

## Fund Positioning

HDFC Dynamic Debt Fund invests in debt, money market and related instruments across maturities on the basis of the expected interest rate outlook. The fund shall endeavor to take active duration management strategy. It may also tactically change allocations between Gilt & other debt Money Market Instruments. Further, the Fund looks for opportunities across the curve both on the GILT as well as the corporate bond markets in order to capture spread movements. The scheme is ideal for those with an investment horizon of more than 18 months.

## Investment Objective

To generate income / capital appreciation by investing in a range of debt and money market instruments. There is no assurance that the investment objective of the Scheme will be achieved.
