No guaranteed returns are being offered under the Scheme.</p>			
Risk Profile of the Scheme	<p>Mutual Fund Units involve investment risks including the possible loss of principal. Please read the SID carefully for details on risk factors before investment. For Scheme specific risk factors refer pages 158 to 167.</p> <p>For details on risk factors and risk mitigation measures, please refer SID.</p>

Change in Asset Allocation Pattern/ Portfolio Rebalancing

Short Term Defensive Consideration

As an index linked scheme, the investment policy is primarily passive management. However, as the above-mentioned investment pattern is indicative and subject to the SEBI (MF) Regulations and Circulars issued thereunder, the same may vary from time to time. As per, clause 1.14.1.2.b of Master Circular the Fund Manager, may deviate from the above investment pattern for short term period on defensive considerations. The same will be rebalanced within 7 Business Days.

Portfolio Replication norms

As per clause 3.6.7 of Master Circular:

- any transactions undertaken in the scheme portfolio in order to meet the redemption and subscription obligations shall be done while ensuring that post such transactions replication of the portfolio with the index is maintained at all points of time.
- in case of change in constituents of the index due to periodic review, the portfolio of the Scheme shall be rebalanced within 7 calendar days or such other timeline as may be prescribed by SEBI from time to time.

Tracking Error: The Scheme, in general, will hold all the securities that constitute the Underlying Index in the same proportion as the index. Expectation is that, over a period of time, the tracking error of the Scheme relative to the performance of the Underlying Index will be relatively low. The AMC would monitor the tracking error of the Scheme on an ongoing basis and would seek to minimize tracking error to the maximum extent possible.

NAME OF SCHEME	HDFC Nifty 50 Index Fund (Formerly HDFC Index Fund- NIFTY 50 Plan (HIF - NIFTY 50 Plan)) (Contd...)																																						
	<p>Under normal market circumstances, such tracking error is not expected to exceed by [2.00%] p.a. (based on daily rolling returns for last 12 months). However, in case of unavoidable events like, Dividend issuance by constituent members, rights issuance by constituent members, and market volatility during rebalancing of the portfolio following the rebalancing of the underlying basket, etc. or in abnormal market circumstances, the tracking error may exceed the above mentioned limits and the same shall be brought to the notice of Trustees with corrective actions taken by the AMC, if any.</p> <p>Tracking difference (TD) for equity oriented passive schemes: Tracking difference shall be targeted to be 50 bps (over and above actual TER charged). In case the same is not maintained, it shall be brought to the notice of trustees along with corrective actions taken by the AMC, if any.</p>																																						
Investment Strategy	<p>HDFC Nifty 50 Index Fund will be managed passively with investments in stocks comprising the Underlying Index subject to tracking error. The investment strategy would revolve around reducing the tracking error to the least possible extent through regular rebalancing of the portfolio, taking into account the change in weights of stocks in the Index as well as the incremental collections/redemptions in the Scheme. A part of the funds may be invested in debt and money market instruments, to meet liquidity requirements.</p> <p>Since the Scheme is index fund, it will only invest in securities constituting the Underlying Index. However, due to corporate action in companies comprising the index, the Scheme may be allocated/allotted securities which are not part of the index. Such holdings would be rebalanced within 7 Business Days from the date of allotment/listing of such securities.</p> <p>As part of the Fund Management process, the Scheme may use derivative instruments such as index futures and options, or any other derivative instruments that are permissible or may be permissible in future under applicable regulations. However, trading in derivatives by the Scheme shall be for restricted purposes as permitted by the Regulations.</p> <p>For detailed derivative strategies, please refer to SAI.</p> <p>Subject to the Regulations and the applicable guidelines, the Scheme may engage in Stock Lending activities. The Scheme may also invest in the debt schemes of Mutual Funds in terms of the prevailing SEBI (MF) Regulations.</p> <p>Though every endeavor will be made to achieve the objective of the Scheme, the AMC/Sponsor/ Trustee do not guarantee that the investment objective of the Scheme will be achieved. No guaranteed returns are being offered under the Scheme.</p>

Investment Strategy	<p>HDFC BSE Sensex Index Fund will be managed passively with investments in stocks comprising the Underlying Index subject to tracking error. The investment strategy would revolve around reducing the tracking error to the least possible extent through regular rebalancing of the portfolio, taking into account the change in weights of stocks in the Index as well as the incremental collections/redemptions in the Scheme. A part of the funds may be invested in debt and money market instruments, to meet liquidity requirements.</p> <p>Since the Scheme is index fund, it will only invest in securities constituting the Underlying Index. However, due to corporate action in companies comprising the index, the Scheme may be allocated/allotted securities which are not part of the index. Such holdings would be rebalanced within 7 Business Days from the date of allotment/ listing of such securities.</p> <p>As part of the Fund Management process, the Scheme may use derivative instruments such as index futures and options, or any other derivative instruments that are permissible or may be permissible in future under applicable regulations. However, trading in derivatives by the Scheme shall be for restricted purposes as permitted by the Regulations.</p> <p>For detailed derivative strategies, please refer to SAI.</p> <p>Subject to the Regulations and the applicable guidelines, the Scheme may engage in Stock Lending activities. The Scheme may also invest in the debt schemes of Mutual Funds in terms of the prevailing SEBI (MF) Regulations.</p> <p>Though every endeavor will be made to achieve the objective of the Scheme, the AMC/Sponsor/ Trustee do not guarantee that the investment objective of the Scheme will be achieved. No guaranteed returns are being offered under the Scheme.</p>																								
Risk Profile of the Scheme	<p>Mutual Fund Units involve investment risks including the possible loss of principal. Please read the SID carefully for details on risk factors before investment. 	Debt Securities & Money Market Instruments@		0	5		
#The exposure to units of debt mutual fund schemes, debt securities and money market instruments@ shall be below 65%. @ Investments will be made in Cash or cash equivalents i.e. Government Securities, T-Bills and Repo on Government Securities, units of Liquid and Overnight Mutual Fund Schemes for liquidity purposes The list of actively managed schemes includes: 1. HDFC Arbitrage Fund or any other Arbitrage Fund as found suitable by the Fund Manager 2. HDFC Corporate Bond Fund, HDFC Liquid Fund, HDFC Overnight Fund, HDFC Money Market Fund, HDFC Banking and PSU Debt Fund, HDFC Gilt Fund, HDFC Long Duration Debt Fund, and / or other schemes of HDFC Mutual Fund or other Mutual Funds having similar objectives, strategy, asset allocation and other attributes. The AMC reserves the right to modify the list of arbitrage schemes / debt schemes from time to time and such change shall not tantamount to a change in the fundamental attributes of the Scheme. As the Scheme invests in the Underlying Schemes, it will have exposure to derivatives, foreign securities, foreign securitized debt, stock lending, etc as per investments / transactions and limits of the Underlying Schemes. As per clause 12.24.1 of Master Circular, the cumulative gross exposure through all permissible investments viz Arbitrage funds, Debt Schemes, Debt and Money Market instruments and such other securities / assets as may be permitted by SEBI from time to time shall not exceed 100% of the net assets of the scheme.						
Indicative Table (Actual instrument/percentages may vary subject to applicable SEBI circulars)						
SR. No	Type of Instrument	Percentage of exposure	Circular references			
1.	Repo/ Reverse Repo / Tri- Party repos (TREPS) on Government Securities and Treasury Bills (G-Secs and T-Bills)	To meet liquidity requirements or pending deployment as per regulatory limits	Clause 1 of Seventh Schedule of SEBI Mutual Funds Regulations			
2.	Short Term deposits	As per regulatory limits	Clause 8 of Seventh Schedule of SEBI Mutual Funds Regulations and Clause 12.16 of Master Circular			
In Addition to the instruments stated in the table above the scheme may also hold cash from time to time.						
Changes in asset allocation pattern/Portfolio Rebalancing:						
Short Term Defensive Consideration: Subject to SEBI (MF) Regulations the asset allocation pattern indicated above may change from time to time, keeping in view market conditions, market opportunities, applicable regulations and political and economic factors. It must be clearly understood that the percentages stated above are only indicative and not absolute and that they can vary substantially depending upon the perception of the Investment Manager, the intention being at all times to seek to protect the interests of the Unit holders. As per clause 1.14.1.2.b of Master Circular, as may be amended from time to time, such changes in the investment pattern will be for short term and for defensive consideration only.						
In the event of change in the asset allocation, the fund manager will carry out portfolio rebalancing within 30 calendar days or such other timeline as may be prescribed by SEBI from time to time.						
Portfolio rebalancing (in case of passive breaches): As per clause 2.9 of Master Circular read with SEBI circular No. SEBI/HO/IMD/PoD2/P/CIR/2025/92 dated June 26, 2025, as may be amended/ clarified from time to time, in the event of change in the asset allocation due to passive breaches (occurrence of instances not arising out of omission and commission of the AMC), the fund manager is required to carry out portfolio rebalancing within 30 Business Days. In case the portfolio is not rebalanced within the period of 30 Business days, justification in writing, including details of efforts taken to rebalance the portfolio shall be placed before the Investment Committee. The Investment Committee, if it so desires, can extend the timeline for rebalancing up to sixty (60) Business days from the date of completion of mandated rebalancing period. In case the portfolio of the scheme is not rebalanced within the aforementioned mandated plus extended timelines, the AMC shall follow the requirements specified under the aforesaid circular including reporting the deviation to Trustees at each stage.						
Investment Strategy	The Scheme shall invest in units of Arbitrage and Debt schemes subject to permissible limits. The Fund Manager aims to create a portfolio keeping in mind the overall interest rate and economic outlook along with the arbitrage opportunities available between the cash market and Future & Options market. The Scheme has the flexibility to manage its allocation of its assets between Arbitrage Fund and debt schemes after evaluating various parameters like arbitrage spreads between the cash market and Future & Options market, credit risk, interest rate risk, RBI monetary policy outlook, shape of the yield curve, liquidity risk, and others as found suitable by the Fund Manager. A part of the funds may be invested in Government Securities, T-Bills and Repo on Government Securities, etc as mentioned under asset allocation table to meet liquidity requirements. Though every endeavour will be made to achieve the objective of the Scheme, the AMC/Sponsor/Trustee do not guarantee that the investment objective of the Scheme will be achieved. No guaranteed returns are being offered under the Scheme.

Changes in asset allocation pattern/Portfolio Rebalancing:										
Short Term Defensive Consideration:										
Subject to SEBI (MF) Regulations the asset allocation pattern indicated above may change from time to time, keeping in view market conditions, market opportunities, applicable regulations and political and economic factors. It must be clearly understood that the percentages stated above are only indicative and not absolute and that they can vary substantially depending upon the perception of the Investment Manager, the intention being at all times to seek to protect the interests of the Unit holders. As per clause 1.14.1.2.b of Master Circular, as may be amended from time to time, such changes in the investment pattern will be for short term and for defensive consideration only.										
In the event of change in the asset allocation, the fund manager will carry out portfolio rebalancing within 30 calendar days or such other timeline as may be prescribed by SEBI from time to time.										
Portfolio rebalancing:										
As per clause 2.9 of Master Circular read with SEBI circular No. SEBI/HO/IMD/PoD2/P/CIR/2025/92 dated June 26, 2025, as may be amended/ clarified from time to time, in the event of change in the asset allocation due to passive breaches (occurrence of instances not arising out of omission and commission of the AMC), the fund manager is required to carry out portfolio rebalancing within 30 Business Days.										
In case the portfolio is not rebalanced within the period of 30 Business days, justification in writing, including details of efforts taken to rebalance the portfolio shall be placed before the Investment Committee. The Investment Committee, if it so desires, can extend the timeline for rebalancing up to sixty (60) Business days from the date of completion of mandated rebalancing period. In case the portfolio of the scheme is not rebalanced within the aforementioned mandated plus extended timelines, the AMC shall follow the requirements specified under the aforesaid circular including reporting the deviation to Trustees at each stage.										
Please refer to Scheme Information Document (SID) of the Scheme for complete details.										
Investment Strategy	The investment objective of the Scheme is to seek capital appreciation by investing in units of HDFC Gold ETF (HGETF). To achieve the investment objective, the Scheme will predominantly invest in units of HGETF. The Scheme shall buy/sell HGETF units either directly with the Fund or through the secondary market on the Stock Exchange(s). Investment in Debt securities and money market instruments will be as per the limits in the asset allocation table of the Scheme, subject to permissible limits laid under SEBI (MF) Regulations. Investment in debt securities will be guided by credit quality, liquidity, interest rates and their outlook. The Scheme may also invest in the schemes of Mutual Funds in terms of the prevailing SEBI (MF) Regulations. Though every endeavour will be made to achieve the objective of the Scheme, the AMC/Sponsor/Trustee do not guarantee that the investment objective of the Scheme will be achieved. No guaranteed returns are being offered under the Scheme.									
Risk Profile of the Scheme	Mutual Fund Units involve investment risks including the possible loss of principal. Please read the SID carefully for details on risk factors before investment. For Scheme specific risk factors refer pages 158 to 167. For details on risk factors and risk mitigation measures, please refer SID.

NAME OF SCHEME	HDFC Dividend Yield Fund (HDYF) (Contd...)		
	<p>In the event of change in the asset allocation, the fund manager will carry out portfolio rebalancing within 30 calendar days or such other timeline as may be prescribed by SEBI from time to time.</p> <p>Portfolio rebalancing (in case of passive breaches):</p> <p>As per clause 2.9 of Master Circular read with SEBI circular No. SEBI/HO/IMD/PoD2/P/CIR/2025/92 dated June 26, 2025, as may be amended/clarified from time to time, in the event of change in the asset allocation due to passive breaches (occurrence of instances not arising out of omission and commission of the AMC), the fund manager is required to carry out portfolio rebalancing within 30 Business Days.</p> <p>In case the portfolio is not rebalanced within the period of 30 Business days, justification in writing, including details of efforts taken to rebalance the portfolio shall be placed before the Investment Committee. The Investment Committee, if it so desires, can extend the timeline for rebalancing up to sixty (60) Business days from the date of completion of mandated rebalancing period. In case the portfolio of the scheme is not rebalanced within the aforementioned mandated plus extended timelines, the AMC shall follow the requirements specified under the aforesaid circular including reporting the deviation to Trustees at each stage.</p>		
Investment Strategy	<p>The Scheme shall invest primarily in equity and equity related instruments of dividend yielding companies at the time of investment. Companies may also choose to do a buyback in addition to or as an alternative to dividend. This also constitutes a yield to shareholders. The Scheme will consider dividend yielding stocks which have paid dividend (or done a buyback) in at least one of the three preceding financial years.</p> <p>While trailing dividend yield will be an important factor in selecting a stock, the fund manager will also consider on business fundamentals, industry outlook, absolute as well as relative valuations, growth outlook and corporate governance.</p> <p>Further, to achieve diversification the Scheme may also invest up to 35% of the assets in companies other than Dividend Yielding Companies. The aim will be to build a portfolio, which represents a crosssection of the dividend yielding companies in the prevailing market. In order to reduce the risk of volatility, the Scheme will diversify across major industries and economic sectors to the extent possible. The Scheme may invest in other schemes managed by the AMC or in the schemes of any other mutual funds in terms of the prevailing SEBI (MF) Regulations. Subject to the Regulations and the applicable guidelines, the Scheme may, engage in Stock Lending activities. The Scheme may also invest in the hybrid securities viz. units of REITs and InvITs for diversification and subject to necessary stipulations by SEBI from time to time.</p> <p>The Scheme will retain the flexibility to invest in the entire range of debt instruments and money market instruments.</p> <p>Investment in Debt securities (including securitized debt, other structured obligations and credit enhanced debt rated SO / CE) and Money Market Instruments will be as per the limits in the asset allocation table of the Scheme, subject to permissible limits laid under SEBI (MF) Regulations.</p> <p>As part of the Fund Management process, the Scheme may use derivative instruments such as futures and options, or any other derivative instruments that are permissible or may be permissible in future under applicable regulations. However, trading in derivatives by the Scheme shall be for restricted purposes as permitted by the regulations.</p> <p>For detailed derivative strategies, please refer to SAI. For exposure limits to derivatives, refer section 'Where will the scheme invest' under Section II, Part II, Clause A in the SID.</p> <p>Though every endeavor will be made to achieve the objective of the Scheme, the AMC/ Sponsor/ Trustee do not guarantee that the investment objective of the Scheme will be achieved. No guaranteed returns are being offered under the Scheme.</p>

Change in Asset Allocation Pattern/ Portfolio Rebalancing									
Short Term Defensive Consideration									
<small>As an index linked scheme, the investment policy is primarily passive management. However, as the above-mentioned investment pattern is indicative and subject to the SEBI (MF) Regulations and Circulars issued thereunder, the same may vary from time to time. As per, clause 1.14.1.2.b of Master Circular the Fund Manager, may deviate from the above investment pattern for short term period on defensive considerations. The same will be rebalanced within 7 Business Days.</small>									
Portfolio Replication norms									
<small>As per clause 3.6.7 of Master Circular:</small>									
<ul style="list-style-type: none"> any transactions undertaken in the scheme portfolio in order to meet the redemption and subscription obligations shall be done while ensuring that post such transactions replication of the portfolio with the index is maintained at all points of time. in case of change in constituents of the index due to periodic review, the portfolio of the Scheme shall be rebalanced within 7 calendar days or such other timeline as may be prescribed by SEBI from time to time. 									
Tracking Error: The Scheme, in general, will hold all the securities that constitute the Underlying Index in the same proportion as the index. Expectation is that, over a period of time, the tracking error of the Scheme relative to the performance of the Underlying Index will be relatively low. The AMC would monitor the tracking error of the Scheme on an ongoing basis and would seek to minimize tracking error to the maximum extent possible.									
<small>Under normal market circumstances, such tracking error is not expected to exceed by [2.00%] p.a. (based on daily rolling returns for last 12 months). However, in case of unavoidable events like, Dividend issuance by constituent members, rights issuance by constituent members, and market volatility during rebalancing of the portfolio following the rebalancing of the underlying basket, etc. or in abnormal market circumstances, the tracking error may exceed the above mentioned limits and the same shall be brought to the notice of Trustees with corrective actions taken by the AMC, if any.</small>									
Tracking difference (TD) for equity oriented passive schemes: Tracking difference shall be targeted to be 50 bps (over and above actual TER charged). In case the same is not maintained, it shall be brought to the notice of trustees along with corrective actions taken by the AMC, if any.									

NAME OF SCHEME	HDFC NIFTY 50 Equal Weight Index Fund (HN5EWIF) (Contd...)																																
Investment Strategy	<p>HDFC NIFTY50 Equal Weight Index Fund will be managed passively with investments in stocks comprising the Underlying Index subject to tracking error. The investment strategy would revolve around reducing the tracking error to the least possible extent through regular rebalancing of the portfolio, taking into account the change in weights of stocks in the Index as well as the incremental collections/redemptions in the Scheme. A part of the funds may be invested in debt and money market instruments, to meet liquidity requirements.</p> <p>Since the Scheme is index fund, it will only invest in securities constituting the Underlying Index. However, due to corporate action in companies comprising the index, the Scheme may be allocated/allotted securities which are not part of the index. Such holdings would be rebalanced within 7 Business Days from the date of allotment/listing of such securities.</p> <p>As part of the Fund Management process, the Scheme may use derivative instruments such as index futures and options, or any other derivative instruments that are permissible or may be permissible in future under applicable regulations. However, trading in derivatives by the Scheme shall be for restricted purposes as permitted by the Regulations.</p> <p>For detailed derivative strategies, please refer to SAI.</p> <p>Subject to the Regulations and the applicable guidelines, the Scheme may engage in Stock Lending activities. Investment Strategy	<p>HDFC NIFTY Next 50 Index Fund will be managed passively with investments in stocks comprising the Underlying Index subject to tracking error. The investment strategy would revolve around reducing the tracking error to the least possible extent through regular rebalancing of the portfolio, taking into account the change in weights of stocks in the Index as well as the incremental collections/redemptions in the Scheme. A part of the funds may be invested in debt and money market instruments, to meet liquidity requirements.</p> <p>Since the Scheme is index fund, it will only invest in securities constituting the Underlying Index. However, due to corporate action in companies comprising the index, the Scheme may be allocated/allotted securities which are not part of the index. Such holdings would be rebalanced within 7 Business Days from the date of allotment/listing of such securities.</p> <p>As part of the Fund Management process, the Scheme may use derivative instruments such as index futures and options, or any other derivative instruments that are permissible or may be permissible in future under applicable regulations. However, trading in derivatives by the Scheme shall be for restricted purposes as permitted by the Regulations.</p> <p>For detailed derivative strategies, please refer to SAI.</p> <p>Subject to the Regulations and the applicable guidelines, the Scheme may engage in Stock Lending activities. Change in Asset Allocation Pattern/Portfolio Rebalancing									
Short Term Defensive Consideration									
<p>As an index linked scheme, the investment policy is primarily passive management. However, as the above-mentioned investment pattern is indicative and subject to the SEBI (MF) Regulations and Circulars issued thereunder, the same may vary from time to time. As per, clause 1.14.1.2.b of Master Circular the Fund Manager, may deviate from the above investment pattern for short term period on defensive considerations. The same will be rebalanced within 7 Business Days.</p>									
Portfolio Replication norms									
<p>As per clause 3.6.7 of Master Circular:</p> <ul style="list-style-type: none"> any transactions undertaken in the scheme portfolio in order to meet the redemption and subscription obligations shall be done while ensuring that post such transactions replication of the portfolio with the index is maintained at all points of time. in case of change in constituents of the index due to periodic review, the portfolio of the Scheme shall be rebalanced within 7 calendar days or such other timeline as may be prescribed by SEBI from time to time. 									
Tracking Error:									
<p>The Scheme, in general, will hold all the securities that constitute the Underlying Index in the same proportion as the index. Expectation is that, over a period of time, the tracking error of the Scheme relative to the performance of the Underlying Index will be relatively low. The AMC would monitor the tracking error of the Scheme on an ongoing basis and would seek to minimize tracking error to the maximum extent possible.</p>									
<p>Under normal market circumstances, such tracking error is not expected to exceed by [2.00%] p.a. (based on daily rolling returns for last 12 months). However, in case of unavoidable events like, Dividend issuance by constituent members, rights issuance by constituent members, and market volatility during rebalancing of the portfolio following the rebalancing of the underlying basket, etc. or in abnormal market circumstances, the tracking error may exceed the above mentioned limits and the same shall be brought to the notice of Trustees with corrective actions taken by the AMC, if any.</p>									

NAME OF SCHEME	HDFC NIFTY100 Equal Weight Index Fund (HN1EWIF) (Contd...)																																																			
Investment Strategy	<p>HDFC NIFTY 100 Equal Weight Index Fund will be managed passively with investments in stocks comprising the Underlying Index subject to tracking error. The investment strategy would revolve around reducing the tracking error to the least possible extent through regular rebalancing of the portfolio, taking into account the change in weights of stocks in the Index as well as the incremental collections/redemptions in the Scheme. A part of the funds may be invested in debt and money market instruments, to meet liquidity requirements.</p> <p>Since the Scheme is index fund, it will only invest in securities constituting the Underlying Index. However, due to corporate action in companies comprising the index, the Scheme may be allocated/allotted securities which are not part of the index. Such holdings would be rebalanced within 7 Business Days from the date of allotment/listing of such securities.</p> <p>As part of the Fund Management process, the Scheme may use derivative instruments such as index futures and options, or any other derivative instruments that are permissible or may be permissible in future under applicable regulations. However, trading in derivatives by the Scheme shall be for restricted purposes as permitted by the Regulations.</p> <p>For detailed derivative strategies, please refer to SAI.</p> <p>Subject to the Regulations and the applicable guidelines, the Scheme may engage in Stock Lending activities. The Scheme may also invest in the debt schemes of Mutual Funds in terms of the prevailing SEBI (MF) Regulations.</p> <p>Though every endeavor will be made to achieve the objective of the Scheme, the AMC/Sponsor/ Trustee do not guarantee that the investment objective of the Scheme will be achieved. No guaranteed returns are being offered under the Scheme.</p>																																																			
Risk Profile of the Scheme	<p>Mutual Fund Units involve investment risks including the possible loss of principal. Please read the SID carefully for details on risk factors before investment. Change in Asset Allocation Pattern/ Portfolio Rebalancing														
Short Term Defensive Consideration														
As an index linked scheme, the investment policy is primarily passive management. However, as the above-mentioned investment pattern is indicative and subject to the SEBI (MF) Regulations and Circulars issued thereunder, the same may vary from time to time. As per, clause 1.14.1.2.b of Master Circular the Fund Manager, may deviate from the above investment pattern for short term period on defensive considerations. The same will be rebalanced within 7 Business Days.														
Portfolio Replication norms														
As per clause 3.6.7 of Master Circular:														
<ul style="list-style-type: none"> any transactions undertaken in the scheme portfolio in order to meet the redemption and subscription obligations shall be done while ensuring that post such transactions replication of the portfolio with the index is maintained at all points of time. in case of change in constituents of the index due to periodic review, the portfolio of the Scheme shall be rebalanced within 7 calendar days or such other timeline as may be prescribed by SEBI from time to time. 														
Tracking Error: The Scheme, in general, will hold all the securities that constitute the Underlying Index in the same proportion as the index. Expectation is that, over a period of time, the tracking error of the Scheme relative to the performance of the Underlying Index will be relatively low. The AMC would monitor the tracking error of the Scheme on an ongoing basis and would seek to minimize tracking error to the maximum extent possible.														
Under normal market circumstances, such tracking error is not expected to exceed by [2.00%] p.a. (based on daily rolling returns for last 12 months). However, in case of unavoidable events like, Dividend issuance by constituent members, rights issuance by constituent members, and market volatility during rebalancing of the portfolio following the rebalancing of the underlying basket, etc. or in abnormal market circumstances, the tracking error may exceed the above mentioned limits and the same shall be brought to the notice of Trustees with corrective actions taken by the AMC, if any.														
Tracking difference (TD) for equity oriented passive schemes: Tracking difference shall be targeted to be 50 bps (over and above actual TER charged). In case the same is not maintained, it shall be brought to the notice of trustees along with corrective actions taken by the AMC, if any.														

