

Fund Positioning

HDFC Liquid Fund is an open ended liquid scheme ideal for parking surplus money pending deployment or for meeting contingencies. The fund invests predominantly in money market and short term debt instruments. The scheme is ideal for those with an investment horizon from 7 to 91 days. The Scheme invests in debt and money market instruments with residual maturity not exceeding 91 days, subject to regulatory changes from time to time.

Investment Objective

To generate income through a portfolio comprising money market and debt instruments. There is no assurance that the investment objective of the Scheme will be achieved.
