INR 24,417.40 Cr.

Investment Objective

The investment objective of the Scheme is to generate returns that are in line with the performance of gold, subject to tracking errors.

There is no assurance that the investment objective of the Scheme will be achieved.

Why Invest in HDFC Gold ETF?

- **Portfolio diversification:** Gold is an important part of a diversified portfolio as it could balance the portfolio against the volatility of other asset classes
- **Safe Haven during Market Stress and Geopolitical Risks:** Gold's status as a safe haven asset could provide stability to investment portfolios during market volatility, economic uncertainties and geopolitical risks
- **Buffer against currency depreciation:** Being a globally priced metal, it could acts as a hedge against currency depreciation
- **Convenience & Safety:** Gold ETF invests in physical gold, saving investors from the hassle of owning and storing physical gold
- **Purity:** Gold held by the ETF complies with Good Delivery norms as specified by SEBI Regulation.
- **Liquidity:** Investors can trade in ETF units easily on the exchange during market trading hours. All this is done easily without the end investor having to handle the physical gold themselves.

What is the ideal investment time horizon for the HDFC Gold ETF?

The HDFC Gold ETF is suitable for investors with a time horizon of 3 years and above.