NAME OF SCHEME	HDFC NIFTY Midcap 150 Index Fund (HNM150IF) (Contd...)															
Investment Strategy	<p>HDFC NIFTY Midcap 150 Index Fund will be managed passively with investments in stocks comprising the Underlying Index subject to tracking error. The investment strategy would revolve around reducing the tracking error to the least possible extent through regular rebalancing of the portfolio, taking into account the change in weights of stocks in the Index as well as the incremental collections/redemptions in the Scheme. A part of the funds may be invested in debt and money market instruments, to meet liquidity requirements.</p> <p>Since the Scheme is index fund, it will only invest in securities constituting the Underlying Index. However, due to corporate action in companies comprising the index, the Scheme may be allocated/allotted securities which are not part of the index. Such holdings would be rebalanced within 7 Business Days from the date of allotment/listing of such securities.</p> <p>As part of the Fund Management process, the Scheme may use derivative instruments such as index futures and options, or any other derivative instruments that are permissible or may be permissible in future under applicable regulations. However, trading in derivatives by the Scheme shall be for restricted purposes as permitted by the Regulations.</p> <p>For detailed derivative strategies, please refer to SAI.</p> <p>Subject to the Regulations and the applicable guidelines, the Scheme may engage in Stock Lending activities. The Scheme may also invest in the debt schemes of Mutual Funds in terms of the prevailing SEBI (MF) Regulations.</p> <p>Though every endeavor will be made to achieve the objective of the Scheme, the AMC/Sponsor/Trustee do not guarantee that the investment objective of the Scheme will be achieved. No guaranteed returns are being offered under the Scheme.</p>

Investment Strategy	<p>HDFC Nifty Smallcap 250 Index Fund will be managed passively with investments in stocks comprising the Underlying Index subject to tracking error. The investment strategy would revolve around reducing the tracking error to the least possible extent through regular rebalancing of the portfolio, taking into account the change in weights of stocks in the Index as well as the incremental collections/redemptions in the Scheme. A part of the funds may be invested in debt and money market instruments, to meet liquidity requirements.</p> <p>Since the Scheme is index fund, it will only invest in securities constituting the Underlying Index. However, due to corporate action in companies comprising the index, the Scheme may be allocated/allotted securities which are not part of the index. Such holdings would be rebalanced within 7 Business Days from the date of allotment/ listing of such securities.</p> <p>As part of the Fund Management process, the Scheme may use derivative instruments such as index futures and options, or any other derivative instruments that are permissible or may be permissible in future under applicable regulations. However, trading in derivatives by the Scheme shall be for restricted purposes as permitted by the Regulations.</p> <p>For detailed derivative strategies, please refer to SAI.</p> <p>Subject to the Regulations and the applicable guidelines, the Scheme may engage in Stock Lending activities. The Scheme may also invest in the debt schemes of Mutual Funds in terms of the prevailing SEBI (MF) Regulations.</p> <p>Though every endeavor will be made to achieve the objective of the Scheme, the AMC/Sponsor/ Trustee do not guarantee that the investment objective of the Scheme will be achieved. No guaranteed returns are being offered under the Scheme.</p>

Change in Asset Allocation Pattern/ Portfolio Rebalancing									
Short Term Defensive Consideration									
As an index linked scheme, the investment policy is primarily passive management. However, as the above-mentioned investment pattern is indicative and subject to the SEBI (MF) Regulations and Circulars issued thereunder, the same may vary from time to time. As per, clause 1.14.1.2.b of Master Circular the Fund Manager, may deviate from the above investment pattern for short term period on defensive considerations. The same will be rebalanced within 7 Business Days.									
Portfolio Replication norms									
As per clause 3.6.7 of Master Circular:									
<ul style="list-style-type: none"> any transactions undertaken in the scheme portfolio in order to meet the redemption and subscription obligations shall be done while ensuring that post such transactions replication of the portfolio with the index is maintained at all points of time. in case of change in constituents of the index due to periodic review, the portfolio of the Scheme shall be rebalanced within 7 calendar days or such other timeline as may be prescribed by SEBI from time to time. 									
Tracking Error: The Scheme, in general, will hold all the securities that constitute the Underlying Index in the same proportion as the index. Expectation is that, over a period of time, the tracking error of the Scheme relative to the performance of the Underlying Index will be relatively low. The AMC would monitor the tracking error of the Scheme on an ongoing basis and would seek to minimize tracking error to the maximum extent possible.									
Under normal market circumstances, such tracking error is not expected to exceed by [2.00%] p.a. (based on daily rolling returns for last 12 months). However, in case of unavoidable events like, Dividend issuance by constituent members, rights issuance by constituent members, and market volatility during rebalancing of the portfolio following the rebalancing of the underlying basket, etc. or in abnormal market circumstances, the tracking error may exceed the above mentioned limits and the same shall be brought to the notice of Trustees with corrective actions taken by the AMC, if any.									
Tracking difference (TD) for equity oriented passive schemes: Tracking difference shall be targeted to be 50 bps (over and above actual TER charged). In case the same is not maintained, it shall be brought to the notice of trustees along with corrective actions taken by the AMC, if any.

Investment Strategy	<p>HDFC BSE 500 Index Fund will be managed passively with investments in stocks comprising the Underlying Index subject to tracking error. The investment strategy would revolve around reducing the tracking error to the least possible extent through regular rebalancing of the portfolio, taking into account the change in weights of stocks in the Index as well as the incremental collections/redemptions in the Scheme. A part of the funds may be invested in debt and money market instruments, to meet liquidity requirements.</p> <p>Since the Scheme is index fund, it will only invest in securities constituting the Underlying Index. However, due to corporate action in companies comprising the index, the Scheme may be allocated/allotted securities which are not part of the index. Such holdings would be rebalanced within 7 Business Days from the date of allotment/listing of such securities.</p> <p>As part of the Fund Management process, the Scheme may use derivative instruments such as index futures and options, or any other derivative instruments that are permissible or may be permissible in future under applicable regulations. However, trading in derivatives by the Scheme shall be for restricted purposes as permitted by the Regulations.</p> <p>For detailed derivative strategies, please refer to SAI.</p> <p>Subject to the Regulations and the applicable guidelines, the Scheme may engage in Stock Lending activities. The Scheme may also invest in the debt schemes of Mutual Funds in terms of the prevailing SEBI (MF) Regulations.</p> <p>Though every endeavor will be made to achieve the objective of the Scheme, the AMC/Sponsor/ Trustee do not guarantee that the investment objective of the Scheme will be achieved. Changes in asset allocation pattern:

Short Term and Defensive Consideration:

Subject to SEBI (MF) Regulations the asset allocation pattern indicated above may change from time to time, keeping in view market conditions, market opportunities, applicable regulations and political and economic factors. It must be clearly understood that the percentages stated above are only indicative and not absolute and that they can vary substantially depending upon the perception of the Investment Manager, the intention being at all times to seek to protect the interests of the Unit holders. As per clause 1.14.1.2.b of Master Circular, as may be amended from time to time, such changes in the investment pattern will be for short term and for defensive consideration only.

In the event of change in the asset allocation, the fund manager will carry out portfolio rebalancing within 30 calendar days or such other timeline as may be prescribed by SEBI from time to time.

Portfolio rebalancing (in case of passive breaches):

As per clause 2.9 of Master Circular read with SEBI circular No. SEBI/HO/IMD/PoD2/P/CIR/2025/92 dated June 26, 2025, as may be amended/ clarified from time to time, in the event of change in the asset allocation due to passive breaches (occurrence of instances not arising out of omission and commission of the AMC), the fund manager is required to carry out portfolio rebalancing within 30 Business Days.

In case the portfolio is not rebalanced within the period of 30 Business days, justification in writing, including details of efforts taken to rebalance the portfolio shall be placed before the Investment Committee. The Investment Committee, if it so desires, can extend the timeline for rebalancing up to sixty (60) Business days from the date of completion of mandated rebalancing period. In case the portfolio of the scheme is not rebalanced within the aforementioned mandated plus extended timelines, the AMC shall follow the requirements specified under the aforesaid circular including reporting the deviation to Trustees at each stage.

Investment Strategy

The Scheme will aim to provide long-term capital appreciation by investing predominantly in equity and equity related securities with focus on riding business cycles through dynamic allocation between various sectors and stocks at different stages of business cycles. Business cycles are widely understood in economics to cover the journey of periods of expansion and contraction in business and commercial activity. Business cycles vary in terms of reasons and details and timing and extent, but the ups and downs occur regularly. Each business cycle comprising of upcycle and downcycle typically has 4 phases 1) expansion – rising growth 2) peak – growth stabilizes at a high level 3) contraction – declining /slowing growth 4) slump – phase of weak/no growth. While doing portfolio construction, the Scheme would follow a blend of top-down approach to identify stages of business cycles, sector opportunities and bottom-up approach to identify strong companies within those sectors. The assessment of the stage and likely trajectory of business cycles will be done by the top-down macro trends observed in the sector/business/ economy/ macro indicators. The fund manager will look at various business specific indicators like the outlook on growth, competition in the market place, pricing power, bargaining power of buyers and suppliers, threat of substitutes in products, consumer sentiment, capacity utilization, capex plans and also macro indicators like domestic economic growth, changes in government regulations, business confidence index, inflation trends, interest rates, geopolitical issues, global growth for exports potential, other external factors. The bottom-up stock selection investment framework shall follow a rigorous in-house process based on fundamental analysis and research. The fund manager will favour companies that are most attractively valued relative to their quality of management, business model & financial metrics. When assessing a company, the fund manager will focus on understanding how each of these factors will change over time. The bottom-up research process will also aid in forming views on the likely trajectory of business cycles. Thus, the Scheme will aim to benefit from the improvement/acceleration in earnings as the business enters a phase of upcycle (expansion-peak), by identifying stocks which are best positioned to capture that business upcycle keeping the valuations in perspective. While sector allocation will largely consider the stages of the business cycles, the Scheme will aim at being reasonably diversified across various sectors/sub sectors and across market capitalization (combination of large, mid & small caps). The Scheme shall follow an active approach in portfolio weightages and will also limit exposure/stay away from sectors and companies approaching/undergoing a business downcycle.

NAME OF SCHEME	HDFC Business Cycle Fund (HBCF) (Contd...)																				
	<p>While the main focus will remain on identifying the medium to long term opportunities basis the stage of business cycle, the fund manager will also aim to identify (a) growth themes that are relatively agnostic to the business cycle b) stocks that are relatively better positioned within their sector, and (c) tactical, short term opportunities with favorable risk-reward, thereby ensuring adequate diversification, while ensuring not more than 20% of assets shall be in companies other than the core business cycle theme. A portion of the Scheme will also be invested in IPOs, emerging themes and sectors and other primary / secondary market offerings that meet our investment criteria. Investment in debt securities will be guided by credit quality, liquidity, interest rates and their outlook.</p> <p>Subject to the Regulations and the applicable guidelines, the Scheme may engage in Stock Lending activities.</p> <p>The Scheme may also invest in the hybrid securities viz. units of REITs and InvITs for diversification and subject to necessary stipulations by SEBI from time to time.</p> <p>The Scheme will retain the flexibility to invest in the entire range of debt instruments and money market instruments. Investment in Debt securities (including securitized debt, other structured obligations and credit enhanced debt rated SO / CE) and Money Market Instruments will be as per the limits in the asset allocation table of the Scheme, subject to permissible limits laid under SEBI (MF) Regulations.</p> <p>The Scheme may also invest in the schemes of Mutual Funds in terms of the prevailing SEBI (MF) Regulations.</p> <p>As part of the Fund Management process, the Scheme may use derivative instruments such as futures and options, or any other derivative instruments that are permissible or may be permissible in future under applicable regulations. However, trading in derivatives by the Scheme shall be for restricted purposes as permitted by the regulations.</p> <p>For detailed derivative strategies, please refer to SAI. For exposure limits to derivatives, refer section 'Where will the scheme invest' under Section II, Part II, Clause A in the SID.</p> <p>Though every endeavor will be made to achieve the objective of the Scheme, the AMC/ Sponsor/ Trustee do not guarantee that the investment objective of the Scheme will be achieved. Changes in asset allocation pattern:

Short Term and Defensive Consideration:

Subject to SEBI (MF) Regulations the asset allocation pattern indicated above may change from time to time, keeping in view market conditions, market opportunities, applicable regulations and political and economic factors. It must be clearly understood that the percentages stated above are only indicative and not absolute and that they can vary substantially depending upon the perception of the Investment Manager, the intention being at all times to seek to protect the interests of the Unit holders. As per clause 1.14.1.2.b of Master Circular, as may be amended from time to time, such changes in the investment pattern will be for short term and for defensive consideration only.

In the event of change in the asset allocation, the fund manager will carry out portfolio rebalancing within 30 calendar days or such other timeline as may be prescribed by SEBI from time to time.

Portfolio rebalancing (in case of passive breaches):

As per clause 2.9 of Master Circular read with SEBI circular No. SEBI/HO/IMD/PoD2/P/CIR/2025/92 dated June 26, 2025, as may be amended/ clarified from time to time, in the event of change in the asset allocation due to passive breaches (occurrence of instances not arising out of omission and commission of the AMC), the fund manager is required to carry out portfolio rebalancing within 30 Business Days.

In case the portfolio is not rebalanced within the period of 30 Business days, justification in writing, including details of efforts taken to rebalance the portfolio shall be placed before the Investment Committee. The Investment Committee, if it so desires, can extend the timeline for rebalancing up to sixty (60) Business days from the date of completion of mandated rebalancing period. In case the portfolio of the scheme is not rebalanced within the aforementioned mandated plus extended timelines, the AMC shall follow the requirements specified under the aforesaid circular including reporting the deviation to Trustees at each stage.

Investment Strategy

The primary investment objective of the Scheme is to provide long-term capital appreciation by investing predominantly in equity and equity related securities of technology & technology related companies.

The fund will follow a bottom-up approach to stock-picking and choose companies which are expected to derive benefit from development, use and advancement of technology.

Indicative list of businesses where the scheme would invest in are:

- IT services, software, consulting, and outsourcing companies
- IT products and hardware including computers, electronic components etc
- Internet companies and internet enabled services including Fintech, e-retail/e-commerce, technology platforms, IoT (Internet of Things) and other digital service providers
- Infrastructure providers and Telecommunications, including networking, wireless, and wire-line services, equipment, software and support
- Media and information services, including the distribution of information and content providers
- Data and data solutions providers

A portion of scheme will also be invested in IPOs and other primary market offerings that meet the Scheme's investment criteria.

Further, to achieve diversification, the Scheme may also invest up to 20% of the assets in companies other than those in Technology & technology related sectors.

Investment in debt securities will be guided by credit quality, liquidity, interest rates and their outlook.

Subject to the Regulations and the applicable guidelines, the Scheme may engage in Stock Lending activities.

The Scheme may also invest in the hybrid securities viz. units of REITs and InVITs for diversification and subject to necessary stipulations by SEBI from time to time.

The Scheme will retain the flexibility to invest in the entire range of debt instruments and money market instruments. Investment in Debt securities (including securitized debt, other structured obligations and credit enhanced debt rated SO / CE) and Money Market Instruments will be as per the limits in the asset allocation table of the Scheme, subject to permissible limits laid under SEBI (MF) Regulations.

The Scheme may also invest in the schemes of Mutual Funds in terms of the prevailing SEBI (MF) Regulations.

As part of the Fund Management process, the Scheme may use derivative instruments such as futures and options, or any other derivative instruments that are permissible or may be permissible in future under applicable regulations. However, trading in derivatives by the Scheme shall be for restricted purposes as permitted by the regulations.

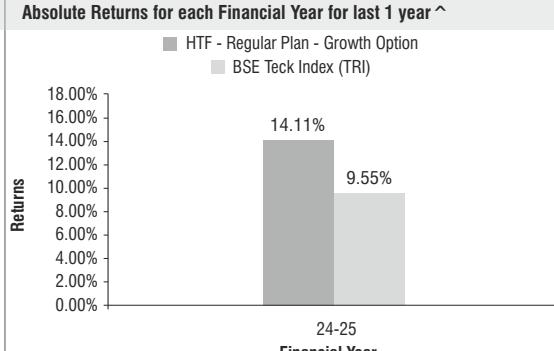

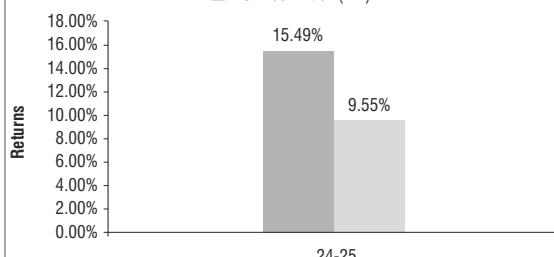

For detailed derivative strategies, please refer to SAI. For exposure limits to derivatives, refer section 'Where will the scheme invest' under Section II, Part II, Clause A in the SID.

Though every endeavor will be made to achieve the objective of the Scheme, the AMC/Sponsor/ Trustee do not guarantee that the investment objective of the Scheme will be achieved. No guaranteed returns are being offered under the Scheme.

Risk Profile of the Scheme

Mutual Fund Units involve investment risks including the possible loss of principal. Please read the SID carefully for details on risk factors before investment. For Scheme specific risk factors refer pages 158 to 167.

NAME OF SCHEME	HDFC NIFTY Realty Index Fund (Contd...)																																																				
	<p>Tracking Error: The Scheme, in general, will hold all the securities that constitute the Underlying Index in the same proportion as the index. Expectation is that, over a period of time, the tracking error of the Scheme relative to the performance of the Underlying Index will be relatively low. The AMC would monitor the tracking error of the Scheme on an ongoing basis and would seek to minimize tracking error to the maximum extent possible. Under normal market circumstances, such tracking error is not expected to exceed by [2.00%] p.a. (based on daily rolling returns for last 12 months). However, in case of unavoidable events like, Dividend issuance by constituent members, rights issuance by constituent members, and market volatility during rebalancing of the portfolio following the rebalancing of the underlying basket, etc. or in abnormal market circumstances, the tracking error may exceed the above mentioned limits and the same shall be brought to the notice of Trustees with corrective actions taken by the AMC, if any.</p>																																																				
Investment Strategy	<p>HDFC NIFTY Realty Index Fund will be managed passively with investments in stocks comprising the Underlying Index subject to tracking error. The investment strategy would revolve around reducing the tracking error to the least possible extent through regular rebalancing of the portfolio, taking into account the change in weights of stocks in the Index as well as the incremental collections/redemptions in the Scheme. A part of the funds may be invested in debt and money market instruments, to meet liquidity requirements.</p> <p>Since the Scheme is index fund, it will only invest in securities constituting the Underlying Index. However, due to corporate action in companies comprising the index, the Scheme may be allocated/allotted securities which are not part of the index. Such holdings would be rebalanced within 7 Calendar Days from the date of allotment/listing of such securities.</p> <p>As part of the Fund Management process, the Scheme may use derivative instruments such as index futures and options, or any other derivative instruments that are permissible or may be permissible in future under applicable regulations. However, trading in derivatives by the Scheme shall be for restricted purposes as permitted by the Regulations.</p> <p>For detailed derivative strategies, please refer to SAI.</p> <p>Subject to the Regulations and the applicable guidelines, the Scheme may engage in Stock Lending activities. The Scheme may also invest in the debt schemes of Mutual Funds in terms of the prevailing SEBI (MF) Regulations.</p> <p>Though every endeavor will be made to achieve the objective of the Scheme, the AMC/Sponsor/Trustee do not guarantee that the investment objective of the Scheme will be achieved. No guaranteed returns are being offered under the Scheme.</p>																																																				
Risk Profile of the Scheme	<p>Mutual Fund Units involve investment risks including the possible loss of principal. Please read the SID carefully for details on risk factors before investment. Expectation is that, over a period of time, the tracking error of the Scheme relative to the performance of the Underlying Index will be relatively low. The AMC would monitor the tracking error of the Scheme on an ongoing basis and would seek to minimize tracking error to the maximum extent possible. Under normal market circumstances, such tracking error is not expected to exceed by [2.00%] p.a. (based on daily rolling returns for last 12 months). However, in case of unavoidable events like, Dividend issuance by constituent members, rights issuance by constituent members, and market volatility during rebalancing of the portfolio following the rebalancing of the underlying basket, etc. or in abnormal market circumstances, the tracking error may exceed the above mentioned limits and the same shall be brought to the notice of Trustees with corrective actions taken by the AMC, if any. Investment Strategy	<p>HDFC Nifty500 Multicap 50:25:25 Fund will be managed passively with investments in stocks comprising the Underlying Index subject to tracking error. The investment strategy would revolve around reducing the tracking error to the least possible through regular rebalancing of the portfolio, taking into account the change in weights of stocks in the Index as well as the incremental collections/redemptions in the Scheme. A part of the funds may be invested in debt and money market instruments, to meet liquidity requirements.</p> <p>Since the Scheme is index fund, it will only invest in securities constituting the Underlying Index. However, due to corporate action in companies comprising the index, the Scheme may be allocated/allotted securities which are not part of the index. Such holdings would be rebalanced within 7 Calendar Days from the date of allotment/ listing of such securities.</p> <p>As part of the Fund Management process, the Scheme may use derivative instruments such as index futures and options, or any other derivative instruments that are permissible or may be permissible in future under applicable regulations. However, trading in derivatives by the Scheme shall be for restricted purposes as permitted by the regulations.</p> <p>For detailed derivative strategies, please refer to SAI.</p> <p>Subject to the Regulations and the applicable guidelines, the Scheme may engage in Stock Lending activities. The Scheme may also invest in the debt schemes of Mutual Funds in terms of the prevailing SEBI (MF) Regulations.</p> <p>Though every endeavor will be made to achieve the objective of the Scheme, the AMC/Sponsor/ Trustee do not guarantee that the investment objective of the Scheme will be achieved. No guaranteed returns are being offered under the Scheme.</p>

Change in Asset Allocation Pattern/ Portfolio Rebalancing						
Short Term Defensive Consideration						
As an index linked scheme, the investment policy is primarily passive management. However, as the above-mentioned investment pattern is indicative and subject to the SEBI (MF) Regulations and Circulars issued thereunder, the same may vary from time to time. As per, clause 1.14.1.2.b of Master Circular the Fund Manager, may deviate from the above investment pattern for short term period on defensive considerations. The same will be rebalanced within 7 Calendar Days.						
Portfolio Replication norms						
As per clause 3.6.7 of Master Circular:						
<ul style="list-style-type: none"> any transactions undertaken in the scheme portfolio in order to meet the redemption and subscription obligations shall be done while ensuring that post such transactions replication of the portfolio with the index is maintained at all points of time. in case of change in constituents of the index due to periodic review, the portfolio of the Scheme shall be rebalanced within 7 calendar days or such other timeline as may be prescribed by SEBI from time to time. 						
Tracking Error: The Scheme, in general, will hold all the securities that constitute the Underlying Index in the same proportion as the index. Expectation is that, over a period of time, the tracking error of the Scheme relative to the performance of the Underlying Index will be relatively low. The AMC would monitor the tracking error of the Scheme on an ongoing basis and would seek to minimize tracking error to the maximum extent possible.						
Under normal market circumstances, such tracking error is not expected to exceed by [2.00%] p.a. (based on daily rolling returns for last 12 months). However, in case of unavoidable events like, Dividend issuance by constituent members, rights issuance by constituent members, and market volatility during rebalancing of the portfolio following the rebalancing of the underlying basket, etc. or in abnormal market circumstances, the tracking error may exceed the above mentioned limits and the same shall be brought to the notice of Trustees with corrective actions taken by the AMC, if any.						
Tracking difference (TD) for equity oriented passive schemes: Tracking difference shall be targeted to be 50 bps (over and above actual TER charged). In case the same is not maintained, it shall be brought to the notice of trustees along with corrective actions taken by the AMC, if any.						
Investment Strategy	<p>HDFC Nifty LargeMidcap 250 Fund will be managed passively with investments in stocks comprising the Underlying Index subject to tracking error. The investment strategy would revolve around reducing the tracking error to the least possible through regular rebalancing of the portfolio, taking into account the change in weights of stocks in the Index as well as the incremental collections/redemptions in the Scheme. A part of the funds may be invested in debt and money market instruments, to meet liquidity requirements.</p> <p>Since the Scheme is index fund, it will only invest in securities constituting the Underlying Index. However, due to corporate action in companies comprising the index, the Scheme may be allocated/allotted securities which are not part of the index. Such holdings would be rebalanced within 7 Calendar Days from the date of allotment/listing of such securities.</p> <p>As part of the Fund Management process, the Scheme may use derivative instruments such as index futures and options, or any other derivative instruments that are permissible or may be permissible in future under applicable regulations. However, trading in derivatives by the Scheme shall be for restricted purposes as permitted by the regulations.</p> <p>For detailed derivative strategies, please refer to SAI.</p> <p>Subject to the Regulations and the applicable guidelines, the Scheme may engage in Stock Lending activities. The Scheme may also invest in the debt schemes of Mutual Funds in terms of the prevailing SEBI (MF) Regulations.</p> <p>Though every endeavor will be made to achieve the objective of the Scheme, the AMC/Sponsor/ Trustee do not guarantee that the investment objective of the Scheme will be achieved. No guaranteed returns are being offered under the Scheme.</p>

Investment Strategy	<p>HDFC Nifty100 Quality 30 Index Fund will be managed passively with investments in stocks comprising the Underlying Index subject to tracking error. The investment strategy would revolve around reducing the tracking error to the least possible through regular rebalancing of the portfolio, taking into account the change in weights of stocks in the Index as well as the incremental collections/redemptions in the Scheme. A part of the funds may be invested in debt and money market instruments, to meet liquidity requirements.</p> <p>Since the Scheme is index fund, it will only invest in securities constituting the Underlying Index. However, due to corporate action in companies comprising the index, the Scheme may be allocated/allotted securities which are not part of the index. Such holdings would be rebalanced within 7 Calendar Days from the date of allotment/ listing of such securities.</p> <p>As part of the Fund Management process, the Scheme may use derivative instruments such as index futures and options, or any other derivative instruments that are permissible or may be permissible in future under applicable regulations. However, trading in derivatives by the Scheme shall be for restricted purposes as permitted by the regulations.</p> <p>For detailed derivative strategies, please refer to SAI.</p> <p>Subject to the Regulations and the applicable guidelines, the Scheme may engage in Stock Lending activities. The Scheme may also invest in the debt schemes of Mutual Funds in terms of the prevailing SEBI (MF) Regulations.</p> <p>Though every endeavor will be made to achieve the objective of the Scheme, the AMC/Sponsor/ Trustee do not guarantee that the investment objective of the Scheme will be achieved. No guaranteed returns are being offered under the Scheme.</p>

Changes in asset allocation pattern/Portfolio Rebalancing:

Short Term Defensive Consideration:

Subject to SEBI (MF) Regulations the asset allocation pattern indicated above may change from time to time, keeping in view market conditions, market opportunities, applicable regulations and political and economic factors. It must be clearly understood that the percentages stated above are only indicative and not absolute and that they can vary substantially depending upon the perception of the Investment Manager, the intention being at all times to seek to protect the interests of the Unit holders. As per clause 1.14.1.2.b of Master Circular, as may be amended from time to time, such changes in the investment pattern will be for short term and for defensive consideration only.

