

Fund Positioning

HDFC Credit Risk Debt Fund mainly focuses on returns and regular income by investing predominantly in AA and below rated corporate debt (minimum 65% of total assets). Investments are in maturities across the entire range of the yield curve to take advantage of various interest rate scenarios. Lower rated securities have higher interest accruals.

Investment Objective

To generate income / capital appreciation by investing predominantly in AA and below rated corporate debt. There is no assurance that the investment objective of the Scheme will be achieved.
