Investment Objective

To generate income/capital appreciation by investing primarily in debt securities, money market instruments and moderate exposure to equities. There is no assurance that the investment objective of the Scheme will be achieved.

HDFC Hybrid Debt Fund: Investment Strategy

The fund follows a hybrid strategy with up to 25% exposure to equities:

- The fund, broadly targets returns greater than debt schemes with lower volatility than equity schemes
- Ideal for conservative and risk averse investors looking for a controlled equity exposure within a horizon of more than 18 months
- Investment philosophy for fixed income : Safety, Liquidity and Returns are emphasized in that order
- Investment philosophy for Equity exposure is to maintain an effectively diversified portfolio with focus on:
 - Good quality business at reasonable valuations or attractively valued business with near to medium term triggers
 - Troika of quality assessment, earning outlook and valuation with equal importance to each criteria