In the event of change in the asset allocation, the fund manager will carry out portfolio rebalancing within 30 calendar days or such other timeline as may be prescribed by SEBI from time to time.

Portfolio rebalancing (in case of passive breaches):

As per clause 2.9 of Master Circular read with SEBI circular No. SEBI/HO/IMD/PoD2/P/CIR/2025/92 dated June 26, 2025, as may be amended/ clarified from time to time, in the event of change in the asset allocation due to passive breaches (occurrence of instances not arising out of omission and commission of the AMC), the fund manager is required to carry out portfolio rebalancing within 30 Business Days.

In case the portfolio is not rebalanced within the period of 30 Business days, justification in writing, including details of efforts taken to rebalance the portfolio shall be placed before the Investment Committee. The Investment Committee, if it so desires, can extend the timeline for rebalancing up to sixty (60) Business days from the date of completion of mandated rebalancing period. In case the portfolio of the scheme is not rebalanced within the aforementioned mandated plus extended timelines, the AMC shall follow the requirements specified under the aforesaid circular including reporting the deviation to Trustees at each stage.

Investment Strategy

The Scheme shall predominantly invest in companies that are adopting “**innovative**” themes and strategies. Companies that endeavour to introduce new products, services processes, business models – or improve existing ones – to create value, solve problems, and maintain a competitive edge, are the ones that will be a part of the theme of innovation. For identifying companies that are adopting innovative strategies, the Fund Manager aims to use the framework of bucketing the innovative strategies broadly under 3 categories – Product / Service Innovation, Process Innovation, Business Model Innovation:

- Product or Service Innovation**
 - Radical Innovation** occurs when companies understand changing consumer values or behavior, and accordingly develop new products or services, thus paving way for new markets and creating unique solutions for customers. Such new products or services could be created by bypassing intermediaries or harnessing technology
 - Disruptive Innovation** occurs when companies introduce products / services that are very unique and superior. Such products / services could use technologies that could potentially challenge the traditional existing approaches companies
 - Incremental Innovation:** For existing lines of product / services, companies make improvements. Such improvements are done using existing technology, and are directed at the existing market. When investing in companies that are innovating incrementally, the Fund Manager will endeavour to identify companies whose incremental innovation is higher than the indexed average.
- Process Innovation**

Process Innovation, which often forms the core competency of a company, involves the activities and operations that produce a company's primary products / services. Here, the innovation requires a notable change from “business as usual”, enabling the

	<p>company to use unique capabilities, function efficiently, adapt quickly, creating cost / quality advantages. Such kind of an innovation may include patented or proprietary approaches that may disrupt existing business models and may look to gain market share over the next few fiscal years</p> <ul style="list-style-type: none"> Business Model Innovation <p>Business Model Innovation involves rethinking the manner in which companies create, deliver, and capture value. This type of innovation challenges conventional wisdom about revenue streams, cost structures, and customer engagement strategies. By reconfiguring their business models, companies can uncover new opportunities for growth, target untapped customer segments, or differentiate themselves from competitors.</p> <p>The parameters for identifying the investible universe are as follows:</p>

Expectation is that, over a period of time, the tracking error of the Scheme relative to the performance of the Underlying Index will be relatively low.</p> <p>The AMC would monitor the tracking error of the Scheme on an ongoing basis and would seek to minimize tracking error to the maximum extent possible.</p>						

NAME OF SCHEME	HDFC BSE India Sector Leaders Index Fund (Contd...)										
	<p>Under normal market circumstances, such tracking error is not expected to exceed by [2.00%] p.a. (based on daily rolling returns for last 12 months). However, in case of unavoidable events like, Dividend issuance by constituent members, rights issuance by constituent members, and market volatility during rebalancing of the portfolio following the rebalancing of the underlying basket, etc. or in abnormal market circumstances, the tracking error may exceed the above mentioned limits and the same shall be brought to the notice of Trustees with corrective actions taken by the AMC, if any.</p>										
Investment Strategy	<p>HDFC BSE India Sector Leaders Index Fund will be managed passively with investments in stocks comprising the Underlying Index subject to tracking errors. The investment strategy would revolve around reducing the tracking error to the least possible through regular rebalancing of the portfolio, taking into account the change in weights of stocks in the Index as well as the incremental collections/redemptions in the Scheme. A part of the funds may be invested in debt and money market instruments, to meet liquidity requirements.</p> <p>Since the Scheme is index fund, it will only invest in securities constituting the Underlying Index. However, due to corporate action in companies comprising the index, the Scheme may be allocated/allotted securities which are not part of the index. Such holdings would be rebalanced within 7 Calendar Days from the date of allotment/ listing of such securities.</p> <p>As part of the Fund Management process, the Scheme may use derivative instruments such as index futures and options, or any other derivative instruments that are permissible or may be permissible in future under applicable regulations. However, trading in derivatives by the Scheme shall be for restricted purposes as permitted by the regulations.</p> <p>For detailed derivative strategies, please refer to SAI.</p> <p>Subject to the Regulations and the applicable guidelines, the Scheme may engage in Stock Lending activities. The Scheme may also invest in the debt schemes of Mutual Funds for liquidity purposes.</p> <p>Though every endeavor will be made to achieve the objective of the Scheme, the AMC/Sponsor/ Trustee do not guarantee that the investment objective of the Scheme will be achieved. No guaranteed returns are being offered under the Scheme.</p>

Information common to Schemes (as applicable) (Contd.)

1) Risk Profile of the Schemes

Scheme Specific Risk Factors

Mutual Fund Units involve investment risks including the possible loss of principal. Please read the Scheme Information Document of the respective Scheme carefully for details on risk factors before investment. Scheme specific Risk Factors include but are not limited to the following:

Risk Factors specific to HDFC Large and Mid Cap Fund

The Scheme's portfolio shall comprise equity holdings of large cap (minimum 35% and maximum 65% of the portfolio) and mid cap stocks (minimum 35% and maximum 65% of the portfolio). The Scheme may also invest upto 30% in small cap stocks. While Small & Mid-cap stocks gives one an opportunity to go beyond the usual large blue chip stocks and present possible higher capital appreciation, it is important to note that Small & Midcap stocks can be riskier and more volatile on a relative basis. Therefore, the risk levels of investing in small & mid cap stocks are more than investing in stocks of large well established companies. It should be noted that over a period of time, small-cap, mid-cap and large-cap stocks have demonstrated different levels of volatility and investment returns. And it is important to note that generally, no one class consistently outperforms the others.

Risk Factors specific to HDFC Mid Cap Fund and HDFC Small Cap Fund

While Small & Mid-cap stocks gives one an opportunity to go beyond the usual large blue chip stocks and present possible higher capital appreciation, it is important to note that Small & Mid-cap stocks can be riskier and more volatile on a relative basis. Therefore, the risk levels of investing in Small & Mid-cap stocks are more than investing in stocks of large well-established companies. It should be noted that over a period of time, Small, Mid and Large cap stocks have demonstrated different levels of volatility and investment returns. And it is important to note that generally, no one class consistently outperforms the others.

Risk Factors specific to HDFC Value Fund

The Scheme invests at least 50% of equity portfolio in stocks whose trailing Price to Earnings ratio (P/E) and/or trailing Price to Book ratio (P/B) is lower than the corresponding median of the benchmark. It is important to note that such an approach is not proven to outperform the benchmark.

Risk Factors specific to HDFC Focused Fund

The Scheme seeks to generate long term capital appreciation/income by investing in equity & equity related instruments of up to 30 companies. This concentrated nature of the portfolio may result in higher levels of volatility vis-à-vis other diversified equity oriented schemes. Since the scheme will invest in not more than 30 stocks, it is also expected to have higher market liquidity risk compared to a regular diversified equity scheme.

Risk Factors specific to HDFC Infrastructure Fund

- The investments under the Scheme are predominantly oriented towards equity/ equity related instruments of Companies engaged in the area of growth and development of infrastructure and hence will be affected by risks associated with such companies.
- Given that the Scheme seeks to invest in equity/ equity related instruments of the Companies belonging to the infrastructure sector and that the investment concentration may be high in certain companies belonging to the said sector, the volatility and/or performance of the said sector and/or of the scrips belonging to this sector can have a material adverse bearing on the performance of the Scheme.
- Although the Scheme seeks to make investments in equity and equity related instruments of the Infrastructure sector, this scheme will not be a sector specific scheme for the purpose of monitoring the investment restrictions applicable to the Scheme and hence investments per issuer under the Scheme will not exceed 10% (at the time of investment) of the net assets of the Scheme.
- As the Scheme may hold securities that are not in the NIFTY 500 Index and may invest in limited number of sectors with higher concentration to certain sectors and industries, it may perform differently from the NIFTY 500 Index. Further Scheme's performance may differ from the benchmark index to the extent of the investments held in the debt segment, as per the investment pattern indicated under normal circumstances.

Risk Factors specific to HDFC ELSS Tax Saver

Units of HDFC ELSS Tax Saver cannot be assigned/ transferred/ pledged/ redeemed/ switched out until completion of three years from the date of allotment of the respective Units.

Risk Factors specific to HDFC Arbitrage Fund

The primary objective of the Fund Manager is to identify investment opportunities and to exploit price discrepancies in various markets. Identification and exploitation of the strategies to be pursued by the Fund Manager involve uncertainty. No assurance can be given that Fund Manager will be able to locate investment opportunities or to correctly exploit price discrepancies in the capital markets. Reduction in mis-pricing opportunities between the cash market and Future and Options market may lead to lower level of activity affecting the returns. As the Scheme proposes to execute arbitrage transactions in various markets simultaneously, this may result in high portfolio turnover and, consequently, high transaction cost.

There may be instances, where the price spread between cash and derivative market is insufficient to meet the cost of carry. In such situations, the fund manager due to lack of opportunities in the derivative market may not be able to outperform liquid/ money market funds.

Though the constituent stocks of most indices are typically liquid, liquidity differs across stock. Due to heterogeneity in liquidity in the capital market segment, trades on this segment do not get implemented instantly. This often makes arbitrage expensive, risky and difficult to implement.

Risk Factors specific to HDFC Multi-Asset Fund (Related to Gold related Instruments)

Risk factors associated with investment in gold related instruments

- The Scheme shall invest in HDFC Gold ETF (Gold ETFs) and Gold related instruments (including derivatives, Sovereign Gold Bonds etc as and when SEBI/RBI permits).
- The value (price) of gold may fluctuate for several reasons and all such fluctuations will impact the NAV of Units under the Scheme. The factors that may effect the price of gold, among other things, include demand and supply for gold in India and in the global market, Indian and Foreign exchange rates, Interest rates, Inflation trends, market risks including trading risks in gold as commodity, legal restrictions on the movement/trade of gold that may be imposed by RBI, Government of India or countries that supply or purchase gold to / from India, trends and restrictions on import/ export of gold in and out of India, etc.
- Governments, central banks and related institutions world wide, own a significant portion of the aggregate world gold holdings. If one or more of these institutions decides to sell in amounts

large enough to cause a decline in world gold prices, the price / value of units of the Scheme, to the extent invested in gold, will be adversely affected.

Risks associated with investments in Gold ETFs

To the extent the Scheme's assets are invested in Gold ETFs, the risks associated with the underlying Gold ETFs, will also be applicable. Some of them are explained below:

- Currency Risk:** The formula for determining NAV of the Units of Gold ETFs is based on the imported (landed) value of gold. Landed value of gold held by Gold ETFs is computed by multiplying international market price by US dollar value. The value of gold or NAV, therefore will depend upon the conversion value of US dollar into Indian rupee and attracts all the risks attached to such conversion.
- Regulatory Risk:** Any changes in trading regulations by the stock exchange(s) or SEBI may affect the ability of Authorised Participant of Gold ETFs to arbitrage resulting into wider premium/ discount to NAV. Any changes in the regulations relating to import and export of gold or gold jewellery (including customs duty, sales tax and any such other statutory levies) may affect the ability of the underlying Gold ETFs to buy / sell gold against the purchase and redemption requests received.
- Units of Gold ETFs may be acquired from the stock exchanges where the price quoted may be at variance with the underlying NAV, resulting in higher acquisition costs.
- Taxation:** Conversion of underlying physical gold into units of Gold ETFs may attract capital gain tax depending on acquisition cost and holding period. Moreover, converting units of the underlying scheme to Gold may also attract Wealth tax. Furthermore, Gold is subject to indirect tax not restricted to the following: Sales Tax, Octroi, VAT, Stamp Duty, and Custom Duty. Hence, any change in the rates of taxation/applicable taxes would affect the valuation of the Scheme.
- Redemption Risk**
 - The units issued under the Scheme, when predominantly invested in Gold ETFs, will derive liquidity from the underlying Gold ETF having creation / redemption process in creation unit size of predefined quantity of physical gold (e.g. 1 kg). At times prevailing market conditions may affect the ability of the underlying Gold ETFs to sell gold against the redemption request received.
 - Furthermore, the endeavor would always be to get cash on redemptions from the underlying Gold ETFs. However, in case the underlying Gold ETF is unable to sell for any reason, and delivers physical gold, there could be delay in payment of redemption proceeds pending such realization.
 - Additionally, the Scheme will derive liquidity from trading units of underlying Gold ETFs on the exchange(s) in the secondary market which may be inherently restricted by trading volumes, settlement periods and transfer procedures. As there is no active secondary market for Gold ETFs, the processing of redemption requests at times may be delayed. In the event of an inordinately large number of redemption requests, or re-structuring of the Scheme's investment portfolio, the processing of redemption requests may be delayed.
 - Gold ETFs would ordinarily repurchase Units in Creation Unit Size. Thus Unit holding less than Creation Unit Size can only be sold through the secondary market on the Exchange. Further, the price received upon the redemption of Units of Gold ETFs may be less than the value of the gold represented by them.
- Market Trading Risks**
 - Although units of Gold ETFs are listed on recognised stock exchange(s), there can be no assurance that an active secondary market will be developed or be maintained.
 - Trading in units of Gold ETFs on the Exchange may be halted because of market conditions or for reasons that in view of the Exchange Authorities or SEBI, trading in units of Gold ETFs is not advisable. In addition, trading in units of Gold ETFs is subject to trading halts caused by extraordinary market volatility and pursuant to the Exchange and SEBI 'circuit filter' rules. There can be no assurance that the requirements of the Exchange necessary to maintain the listing of units of Gold ETFs will continue to be met or will remain unchanged.
 - Any changes in trading regulations by the Stock Exchange(s) or SEBI may affect the ability of market maker to arbitrage resulting into wider premium/ discount to NAV.
 - The units of Gold ETFs may trade above or below their NAV. The NAV of Gold ETFs will fluctuate with changes in the market value of that scheme's holdings. The trading prices of units of Gold ETFs will fluctuate in accordance with changes in their NAV as well as market supply and demand for the units of Gold ETF.
 - Gold ETFs may provide for the creation and redemption of units in Creation Unit Size directly with the concerned Mutual Fund and therefore, it is expected that large discounts or premiums to the NAV of the units of Gold ETFs will not sustain due to arbitrage opportunity available.

Risk Factors specific to HDFC Dividend Yield Fund

The Scheme seeks to invest in equity/ equity related instruments of the dividend yielding stocks (which have paid dividend (or done a buyback) in atleast one of the three preceding financial years). Thus, the performance of the Scheme would inter-alia depend on the ability of these companies to sustain dividends (or buybacks) in future. Further, the volatility and/or adverse performance of these companies may have a material adverse bearing on the performance of the Scheme.

Risk Factors specific to HDFC Housing Opportunities Fund

The Scheme invests predominantly in equity / equity related instruments of entities engaged in and/or expected to benefit from growth in housing and its allied business activities. The Scheme is thematic in nature, hence will be affected by the risks associated with the housing and its allied sectors. Owing to high concentration risk for thematic scheme, risk of capital loss is highest. There is an element of unpredictable market cycles that could run for extended periods. Loss of value due to obsolescence, or regulatory changes coupled with structural rigidity of the Scheme can lead to permanent loss of capital. Thus, investing in a thematic fund could involve potentially greater volatility and risk.

Risk Factors specific to HDFC Gold ETF Fund of Fund

- The Scheme shall invest predominantly in HDFC Gold ETF (the underlying scheme). Hence the Scheme's performance shall primarily depend upon the performance of HGETF. Any change in the investment policies or the fundamental attributes of the underlying scheme could affect the performance of the Scheme.
- All risks associated with the underlying scheme, including performance of underlying physical gold, asset class risk, passive investment risk, indirect taxation risk, etc., will therefore be

Information common to Schemes (as applicable) (Contd.)

applicable to this Scheme. Investors who intend to invest in the Scheme are required to and deemed to have understood the risk factors of the underlying scheme.

- The Portfolio disclosure of the Scheme will be limited to providing the particulars of the underlying scheme where the Scheme has invested and will not include the investments made by the underlying scheme.
- The value (price) of gold may fluctuate for several reasons and all such fluctuations will result in changes in the NAV of Units under the Scheme. The factors that may effect the price of gold, among other things, include demand and supply for gold in India and in the global market, Indian and Foreign exchange rates, Interest rates, Inflation trends, market risks including trading risks in gold as commodity, legal restrictions on the movement/trade of gold that may be imposed by RBI, Government of India or countries that supply or purchase gold to/from India, trends and restrictions on import/export of gold in and out of India, etc.
- The Scheme assets are predominantly invested in HGETF and valued at the market price of the said units on the principal exchange. The same may be at a variance to the NAV of the underlying scheme, due to market expectations, demand / supply of the HGETF units, prevailing market conditions, etc. To that extent the performance of Scheme shall be at variance with that of the underlying scheme.
- The changes in asset allocation may result in higher transaction costs.
- When subscriptions received are not adequate enough to meet the minimum investment criteria for transacting directly with the Fund, the units of the underlying scheme may be acquired from the stock exchanges where the price quoted may be at variance with the underlying NAV, which could result in higher acquisition costs. Alternatively, the subscriptions may be deployed in Money market instruments within the limits specified under the Asset allocation pattern, which will have a different return profile compared to gold returns profile.

Alternatively the units of the underlying scheme may be acquired from the stock exchanges where the price quoted may be at variance with the underlying NAV, resulting in a higher acquisition costs.

- Taxation:** Repurchase of units of the underlying scheme or sale of units of the underlying scheme on the Stock Exchange may attract short or long term capital gain tax depending upon the acquisition cost and holding period of the Units. Moreover, converting units of the underlying scheme to Gold may also attract Wealth tax. Furthermore, Gold is subject to indirect tax not restricted to Sales Tax, Octroi, VAT, Stamp Duty, and Custom Duty. Hence, any change in the rates of taxation / applicable taxes would affect the valuation of the Scheme.
- Redemption Risk:** The units issued under the Scheme will derive liquidity primarily from the underlying scheme having creation / redemption process in creation unit size of predefined quantity of physical gold (currently 1 kg). At times prevailing market conditions may affect the ability of the underlying scheme to sell gold against the redemption request received.

Furthermore, the endeavor would always be to get cash on redemptions from the underlying scheme. However, in case the underlying scheme is unable to sell for any reason, and delivers physical gold, there could be delay in payment of redemption proceeds pending such realization. Additionally, the Scheme will derive liquidity from trading units of underlying scheme on the exchange(s) in the secondary market which may be inherently restricted by trading volumes, settlement periods and transfer procedures. As there is no active secondary market developed or maintained by the underlying scheme, the processing of redemption requests at times may be delayed.

In the event of an inordinately large number of redemption requests, or re-structuring of the Scheme's investment portfolio, the processing of redemption requests may be delayed.

Risk factors associated with HGETF

- Market Risk:** The value of the Units of HGETF relates directly to the value of the gold held by HGETF and fluctuations in the price of gold could adversely affect investment value of the Units of HGETF. The factors that may effect the price of gold, inter alia, include economic and political developments, changes in interest rates and perceived trends in bullion prices, exchange rates, inflation trends, market movements, etc.
- Currency Risk:** The formula for determining NAV of the Units of HGETF is based on the imported (landed) value of gold. HGETF landed value of gold is computed by multiplying international market price by US dollar value. The value of gold or NAV, therefore will depend upon the conversion value of US dollar into Indian rupee and attracts all the risks attached to such conversion.
- Counter party Risk:** There is no Exchange for physical gold in India. HGETF may have to buy or sell gold from the open market, which may lead to counter party risks for the scheme for trading and settlement.
- Asset Class Risk:** The returns from physical Gold in which HGETF invests may underperform returns from the securities or other asset classes.
- Physical gold:** There is a risk that part or all of HGETF's gold could be lost, damaged or stolen. Access to HGETF's gold could also be restricted by natural events or human actions. Any of these actions may have adverse impact on the operations of HGETF and consequently on investment/ redemption in Units of HGETF.
- Liquidity Risk:** HGETF has to sell gold only to bullion bankers/traders who are authorized to buy gold. Though, there are adequate numbers of players (commercial or bullion bankers) to whom HGETF can sell gold, HGETF may have to resort to distress sale of gold if there is no or low demand for gold to meet its cash needs of redemption or expenses.
- Regulatory Risk:** Any changes in trading regulations by the stock exchange(s) or SEBI may affect the ability of Authorised Participant of HGETF to arbitrage resulting into wider premium/ discount to NAV. Any changes in the regulations relating to import and export of gold or gold jewellery (including customs duty, sales tax and any such other statutory levies) may affect the ability of HGETF to buy/ sell gold against the purchase and redemption requests received.
- Passive Investments:** HGETF is not actively managed. The performance of HGETF may be affected by a general price decline in the Gold prices. HGETF invests in the physical Gold regardless of their investment merit. The AMC does not attempt to take defensive positions in declining markets.
- Indirect taxation:** For the valuation of gold by HGETF, indirect taxes like customs duty, VAT, etc. would also be considered. Hence, any change in the rates of indirect taxation would affect the valuation of HGETF.

- Operational Risks:** Gold Exchange Traded Funds (GETFs) are relatively new products and their value could decrease if unanticipated operational or trading problems arise. HDFC Gold ETF, an open ended Exchange Traded Fund, is therefore subject to operational risks. In addition, investors should be aware that there is no assurance that gold will maintain its long-term value in terms of purchasing power. In the event that the price of gold declines, the value of investment in Units of HGETF is expected to decline proportionately.
- Redemption Risk:** Though this is an open-ended scheme, HGETF would ordinarily repurchase Units in Creation Unit Size. Thus Unit holding less than Creation Unit Size can only be sold through the secondary market on the Exchange. Further, the price received upon the redemption of Units of HGETF may be less than the value of the gold represented by them. If on any day the requisite price as specified under the Regulations or the currency exchange rate is not available due to holiday(s) etc., then the immediately previous day's prices / rates shall be applied for the purpose of calculating the value of the underlying commodity. Hence the NAV so computed may vary from the price of the underlying commodity in the domestic market.
- Risk associated with Lending of physical Gold**
 - The physical gold lending activity by HGETF will have the inherent probability of collateral value drastically falling in time of strong downward market trends resulting in inadequate value of collateral. It is also possible that the borrowing party and/or the approved intermediary may suddenly suffer severe business setback and become unable to honor its commitments. This along with a simultaneous fall in value of collateral would render potential loss to HGETF. Also the risk could be in the form of non-availability of ready physical gold for sale, during the period physical gold is lent. Physical Gold would be lent if permitted by the concerned regulatory authorities in India.

Market Trading Risks

- Although units of HGETF are listed on the Exchange, there can be no assurance that an active secondary market will be developed or be maintained.
- Trading in units of HGETF on the Exchange may be halted because of market conditions or for reasons that in view of the Exchange Authorities or SEBI, trading in units of HGETF is not advisable. In addition, trading in units of HGETF is subject to trading halts caused by extraordinary market volatility and pursuant to the Exchange and SEBI 'circuit filter rules'. There can be no assurance that the requirements of the Exchange necessary to maintain the listing of units of HGETF will continue to be met or will remain unchanged.
- Any changes in trading regulations by the Stock Exchange(s) or SEBI may affect the ability of market maker to arbitrage resulting into wider premium/ discount to NAV.
- The units of HGETF may trade above or below their NAV. The NAV of HGETF will fluctuate with changes in the market value of scheme's holdings. The trading prices of units of HGETF will fluctuate in accordance with changes in their NAV as well as market supply and demand for the units of HGETF.
- The Trustee, in general interest of the Unit holders of HGETF and keeping in view of the unforeseen circumstances/ unusual market conditions, may limit the total number of units, which can be redeemed on any Business Day.
- Governments, central banks and related institutions worldwide, own a significant portion of the aggregate world gold holdings. If one or more of these institutions decides to sell in amounts large enough to cause a decline in world gold prices, the price of units of HGETF will be adversely affected.
- HGETF may provide for the creation and redemption of units in Creation Unit Size directly with the Fund and therefore, it is expected that large discounts or premiums to the NAV of the units of HGETF will not sustain due to arbitrage opportunity available.
- Conversion of underlying physical gold into the units of HGETF may attract capital gain tax depending on acquisition cost and holding period.

Risks related to investments in Silver / Underlying Scheme

- The Scheme shall invest in HDFC Silver ETF (HSETF) – the underlying scheme. Hence the Scheme's performance shall primarily depend upon the performance of HSETF. Any change in the investment policies or the fundamental attributes of the underlying scheme could affect the scheme/performance of the Scheme.
- Investments by HSETF are subject to availability of Silver. If favorable investment opportunities do not exist or opportunities have notably diminished, HSETF may suspend accepting fresh subscriptions. This may also affect the acceptance of subscription by the Scheme.
- All risks associated with the underlying scheme, including performance of underlying physical silver, asset class risk, passive investment risk, indirect taxation risk, etc., will therefore be applicable to this Scheme. Investors who intend to invest in the Scheme are required to and deemed to have understood the risk factors of the underlying scheme.
- The value (price) of silver may fluctuate for several reasons and all such fluctuations will impact the NAV of Units under the Scheme. The factors that may effect the price of silver, among other things, include demand and supply for silver in India and in the global market, Indian and Foreign exchange rates, Interest rates, Inflation trends, market risks including trading risks in silver as commodity, legal restrictions on the movement/trade of silver that may be imposed by RBI, Government of India or countries that supply or purchase silver to/from India, trends and restrictions on import/export of Silver in and out of India, etc.
- The Scheme assets are invested in HSETF and valued at the market price of the said units on The National Stock Exchange of India Limited (NSE). The same may be at a variance to the NAV of the underlying scheme, due to market expectations, demand/supply of the HSETF units, prevailing market conditions, etc. To that extent the performance of Scheme shall be at variance with that of the underlying scheme.
- The changes in asset allocation may result in higher transaction costs.
- The Scheme will subscribe according to the value equivalent to unit creation size as applicable for the underlying scheme. When subscriptions received are not adequate enough to invest in creation unit size, the subscriptions may be deployed in Money market instruments within the limits specified under the Asset allocation pattern, which will have a different return profile compared to silver returns profile.

