Investment Objective

The investment objective of the Scheme is to generate returns that are in line with the performance of physical silver in domestic prices, subject to tracking error. **There is no assurance that the investment objective of the Scheme will be achieved.**

Why Invest in HDFC Silver ETF?

- **Potential from New Age and Green Technologies:** Silver is used in various industrial applications, including in new age and green technologies like solar power and electric vehicles. Demand for silver could increase as these sectors grow
- **Portfolio Diversification and Currency Hedge:** Similar to gold, silver can offer diversification benefits and act as a hedge against currency depreciation, helping investors to reduce risk in their portfolios
- **Convenience & Safety:** Silver ETF invests in physical Silver, saving investors from the hassle of owning and storing physically
- **Purity:** Silver held by the ETF complies with Good Delivery norms as specified by SEBI Regulation.
- **Liquidity:** Investors can trade in ETF units easily on the exchange during market trading hours. All this is done easily without the end investor having to handle the physical Silver themselves.

What is the ideal investment time horizon for the HDFC Silver ETF?

The HDFC Silver ETF is suitable for investors with a time horizon of 3 years and above.