Information common to Schemes (as applicable) (Contd.)

Alternatively the units of the underlying scheme may be acquired from the stock exchanges where the price quoted may be at variance with the underlying NAV, resulting in a higher acquisition costs.

- **Taxation:** Repurchase of units of the underlying scheme or sale of units of the underlying scheme on the Stock Exchange may attract short or long term capital gain tax depending upon the acquisition cost and holding period of the Units. Moreover, converting units of the underlying scheme to Silver may also attract Wealth tax. Furthermore, Silver is subject to indirect tax not restricted to the following: Sales Tax, Octroi, VAT, Stamp Duty, and Custom Duty. Hence, any change in the rates of taxation/applicable taxes would affect the valuation of the Scheme.

- **Redemption Risk:**

The units issued under the Scheme will derive liquidity primarily from the underlying scheme having creation/ redemption process in creation unit size of predefined quantity of physical silver (currently 30 kg). At times prevailing market conditions may affect the ability of the underlying scheme to sell silver against the redemption request received.

Furthermore, the endeavor would always be to get cash on redemptions from the underlying scheme. However, in case the underlying scheme is unable to sell for any reason, and delivers physical silver, there could be delay in payment of redemption proceeds pending such realization. Additionally, the Scheme will derive liquidity from trading units of underlying scheme on the exchange(s) in the secondary market which may be inherently restricted by trading volumes, settlement periods and transfer procedures. As there is no active secondary market developed or maintained by the underlying scheme, the processing of redemption requests at times may be delayed.

In the event of an inordinately large number of redemption requests, or re-structuring of the Scheme's investment portfolio, the processing of redemption requests may be delayed.

- **Right to Limit Redemptions**

- The Trustee, in the interest of the Unit holders of the Scheme offered in this Scheme Information Document and keeping in view the unforeseen circumstances/unusual market conditions, may limit the total number of Units, which can be redeemed on any Business Day depending on the ability of the Scheme to sell units of the underlying scheme and / or underlying scheme able to liquidate silver against the redemption request submitted by the Unit holders of the Scheme due to prevailing market conditions.
- In view of the above, the Trustee has the right, in its sole discretion, to limit redemptions (including suspending redemptions) under certain circumstances, as described under 'Right to restrict redemption and/or suspend redemption of the units' in Section 'Restrictions', if any, on the right to freely retain or dispose of Units being offered'.

Risk factors associated with HSETF

- **Risk factors associated with investing in Silver and Silver related instruments**
- **Market Risk:** The value of the Units relates directly to the value of the Silver held by the Scheme and fluctuations in the price of Silver could adversely affect investment value of the Units. The factors that may effect the price of Silver, inter-alia, include economic and political developments, changes in interest rates and perceived trends in bullion prices, exchange rates, inflation trends, market movements, etc.
- **Currency Risk:** The formula for determining NAV of the Units is based on the imported (landed) value of Silver. The landed value of Silver is computed by multiplying international market price by US dollar value. The value of Silver or NAV, therefore will depend upon the conversion value of US dollar into Indian rupee and attracts all the risks attached to such conversion.
- **Counter party Risk:** There is no Exchange for physical Silver in India. The Scheme may have to buy or sell Silver from the open market, which may lead to counter party risks for the Scheme for trading and settlement.
- **Asset Class Risk:** The returns from physical Silver in which the Scheme invests may underperform returns from other securities or asset classes.
- **Physical Silver:** There is a risk that part or all of the Scheme's Silver could be lost, damaged or stolen. Access to the Scheme's Silver could also be restricted by natural events or human actions. Any of these actions may have adverse impact on the operations of the Scheme and consequently on investment/ redemption in Units.
- **Liquidity Risk:** The Scheme may retain certain investments in cash or cash equivalents for its day-to-day liquidity requirements. The Scheme has to sell Silver only to bullion bankers / traders who are authorized to buy Silver. Though, there are adequate numbers of players (commercial or bullion bankers) to whom the Scheme can sell Silver, the Scheme may have to resort to distress sale of Silver if there is no or low demand for Silver to meet its cash needs of redemption or expenses.

The Trustee, in general interest of the Unit holders of the Scheme offered under this Scheme Information Document and keeping in view of the unforeseen circumstances / unusual market conditions, may limit the total number of Units, which can be redeemed on any Business Day.

- **Regulatory Risk:** Any changes in trading regulations by the stock exchange(s) or SEBI may affect the ability of Authorised Participant / Market Makers to arbitrage resulting into wider premium / discount to NAV. Any changes in the regulations relating to import and export of Silver or Silver jewellery (including customs duty, sales tax and any such other statutory levies) may affect the ability of the Scheme to buy / sell Silver against the purchase and redemption requests received.
- **Passive Investments:** The Scheme is not actively managed. The performance of the Scheme may be affected by a general price decline in the Silver prices. The Scheme invests in the physical Silver regardless of their investment merit. The AMC does not attempt to take defensive positions in declining markets.
- **Indirect taxation:** For the valuation of Silver by the Scheme, indirect taxes like customs duty, VAT, etc. would also be considered. Hence, any change in the rates of indirect taxation / applicable taxes would affect the valuation of the Scheme.
- **Operational Risk:** Silver Exchange Traded Funds (SETFs) are relatively new products and their value could decrease if unanticipated operational or trading problems arise. HDFC Silver ETF, an open ended Exchange Traded Fund, is therefore subject to operational risks.

In addition, investors should be aware that there is no assurance that Silver will maintain its long-term value in terms of purchasing power. In the event that the price of Silver declines, the value of investment in Units is expected to decline proportionately.

- **Redemption Risk:** Though this is an open-ended scheme, the Scheme would ordinarily repurchase Units in Creation Unit Size. Thus, Unit holding less than Creation Unit Size can only be

sold through the secondary market on the Exchange. Further, the price received upon the redemption of Units of the Scheme may be less than the value of the Silver represented by them.

A day on which valuation on London Bullion Market Association (LBMA) is not available shall not be a Business day and hence NAV for the said day shall not be available to the Investors.

- **HDFC Silver ETF (HSETF)** is a passively managed fund that shall be investing substantial portion of its assets in physical Silver and tracking its performance to the price of Silver. Therefore, irrespective of decline / rise in prices of physical Silver, HSETF shall remain invested in Silver and being a passively managed fund, no active calls based on outlook of Silver prices will be taken by the Fund.
- Investments by the Scheme are subject to availability of Silver. If favorable investment opportunities do not exist or opportunities have notably diminished, the scheme may suspend accepting fresh subscriptions.
- Performance of the Scheme may be affected by political, social and economic developments, which may include changes in government policies, diplomatic conditions, taxation and other policies.
- NAV of the Scheme is dependent on valuation of silver. Silver has to be valued based on the formula prescribed by SEBI. NAV so computed may vary from the price of silver in the domestic market.

- **Custody risk**

There is a risk that part or all of the physical silver belonging to the Scheme could be lost, damaged or stolen. In order to ensure safety, the said silver will be stored with custodian in its vaults. In order to mitigate the risks associated with handling, storing and safekeeping of physical silver necessary insurance covers are taken by custodians.

- **Tracking Error**

The tracking error i.e. the annualised standard deviation of the difference in daily returns between physical silver and the NAV of Silver ETF based on past one year rolling over data.

In case of unavoidable circumstances in the nature of force majeure which are beyond the control of the AMCs, the tracking error may exceed 2%, for which approval of Board of AMC and Trustees shall be taken and the same shall prominently be disclosed on the website of the AMC.

Along with the disclosure of tracking error, the scheme shall also disclose the tracking difference i.e. the difference of returns between physical silver and the Silver ETF, on the website of the AMC on monthly basis for tenures 1 year, 3 year, 5 year, 10 year and since the date of allotment of units.

Tracking error could be the result of a variety of factors including but not limited to:

- Delay in the purchase or sale of silver due to
 - Illiquidity of silver,
 - Delay in realisation of sale proceeds,
 - Creating a lot size to buy the required amount of silver
- The Scheme may buy or sell the silver at different points of time during the trading session at the then prevailing prices which may not correspond to its closing prices.
- The potential for trades to fail, which may result in the Scheme not having acquired silver at a price necessary to track the benchmark price.
- The holding of a cash position and accrued income prior to distribution of income and payment of accrued expenses.
- Disinvestments to meet redemptions, recurring expenses etc.
- Execution of large buy / sell orders
- Transaction cost (including taxes and insurance premium) and recurring expenses
- Realisation of Unit holders' funds

Tracking error due to movement in prices of physical silver will impact the performance of HSETF. However, the Scheme will endeavor to keep tracking error as low as possible by:

- o Use of silver related derivative instruments
- o Rebalancing of the portfolio.
- o Setting off of incremental subscriptions against redemptions.

- **Risk associated with Lending of physical Silver** - The physical Silver lending activity by Scheme will have the inherent probability of collateral value drastically falling in time of strong downward market trends resulting in inadequate value of collateral. It is also possible that the borrowing party and / or the approved intermediary may suddenly suffer severe business setback and become unable to honor its commitments. This along with a simultaneous fall in value of collateral would render potential loss to the Scheme. Also the risk could be in the form of non-availability of ready physical Silver for sale, during the period physical Silver is lent. Physical Silver would be lent if permitted by the concerned regulatory authorities in India.

- **Market Trading Risks**

- Although Units of Scheme described in this Scheme Information Document are listed / to be listed on the Exchange, there can be no assurance that an active secondary market will be developed or be maintained.
- Trading in Units of the Scheme on the Exchange may be halted because of market conditions or for reasons that in view of the Exchange Authorities or SEBI, trading in Units of the Scheme is not advisable. In addition, trading in Units of the Scheme is subject to trading halts caused by extraordinary market volatility and pursuant to the Exchange and SEBI 'circuit filter' rules. There can be no assurance that the requirements of the Exchange necessary to maintain the listing of Units of the Scheme will continue to be met or will remain unchanged.
- Any changes in trading regulations by the Stock Exchange(s) or SEBI may affect the ability of market maker to arbitrage resulting into wider premium / discount to NAV.
- The Units of the Scheme may trade above or below their NAV. The NAV of the Scheme will fluctuate with changes in the market value of Scheme's holdings. The trading prices of Units of the Scheme will fluctuate in accordance with changes in their NAV as well as market supply and demand for the Units of the Scheme.
- The Units will be issued only in demat form through depositories. The records of the depository are final with respect to the number of Units available to the credit of Unit holder. Settlement of trades, repurchase of Units by the Mutual Fund during liquidity window depends upon the confirmations to be received from depository(ies) on which the Mutual Fund has no control.

Information common to Schemes (as applicable) (Contd.)

- Governments, central banks and related institutions worldwide, own a significant portion of the aggregate world Silver holdings. If one or more of these institutions decides to sell in amounts large enough to cause a decline in world Silver prices, the price of Units of the Scheme will be adversely affected.
- The Scheme provides for the creation and redemption of Units in Creation Unit Size directly with the Fund and therefore, it is expected that large discounts or premiums to the NAV of the Units of the Scheme will not sustain due to arbitrage opportunity available.
- Conversion of underlying physical Silver into the Units of the Scheme may attract capital gain tax depending on acquisition cost and holding period.

Risk factors related to HDFC Income Plus Arbitrage Active FOF (HIPAAFOF)

Risk Factors related to Underlying Schemes

- a) The Scheme will invest primarily in equity-oriented schemes. Hence, scheme specific risk factors of the Underlying Schemes will be applicable. All risks associated with Underlying Schemes, including performance of their underlying stocks, derivative instruments, stock-lending, investments in foreign securities etc., will therefore be applicable in the case of this Scheme. The investors should refer to the Scheme Information Documents and the related addenda for the scheme specific risk factors of the respective Underlying Schemes. Investors who intend to invest in this Scheme are required to and deemed to have understood the risk factors of the Underlying Schemes.
- b) Movements in the Net Asset Value (NAV) of the Underlying Schemes may impact the performance of this Scheme. Any change in the investment policies or fundamental attributes of the Underlying Schemes will affect the performance of this Scheme.
- c) The investors of this Scheme shall bear the recurring expenses of this Scheme in addition to the expenses of the Underlying Schemes (subject to regulatory limits). Hence the investor under this Scheme may receive lower pre-tax returns than what they may receive if they had invested directly in the Underlying Schemes in the same proportions. Further, expenses charged being dependent on the structure and weightage of the underlying schemes, may lead to non uniform charging of expenses over a period of time.
- d) The Portfolio disclosure of this Scheme will be limited to providing the particulars of the allocation to the Underlying Schemes where this Scheme has invested and will not include the investments made by the Underlying Schemes.
- e) Redemptions by this Scheme from the Underlying Schemes would be subject to applicable exit loads, which may impact performance of this Scheme.
- f) The processing / payment of redemption requests within 10 Business Days of the Redemption date will be subject to the ability of the Scheme to liquidate units of the underlying Scheme(s).
- g) Switch-out from an Underlying Scheme and Switch-in to another Underlying Scheme will be subject to the provisions of applicability of NAV as also the payout and pay-in cycles applicable to redemption / purchase under the relevant schemes. In times of extreme volatility, this may have impact on the NAV of this Scheme, particularly at the time of portfolio rebalancing. Purchase of units in underlying schemes will attract applicable stamp duty.
- h) A Fund Manager managing a Fund of Funds scheme may also be the Fund Manager for any underlying schemes.

Risk factors related to HDFC Multi-Asset Active FOF (HMAAFOF)

Risk Factors related to Underlying Schemes

- a) HMAAFOF will invest primarily in a combination of equity oriented, debt oriented and gold ETF schemes. Hence, scheme specific risk factors of the Underlying Schemes will be applicable. All risks associated with Underlying Schemes, including performance of their underlying stocks, derivative instruments, stock-lending, investments in foreign securities etc., will therefore be applicable in the case of HMAAFOF. The investors should refer to the Scheme Information Documents and the related addenda for the scheme specific risk factors of the respective Underlying Schemes. Investors who intend to invest in HMAAFOF are required to and deemed to have understood the risk factors of the Underlying Schemes.
- b) Movements in the Net Asset Value (NAV) of the Underlying Schemes may impact the performance of HMAAFOF. Any change in the investment policies or fundamental attributes of the Underlying Schemes will affect the performance of HMAAFOF.
- c) The investors of HMAAFOF shall bear the recurring expenses of HMAAFOF in addition to the expenses of the Underlying Schemes (subject to regulatory limits). Hence the investor under HMAAFOF may receive lower pre-tax returns than what they may receive if they had invested directly in the Underlying Schemes in the same proportions. Further, expenses charged being dependent on the structure and weightage of the underlying schemes, may lead to non uniform charging of expenses over a period of time.
- d) The Portfolio disclosure of HMAAFOF will be limited to providing the particulars of the allocation to the Underlying Schemes where HMAAFOF has invested and will not include the investments made by the Underlying Schemes.
- e) Redemptions by HMAAFOF from the Underlying Schemes would be subject to applicable exit loads, which may impact performance of the Scheme.
- f) The processing of redemption requests within 3 Working Days of the Redemption date will be subject to the ability of the Scheme to liquidate units of the underlying Scheme(s). The payment of redemption proceeds under the Scheme will be subject to receipt of redemption proceeds from the underlying Scheme(s).
- g) Switch-out from an Underlying Scheme and Switch-in to another Underlying Scheme will be subject to the provisions of applicability of NAV as also the pay-out and pay-in cycles applicable to redemption / purchase under the relevant schemes. In times of extreme volatility, this may have impact on the NAV of HMAAFOF, particularly at the time of portfolio rebalancing. Purchase of units in underlying schemes will attract applicable stamp duty.
- h) A Fund Manager managing any one of the Fund of Funds schemes may also be the Fund Manager for any underlying schemes.

Risk factors related to HDFC Diversified Equity All Cap Active FOF

- HDFC Diversified Equity All Cap Active FOF will invest in units of domestic equity-oriented schemes based on varied market caps. Hence, scheme specific risk factors of the Underlying Schemes will be applicable.
- All risks associated with Underlying Schemes, including performance of their underlying stocks,

sectors, market caps, derivative instruments, stock-lending, investments in foreign securities etc., will therefore be applicable in the case of HDFC Diversified Equity All Cap Active FOF. The investors should refer to the Scheme Information Documents and the related addenda for the scheme specific risk factors of the respective Underlying Schemes. Investors who intend to invest in HDFC Diversified Equity All Cap Active FOF are required to and deemed to have understood the risk factors of the Underlying Schemes.

- Movements in the Net Asset Value (NAV) of the Underlying Schemes may impact the performance of HDFC Diversified Equity All Cap Active FOF. Any change in the investment policies or fundamental attributes of the Underlying Schemes will affect the performance of HDFC Diversified Equity All Cap Active FOF.
- The investors of HDFC Diversified Equity All Cap Active FOF shall bear the recurring expenses of HDFC Diversified Equity All Cap Active FOF in addition to the expenses of the Underlying Schemes (subject to regulatory limits). Hence the investor under HDELMMSAFOF may receive lower pre-tax returns than what they may receive if they had invested directly in the Underlying Schemes in the same proportions. Further, expenses charged being dependent on the structure and weightage of the underlying schemes, may lead to non-uniform charging of expenses over a period of time.
- Redemptions by HDFC Diversified Equity All Cap Active FOF from the Underlying Schemes would be subject to applicable exit loads, which may impact performance of the Scheme.
- Switch-out from an Underlying Scheme and Switch-in to another Underlying Scheme will be subject to the provisions of applicability of NAV as also the payout and pay-in cycles applicable to redemption / purchase under the relevant schemes. In times of extreme volatility, this may have impact on the NAV of HDFC Diversified Equity All Cap Active FOF. Purchase of units in underlying schemes will attract applicable stamp duty.
- A Fund Manager managing any one of the Fund of Funds schemes may also be the Fund Manager for any underlying schemes.

Risk factors related to HDFC Developed World Overseas Equity Passive FOF (HDWOEPFOF)

(i) Scheme Specific Risk factors:

The specific risk factors include, but are not limited to the following:

- **Investors will bear the recurring expenses of the Scheme in addition to the expenses of the Underlying Schemes.** Thus, the Scheme returns may be lower than the returns investors may obtain by directly investing in the Underlying Schemes. Further, expenses charged being dependent on the structure and weightage of the Underlying Schemes, may lead to non-uniform charging of expenses over a period of time. Portfolio rebalancing may result in higher transaction costs.
- While it would be the endeavour of the Fund Manager of the Scheme to invest in the Underlying Schemes in a manner, which will seek to track the returns of MSCI World Index, the benchmark Index of the Scheme, the performance of the Underlying Schemes may vary which may lead to the returns of the Scheme being adversely impacted.
- Further, the Scheme's tracking error may arise due to various reasons such as
 - o Minimum subscription and redemption criteria of Underlying Schemes, expenses to be incurred by the Scheme for the same.
 - o Indian mutual funds are permitted to invest in foreign securities / Overseas ETFs subject to maximum specified limits. Accordingly, the Scheme may not be able to invest upto the desired level in the ETFs and may have to invest in alternate Index Funds.
- Movements in the Net Asset Value (NAV) of the Underlying Schemes will impact the performance of the Scheme. Tracking error of the Underlying Schemes will affect the performance of the Scheme.
- The Scheme's performance may be impacted by exit loads or other redemption charges that may be charged at the time of redemption from the Underlying Schemes.
- Switch-out from an Underlying Scheme and Switch-in to another Underlying Scheme will be subject to the provisions of applicability of NAV as also the pay-out and pay-in cycles applicable to redemption / purchase under the relevant schemes. In times of extreme volatility, this may have impact on the NAV of the Scheme, particularly at the time of portfolio rebalancing.
- Since the Scheme will invest in overseas mutual funds, the net assets, distributions and income of the Scheme may be affected adversely by fluctuations in the value of foreign currencies relative to the Indian Rupee.
- The processing of redemption requests within 5 Working Days of the Redemption date will be subject to the ability of the Scheme to liquidate units of the Underlying Schemes. The payment of redemption proceeds under the Scheme will be subject to receipt of redemption proceeds from the Underlying Schemes.
- The repatriation of investments to India may also be hampered by changes in regulations concerning exchange controls or political circumstances as well as any other restrictions on investment. The Scheme may have to pay applicable taxes on gains from such investment.
- Transactions with Underlying Funds shall be subject to their Business day, cut-off timings, valuation norms, which may be different from those prevailing in India.
- As regards investment in overseas mutual funds, the Net Asset Value (NAV) of the Scheme will be calculated based on the last available NAV of the overseas mutual fund schemes and the prevailing exchange rate on that date.
- **Treaty/ Tax Risk:** The Scheme relies on the Double Tax Avoidance Agreement (DTAA) between India and Luxembourg/Ireland/other countries for relief from certain Indian taxes. Treaty renegotiation (particularly to introduce a limitation on benefits clause) or future legislative or regulatory changes or other administrative or legal developments, may result in higher taxes and/or lower returns for the Scheme.
- The Portfolio disclosure by the Scheme may be limited to providing the particulars of the Underlying Schemes where the Scheme has invested and may not include the investments made by the Underlying Schemes.
- There exists a possibility that the investment policy and/or attributes of the Underlying Schemes change over time. In such circumstances, the fund manager will seek to continue to remain invested in such Underlying Schemes as long as it does not challenge the

Information common to Schemes (as applicable) (Contd.)

investment strategy of the Scheme. Else the fund manager may invest in other overseas mutual fund schemes, with investment policy and/or attributes which are in accordance with the investment strategy of the Scheme.

(ii) Risk Factors related to Underlying Schemes

- The Scheme will primarily invest in Overseas ETFs and/ or Index funds. Accordingly, the risk factors relating to investment in the Underlying Schemes will be relevant such as performance, volatility and liquidity of underlying stocks, money markets/ fixed income instruments, derivative instruments, offshore investments, stock lending, changes in credit rating, trading volumes, settlement periods, price/interest rate risk, basis risk, spread risk, re-investment risk, exchange risks, including the possible loss of capital etc.
- Additional information in relation to the Underlying Index performance, characteristics, constituents, sector and country weights, methodology of construction and maintenance, rebalancing dates and other general information is available on the index provider's website <https://www.msci.com/constituents>.
- **Tracking Error Risk:** Tracking error is the divergence of the Underlying Schemes from that of their Underlying Index. Tracking error may occur because of differences between the securities held in the Underlying Scheme's portfolio and those included in the Underlying Index, pricing differences (including differences between a security's price at the local market close and the intrinsic value of a security at the time of calculation of the NAV), transaction costs, the Underlying Scheme's holding of cash, differences in timing of the accrual of dividends, changes to the Underlying Index or the need to meet various new or existing regulatory requirements. This risk may be heightened during times of increased market volatility or other unusual market conditions.
- The Underlying Schemes may invest in a representative selection of securities from the benchmark index (optimized sampling) rather than in all the securities in the Index. Selection is facilitated by a system that takes account of both quantitative factors as well as factors that determine returns. The portfolio may be limited to a representative selection of securities from the benchmark index owing to the fund's own investment restrictions or owing to other legal or statutory restrictions, to costs and expenses incurred by the fund, or to the illiquidity of certain securities.
- **Management Risk:** As the Underlying Schemes may not fully replicate their respective Underlying Index, it is subject to the risk that investment strategy may not produce the intended results.
- **Concentration Risk:** Each Underlying Scheme may be susceptible to an increased risk of loss to the extent that the investments are concentrated in the securities of a particular issuer or issuers, country, group of countries, region, market, industry, group of industries, sector or asset class.
- **Currency Risk:** As the Underlying Schemes will invest in securities which are denominated in foreign currencies, fluctuations in the exchange rates of these foreign currencies may have an impact on the income and value of the Underlying Scheme. Thus, returns to investors are the result of a combination of returns from investments and from movements in exchange rates. Thus, the Indian rupee equivalent of the net assets, distribution and income may be adversely affected by changes in the exchange rates of respective foreign currencies relative to the Indian Rupee.
- **Currency Hedging:** An Underlying Scheme may enter into currency exchange transactions and/or use derivatives to seek to protect against fluctuation as a result of changes in currency exchange rates. Although these transactions are intended to minimise the risk of loss due to a decline in the value of the hedged currency, they also limit any potential gain that might be realised should the value of the hedged currency increase. The successful execution of a hedging strategy cannot be assured. Hedging activity at Share Class level may impact negatively on another Share Class.
- **Liquidity Risk:** There is a risk that the Underlying Scheme will suffer liquidity issues because of unusual market conditions, an unusually high volume of redemption requests or other reasons. In such cases the Underlying Scheme may not be able to pay redemption proceeds in full or within the time period stated in scheme offer document. Further, in case of liquidity issue, the payment made shall be subject to recovery by the Underlying Scheme, net of expenses, etc. hence possibility of loss of capital cannot be ruled out. Large repurchases in Underlying Schemes might result in them being forced to sell assets at a time and price at which it would normally prefer not to dispose of those assets which may be materially adverse to the Underlying Schemes.
- **Liquidation / winding up / Merger of Overseas Mutual Funds / ETFs:**
 - Credit Suisse Index Fund (Lux) may be liquidated in accordance with Luxembourg law if the minimum capital requirement of EUR 1,250,000 is not met or if extraordinary general meeting of share/unit holders with requisite quorum so decides. The net liquidation proceeds of the Subfunds (i.e. Underlying Schemes) shall be distributed pro rata to the share/unit holders of these Underlying Schemes.
 - An Underlying Scheme may be liquidated and shares/units thereunder may be compulsorily redeemed if the shareholders / unit holders decide to or if Board of Directors of the Underlying Scheme pass a resolution, that the scheme is no longer be appropriately managed within the interests of the share / unit holders. The Net Asset Value of the shares / units of the relevant Underlying Scheme will be paid out on the date of the mandatory redemption.
 - Two or more Underlying Schemes may merge with each other. An overseas mutual fund and/ or its Underlying Scheme may be merged with another overseas mutual fund and/ or its Underlying Scheme(s) on a domestic or cross-border basis.
 - CSIF (IE) MSCI USA Blue UCITS ETF one of the Underlying Schemes, referred to as "this fund") has merged into UBS (Irl) ETF plc – MSCI USA NSL UCITS ETF A-acc USD with effect from August 26, 2024. Investors in the Fund will benefit from economies of scale achieved through the merger. Additionally, UBS AG has a significantly larger distribution network than Credit Suisse, which will provide greater opportunities for the Fund to increase assets and attract new investors and will ultimately improve the potential opportunities for better performance for investors.
 - In such scenarios, the realization by the Scheme and consequently by the Unit holders of the Scheme, shall be as mentioned in the relevant Underlying Scheme documents and as per applicable laws.

Note:

Investors should refer to the offering documents for the scheme specific risk factors and special considerations of the respective Underlying Schemes available at the below link(s):

Risks associated with Passive Investments: (For all index schemes except HDFC BSE 500 Index Fund, HDFC Nifty LargeMidcap 250 Index Fund, HDFC NIFTY Midcap 150 Index Fund and HDFC Nifty500 Multicap 50:25:25 Index Fund)

- As the Scheme proposes to invest not less than 95% of the net assets in the securities of the Underlying Index in the same proportion, the Scheme will not be actively managed. Performance of the Underlying Index will have a direct bearing on the performance of the Scheme. The Scheme may be affected by a general decline in the Indian markets relating to its Underlying Index. The Scheme invests in the securities included in its Underlying Index regardless of their investment merit. The AMC does not attempt to individually select stocks or to take defensive positions in declining markets.

Further, it is pertinent to note that there is no element of research recommendations involved before the execution of trades in the Scheme. The decision of the Fund Manager to execute trades including rebalancing required will be purely driven by the inflows and outflows in the Scheme and composition of the Underlying Index.

Tracking Error Risk (applicable to all Index Schemes)

The Fund Manager would not be able to invest the entire corpus exactly in the same proportion as in the Underlying Index due to certain factors such as the fees and expenses of the Scheme, corporate actions, cash balance, changes to the Underlying Index and regulatory policies which may affect AMC's ability to achieve close correlation with the Underlying Index of the Scheme. The Scheme's returns may therefore deviate from those of its Underlying Index. "Tracking Error" is defined as the standard deviation of the difference in daily returns between the Scheme and the Underlying Index annualized over 1 year period. Tracking Error may arise including but not limited to the following reasons:-

- a. Expenditure incurred by the Scheme.
- b. The holding of a cash position and accrued income prior to distribution of income and payment of accrued expenses. The Scheme may not be invested at all times as it may keep a portion of the funds in cash to meet redemptions or for corporate actions.
- c. Securities trading may halt temporarily due to circuit filters.
- d. Corporate actions such as debenture or warrant conversion, rights, merger, change in constituents etc.
- e. Rounding off of quantity of shares in Underlying Index.
- f. Dividend received from underlying securities.
- g. Disinvestments by Scheme to meet redemptions, recurring expenses, etc.
- h. Execution of large buy / sell orders
- i. Transaction cost (including taxes and insurance premium), recurring expenses and other expenses, such as but not limited to brokerage, custody, trustee and investment management fees
- j. Realisation of Unit holders' funds
- k. The Scheme may not be able to acquire or sell the desired number of securities due to conditions prevailing in the securities market, such as, but not restricted to: circuit filters in the securities, liquidity and volatility in security prices.
- l. The Index reflects the prices of securities at a point in time, which is the price at close of business day on BSE / National Stock Exchange of India Limited (NSE). The Scheme, however, may at times trade these securities at different points in time during the trading session and therefore the prices at which the Plan trade may not be identical to the closing price of each scrip on that day on the BSE / NSE. In addition, the Scheme may opt to trade the same securities on different exchanges due to price or liquidity factors, which may also result in traded prices being at variance, from BSE / NSE closing prices.
- m. In case of investments in derivatives like index futures, the risk reward would be the same as investments in portfolio of shares representing an index. However, there may be a cost attached to buying an index future. Further, there could be an element of settlement risk, which could be different from the risk in settling physical shares and there is a risk attached to the liquidity and the depth of the index futures market as it is relatively new market.

It will be the endeavor of the fund manager to keep the tracking error as low as possible. Under normal circumstances, such tracking error is not expected to exceed 2% per annum for daily 12 month rolling return. However, in case of corporate action events like, Dividend received from underlying securities, rights issue from underlying securities or market events like circuit filters in the securities and market volatility during rebalancing of the portfolio following the rebalancing of the Underlying Index, etc. or in abnormal market circumstances, the tracking error may exceed the above limits. There can be no assurance or guarantee that the Scheme will achieve any particular level of tracking error relative to performance of the Index.

Stock Liquidity in the event of Circuit Filter (applicable to all Index Schemes)

Liquidity of stocks which are available only in cash segment and not in F&O segment gets adversely impacted in the event of a circuit filter imposed by any of the stock exchanges. This would also impact the subscription and redemption of ETF units, directly done with the AMC and the same will be dealt with in the manner described below. Further, this may result in gain/loss to existing unit holders when finally the purchase / sale of that stock is executed. This would also create tracking error while comparing returns with benchmark.

HDFC Non-cyclical Consumer Fund

The Scheme will invest atleast 80% of its net assets in equity and equity related securities with focus on stocks that represent the non-cyclical consumer theme within the basic industries like Consumer Goods, Consumer Services, Telecom Services, Healthcare, Media, Entertainment, Publication, Textiles sectors and such other industries forming part of the Benchmark Index. The Scheme is thematic in nature, hence will be affected by the risks associated with the non-cyclical consumer theme.

Investing in thematic schemes is based on the premise that the scheme will seek to invest in companies belonging to a specific theme. This will limit the capability of the scheme to invest in other companies/themes. The Scheme will invest in equity and equity related securities of companies engaged in the particular theme and hence concentration risk is expected to be high. Also, as with all equity investing, there is a risk that companies in that theme will not achieve expected earnings results, or that an unexpected change in the market or within the company will occur, both of which may adversely affect investment results.

Owing to higher concentration risk for thematic scheme, risk of capital loss is high. There is an element of unpredictable market cycles that could run for extended periods. Loss of value due to obsolescence, or regulatory changes or theme not panning out as envisaged can lead to permanent loss of capital. Thus, investing in a thematic fund could involve potentially greater volatility and risk.

HDFC Business Cycle Fund

The Scheme will invest atleast 80% of its net assets in equity and equity related securities with focus on stocks that represent the business cycle theme. The Scheme is thematic in nature, hence will be affected by the risks associated with the business cycle theme.

Investing in thematic schemes is based on the premise that the scheme will seek to invest in companies belonging to a specific theme. This will limit the capability of the scheme to invest in other companies/themes. The Scheme will invest in equity and equity related securities of companies engaged in the particular theme and hence concentration risk is expected to be high. Also, as with all equity investing, there is a risk that companies in that theme will not achieve expected earnings results, or that an unexpected change in the market or within the company will occur, both of which may adversely affect investment results.

Owing to higher concentration risk for thematic scheme, risk of capital loss is high. There is an element of unpredictable market cycles that could run for extended periods. Loss of value due to obsolescence, or regulatory changes or theme not panning out as envisaged can lead to permanent loss of capital. Thus, investing in a thematic fund could involve potentially greater volatility and risk.

HDFC Defence Fund

The Scheme will invest atleast 80% of its net assets in Equity and Equity related instruments of Defence & allied sector Companies. The Scheme is sectoral in nature, hence will be affected by the risks associated with the Defence and allied Sectors.

Given that the Scheme seeks to invest in equity/equity related instruments of the Companies belonging to the Defence sector and hence the concentration is likely to be high in companies belonging to the said sector.

Further, the volatility and/or adverse performance of the said sector and/or of the scrips belonging to this sector would have a material adverse bearing on the performance of the Scheme.

HDFC MNC Fund

The Scheme shall invest predominantly in equity and equity related instruments of companies which can be classified as Multinational Companies (MNCs) and hence will be affected by risks associated with such companies.

Given that, the Scheme seeks to invest in equity/ equity related instruments of certain set of companies, which can be classified as MNCs, the volatility and/or adverse performance of these companies, would have a material adverse bearing on the performance of the Scheme.

Information common to Schemes (as applicable) (Contd.)

Risk Factors specific to HDFC Transportation and Logistics Fund

The Scheme will invest atleast 80% of its net assets in Equity and Equity related instruments of Transportation and Logistics Companies. The Scheme is Thematic in nature, hence will be affected by the risks associated with this theme.

Given that the Scheme seeks to invest in equity/equity related instruments of the Companies belonging to this theme and hence the concentration is likely to be high in companies belonging to the said theme.

Further, the volatility and/or adverse performance of the said theme and/or of the scrips belonging to this theme would have a material adverse bearing on the performance of the Scheme.

Risk Factors specific to HDFC Technology Fund

The Scheme will invest atleast 80% of its net assets in Equity and Equity related instruments of Technology & technology related Companies.

The Scheme is Sectoral in nature, hence will be affected by the risks associated with this Sector.

Given that the Scheme seeks to invest in equity/equity related instruments of the Companies belonging to this sector and hence the concentration is likely to be high in companies belonging to the said sector.

Further, the volatility and/or adverse performance of the said sector and/or of the scrips belonging to this sector would have a material adverse bearing on the performance of the Scheme.

Risk Factors specific to HDFC Pharma and Healthcare Fund

The Scheme will invest atleast 80% of its net assets in Equity and Equity related instruments of Pharma and healthcare Companies. The Scheme is sectoral in nature, hence will be affected by the risks associated with this Sector.

Given that the Scheme seeks to invest in equity/equity related instruments of the Companies belonging to this sector and hence the concentration is likely to be high in companies belonging to the said sector.

Further, the volatility and/or adverse performance of the said sector and/or of the scrips belonging to this sector would have a material adverse bearing on the performance of the Scheme.

Risk Factors specific to HDFC NIFTY200 Momentum 30 Index Fund

The Scheme is subject to the specific risks that may adversely affect the Scheme's NAV, return and/or ability to meet its investment objective.

Risk Factors specific to HDFC NIFTY Realty Index Fund, HDFC NIFTY Realty Index Fund, HDFC NIFTY100 Low Volatility 30 Index Fund, HDFC Nifty LargeMidcap 250 Index Fund, HDFC Nifty India Digital Index Fund, HDFC Nifty100 Quality 30 Index Fund, HDFC Nifty500 Multicap 50:25:25 Index Fund, HDFC Nifty Top 20 Equal Weight Index Fund

The Scheme is subject to the specific risks that may adversely affect the Scheme's NAV, return and/or ability to meet its investment objective.

Risk Factors specific to HDFC Manufacturing Fund

The Scheme will invest atleast 80% of its net assets in Equity and Equity related instruments of companies engaged in manufacturing theme. The Scheme is thematic in nature, hence will be affected by the risks associated with Manufacturing theme.

Given that the Scheme seeks to invest in equity/equity related instruments of the Companies engaged in manufacturing, the concentration is likely to be high in such companies.

Further, the volatility and/or adverse performance of the concerned sectors and/or of the scrips belonging to these sectors would have a material adverse bearing on the performance of the Scheme.

Risk Factors specific to HDFC Innovation Fund

The Scheme will invest at least 80% of its net assets in equity and equity related securities with focus on companies that are adopting innovative themes and strategies. This will limit the capability of the Scheme to invest in other companies/ themes.

Since the Scheme is thematic in nature, it will be affected by the risks associated with the theme of innovation. Further, there is a risk that companies that are trying to innovate, might not achieve expected earnings results, or that an unexpected change in the market or within the company will occur, both of which may adversely affect investment results.

Owing to higher concentration risk for thematic scheme coupled with structural rigidity of the Scheme, the risk of capital loss is high. There is an element of unpredictable market cycles that could run for extended periods. Loss of value due to obsolescence, or regulatory changes or theme not panning out as envisaged can lead to permanent loss of capital. Thus, investing in a thematic fund could involve potentially greater volatility and risk.

Risk factors associated with investing in equities and equity related instruments (For all Schemes except HDFC Gold ETF Fund of Fund and HDFC Silver ETF Fund of Fund)

- Equity shares and equity related instruments are volatile and prone to price fluctuations on a daily basis. Investments in equity shares and equity related instruments involve a degree of risk and investors should not invest in the Scheme(s) unless they can afford to take the risks.
- Securities, which are not quoted on the stock exchanges, are inherently illiquid in nature and carry a larger amount of liquidity risk, in comparison to securities that are listed on the exchanges. Investment in such securities may lead to increase in the scheme portfolio risk.
- While securities that are listed on the stock exchange carry lower liquidity risk, the ability to sell these investments is limited by the overall trading volume on the stock exchanges and may lead to the Scheme(s) incurring losses till the security is finally sold.
- Scheme's performance may differ from the benchmark index to the extent of the investments held in the debt segment, as per the investment pattern indicated under normal circumstances.

Risk factors associated with investing in Fixed Income Securities (For all schemes)

- The Net Asset Value (NAV) of the Scheme(s), to the extent invested in Debt and Money Market instruments, will be affected by changes in the general level of interest rates. The NAV of the Scheme(s) is expected to increase from a fall in interest rates while it would be adversely affected by an increase in the level of interest rates.
- Money market instruments, while fairly liquid, lack a well developed secondary market, which may restrict the selling ability of the Scheme(s) and may lead to the Scheme(s) incurring losses till the security is finally sold.

- Investments in money market instruments involve credit risk commensurate with short term rating of the issuers.
- Investment in Debt instruments are subject to varying degree of credit risk or default risk (i.e. the risk of an issuer's inability to meet interest and principal payments on its obligations) or any other issues, which may have their credit ratings downgraded. Changes in financial conditions of an issuer, changes in economic and political conditions in general, or changes in economic and/or political conditions specific to an issuer, all of which are factors that may have an adverse impact on an issuer's credit quality and security values. This may increase the risk of the portfolio. The Investment Manager will endeavour to manage credit risk through in-house credit analysis.
- Prepayment Risk:** Certain fixed income securities give an issuer the right to call back its securities before their maturity date, in periods of declining interest rates. The possibility of such prepayment may force the Scheme to reinvest the proceeds of such investments in securities offering lower yields, resulting in lower interest income for the Scheme.
- Reinvestment Risk:** This risk refers to the interest rate levels at which cash flows received from the securities in the Scheme are reinvested. The additional income from reinvestment is the "interest on interest" component. The risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed.
- Settlement risk:** Different segments of Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances. Delays or other problems in settlement of transactions could result in temporary periods when the assets of the Scheme are uninvested and no return is earned thereon. The inability of the Scheme to make intended securities purchases, due to settlement problems, could cause the Scheme to miss certain investment opportunities. Similarly, the inability to sell securities held in the Scheme's portfolio, due to the absence of a well developed and liquid secondary market for debt securities, may result at times in potential losses to the Scheme in the event of a subsequent decline in the value of securities held in the Scheme's portfolio.
- Government securities where a fixed return is offered run price-risk like any other fixed income security. Generally, when interest rates rise, prices of fixed income securities fall and when interest rates drop, the prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of interest rates. The new level of interest rate is determined by the rates at which government raises new money and/or the price levels at which the market is already dealing in existing securities. The price-risk is not unique to Government Securities. It exists for all fixed income securities. However, Government Securities are unique in the sense that their credit risk generally remains zero. Therefore, their prices are influenced only by movement in interest rates in the financial system.
- The AMC may, considering the overall level of risk of the portfolio, invest in lower rated /unrated securities offering higher yields as well as zero coupon securities that offer attractive yields. This may increase the absolute level of risk of the portfolio.
- As zero coupon securities do not provide periodic interest payments to the holder of the security, these securities are more sensitive to changes in interest rates and are subject to issuer default risk. Therefore, the interest rate risk of zero coupon securities is higher. The AMC may choose to invest in zero coupon securities that offer attractive yields. This may increase the risk of the portfolio. Zero coupon or deep discount bonds are debt obligations that do not entitle the holder to any periodic payment of interest prior to maturity or a specified date when the securities begin paying current interest and therefore, are generally issued and traded at a discount to their face values. The discount depends on the time remaining until maturity or the date when securities begin paying current interest. It also varies depending on the prevailing interest rates, liquidity of the security and the perceived credit risk of the Issuer. The market prices of zero coupon securities are generally more volatile than the market prices of securities that pay interest periodically.
- The Scheme(s) at times may receive large number of redemption requests, leading to an asset-liability mismatch and therefore, requiring the investment manager to make a distress sale of the securities leading to realignment of the portfolio and consequently resulting in investment in lower yield instruments.
- Risks associated with investment in unlisted securities:** Except for any security of an associate or group company, the scheme can invest in securities which are not listed on a stock exchange ("unlisted Securities") which in general are subject to greater price fluctuations, less liquidity and greater risk than those which are traded in the open market. Unlisted securities may lack a liquid secondary market and there can be no assurance that the Scheme will realise their investments in unlisted securities at a fair value.
- Investment in unrated instruments may involve a risk of default or decline in market value higher than rated instruments due to adverse economic and issuer-specific developments. Such investments display increased price sensitivity to changing interest rates and to a deteriorating economic environment. The market values for unrated investments tends to be more volatile and such securities tend to be less liquid than rated debt securities.

Risk factors associated with investment in Tri-Party Repo (For all Schemes)

The mutual fund is a member of securities segment and Triparty Repo trade settlement of the Clearing Corporation of India (CCIL). All transactions of the mutual fund in government securities and in Tri-party Repo trades are settled centrally through the infrastructure and settlement systems provided by CCIL; thus reducing the settlement and counterparty risks considerably for transactions in the said segments. The members are required to contribute an amount as communicated by CCIL from time to time to the default fund maintained by CCIL as a part of the default waterfall (a loss mitigating measure of CCIL in case of default by any member in settling transactions routed through CCIL).

As per the waterfall mechanism, after the defaulter's margins and the defaulter's contribution to the default fund have been appropriated, CCIL's contribution is used to meet the losses. Post utilization of CCIL's contribution if there is a residual loss, it is appropriated from the default fund contributions of the non-defaulting members. Thus the scheme is subject to risk of the initial margin and default fund contribution being invoked in the event of failure of any settlement obligations. In addition, the fund contribution is allowed to be used to meet the residual loss in case of default by the other clearing member (the defaulting member).

CCIL shall maintain two separate Default Funds in respect of its Securities Segment, one with a view to meet losses arising out of any default by its members from outright and repo trades and the other for meeting losses arising out of any default by its members from Triparty Repo trades. The mutual fund is exposed to the extent of its contribution to the default fund of CCIL, in the event that the contribution

Information common to Schemes (as applicable) (Contd.)

of the mutual fund is called upon to absorb settlement/default losses of another member by CCIL, as a result the scheme may lose an amount equivalent to its contribution to the default fund.

Risk factors associated with Repo in permitted Corporate Debt Securities (For all schemes except index schemes)

In repo transactions, also known as a repo or sale repurchase agreement, securities are sold with the seller agreeing to buy them back at later date. The repurchase price should be greater than the original sale price, the difference effectively representing interest. A repo in corporate debt securities is economically similar to a secured loan, with the buyer receiving corporate debt securities as collateral to protect against default. Some of the risks associated with repo in corporate debt are given below:

- **Counterparty Risk:** Counterparty risk refers to the inability of the seller to meet the obligation to buy back securities at the contracted price on the contracted date. In case of over the counter (OTC) repo trades, the investment manager will endeavour to manage counterparty risk by dealing only with counterparties having strong credit profiles. Also, the counter-party risk is to an extent mitigated by taking collateral equivalent in value to the transaction after knocking off a minimum haircut on the intrinsic value of the collateral. In the event of default by the repo counterparty, the scheme shall have recourse to the corporate debt securities. In case the repo transaction is executed on exchange platform approved by RBI/SEBI, the exchange may also provide settlement guarantee.
- **Collateral Risk:** Collateral risk arises when the market value of the securities is inadequate to meet the repo obligations. This risk can be partly mitigated by restricting participation in repo transactions only in corporate debt securities which are approved by credit risk team. Additionally, to address the risk related to reduction in market value of corporate debt security held as collateral due to credit rating downgrade, the repo contract can incorporate either an early termination of the repo agreement or call for fresh margin to meet the minimum haircut requirement or call for replacement of security with eligible security. Moreover, the investment manager may apply a higher haircut on the underlying security than required as per RBI/SEBI regulation to adjust for the illiquidity and interest rate risk on the underlying instrument. To mitigate the risk of price reduction due to interest rate changes, the adequacy of the collateral can be monitored on a daily basis by considering the daily market value & applying the prescribed haircut. The investment manager or the exchange can then arrange for additional collateral from the counterparty, within a prespecified period. If the counterparty is not able to top-up either in form of cash / collateral, it would tantamount to early termination of the repo agreement, and the outstanding amount can be recovered by sale of collateral.

Risk factors associated with investing in Non-Convertible Preference Shares (For all schemes except HDFC Housing Opportunities Fund, HDFC ELSS Tax Saver, all index and FOF schemes)

- **Credit Risk** - Credit risk is the risk that an issuer will be unable to meet its obligation of payment of dividend and/ or redemption of principal amount on the due date. Further, for non-cumulative preference shares, issuer also has an option to not pay dividends on preference shares in case of inadequate profits in any year.
- **Liquidity Risk** - The preference shares generally have limited secondary market liquidity and thus we may be forced to hold the instrument till maturity.
- **Unsecured in nature** - Preference shares are unsecured in nature and rank lower than secured and unsecured debt in hierarchy of payments in case of liquidation. Thus there is significant risk of capital erosion in case the company goes into liquidation.

Risks associated with Investing in Structured Obligation (SO) & Credit Enhancement (CE) rated securities (For all equity, hybrid schemes and HDFC Income Plus Arbitrage Active FOF):

- The risks factors stated below for the Structured Obligations & Credit Enhancement are in addition to the risk factors associated with debt instruments.
- Credit rating agencies assign CE rating to an instrument based on any identifiable credit enhancement for the debt instrument issued by an issuer. The credit enhancement could be in various forms and could include guarantee, shortfall undertaking, letter of comfort, etc. from another entity. This entity could be either related or non-related to the issuer like a bank, financial institution, etc. Credit enhancement could include additional security in form of pledge of shares listed on stock exchanges, etc. SO transactions are asset backed/ mortgage backed securities, securitized paper backed by hypothecation of car loan receivables, securities backed by trade receivables, credit card receivables etc. Hence, for CE rated instruments evaluation of the credit enhancement provider, as well as the issuer is undertaken to determine the issuer rating. In case of SO rated issuer, the underlying loan pools or securitization, etc. is assessed to arrive at rating for the issuer.
- **Liquidity Risk:** SO rated securities are often complex structures, with a variety of credit enhancements. Debt securities lack a well-developed secondary market in India, and due to the credit enhanced nature of CE securities as well as structured nature of SO securities, the liquidity in the market for these instruments is adversely affected compared to similar rated debt instruments. Hence, lower liquidity of such instruments, could lead to inability of the scheme to sell such debt instruments and generate liquidity for the scheme or higher impact cost when such instruments are sold.
- **Credit Risk:** The credit risk of debt instruments which are CE rated is based on the combined strength of the issuer as well as the structure. Hence, any weakness in either the issuer or the structure could have an adverse credit impact on the debt instrument. The weakness in structure could arise due to inability of the investors to enforce the structure due to issues such as legal risk, inability to sell the underlying collateral or enforce guarantee, etc. In case of SO transactions, coming risk and risk of servicer increases the overall risk for the securitized debt or assets backed transactions. Therefore apart from issuer level credit risk such debt instruments are also susceptible to structure related credit risk.

General Risk factors (For all schemes)

- Trading volumes, settlement periods and transfer procedures may restrict the liquidity of the investments made by the Scheme(s). Different segments of the Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances leading to delays in receipt of proceeds from sale of securities. The NAV of the Units of the Scheme(s) can go up or down because of various factors that affect the capital markets in general.
- As the liquidity of the investments made by the Scheme(s) could, at times, be restricted by trading volumes and settlement periods, the time taken by the Mutual Fund for redemption of Units may be significant in the event of an inordinately large number of redemption requests or restructuring

of the Scheme(s). In view of the above, the Trustee has the right, in its sole discretion, to limit redemptions (including suspending redemptions) under certain circumstances, as described under 'Right to Restrict Redemption and / or Suspend Redemption of the units' mentioned in SID.

- At times, due to the forces and factors affecting the capital market, the Scheme(s) may not be able to invest in securities falling within its investment objective resulting in holding the monies collected by it in cash or cash equivalent or invest the same in other permissible securities / investments amounting to substantial reduction in the earning capability of the Scheme(s). The Scheme(s) may retain certain investments in cash or cash equivalents for its day-to-day liquidity requirements.
- Securities, which are not quoted on the stock exchanges, are inherently illiquid in nature and carry a larger amount of liquidity risk, in comparison to securities that are listed on the exchanges or offer other exit options to the investor, including a put option. The AMC may choose to invest in permitted unlisted securities that offer attractive returns. This may increase the risk of the portfolio.
- Investment strategy to be adopted by the Scheme(s) may carry the risk of significant variance between the portfolio allocation of the Scheme(s) and the Benchmark particularly over a short to medium term period.
- Performance of the Scheme may be affected by political, social, and economic developments, which may include changes in government policies, diplomatic conditions, and taxation policies.

Risk factors associated with investing in Foreign Securities (For all equity, hybrid schemes and HDFC Developed World Overseas Equity Passive FOF)

- **Currency Risk:**
Moving from Indian Rupee (INR) to any other currency entails currency risk. To the extent that the assets of the Scheme(s) will be invested in securities denominated in foreign currencies, the Indian Rupee equivalent of the net assets, distributions and income may be adversely affected by changes in the value of certain foreign currencies relative to the Indian Rupee.
- **Interest Rate Risk:**
The pace and movement of interest rate cycles of various countries, though loosely co-related, can differ significantly. Hence by investing in securities of countries other than India, the Scheme(s) stand exposed to their interest rate cycles.
- **Credit Risk:**
Investment in Foreign Debt Securities are subject to the risk of an issuer's inability to meet interest and principal payments on its obligations and market perception of the creditworthiness of the issuer. This is substantially reduced since the SEBI (MF) Regulations stipulate investments only in debt instruments with rating not below investment grade by accredited/registered credit rating agency.
- **Taxation Risk:**
In addition to the disclosure related to taxation mentioned under section "Special Consideration" in the SID, Investment in Foreign Securities poses additional challenges based on the tax laws of each respective country or jurisdiction. The scheme may be subject to a higher level of taxes than originally anticipated and or dual taxation.
The Scheme may be subject to withholding or other taxes on income and/or gains arising from its investment portfolio. Further, such investments are exposed to risks associated with the changing / evolving tax / regulatory regimes of all the countries where the Scheme invests. All these may entail a higher outgo to the Scheme by way of taxes, transaction costs, fees etc. thus adversely impacting its NAV; resulting in lower returns to an investor.
- **Legal and Regulatory Risk:**
Legal and regulatory changes could occur during the term of the Scheme which may adversely affect it. If any of the laws and regulations currently in effect should change or any new laws or regulations should be enacted, the legal requirements to which the Scheme and the investors may be subject could differ materially from current requirements and may materially and adversely affect the Scheme and the investors. Legislation/ Regulatory guidelines could also be imposed retrospectively.
- **Country Risk:**
The Country risk arises from the inability of a country, to meet its financial obligations. It is the risk encompassing economic, social and political conditions in a foreign country, which might adversely affect foreign investors' financial interests. In addition, country risks would include events such as introduction of extraordinary exchange controls, economic deterioration, bilateral conflict leading to immobilisation of the overseas financial assets and the prevalent tax laws of the respective jurisdiction for execution of trades or otherwise.
- To manage risks associated with foreign currency and interest rate exposure, the Mutual Fund may use derivatives for efficient portfolio management including hedging and in accordance with conditions as may be stipulated by SEBI/ RBI from time to time.
- **Exhaustion of Limit for investments in Overseas Securities:** In case the permissible limits for investments in overseas Securities by the Scheme, provided by regulatory bodies is reached, then the scheme may not be able to make any further investments in permissible Overseas Securities. This could lead to loss of investment opportunity. CCIL shall maintain two separate Default Funds in respect of its Securities Segment, one with a view to meet losses arising out of any default by its members from outright and repo trades and the other for meeting losses arising out of any default by its members from Triparty Repo trades. The mutual fund is exposed to the extent of its contribution to the default fund of CCIL, in the event that the contribution of the mutual fund is called upon to absorb settlement/default losses of another member by CCIL, as a result the scheme may lose an amount equivalent to its contribution to the default fund.

Risk factors associated with investing in Derivatives (For all equity, hybrid and index schemes)

- The AMC, on behalf of the Scheme(s) may use various derivative products, from time to time, in an attempt to protect the value of the portfolio and enhance Unit holders' interest. Derivative products are specialized instruments that require investment techniques and risk analysis different from those associated with stocks and bonds. The use of a derivative requires an understanding not only of the underlying instrument but of the derivative itself. Other risks include, the risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

Information common to Schemes (as applicable) (Contd.)

- Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies.
- The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments.
- Credit Risk:** The credit risk in derivative transaction is the risk that the counter party will default on its obligations and is generally low, as there is no exchange of principal amounts in a derivative transaction.
- Market Risk:** Market movements may adversely affect the pricing and settlement of derivatives.
- Liquidity risk:** This is the risk that a derivative cannot be sold or purchased quickly enough at a fair price, due to lack of liquidity in the market

Additional Risk viz. Basis Risk associated with imperfect hedging using Interest Rate Futures (IRF):

- The imperfect correlation between the prices of securities in the portfolio and the IRF contract used to hedge part of the portfolio leads to basis risk. Thus, the loss on the portfolio may not exactly match the gain from the hedge position entered using the IRF.

Risk pertaining to covered call strategy (For HDFC Dividend Yield Fund, HDFC Flexi Cap Fund, HDFC Housing Opportunities Fund, HDFC MNC Fund, HDFC Business Cycle Fund, HDFC Non-Cyclical Fund, HDFC Defence Fund, HDFC Transportation and Logistics Fund, HDFC Technology Fund, HDFC Pharma and Healthcare Fund, HDFC Manufacturing Fund and HDFC Innovation Fund)

- Incorrectly pricing the option premium before writing the covered call by ignoring factors which determine pricing like number of days to expiry, adjustment with respect to announced corporate actions like dividend etc.

Risk Factors associated with REITs and InvITs (For all equity and hybrid schemes)

• Price Risk:

Securities / Instruments of REITs and InvITs are volatile and prone to price fluctuations on a daily basis owing to market movements. The extent of fall or rise in the prices is a fluctuation in general market conditions, factors and forces affecting capital market, Real Estate and Infrastructure sectors, level of interest rates, trading volumes, settlement periods and transfer procedures.

• Interest Rate Risk:

Securities / Instruments of REITs and InvITs run interest rate risk. Generally, when interest rates rise, prices of units fall and when interest rates drop, such prices increase.

• Credit Risk:

Credit risk means that the issuer of a REIT / InvIT security / instrument may default on interest payment or even on paying back the principal amount on maturity. Securities / Instruments of REITs and InvITs are likely to have volatile cash flows as the repayment dates would not necessarily be pre scheduled.

• Liquidity Risk:

This refers to the ease with which securities / instruments of REITs / InvITs can be sold. There is no assurance that an active secondary market will develop or be maintained. Hence there would be time when trading in the units could be infrequent. The subsequent valuation of illiquid units may reflect a discount from the market price of comparable securities / instruments for which a liquid market exists. As these products are new to the market they are likely to be exposed to liquidity risk.

• Reinvestment Risk:

Investments in securities / instruments of REITs and InvITs may carry reinvestment risk as there could be repatriation of funds by the Trusts in form of buyback of units or dividend pay-outs, etc. Consequently, the proceeds may get invested in assets providing lower returns.

• Legal and Regulatory Risk:

The regulatory framework governing investments in securities / instruments of REITs and InvITs comprises a relatively new set of regulations and is therefore untested, interpretation and enforcement by regulators and courts involves uncertainties. Presently, it is difficult to forecast as to how any new laws, regulations or standards or future amendments will affect the issuers of REITs / InvITs and the sector as a whole. Furthermore, no assurance can be given that the regulatory system will not change in a way that will impair the ability of the Issuers to comply with the regulations, conduct the business, compete effectively or make distributions.

Risk factors associated with investing in Securitised Debt (For all equity, hybrid schemes)

The Risks involved in Securitised Papers described below are the principal ones and does not represent that the statement of risks set out hereunder is exhaustive.

• Limited Liquidity & Price Risk

There is no assurance that a deep secondary market will develop for the Certificates. This could limit the ability of the investor to resell them.

• Limited Recourse, Delinquency and Credit Risk

The Credit Enhancement stipulated represents a limited loss cover to the Investors. These Certificates represent an undivided beneficial interest in the underlying receivables and do not represent an obligation of either the Issuer or the Seller or the originator, or the parent or any affiliate of the Seller, Issuer and Originator. No financial recourse is available to the Certificate Holders against the Investors' Representative. Delinquencies and credit losses may cause depletion of the amount available under the Credit Enhancement and thereby the Investor Payouts to the Certificate Holders may get affected if the amount available in the Credit Enhancement facility is not enough to cover the shortfall. On persistent default of a Obligor to repay his obligation, the Servicer may repossess and sell the Asset. However many factors may affect, delay or prevent the repossession of such Asset or the length of time required to realise the sale proceeds on such sales. In addition, the price at which such Asset may be sold may be lower than the amount due from that Obligor.

• Risks due to possible prepayments and Charge Offs

In the event of prepayments, investors may be exposed to changes in tenor and yield. Also, any Charge Offs would result in the reduction in the tenor of the Pass Through Certificates (PTCs).

• Bankruptcy of Bank with Liquidity facility

If the Bank with Liquidity facility, becomes subject to bankruptcy proceedings then an investor could experience losses or delays in the payments.

• Risk of Co-mingling

With respect to the Certificates, the Servicer will deposit all payments received from the Obligors into the Collection Account. However, there could be a time gap between collection by a Servicer and depositing the same into the Collection account especially considering that some of the collections may be in the form of cash. In this interim period, collections from the Loan Agreements may not be segregated from other funds of originator. If originator in its capacity as Servicer fails to remit such funds due to Investors, the Investors may be exposed to a potential loss.

Risk factors associated with Securities Lending (For all equity, hybrid and index schemes)

As with other modes of extensions of credit, there are risks inherent to securities lending, including the risk of failure of the other party, in this case the approved intermediary, to comply with the terms of the agreement entered into between the lender of securities i.e. the Scheme and the approved intermediary. Such failure can result in the possible loss of rights to the collateral put up by the borrower of the securities, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of any corporate benefits accruing to the lender from the securities deposited with the approved intermediary. The scheme may not be able to sell lent out securities, which can lead to temporary illiquidity & loss of opportunity.

Risk factors associated with investments in Perpetual Debt Instrument (PDI) (For all equity and hybrid schemes)

Perpetual Debt instruments are issued by Banks, NBFCs and corporates to improve their capital profile. Some of the PDIs issued by Banks which are governed by the RBI guidelines for Basel III Capital Regulations are referred to as Additional Tier I (AT1 bonds). While there are no regulatory guidelines for issuance of PDIs by corporate bodies, NBFCs issue these bonds as per guidelines issued by RBI. The instruments are treated as perpetual in nature as there is no fixed maturity date. The key risks associated with these instruments are highlighted below:

- Risk on coupon servicing

Banks

As per the terms of the instruments, Banks may have discretion at all times to cancel distributions/ payment of coupons. In the event of non-availability of adequate distributable reserves and surpluses or inadequacy in terms of capital requirements, RBI may not allow banks to make payment of coupons.

NBFCs

While NBFCs may have discretion at all times to cancel payment of coupon, coupon can also be deferred (instead of being cancelled), in case paying the coupon leads to breach of capital ratios.

Corporates

Corporates usually have discretion to defer the payment of coupon. However, the coupon is usually cumulative and any deferred coupon shall accrue interest at the original coupon rate of the PDI.

- Risk of write-down or conversion into equity

Banks

As per the regulatory requirements, Banks have to maintain a minimum Common Equity Tier-1 (CET-1) ratio of Risk Weighted Assets (RWAs), failing which the AT-1 bonds can get written down. Further, AT-1 Bonds are liable to be written down or converted to common equity, at the discretion of RBI, in the event of Point of Non Viability Trigger (PONV). PONV is a point, determined by RBI, when a bank is deemed to have become non-viable unless there is a write off/ conversion to equity of AT-1 Bonds or a public sector capital injection happens. The write off/conversion has to occur prior to public sector injection of capital. This risk is not applicable in case of NBFCs and Corporates.

- Risk of instrument not being called by the Issuer

Banks

The issuing banks have an option to call back the instrument after minimum specified period from the date of issuance and thereafter, subject to meeting the RBI guidelines. However, if the bank does not exercise the call on first call date, the Scheme may have to hold the instruments for a period beyond the first call exercise date.

NBFCs

The NBFC issuer has an option to call back the instrument after minimum specific period as per the regulatory requirement from date of issuance and thereafter, subject to meeting the RBI guidelines. However, if the NBFC does not exercise the call option the Scheme may have to hold the instruments for a period beyond the first call exercise date.

Corporates

There is no minimum period for call date. However, if the corporate does not exercise the call option, the Scheme may have to hold the instruments for a period beyond the call exercise date.

Risk factors associated with Short Selling (For all equity, hybrid schemes and HDFC Nifty 50 Index Fund, HDFC BSE Sensex Index Fund, HDFC Income Plus Arbitrage Active FOF)

Short-selling is the sale of shares which are not owned by the seller at the time of trade. Instead, he borrows it from someone who already owns it. Later, the short seller buys back the stock he shorted and returns the stock to close out the loan. If the price of the stock corrects, Short seller can buy the stock back for less than he received for selling it and earn profit (the difference between higher short sale price and the lower purchase price). If the price of stock appreciates, short selling results in loss. Thus, Short positions carry the risk of losing money and these losses may grow theoretically unlimited if the price increases without limit and shall result into major losses in the portfolio.

Information common to Schemes (as applicable) (Contd.)

Risk factors associated for investments in Mutual Fund Schemes

1. Movements in the Net Asset Value (NAV) of these Schemes may impact the performance. Any change in the investment policies or fundamental attributes of these Schemes will affect the performance of the Scheme to the extent of investment in such schemes.
2. Redemptions by in these Schemes would be subject to applicable exit loads.

2) Applicable Net Asset Value (NAV)

The below cut-off timings and applicability of NAV shall be applicable in respect of valid applications received at the Official Point(s) of Acceptance on a Business Day:

A] For Purchase (including switch-in) of any amount:

- In respect of valid applications received upto 3.00 p.m. and where the funds for the entire amount are available for utilization before the cut-off time i.e. credited to the bank account of the Scheme before the cut-off time - the closing NAV of the day shall be applicable.
- In respect of valid applications received after 3.00 p.m. and where the funds for the entire amount are credited to the bank account of the Scheme either at any time on the same day or before the cut-off time of the next Business Day i.e. available for utilization before the cut-off time of the next Business Day - the closing NAV of the next Business Day shall be applicable.
- Irrespective of the time of receipt of application, where the funds for the entire amount are credited to the bank account of the Scheme before the cut-off time on any subsequent Business Day i.e. available for utilization before the cut-off time on any subsequent Business Day - the closing NAV of such subsequent Business Day shall be applicable.

B] For Switch-ins of any amount:

For determining the applicable NAV, the following shall be ensured:

- Application for switch-in is received before the applicable cut-off time.
- Funds for the entire amount of subscription/purchase as per the switch-in request are credited to the bank account of the Scheme before the cut-off time.
- The funds are available for utilization before the cut-off time.
- In case of 'switch' transactions from one scheme to another, the allocation shall be in line with redemption payouts.

In case of switches, the request should be received on a day which is a Business Day for the Switch-out scheme. Redemption for switch-out shall be processed at the applicable NAV as per cut-off timing. Switch-in will be processed at the Applicable NAV (on a Business Day) based on realization of funds as per the redemption pay-out cycle for the switch-out scheme.

For investments through systematic investment routes such as Systematic Investment Plans (SIP), Flex SIP, Systematic Transfer Plans (STP), Flex-STP, Swing STP, Transfer of Income Distribution cum Capital Withdrawal (IDCW) Plan facility (TIP), etc. the units will be allotted as per the closing NAV of the day on which the funds are available for utilization within applicable cut-off time by the Target Scheme irrespective of the installment date of the SIP, STP or record date of IDCW etc.

While the AMC will endeavour to deposit the payment instruments accompanying investment application submitted to it with its bank expeditiously, it shall not be liable for delay in realization of funds on account of factors beyond its control such as clearing / settlement cycles of the banks.

Since different payment modes have different settlement cycles including electronic transactions (as per arrangements with Payment Aggregators / Banks / Exchanges etc), it may happen that the investor's account is debited, but the money is not credited within cut-off time on the same date to the Scheme's bank account, leading to a gap / delay in Unit allotment. Investors are therefore urged to use the most efficient electronic payment modes to avoid delays in realization of funds and consequently in Unit allotment.

C] For Redemption (including switch-out) applications

- In respect of valid applications received upto 3 p.m. on a Business Day by the Fund, same day's closing NAV shall be applicable.
- In respect of valid applications received after 3 p.m. on a Business Day by the Fund, the closing NAV of the next Business Day shall be applicable

Information common to Schemes (as applicable) (Contd.)

Transactions through online facilities / electronic modes:

The time of transaction done through various online facilities / electronic modes offered by the AMC, for the purpose of determining the applicability of NAV, would be the time when the request for purchase / sale / switch of units is received in the servers of AMC/RTA.

3) IDCW Policy (All schemes except HDFC Index Funds and HDFC Gold ETF Fund of Fund, HDFC Developed World Overseas Equity Passive FOF and HDFC Silver ETF Fund of Fund)

It is proposed to declare IDCW subject to availability of distributable surplus, as computed in accordance with SEBI (Mutual Funds) Regulations, 1996.

IDCW, if declared, will be paid (subject of deduction of tax at source, if any) to those Unitholders / Beneficial Owners whose names appear in the Register of Unit holders maintained by the Mutual Fund/ statement of beneficial ownership maintained by the Depositories, as applicable, under the IDCW option as on the Record Date. The IDCW payment shall be transferred to the Unitholders within 7 working days of the record date of such declaration of IDCW or such other timeline as may be specified by SEBI from time to time. In the event of failure to transfer IDCW within the stipulated period, the AMC shall be liable to pay interest @ 15% per annum to the Unitholders for the delay in payment as computed from the Record Date or from such other date or for such period as may be advised by SEBI from time to time. The Trustee/ AMC reserves the right to change the record date from time to time. However, it must be distinctly understood that the actual declaration of IDCW and the frequency thereof will inter alia, depend on the availability of distributable surplus as computed in accordance with SEBI (Mutual Funds) Regulations, 1996. The decision of the Trustee in this regard shall be final.

There is no assurance or guarantee to unit holders as to the rate of IDCW distribution nor that IDCW will be paid regularly. On payment of IDCW, the NAV will stand reduced by the amount of IDCW and IDCW tax (if applicable) paid.

4) Load Structure

- (i) No exit load shall be levied for switching between Options under the same Plan within a Scheme.
- (ii) Switch of investments to Direct Plan within the same Scheme shall be subject to applicable exit load, **unless** the investment was made **directly** i.e. without any distributor code. However, any subsequent switch-out or redemption of such investments from the Direct Plan will not be subject to any exit load.
- (iii) No exit load shall be levied for switch-out from Direct Plan to the non-Direct Plan within the same Scheme. However, any subsequent switch-out or redemption of such investment from the non-Direct Plan shall be subject to exit load based on the **original date of investment** in the Direct Plan.
- (iv) No exit load will be levied on Units allotted on Re-investment of Income Distribution cum Capital Withdrawal.
- (v) No exit load will be levied on Units allotted in the Target Scheme under the Transfer of Income Distribution cum Capital Withdrawal (IDCW) Plan Facility (TIP Facility).
- (vi) If units are kept as collateral with a broker/ lender and there is actual movement of units from the Unitholders demat account to the broker/lenders demat account as a result this will be treated as a normal off market transfer of units. The period for reckoning the exit load on such units will be reckoned based on the date of allotment/ purchase carried by the specific lot transferred from the brokers/lenders demat account on FIFO basis to the Unitholders demat account till the date of redemption by the Unitholder.

Note: Switches/Redemptions are subject to completion of lock-in period, if any, under the Scheme(s).

5) Maximum Total Expense Ratio under Regulation 52 (6):

For Equity Schemes:

On the first Rs.500 crores of the daily net assets - 2.25% p.a.
On the next Rs.250 crores of the daily net assets - 2.00% p.a.
On the next Rs.1,250 crores of the daily net assets - 1.75% p.a.
On the next Rs.3,000 crores of the daily net assets - 1.60% p.a.
On the next Rs.5,000 crores of the daily net assets - 1.50% p.a.
On the next Rs.40,000 crores of the daily net assets - Total expense ratio reduction of 0.05% for every increase of Rs.5,000 crores of daily net assets or part thereof.
On balance of the assets - 1.05% p.a.

INSTRUCTIONS

1. General Instructions

Please read the Key Information Memorandum/ Scheme Information Document(s) of the Scheme and Statement of Additional Information and addenda issued from time to time (Scheme Documents) carefully before investing in the Scheme. Investors are requested to read and acquaint themselves about the prevailing Load structure on the date of submitting the Application Form.

Upon signing and submitting the Application Form and tendering payment it will be deemed that the investors have accepted, agreed to and shall comply with the terms and conditions detailed in the Scheme Documents. Applications complete in all respects, may be submitted at the Official Points of Acceptance of HDFC Mutual Fund (the Fund).

New investors wishing to make SIP investment will need to complete and submit both the Application Form and the SIP Enrolment Form (for Post Dated Cheques or for Auto Debit/ Standing Instruction as applicable).

The Application Form should be completed in **ENGLISH** and in **BLOCK LETTERS** only. Please tick in the appropriate box for relevant options wherever applicable. Do not overwrite. For any correction / changes if made in the Application Form, the Applicant(s) shall enter the correct details pursuant to cancellation of incorrect details and authenticate the corrected details by counter-signing against the changes.

The Application Form number / Folio number should be written by the Investors on the reverse of the cheques and bank drafts accompanying the Application Form. Applications incomplete in any respect are liable to be rejected. HDFC Asset Management Company Limited (the AMC) / HDFC Trustee Company Limited (Trustee) have absolute discretion to reject any such Application Forms.

Copies of the supporting documents submitted should be accompanied by originals for verification. In case the original of any document is not produced for verification, Mutual Fund/ AMC reserves the right to seek attested copies of the supporting documents.

Investments through distributors

As per directions of Securities and Exchange Board of India (SEBI), Investors can route their application forms directly and/or through the distributors/employees of the distributor who hold a valid certification from the National Institute of Securities Markets (NISM) and ARN provided by Association of Mutual Funds in India (AMFI). Further, no agents / distributors are entitled to sell units of mutual funds unless the intermediary is registered with AMFI.

In case SEBI Registered stock brokers/non-individual Investment Advisors (IA)/Portfolio Managers are offering distributor services to their clients, they can offer only Regular Plans for that client using their distributor code/AMFI Registration Number (ARN). Accordingly, they will have visibility of their client's transaction data feeds only for such plans.

Investment in direct plan through stock broker/non-individual IA/PMS:

In case SEBI Registered stock brokers/non-individual Investment Advisors/Portfolio Managers are offering advisory service to their clients, they can execute/invest only in direct plans of Mutual Funds for that client using their SEBI Registration Numbers as Broker/RIA/PMS code. Accordingly, they will have visibility of their client's transaction data feeds only for such plans.

Employee Unique Identification Number (EUIN)

Every employee/ relationship manager/ sales person of the distributor of mutual fund products to quote the EUIN obtained by him/her from AMFI in the Application Form. Investors are requested to verify the AMFI registration details from their Distributor. However, in case of any exceptional cases, where there is no interaction by the employee/ sales person/relationship manager of the distributor/sub broker with respect to the transaction and EUIN box is left blank, you are required to provide the duly signed declaration to the effect as given in the form.

New cadre distributors

Postal agents, retired government and semi-government officials (class III and above or equivalent), retired teachers and retired bank officers (all such retired persons with at least 10 years of service) and other similar persons (such as Bank correspondents) as may be notified by AMFI/ the AMC from time to time as new cadre distributors are permitted to sell eligible schemes of the Fund (details of eligible scheme is available on www.hdfcfund.com). They also hold an EUIN which must be quoted in the application form. In case your application for subscription through such distributor is not for an eligible scheme, it is liable to be rejected.

These requirements do not apply to Overseas Distributors.

Overseas Distributors

For, overseas Distributors, the ARN Code provided by AMFI is required to be incorporated in the space provided. Overseas Distributors are required to comply with the laws, rules and regulations of jurisdictions where they carry out their operations in the capacity of distributors.

2. Existing Unit holder information

Investors/Unitholders already having a folio with the Fund should fill in **section 1, section 6, section 7, section 9 and section 13 only**. The personal and the Bank Account details as they feature in the existing folio would apply to this investment and would prevail over any conflicting information, if any, furnished in this form. In case the name of the Unit holder as provided in this application does not correspond with the name appearing in the existing folio, the application form may be rejected, at the discretion of the AMC/ Fund.

3. Unit holder Information

a. Name, address and contact details like telephone, mobile and email address must be written in full. On successful validation of the contact details (mobile number and email id), as per AMFI Guidelines, the same will be registered in the folio. On successful validation of the investor's PAN for KYC, the address provided in the KYC form will override the address mentioned in this form.

Applications under a Power of Attorney or by a limited company or a body corporate or an eligible institution or a registered society or a trust or limited liability partnership (LLP) or partnership must be accompanied by the original Power of Attorney/ board resolution or a certified true copy/duly notarized copy of the same. Authorised officials should sign the Application Form under their official designation. A list of specimen signatures of the authorised officials, duly certified/ attested should also be attached to the Application Form.

All communication and payments shall be made by the Fund in the name of and favouring the first/ sole applicant. In case of applications made in joint names without indicating the mode of holding, mode of holding will be deemed as 'Joint' and processed accordingly.

In case an investor opts to hold the Units in demat form, the applicant(s) details mentioned in **Section 3**, should be the same as appearing in demat account held with a Depository Participant.

b. **In accordance with SEBI Circular No. CIR/MIRSD/13/2013 dated December 26, 2013, the additional details** viz. Occupation details, Gross Annual Income/networth and Politically Exposed Person (PEP)* status mentioned under section 5 which was forming part of uniform KYC form will now be captured in the application form of the Fund. Also, the detail of nature of services viz. Foreign Exchange/Gaming/Money Lending, etc., (applicable for first/sole applicant) is required to be provided as part of Client Due Diligence (CDD) Process of the Fund.

The said details are mandatory for both Individual and Non Individual applicants.

**Politically Exposed Persons" (PEPs) are individuals who have been entrusted with prominent public functions by a foreign country, including the heads of States or Governments, senior politicians, senior government or judicial or military officers, senior executives of state-owned corporations and important political party officials. PEPs shall include the family members or close relatives / associates of PEPs.*

c. **Accounts of Minors**

The minor shall only be the sole Unit holder in a folio. Joint holding is not allowed. Details of the natural parent viz., father or mother or court appointed legal Guardian must be mentioned for investments made on behalf of a minor.

Date of birth of the minor along with photocopy of supporting documents (i.e. Birth certificate, School leaving certificate / Mark sheet issued by Higher Secondary Board of respective states, ICSE, CBSE etc., Passport, or any other suitable proof evidencing the date of birth of the minor) should be provided while opening the folio. In case of a natural parent, documents evidencing the relationship of the natural parent with the minor, if the same is not available as part of the documents mentioned above should be submitted. In case of court appointed legal guardian, supporting documentary evidence should be provided.

Further, in case of SIP/STP/SWAP registration requests received on/after April 1, 2011, the Mutual Fund/ the AMC will register SIP/STP/SWAP in the folio held by a minor only till the date of the minor attaining majority, even though the instructions may be for a period beyond that date.

The folio(s) held on behalf of a minor Unit holder shall be frozen for operation by the natural parent/legal guardian on the day the minor attains majority and no transactions henceforth shall be permitted till requisite documents evidencing change of status from 'minor' Unit holder are received.

Investments (including through existing SIP registrations) in the name of minors shall be permitted only from bank account of the minor, parent or legal guardian of the minor or from a joint account of the minor with the parent or legal guardian. It is reiterated that the redemption/ Income Distribution cum Capital Withdrawal (IDCW) proceeds for investments held in the name of Minor shall continue to be transferred to the verified bank account of the minor (i.e. of the minor or minor with parent/ legal guardian) only. Therefore, investors must ensure to update the folios with minor's bank account details as the 'Pay-out Bank account' by providing necessary documents before tendering redemption requests / for receiving IDCW distributions.

d. **Details under FATCA & CRS:** The Central Board of Direct Taxes has notified Rules 114F to 114H, as part of the Income tax Rules, 1962, which require Indian financial institutions to seek additional personal, tax and beneficial owner information and certain certifications and documentation from all our unit holders. In relevant cases, information will have to be reported to tax authorities / appointed agencies. Towards compliance, we may also be required to provide information to any institutions such as withholding agents for the purpose of ensuring appropriate withholding from the folio(s) or any proceeds in relation thereto. Should there be any change in any information provided by you, please ensure you advise us promptly, i.e., within 30 days. Please note that you may receive more than one request for information if you have multiple relationships with us or our group entities. Therefore, it is important that you respond to our request, even if you believe you have already supplied any previously requested information. If you have any questions about your tax residency, please contact your tax advisor. Further if you are a Citizen or resident or green card holder or tax resident other than India, please include all such countries in the tax resident country information field along with your Tax Identification Number or any other relevant reference ID/ Number. If no TIN is yet available or has not yet been issued, please provide an explanation and attach this to the form.

e. **Who cannot invest?**

1. United States Person (U.S. person*) as defined under the extant laws of the United States of America, except the following:

a. NRIs/ PIOs may invest/ transact, in the Scheme, when present in India, as lump sum subscription, redemption and/ or switch transaction, including registration of systematic transactions only through physical form and upon submission of such additional documents/ undertakings, etc., as may be stipulated by AMC/ Trustee from time to time and subject to compliance with all applicable laws and regulations prior to investing in the Scheme.

b. FPIs may invest in the Scheme as lump sum subscription and/ or switch transaction (other than systematic transactions) through submission of physical form in India, subject to compliance with all applicable laws and regulations and the terms, conditions, and documentation requirements stipulated by the AMC/Trustee from time to time, prior to investing in the Scheme.

The Trustee/AMC reserves the right to put the transaction requests received from such U.S. person on hold/reject the transaction request/redeem the units, if allotted, as the case may be, as and when identified by the AMC that the same is not in compliance with the applicable laws and/or the terms and conditions stipulated by Trustee/AMC from time to time. Such redemptions will be subject to applicable taxes and exit load, if any.

The physical application form(s) for transactions (in non-demat mode) from such U.S. person will be accepted ONLY at the Investor Service Centres (ISCs) of HDFC Asset Management Company Limited (HDFC AMC). Additionally, such transactions in physical application form(s) will also be accepted through Distributors and other platforms subject to receipt of such additional documents/undertakings, etc., as may be stipulated by AMC/ Trustee from time to time from the Distributors/Investors.

INSTRUCTIONS (Contd.)

2. Residents of Canada;
3. Investor residing in any Financial Action Task Force (FATF) designated High Risk jurisdiction.

*The term "U.S. person" means any person that is a U.S. person within the meaning of Regulation S under the Securities Act of 1933 of U.S. or as defined by the U.S. Commodity Futures Trading Commission or as per such further amended definitions, interpretations, legislations, rules etc, as may be in force from time to time.

f. Investments by FPIs:
Foreign Portfolio Investors (FPIs) may invest in mutual fund units as per the regulations / laws applicable to them from time to time. As per the extant regulations, FPIs must hold and deal in securities only in demat mode and only through SEBI registered stock brokers.

4. Bank Details

A. Bank Account Details (For redemption/ IDCW if any):

An investor at the time of purchase of units must provide the details of the pay-out bank account (i.e. account into which redemption/ IDCW proceeds are to be paid) in **Section 8** in the Application Form. The same is mandated to be provided under SEBI Regulations.

In case pay-out bank account is **different** from pay-in bank account mentioned under **Section 9** in the Application Form, the investor subscribing under a new folio is required to submit **any one** of following as a documentary proof alongwith the application form validating that **pay-out bank account** pertain to the sole / first Applicant. In case of folios held on behalf of a minor, the pay out bank account should be held in the name of the minor or minor with guardian in the folio. Once the bank account is registered in the folio, it can be used for both pay-out and pay-in purposes.

- (i) Cancelled **original** cheque leaf of the pay-out bank account (where the account number and first applicant name is printed on the face of the cheque). Applicants should without fail cancel the cheque and write 'Cancelled' on the face of it to prevent any possible misuse;
- (ii) Self attested copy of the bank pass book or a statement of bank account with current entries not older than 3 months having the name and address of the first applicant and account number;
- (iii) A letter from the bank on its letterhead certifying that the applicant maintains an account with the bank, the bank account information like bank account number, bank branch, account type, the MICR code of the branch & IFSC Code (where available).

7. Mode of Payment :

■ Pay-In Bank Account

An investor at the time of his/her purchase of units must provide the details of his / her pay-in bank account (i.e. account from which a subscription payment is being made) in Section 10 in the Application Form. In case of minors, subscription payment must be made from a bank account of the minor / minor with guardian in the folio. Please write Cheque/ DD/ Payment Instrument in favour of 'the Specific Scheme A/c PAN' or 'the Specific Scheme A/c Investor Name'.

■ Resident Investors

- (a) For Investors having a bank account with HDFC Bank Limited or such banks with whom the AMC may have an arrangement from time to time:

Payment may be made for subscription to the Units of the Scheme either by issuing a cheque drawn on such banks or by giving a debit mandate to their account with a branch of HDFC Bank Limited situated at the same location as the ISC or such other banks with whom the AMC may have an arrangement from time to time.

- (b) For other Investors not covered by (a) above:

Payment may be made by cheque or bank draft drawn on any bank, which is a member of the Bankers' Clearing House and is located at the place where the application is submitted. No money orders, post-dated cheques [except through Systematic Investment Plan (SIP)] and postal orders will be accepted. Bank charges for outstation demand drafts will be borne by the AMC and will be limited to the bank charges stipulated by the State Bank of India. Outstation Demand Draft has been defined as a demand draft issued by a bank where there is no ISC available for Investors.

The AMC will not accept any request for refund of demand draft charges

■ NRIs, PIOs, OCIls, FPI

- In the case of NRIs/PIOs/OCIs, payment may be made either by inward remittance through normal banking channels or out of funds held in the NRE / FCNR in the case of Purchases on a repatriation basis or out of funds held in the NRE / FCNR / NRO account, in the case of Purchases on a non-repatriation basis
- FPIs shall pay their subscription either by inward remittance through normal banking channels or out of funds held in Foreign Currency Account or Special Non-Resident Rupee Account maintained by the FPI with a designated branch of an authorised dealer.
- In case, the Indian rupee drafts are purchased abroad or payment instrument does not indicate the type of account viz. FCNR or NRE accounts from which the same is issued, an account debit certificate from the Bank issuing the Indian rupee draft confirming the debit and/or foreign inward remittance certificate (FIRC) by Investor's banker, as the case may be, shall also be enclosed.

In order to prevent frauds and misuse of payment instruments, the investors are mandated to make the payment instrument i.e. cheque, demand draft, pay order, etc. favouring either of the following given below and crossed "Account Payee only". Investors are urged to follow the order of preference in making the payment instrument favouring as under:

1. "the Specific Scheme A/c Permanent Account Number"
2. "the Specific Scheme A/c First Investor Name"

e.g. The cheque should be drawn in favour of "HDFC Large Cap Fund A/c ABCDE1234F" OR "HDFC Large Cap Fund A/c Bhavesh Shah". A separate cheque or bank draft must accompany each Scheme / each Plan. Returned cheque(s) are liable not to be presented again for collection, and the accompanying Application Form is liable to be rejected. In case the returned cheque(s) are presented again, the necessary charges are liable to be debited to the Investor.

■ Subscription through RTGS/NEFT:

The investor has to place a RTGS / NEFT request with his bank from where the funds are to be paid and submit the bank acknowledged copy of request letter with the application form and mention on the application form the UTR (Unique Transaction Reference) Number which is generated for their request by the bankE

RTGS/NEFT request is subject to the RBI regulations and guidelines governing the same. The AMC/Fund shall not be liable for any loss arising or resulting from delay in credit of funds in the Fund/Scheme collection account.

8. E-mail Communication

Investors should ensure that the email id provided is that of First /Sole holder or of their Family member. Family means spouse, dependent children, Dependant Sibling or dependent parents. This email address and mobile no. provided shall be registered in the folio for all communications. In case, this section is left blank, the email id and mobile no. of the First / Sole Holder available in the KYC records shall be registered in the folio.

If the AMC / RTA finds that the email address / mobile number provided may not be of the actual investor or the same appears incorrect / doubtful, the AMC / RTA may not capture / update such email address / mobile number in the folio. In such case they will intimate the investor to provide the correct email address / mobile number through a KYC change request form or other permissible mode.

Provision of email address, will be treated as your consent to receive, Allotment confirmations, consolidated account statement/account statement, annual report/abridged summary and any statutory / other information as permitted via electronic mode /email. These documents shall be sent physically in case the Unit holder opts/request for the same. Should the Unit holder experience any difficulty in accessing the electronically delivered documents, the Unit holder shall promptly intimate the Fund about the same to enable the Fund to make the delivery through alternate means. It is deemed that the Investor is aware of all security risks including possible third party interception of the documents and contents of the documents becoming known to third parties.

The AMC / Trustee reserve the right to send any communication in physical mode.

9. Mode of Payment of Redemption / IDCW Proceeds-via Direct Credit / NEFT / RTGS / etc.

• Real Time Gross Settlement (RTGS)/National Electronic Funds Transfer (NEFT)

The AMC provides the facility of 'Real Time Gross Settlement (RTGS)' and 'National Electronic Funds Transfer (NEFT)' offered by Reserve Bank of India (RBI), which aims to provide credit of redemption and Payout of IDCW (if any) directly into the bank account of the Unit holder maintained with the banks (participating in the RTGS/ NEFT System).

NEFT is electronic fund transfer modes that operate on a deferred net settlement (DNS) basis which settles transactions in batches. Contrary to this, in RTGS, transactions are processed continuously throughout the RTGS business hours. The minimum amount to be remitted through RTGS is Rs. 2 lakhs. There is no upper ceiling for RTGS transactions. No minimum or maximum stipulation has been fixed for NEFT transactions.

Unit holders can check the list of banks participating in the RTGS / NEFT System from the RBI website i.e. www.rbi.org.in or contact any of our Investor Service Centres. However, in the event of the name of Unit holder's bank not appearing in the 'List of Banks participating in RTGS / NEFT updated on RBI website www.rbi.org.in, from time to time, the instructions of the Unit holder for remittance of redemption/ IDCW (if any) proceeds via RTGS / NEFT System will be discontinued by Fund / AMC without prior notice to the Unit holder and the payouts of redemption / IDCW (if any) proceeds shall be effected by sending the Unit holder(s) a cheque / demand draft.

For more details on RTGS / NEFT or for frequently asked questions (FAQs) on RTGS / NEFT, Unit holders are advised to visit the RBI website www.rbi.org.in/Fund website www.hdfcfund.com

• Direct Credit

The AMC has entered into arrangements with eleven banks to facilitate direct credit of redemption and IDCW proceeds (if any) into the bank account of the respective Unit holders maintained with any of these banks. These banks are: Axis Bank Ltd., Citibank N.A., Deutsche Bank AG, HDFC Bank Limited, The Hongkong and Shanghai Banking Corporation, ICICI Bank Limited, IDBI Bank Limited, Kotak Mahindra Bank Ltd., Standard Chartered Bank and YES Bank Limited. The list of banks is subject to change from time to time.

In the absence of a specific request from the Unit holder exercising their choice of the mode of payment offered by the Fund from time to time, the payment of redemption / IDCW proceeds shall be effected via the RTGS / NEFT mechanism only.

Where this payment mode is not feasible / available, the payment of such proceeds will be made by DC as may be feasible.

Unitholders are advised to opt for the NEFT / RTGS, as it helps in avoiding loss of IDCW/ redemption warrant in transit or fraudulent encashment. **Please update your IFSC Code in order to get payouts via electronic mode in to your bank account.**

The AMC / Fund shall not be held liable for any losses/ claims, etc. arising on account of processing the direct credit or credit via RTGS/NEFT of redemption/ IDCW proceeds on the basis of Bank Account details as provided by the Unit holder in the Application Form.

In case of unforeseen circumstances, the AMC/Fund reserves the right to issue a demand draft/ remittance through electronic modes, if relevant details are available in investor's folio / KYC records.

Any charges levied by the investor's bank for receiving payment through electronic mode will be borne by the investor. The Mutual Fund / AMC will not accept any request for refund of such bank charges.

AMC reserves the rights to change the payout mode from cheque/ demand draft to electronic credit OR vice versa in case such a situation arises requiring the need for this conversion in payout mode to ensure faster payment.

• Mode of Payment for Unit holders holding Units in Demat form

Investors will receive their redemption payout/ IDCW proceeds directly into their bank accounts linked to the demat accounts. Please ensure to furnish the Bank Account details under **Section 9**. For investors, who have invested through the offline mode and subsequently dematerialized the units, Investors will receive their redemption/Payout of IDCW directly into the bank account registered with their demat account ONLY irrespective of the account registered with us at the time of offline application.

10. ELECTRONIC SERVICES (eServices)

In order to transact online, all investors must create User ID and password themselves. For individuals (sole holders), the online access will automatically be enabled once folio is created. However, non individuals and individuals with mode of holding as Joint, investors will be able to create User id and Password only if they have applied for online access in the application form and the same has been enabled after folio creation upon receipt of all required valid documents.

The **eServices** facility includes **HDFCMFOnline Investors**, a Unitholder's transaction portal. The AMC/Fund may at its sole discretion offer/discontinue any and/or all of the **eServices** facilities offered to any Unitholder in the event the facility is restricted under the applicable jurisdictional laws of such Unitholder.

HDFCMFOnline Investors

The Fund's website www.hdfcfund.com offers this facility to enable Unitholders to execute purchases, redemptions, switches, Systematic transactions, Rollover, Change IDCW option, Transfer IDCW plan, add/update Nominee details, add/delete bank details, update contact details, In addition, a Unitholder can seek various details, view his portfolio's valuation, download various statements, request for documents and avail such other services as may be introduced by the Fund from time to time. **HDFCMFOnline Investors** is also available as an app on mobile devices. Unitholders can have access by downloading the app.

Alerts

This facility enables the Unit holder to receive SMS/ email / WhatsApp/ other electronic / notifications/ confirmations for purchase, redemption, SIP, switch, IDCW declaration details and other alerts.

For further details and the terms and conditions applicable for availing **eServices**, please visit our website www.hdfcfund.com

11. Unit Holding Option

Investors' are provided two options to hold their Units viz. Physical mode and Demat mode. For units in Physical mode (non-demat), an account statement will be issued. For Units held in demat mode, Units shall be directly credited to the investor's demat account after the realization of payment funds and depositories will issue a statement. Demat facility is not available in case of units offered under the Daily/Weekly/Fortnightly IDCW Option(s). Please refer to the list of all the schemes/ plans/ options on the website of the Fund, viz. www.hdfcfund.com which offer the facility of holding the units in demat mode.

Investors desiring to get allotment of units in demat mode must have a beneficiary account with a Depository Participant (DP) of the Depositories i.e. National Securities Depositories Limited (NSDL) / Central Depository Services Limited (CDSL).

If PAN is not mentioned by applicants, the application is liable to be rejected. Investors may attach a copy of the Client Master Form / DP statement showing active demat account details for verification.

Names, mode of holding, PAN details, etc. of the Investor will be verified against the Depository data. The units will be credited to the beneficiary (demat) account only after successful verification with the depository records and realization of payment. In case the demat details mentioned in the application are incomplete/incorrect or do not match with the depository data, the application shall be treated as invalid for processing under demat mode and therefore may be considered for processing in non-demat form i.e. in physical mode if the application is otherwise valid.

INSTRUCTIONS (Contd.)

All details such as address, bank details, nomination etc. will be applicable as available in the depositaries' records. For effecting any subsequent changes to such information, Investors should approach their DP. Redemption requests for units held in demat mode must be submitted to DP or through Stock Exchange Platform, as applicable. **Account statement (CAS) for units held in demat mode will be issued only by NSDL / CDSL.**

Holding / transacting of units held in demat mode shall be in accordance with the procedures / requirements laid down by the Depositories, viz. NSDL / CDSL in accordance with the provisions under the Depositories Act, 1996 and the regulations thereunder.

12. Signatures

Signature(s) should be in English or in any Indian Language. Applications on behalf of minors should be signed by their natural parent/legal Guardian. In case of a HUF, the Karta should sign the Application Form on behalf of the HUF.

In case of an application through a constituted Attorney, the Power of Attorney should be signed by the investor and the constituted Attorney. The Application Form should be signed in such cases by such constituted Attorney.

16. Nomination shall stand rescinded upon the transfer of units.
17. Transmission of units in favour of a Nominee shall be valid discharge by the asset management company/ Mutual Fund / Trustees against the legal heir(s).
18. The nomination will be registered only when this form is completed in all respects to the satisfaction of the AMC.
19. In respect of folios/accounts where the Nomination has been registered, the AMC will not entertain any request for transmission / claim settlement from any person other than the registered nominee(s), unless so directed by any competent court.

**Joint Accounts:

Event	Transmission of Account/ Folio to
Demise of one or more joint holder(s)	Surviving holder(s) through name deletion. The surviving holder(s) shall inherit the assets as owners.
Demise of all joint holders simultaneously - having nominee	Nominee
Demise of all joint holders simultaneously - not having nominee	Legal heir(s) of the youngest holder

Transmission aspects

- Upon demise of the investor, the nominees shall have the option to either continue as joint holders with other nominees or for each nominee(s) to open separate single account / folio.
- In case all your nominees do not claim the assets from the AMC / DP, then the residual unclaimed asset shall continue to be with the AMC in case of MF units and with the concerned Depository in case of Demat account.
- Nominee(s) shall extend all possible co-operation to transfer the assets to the legal heir(s) of the deceased investor. In this regard, no dispute shall lie against the AMC / DP.
- Death of Nominee/s: In the event of the nominee(s) pre-deceasing the unitholder(s), the unitholder/s is/are advised to make a fresh nomination soon after the demise of the nominee. The nomination will automatically stand cancelled in the event of the nominee(s) pre-deceasing the unitholder(s). In case of multiple nominations, if any of the nominee is

deceased at the time of death claim settlement, the said nominee's share will be distributed on pro-rata basis (as illustrated below) amongst the surviving nominees. Nominee's legal heir cannot claim the assets on behalf of deceased Nominee(s).

% share as specified by investor at the time of nomination		% assets to be apportioned to surviving nominees upon demise of investor and nominee 'A'			
Nominee	% share	Nominee	% initial share	% of A's share to be apportioned	Total % share

B	30%	B	30%	45%	75%
C	10%	C	10%	15%	25%
Total	100%	-	40%	60%	100%

14. Permanent Account Number

SEBI has made it mandatory for all applicants (in the case of application in joint names, each of the applicants) to mention the permanent account number (PAN) irrespective of the amount of investment [Except as given below]. Where the applicant is a minor, and does not possess his / her own PAN, he / she shall quote the PAN of his/ her natural parent/legal guardian, as the case may be. However, PAN is not mandatory in the case of Central Government, State Government entities and the officials appointed by the courts e.g. Official liquidator, Court receiver etc (under the category of Government) for transacting in the securities market. PAN card copy is not required separately if KYC acknowledgement letter is made available with PAN number. The Fund reserves the right to ascertain the status of such entities with adequate supporting documents. Applications not complying with the above requirement may not be accepted/processed.

No Redemption and related transaction(s) will be processed, in case PAN is not updated in the folios. Accordingly, such unitholders will have to submit the redemption and related transactions along with a self-attested copy of PAN, for all the jointholders. Such request will be processed only after successful validation of the PAN with the Income Tax Department's portal. If the PAN validation fails, or if the request is not accompanied with a copy of the PAN card, such request will not be processed. Such Unitholders will have to resubmit the transaction request along with self-attested copy of valid PAN card.

For further details, please refer Section 'Permanent Account Number' under Statement of Additional Information available on our website www.hdfcfund.com

• PAN Exempt Investments

SEBI vide its circular dated July 24, 2012 has clarified that investments in mutual funds schemes (including investments in SIPs) of upto Rs.50,000 per investor per year across all schemes of the Fund shall be exempt from the requirement of PAN. Accordingly, individuals (including Joint Holders who are individuals, NRIs but not PIOs, Minors) and Sole proprietary firms who do not possess a PAN ("Eligible Investors") are exempt from submission of PAN for investments upto Rs.50,000 in a rolling 12 month period or in a financial year i.e. April to March. However, Eligible Investors are required to undergo Know Your Customer (KYC) procedure with any of the SEBI registered KYC Registration Authorities (KRA). Eligible Investors must quote PAN Exempt KYC Reference Number (PEKRN) issued by the KRA under the KYC acknowledgement letter in the application form and submit a copy thereof along with the application form. In case the applicant is a minor, PAN /PEKRN details of the Guardian shall be submitted, as applicable. Eligible Investors (i.e. the First Holder) must not possess a PAN at the time of submission of application form. Eligible investors must hold only one PEKRN issued by any one of the KRAs.

If an application for investment together with investments made in a rolling 12 month period or in a financial year exceeds Rs.50,000, such an application will be rejected.

Fresh / Additional Purchase and Systematic Investment Plans will be covered in the limit of Rs.50,000. Investors may switch their investments to other Schemes. However, if the amount per switch transaction is Rs.50,000 or more, in accordance with the extant Income Tax rules, investors will be required to furnish a copy of PAN to the Mutual Fund.

The detailed procedures / requirements for accepting applications shall be as specified by the AMC/Trustee from time to time and their decision in this behalf will be final and binding.

* HUFs and other categories are not eligible for such investments.

15. Prevention of Money Laundering

SEBI vide its Master circular on Anti Money Laundering (AML) Standards/ Combating the Financing of Terrorism (CFT)/Obligations of Securities Market Intermediaries under the Prevention of Money Laundering Act, 2002' dated December 31, 2010 as amended from time to time mandated that all intermediaries including Mutual Funds should formulate and implement a proper policy framework as per the guidelines on anti money laundering measures and also to adopt a Know Your Customer (KYC) policy.

The Investor(s) should ensure that the amount invested in the Scheme is through legitimate sources only and does not involve and is not designated for the purpose of any contravention or evasion of the provisions of the Income Tax Act, Prevention of Money Laundering Act (PMLA), Prevention of Corruption Act and / or any other applicable law in force and also any laws enacted by the Government of India from time to time or any rules, regulations, notifications or directions issued thereunder.

To ensure appropriate identification of the Investor(s) and with a view to monitor transactions for the prevention of money laundering, the AMC/ Fund reserves the right to seek information, record investor's telephone calls and or obtain and retain documentation for establishing the identity of the Investor(s), their beneficial ownership, proof of residence, source of funds, etc. It may re-verify identity and obtain any incomplete or additional information for this purpose.

The Fund, AMC, Trustee and their Directors, employees and agents shall not be liable in any manner for any claims arising whatsoever on account of freezing the folios/rejection of any application / allotment of Units or mandatory redemption of Units due to non compliance with the provisions of the PMLA, SEBI/AMFI circular(s) and KYC policy and / or where the AMC believes that transaction is suspicious in nature within the purview of the PMLA and SEBI/AMFI circular(s) and reporting the same to FIU-IND.

For further details, please refer Section 'Prevention of Money Laundering' under the Statement of Additional Information available on our website www.hdfcfund.com

INSTRUCTIONS (Contd.)

16. Know Your Customer (KYC) Compliance

a. KYC registered under KYC Registration Agency (KRA):

Units held in account statement (non-demat) form

It is mandatory for the Investors to quote the KYC Compliance Status of each applicant (guardian in case of minor) in the application and attach proof of KYC Compliance viz. KYC Acknowledgement Letter for all purchases/ switches/ redemptions/ registrations for Systematic Investment Plan (SIP)/ Systematic Transfer Plan (STP)/Flex STP/ Flexindex Plan/ Transfer of IDCW Plan ("TIP Facility"). Applicants intending to apply for units through a Power of Attorney (PoA) must ensure that the issuer of the PoA and the holder of the PoA must mention their KYC Compliance Status and attach proof of KYC Compliance at the time of investment. For cases where the KYC status is 'Under Process' / 'In-Progress', AMC may accept the subscription/switch transactions and process the same, but keep the units 'on hold' from any further transactions till KYC status is 'Verified'.

SEBI has introduced a common KYC Application Form for all the SEBI registered intermediaries. New investors are therefore requested to use the common KYC Application Form and carry out the KYC process including In-Person Verification (IPV) with any SEBI registered intermediaries including mutual funds. The KYC Application Forms are also available on our website www.hdfcfund.com. Existing KYC compliant investors of the Fund can continue the practice of providing KYC Acknowledgement Letter/ Printout of KYC Compliance Status downloaded from CDSL Ventures Ltd. (CVL) website (www.cvlindia.com) using the PAN at the time of investment.

Once the investor has done KYC with any SEBI registered intermediary, the investor need not undergo the same process again with the Fund. However, the Fund reserves the right to carry out fresh KYC of the investor in its discretion.

Units held in electronic (demat) form

For units held in demat form, the KYC performed by the Depository Participant of the applicants will be considered as KYC verification done by the Trustee / AMC. In the event of non compliance of KYC requirements, the Trustee/AMC reserves the right to freeze the folio of the investor(s) and effect mandatory redemption of unit holdings of the investors at the applicable NAV, subject to payment of exit load, if any.

For further details, please refer Section 'Know Your Customer (KYC) Compliance' under Statement of Additional Information available on our website www.hdfcfund.com

b. Central KYC Records Registry (CKYCR):

The Government of India vide their Notification dated November 26, 2015 authorised the Central Registry of Securitisation Asset Reconstruction and Security Interest of India (CERSAI) to act as and to perform the functions of the Central KYC Records Registry under the said rules, including receiving, storing, safeguarding and retrieving the KYC records under the Prevention of Money-Laundering Act, 2002. SEBI required all the market intermediaries to update/upload KYC details of the **new customer/investors (not KYC-KRA compliant)** on CERSAI's online platform. CERSAI is a centralized repository of KYC records of customers/investors in the financial sector with uniform KYC norms and inter-usability of the KYC records across the sector with an objective to reduce the burden of producing KYC documents and getting those verified every time when the customer/investors creates a new relationship with a financial entity. Central KYC (CKYCR) will

store all the customer/investor information at one central server that is accessible to all the financial institutions. After opening a KYC account under the CKYCR, customer/investor will get a 14-digit identification number ("KYC Number") and that the same may be quoted by the investor wanting to invest in mutual funds. Further, the Mutual Fund/AMC is required to check whether the PAN of the investor has been updated in CKYCR. In case the PAN has not been updated, the Mutual Fund/AMC shall collect a self certified copy of the investor's PAN card and update/upload the same in CKYCR.

In case the Investor uses the old KRA KYC form for updating of any KYC information, such investor shall be required to provide additional/missing information only by using the supplementary CKYC form or fill the new "CKYC form".

17. Ultimate Beneficial Owners(s)

Pursuant to SEBI Master Circular on Anti Money Laundering (AML) Standards/ Combating the Financing of Terrorism (CFT)/Obligations of Securities Market Intermediaries under the Prevention of Money Laundering Act, 2002' dated December 31, 2010 as amended from time to time, Guidelines on identification of Beneficial Ownership issued by SEBI vide its Circular No. CIR/MIRSD/2/2013 dated January 24, 2013 and other circulars issued from time to time, investors (other than individuals) are required to provide details of '**Ultimate Beneficial Owner(s) (UBO(s))**'. In case the investor or owner of the controlling interest is a company listed on a stock exchange or is a majority owned subsidiary of such a company, the details of shareholders or beneficial owners are not required to be provided.

Non-individual applicants/investors are mandated to provide the details on '**Ultimate Beneficial Owner(s) (UBO(s))**' by filling up the declaration form for '**Ultimate Beneficial Ownership**'. Please contact the nearest Investor Service Centre (ISC) of HDFC Mutual Fund or log on to '**Investor Corner**' section on our website www.hdfcfund.com for the Declaration Form

18. CONSENT FOR TELEMARKETING

HDFC AMC shall treat this as an explicit consent by the Unit Holder(s) to send promotional information/ material to the mobile number(s)/ email id provided by the Unit Holder(s) in this Application Form and such consent shall supersede all the previous consents/ registrations by the Unit Holder(s) in this regard. If you do not wish to receive such promotional information/ materials, please write to us at hello@hdfcfund.com or submit a written application at any of the Investor Service Centres (ISC) of the Fund. Please quote your PAN and folio number(s) while communicating with us to help you serve better.

19. ONLINE DISPUTE REDRESSAL MECHANISM

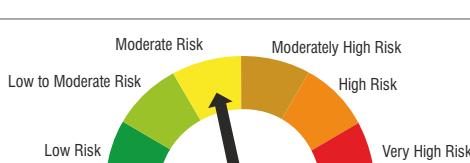

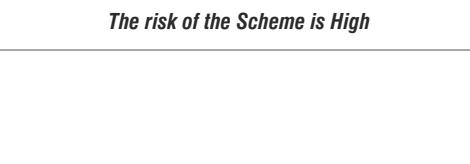

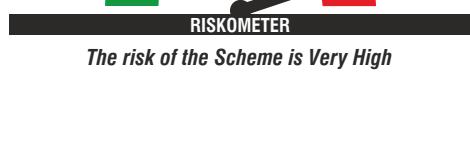

In accordance with SEBI Circular No. SEBI/HO/OIAE/OIAE_IAD-1/P/CIR/2023/145 dated July 31, 2023 (updated on August 4, 2023) ("the Circular"), all disputes between institutional or corporate clients and AMC can be resolved, at the option of the institutional or corporate clients:

- in accordance with the circular and by harnessing online conciliation and/or online arbitration as specified in this circular; OR
- by harnessing any independent institutional mediation, conciliation and/or online arbitration institution in India.

Thus, institutional/corporate clients have to exercise their option under Section 12.

Terms and Conditions and Instructions

For detailed terms and conditions on SIP, including for OTM facility, please visit our website www.hdfcfund.com and also refer to scheme related documents.

- Where a onetime mandate is already registered in a folio for a bank account, the Unit Holder(s) will have to fill only the SIP Registration Form and there is no need of a separate cheque to be given along with the SIP Registration Form.
- The total of all installments in a day should be less than or equal to the amount as mentioned in One Time Mandate already registered or submitted, if not registered.
- Where the mandate form and the SIP registration form are submitted together, debits for the SIP may happen only on successful registration of the mandate by the Unit holder(s) bank. The Fund / AMC would present the SIP transactions without waiting for the confirmation of the successful registration from the Unit holder(s) bank.
- In case the onetime mandate is successfully registered, new SIP registration will take upto five days. The first debit may happen any time thereafter, based on the dates opted by the Unit holder(s).
- While the Fund and RTA reserve the right to enhance the SIP period to ensure minimum installments as per respective scheme offer documents, even if the investor has submitted the form late or requested for a period less than minimum installments, they may reject the applications for less than minimum installments.
- If start date for SIP period is not specified, SIP will be registered to start anytime from a period after five days from the date of receipt of application based on the SIP date available / mentioned, subject to mandate being registered.
- In case both SIP end date and no. of installments are mentioned in the SIP application for daily & weekly frequency then SIP shall get registered as per the no. of installments provided.
- If any time during the SIP period, the onetime mandate is to be modified to reduce the validity period which is more than SIP end period registered through OTM, investor should first cancel the SIP and thereafter modify the OTM end period.
- In case of Micro SIP application without PAN, the investor/s hereby declare that they do not have any existing Micro SIPs with HDFC Mutual Fund which together with the current application will result in aggregate investments exceeding Rs. 50,000 in a year.
- In case the selected date falls on a Non-Business Day or on a date which is not available in a particular month, the SIP will be processed on the immediate next business day/date.
- For SIPs through OTM, the maximum per installment amount after Top-Up shall not exceed Rs. 5 lakhs or the maximum amount mentioned in OTM form, whichever is less.
- The Top-up details cannot be modified once enrolled. In order to make any changes, the investor needs to cancel the existing SIP and enroll for a fresh SIP with Top-up option.
- HDFC Mutual Fund or the AMC, its registrars and other service providers are not responsible if the registration and subsequent transaction are delayed or not effected or the investor's bank account is debited in advance or after the specific SIP date due to local holidays or any other reason.
- Investors are deemed to have read and understood the terms and conditions of OTM Facility and SIP facility in the Scheme Information Document, Statement of Additional Information, Key Information Memorandum, Instructions and Addenda issued from time to time of the respective Scheme(s) of HDFC Mutual Fund.

The Enrolment Form should be submitted atleast 21 days before the first date ^ for NACH/ Direct Clearing/ Direct Debit/ Standing Instruction.
If the start period is not mentioned, the chosen/Default date falling 15 days from submission date will be considered as the start date and will be registered from that date (eg. If the application is submitted on June 1 without indicating the start period then the SIP start date would be July 1).
In cases where D-SIP/W-SIP application is accompanied with fresh OTM mandates, the start date/day for D-SIP/W-SIP shall be 10 days after receipt of confirmation for registration of OTM from destination banks. Investors enrolling for D-SIP/W-SIP should select "As & when presented" as payment frequency in the OTM.
In case the D-SIP/W-SIP instalment is not debited on a particular day on account of system constraints, technical/operational issues/actions of other parties or any other circumstances beyond the control of HDFC AMC/Fund, such missed debits will not be re-initiated.
^ In case the auto debit start date/day as mentioned in the form does not satisfy this condition, the first date/day shall be rolled over to begin from the immediately following month (provided the roll over date/day does not exceed the maximum time gap of 90 days between the SIP submission date and first installment of SIP through NACH/Direct Clearing or Direct Debit/ Standing Instruction) and the end date/day shall accordingly get extended.
In case of auto cancellation, the below given uniform timeline for treating an SIP as closed / cancelled shall be adopted by all AMCs:

S No.	SIP Interval	No. of failed debit attempts prior to cancellation of SIP
1.	Daily	3
2.	Weekly, Fortnightly	3
3.	Monthly	3
4.	Bi-monthly, Quarterly or Longer interval SIPs	2

The AMC will send a communication to investor after 1st failed debit attempt, mentioning that the SIP will cease in case of 3 consecutive rejections and another communication after cancellation of SIP intimating the cancellation to the investor.

- SIP cancellation request will be processed within 2 working days from the submission of such request by the investor. However, it may be noted that any instalments for which debit instructions have already been sent to the investor's bank (for eg. 7 to 10 days in advance depending upon the mode of registration of the mandate) may continue to be processed. Investors should accordingly maintain sufficient balance in their bank account.
- SIP tenure can be registered up to a maximum of 40 years or as per the tenure of the mandate, whichever is earlier.

Terms and Conditions and Instructions

For detailed terms and conditions on Flex SIP, including for OTM facility, please visit our website www.hdfcfund.com and also refer to scheme related documents.

HDFC Flex Systematic Investment Plan ("Flex SIP"), a facility whereby investors can invest at predetermined intervals in the eligible schemes of the Fund, higher amount(s) determined by a formula linked to value of investments, to take advantage of market movements.

A. Flex SIP facility is currently available under growth option of open ended equity schemes and open ended hybrid schemes of the Fund (eligible schemes). The eligible schemes for Flex SIP investments are subject to change from time to time. Investors are requested to email us at hello@hdfcfund.com or visit our website www.hdfcfund.com or contact nearest Investor Service Centre (ISC) of the Fund for the updated list of eligible schemes.

B. a. The first Flex SIP installment will be processed for the fixed amount specified by the Unitholder in the enrolment form. The installment amount mentioned shall not exceed Rs. 1 Lakh. From the second installment onwards, the investment amount shall be computed as per the formula stated below:

- o Fixed amount to be invested per installment;
- o The amount determined by the formula: (fixed amount to be invested per installment X number of installments including the current installment) – market value of the investments through Flex SIP 2 business days prior to the SIP date.

c. At any given point in time, the subsequent Flex SIP installment amount determined by the above formula shall be capped at 2 times the first Flex SIP installment amount or Rs. 1,99,999/- whichever is lower. The installment amount shall be rounded off to nearest multiple of Re. 1/-.

d. The total amount invested during the tenure of the Flex SIP shall not exceed the total enrolment amount i.e. fixed amount per installment X total number of installments under the Flex SIP registration. Thus, the last installment will be adjusted accordingly.

C. **Illustration 1:** How would the Flex SIP installment be calculated?

Flex SIP Enrolment Details:

Scheme Name	:HDFC Large Cap Fund - Growth Option ("the Scheme")
Installment Date & Frequency of Flex SIP	:15th of every month (T)
Fixed Installment Amount	:Rs. 5000/-
Number of Installments	:36
Total Enrolment Amount	:Rs 5000 X 36 = Rs 1,80,000
Period	:January 2018 to December 2020

Calculation of Flex SIP installment amount for instance on the date of the fourth installment i.e. April 15, 2018 (T):

- Total units allotted upto the date of previous installment i.e. March 15, 2018 is assumed as 685.50;
- The NAV of the Scheme on April 13, 2018 (T-2) is assumed as Rs. 18/- per unit;
- Hence the market value of the investment in the Scheme on April 13, 2018 is Rs. 12,339 [685.50 X 18].

The installment amount will be calculated as follows:

Fixed amount specified at the time of enrolment	: Rs. 5,000/-
	or
As determined by the formula	: $[(5,000 \times 4) - 12,339.00] = \text{Rs. 7,661.00}$

whichever is higher

Hence, the installment amount on April 15, 2018 will be Rs. 7,661.00

Illustration 2: How would maximum Flex SIP installment be calculated?

Calculation of Flex SIP installment amount for instance on the date of the seventh installment i.e. July 15, 2018 (T):

- Total units allotted upto the date of previous installment i.e. June 15, 2018 is assumed as 1,558.675;
- NAV of the Scheme on July 13, 2018 (T-2) is assumed as Rs. 14/- per unit;
- Hence the market value of the investment as on July 13, 2018 is Rs. 21,821 [1558.675 X 14].

The installment amount will be calculated as follows:

Fixed amount specified at the time of enrolment	: Rs. 5,000/-
	or
As determined by the formula	: $[(5,000 \times 7) - 21,821.00] = \text{Rs. 13,179.00}$

whichever is higher; subject to 2 times the initial installment amount

Hence, the installment amount on July 15, 2018 amount will be Rs. 10,000/-

Thus this Flex SIP facility helps to buy more units when the NAVs are lower. HDFC Flex SIP in any manner whatsoever is not an assurance or promise or guarantee on part of HDFC Mutual Fund/ HDFC Asset Management Company Limited to the Unit holders in terms of returns or capital appreciation or minimization of loss of capital or otherwise.

Illustration 3: How would the total enrolment amount under Flex SIP be calculated?

As per the details of Flex SIP provided in the above illustration, the total enrolment amount for Flex SIP will be equal to Rs 1,80,000 (5000 X 36 months).

If the total amount invested in Flex SIP till the 34th month is Rs 1,77,000, then the 35th installment will be Rs. 3000

(Rs. 1,80,000 – Rs. 1,77,000) and the Flex SIP will cease.

Note: The dates in the illustrations above are assumed to be Business Days. The above illustrations are for understanding purpose only. The amount for subsequent installments (i.e. installments after the 1st installment) will be calculated based on the market value of the investment 2 days before the Installment date (T). However, the installment will be processed on SIP debit date subject to applicable NAV as per cut-off timing guidelines.

D. An investor has an option to choose from 5 Flex SIP tenures viz. 3 years, 5 years, 10 years, 15 years and 20 years. If a tenure is not chosen, 5 years shall be the default Flex SIP tenure.

E. The facility offers Monthly Flex Systematic Investment Plan (MFLEX) and Quarterly Flex Systematic Investment Plan (QFLEX) frequencies. In case the frequency is not indicated, Monthly frequency shall be treated as the Default Frequency.

	Schemes other than HDFC ELSS Tax Saver*	HDFC ELSS Tax Saver*
i) Minimum Amount per Installments		

MFLEX	Rs. 500/- and in multiples of Rs. 100/-	Rs. 500/- and in multiples of Rs. 500/-
QFLEX	Rs. 1,500/- and in multiples of Rs. 100/-	Rs. 1,500/- and in multiples of Rs. 500/-

*open-ended equity linked savings scheme with a lock-in period of 3 years.

F. SIP Top-Up is not available under Flex SIP.

G. Mode of Payment: Flex SIP shall be processed only through NACH mode.

Unitholders are requested to ensure that the amount mentioned in the OTM mandate shall be atleast 2 times the amount of fixed installment to be invested per installment.

H. In case, there is a reversal of any SIP installment due to insufficient balance or technical reasons, the balance installments under Flex SIP will be processed for the fixed installment amount specified by the unitholder at the time of enrolment.

I. In case there is a redemption/ switch-out of any units allotted under Flex SIP; the balance installments under Flex SIP will be processed for the fixed installment amount specified by the unitholder at the time of enrolment. However, in case of any errors in processing, particularly redemptions, by the Registrars and Transfer Agent, the same may be rectified and Flex-SIP may continue.

J. SIP cancellation request will be processed within 2 working days from the submission of such request by the. However, it may be noted that any instalments for which debit instructions have already been sent to the investor's bank (for eg. 7 to 10 days in advance depending upon the mode of registration of the mandate) may continue to be processed. Investors should accordingly maintain sufficient balance in their bank account.

TERMS AND CONDITIONS FOR SWAP

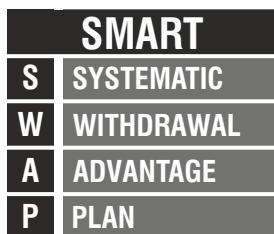

1. Systematic Withdrawal Advantage Plan (SWAP) is available to investors all open ended schemes (including Direct Plan thereunder) except ETFs. The SWAP Facility is available only for units held / to be held in Non - demat Mode in the eligible Scheme(s).
- The above Scheme(s) are subject to change from time to time. Please contact the nearest Investor Service Centre (ISC) of HDFC Mutual Fund for updated list.**
2. This enrolment form should be completed in **ENGLISH** and in **BLOCK LETTERS** only. Please tick in the appropriate box for relevant options wherever applicable. Please do not overwrite. For any correction / changes (if any) made on the application form, the sole/all applicants are requested to authenticate the same by canceling and re-writing the correct details and counter-signing the same. This enrolment form, complete in all respects, should be submitted at any of the Official Points of Acceptance of HDFC Mutual Fund. Incomplete enrolment form is liable to be rejected. **Redemption and related transaction(s) will not be allowed if PAN is not updated in the folios.**
3. Unitholders are advised to read the Scheme information Document of the respective Scheme(s) and Statement of Additional Information carefully.
4. New Investors who wish to enroll for SWAP are required to fill the SWAP enrolment form along with the Scheme Application Form. Existing unit holders should provide their Folio Number. Unitholders' details and mode of holding (single, jointly, anyone or survivor) will be as per the existing folio number details and would prevail over any conflicting information furnished in this form. Unitholders name should match with the details in the existing folio, failing which this application form is liable to be rejected.
5. **Unitholders must use separate 'SWAP' enrolment forms for different Schemes/Plans/Options.**
6. **In respect of amount withdrawn under SWAP, the Exit Load, if any, applicable to the Scheme/Plan as on the date of allotment of units in case of lumpsum investments and date of registration in case of units allotted under all Systematic Investment facilities i.e. all types of SIPs / STPs, shall be levied.**
7. Unit holder can avail of this facility by choosing any date of his/her preference as SWAP withdrawal date. In case the chosen date falls on a holiday or during a Book Closure period or on a date which is not available in a particular month, the immediate next Business Day will be deemed as the SWAP withdrawal date. In case no date is mentioned 25th will be considered as the Default Date. The amount withdrawn (subject to deduction of tax at source, if any) under SWAP by Redemption shall be converted into the specific Scheme / Plan Units at the NAV based prices as on the SWAP withdrawal date of month/quarter/ half-year/year, as applicable, and such Units will be subtracted from the Unit Balance of the Unit holders.
8. **Fixed Plan:**
 - i. Fixed Plan is available for Growth and IDCW Option.
 - ii. Fixed Plan is available for Monthly/ Quarterly /Half yearly / Yearly intervals. If the frequency is not mentioned Monthly Frequency will be considered as the default frequency.
 - iii. Unitholders under the Fixed Plan can redeem (subject to completion of lock-in/ pledge period, if any), under each Scheme/ Plan / Option as under:

For all schemes except HDFC ELSS Tax Saver, HDFC Liquid Fund and HDFC Overnight Fund - Rs. 100 and in multiples of Re.1 thereafter.

For HDFC ELSS Tax Saver, HDFC Liquid Fund and HDFC Overnight Fund - Rs. 500 and in multiples of Rs.100 thereafter.
- iv. The provision for 'Minimum Redemption Amount' specified in the respective Scheme Information Document will not be applicable for SWAP. e.g. the minimum redemption amount for HDFC MF Monthly Income Plan is Rs. 1,000. However, in case of SWAP, an investor may redeem his investments with the Scheme with minimum amount as specified in point no iii above.
- v. **Commencement date for Fixed Plan under SWAP is the date from which the first withdrawal will commence.**
- vi. The amount withdrawn under SWAP by Redemption shall be converted into the specific Scheme/Plan Units at the NAV based prices as on the SWAP withdrawal date and such Units will be subtracted from the Unit Balance of the Unitholders. In case these dates fall on a holiday or fall during a Book Closure period, the next Business Day will be considered for this purpose. If there is inadequate balance on the SWAP date, the SWAP will be processed for the balance units and SWAP will continue. If there is nil balance on the SWAP date, the SWAP will be automatically terminated and there will not be any further trigger.
- If you decide to opt for this facility, you should be aware that the withdrawals may take place from the principal amount invested.
- Example:** If the Unitholder decides to withdraw Rs. 3,000 every quarter and the appreciation is Rs. 2,500, then such redemption proceeds will comprise of Rs. 2,500 from the capital appreciation and Rs. 500 from the Unitholder's capital amount.
9. **Variable Plan:**
 - i. **Variable Plan is available for Growth Option only.**
 - ii. Variable Plan is available for Quarterly/ Half Yearly / Yearly intervals only. If frequency of Plan is not indicated Quarterly will be the Default Frequency.
 - iii. **Commencement date for variable Plan under SWAP is the date from which capital appreciation, if any, will be calculated till the first SWAP withdrawal date.** The capital appreciation, if any, will be calculated (subject to completion of lock-in/ pledge period, if any), from the commencement date of SWAP under the folio, till the first SWAP withdrawal date. Subsequent capital appreciation, if any, will be the capital appreciation* between the previous SWAP date** (where redemption has been processed and paid) and the next SWAP withdrawal date. Provided such capital appreciation is at least Rs. 300, on each withdrawal date. In case these dates fall on a holiday or fall during a Book Closure period, the next Business Day will be deemed as the SWAP withdrawal date. Capital appreciation, if any, in such cases will be calculated upto such deemed withdrawal date.

* In case of redemption, capital appreciation will be computed on the balance units post redemption.

** Date of additional purchase to calculate capital appreciation of units additionally purchased between two SWAP dates.
 - iv. Unitholders should note that in the event of there being no capital appreciation, no withdrawal / payment will be effected.
- Example: If the appreciation is Rs. 3,500 in the first quarter and Rs. 3,000 in the second quarter, the Unitholder will receive only the appreciation i.e. Rs. 3,500 in the first quarter and Rs. 3,000 in the second quarter.
- v. If there is nil balance on the SWAP date, the system will automatically cease the SWAP and there will not be any further trigger.
10. The Unitholder should submit the duly filled in SWAP Enrolment Form atleast 10 days before the first withdrawal date ^.
- ^ In case the SWAP start date as mentioned in the SWAP Enrolment Form above does not satisfy this condition, the first SWAP date shall be rolled over to begin from the immediately following Month /Quarter / Half Year / Year, as applicable.
11. Unitholders may change the amount of withdrawal, at any time by giving the ISC a written notice at least 10 days prior to the next withdrawal date. All details except the amount should match with existing registration.
12. SWAP facility may be terminated on receipt of a written notice from the Unitholder. Notice of such discontinuation should be received at least 10 days prior to the due date of the next withdrawal. SWAP will terminate automatically if all Units are liquidated or withdrawn from the folio or pledged or upon receipt of notification of death of the first named Unitholder.
13. The AMC at its sole discretion retains the right to close a folio if the outstanding balance, based on the Net Asset Value (NAV), falls below Rs. 500 due to Redemption or use of SWAP and the investor fails to invest sufficient funds to bring the value of the account upto Rs. 500 within 30 days after a written intimation in this regard is sent to the Unitholder.
14. **Bank Account for Payout:**
In order to protect the interest of Unitholders from fraudulent encashment of redemption / IDCW payment cheques, SEBI has made it mandatory for investors to provide their bank details viz. name of bank, branch, address, account type and number, etc. to the Mutual Fund. **Unitholders should note that redemption / withdrawal proceeds under the SWAP will be paid by forwarding a cheque or by directly crediting the Bank Account registered in the Scheme or as indicated in Section 5 of this form (depending on the mode of receipt of redemption/ IDCW proceeds chosen by the unitholders & registered in the Scheme) on the date of each withdrawal.** In case the Unitholder wishes to receive the redemption amount in a bank account which is not registered in the folio, then it is mandatory to first register the bank account by filling in the Multiple Bank Account Registration Form. Upon receipt of confirmation of registration of bank details in the folio, the investor needs to submit the SWAP enrolment form with the required bank details mentioned under Section 5. For further details, please contact any of the Investor Service Centres or visit our website www.hdfcfund.com
15. Units of HDFC ELSS Tax Saver cannot be redeemed / switched - out until completion of 3 years from the date of allotment of the respective units. Units of HDFC Children's Gift Fund and HDFC Retirement Savings Fund cannot be redeemed / switched - out till completion of lock-in period.
16. HDFC Mutual Fund / HDFC Asset Management Company Limited reserves the right to change / modify the terms and conditions of SWAP.

2. **Selection of option:** Investor has to select either REGISTRATION or CANCELLATION by ticking the appropriate box. In case no option or both the options are selected the application will be considered for REGISTRATION by default. To register SMART SWAP in more than one Scheme, please use separate forms.
3. **Specified Amount:** "Specified Amount" is the amount specified by the investor on which the "Percentage of Withdrawal per annum" will be applied. The Specified Amount shall not be less than Rs. 25,000/-, else the form is liable to be rejected.
4. **Percentage of Withdrawal per annum:** SMART SWAP amount per annum will be fixed at 6%, 7%, 8% or 9% of the Specified Amount as indicated by the investor. In case percentage of withdrawal per annum is not selected/not legible/ not clear, 8% p.a will be default percentage of withdrawal per annum for HDFC Hybrid Equity Fund and HDFC Balanced Advantage Fund; 7% will be default percentage of withdrawal per annum for HDFC Equity Savings Fund, HDFC Hybrid Debt Fund, HDFC Multi- Asset Fund and HDFC Multi-Asset Active FOF.
5. **Frequency of Withdrawal:** Under this facility investors can opt to withdraw their investments systematically on a Monthly/Quarterly basis. In case frequency of withdrawal is not selected/not legible/not clear, monthly frequency will be default frequency of withdrawal. Withdrawals will be made/ effected on the specified withdrawal date of the applicable calendar Quarter/month and would be treated as redemptions.
6. **Withdrawal Date:** Investors can choose from any date of the month as SMART SWAP Withdrawal Date. In case the chosen date falls on a non-Business Day, SMART SWAP will be processed on the immediate next Business Day. In case Withdrawal Date is not selected/not legible/not clear, 25th of the month will be the default Withdrawal Date.
7. **Commencement Date:** Investor can opt for this facility from the following month (from the date of request) onwards or from any other specified date as opted by the investor, provided that the Investor submits SMART SWAP registration request at least 30 days prior to the date of 1st installment for both monthly and quarterly frequencies. In case Commencement Date is not selected/not legible/not clear, SMART SWAP will start from next month from the date of request (default).
8. **Last Withdrawal Date:** Investors can opt to specify the month to end SMART SWAP facility or select "Till Further Notice". In case the investor opts for "Till Further Notice", 31st December 2099 shall be considered as the Last Withdrawal Date.
9. **Load structure:** In respect of amount withdrawn under SMART SWAP the Exit Load, if any, applicable to the Scheme/Plan as on the date of allotment of units in case of lumpsum investments and date of registration in case of units allotted under all Systematic Investment facilities i.e. all types of SIPs / STPs, shall be levied.
10. **Units in Non-Demat form:** This facility is available only for non-demat units and conversion of physical units to demat mode will automatically cancel any existing / future SMART SWAP registration request(s).
11. **Cancellation of facility:** Unitholders can discontinue the facility by giving ten (10) working days written notice to any of the Fund's Investor Service Centres (ISCs). Once registered, the facility cannot be modified. Investor may cancel an existing registration and register afresh under New / Separate Form.
12. **Cessation of facility:** The SMART SWAP facility will terminate automatically if no balance is available in the respective scheme on the date of installment trigger or if the enrolment period expires; whichever is earlier.
13. **If you decide to opt for this facility, you should be aware of the possibility that the withdrawals may take place from the principal amount invested.** Please seek appropriate advice, if any, prior to enrolling for this facility.
14. All other terms and conditions of the Normal SWAP facility shall apply mutatis mutandis to the SMART SWAP facility.
15. The AMC/Trustee reserves the right to change / modify the terms and conditions of SMART SWAP facility or withdraw the facility from time to time.
16. Unitholders are advised to read the Scheme Information Document / Key Information Memorandum of the concerned scheme(s) and Statement of Additional Information carefully and will be bound by the terms and conditions of this facility and of the concerned scheme(s).
