8.	Unlisted debt instrument
9.	Inter scheme transactions i.e. transfers
10.	Unrated debt and money market instruments (except G-Secs, T-Bills and other money market instruments)

**Changes in asset allocation pattern/Portfolio Rebalancing:**

**Short Term Defensive Consideration:**

Subject to SEBI (MF) Regulations the asset allocation pattern indicated above may change from time to time, keeping in view market conditions, market opportunities, applicable regulations and political and economic factors. It must be clearly understood that the percentages stated above are only indicative and not absolute and that they can vary substantially depending upon the perception of the Investment Manager, the intention being at all times to seek to protect the interests of the Unit holders. As per clause 1.14.1.2.b of Master Circular, as may be amended from time to time, such changes in the investment pattern will be for short term and for defensive consideration only.

In the event of change in the asset allocation, the fund manager will carry out portfolio rebalancing within 30 calendar days or such other timeline as may be prescribed by SEBI from time to time.

**Portfolio rebalancing:**

As per clause 2.9 of Master Circular read with SEBI circular No. SEBI/HO/IMD/PoD2/P/CIR/2025/92 dated June 26, 2025, as may be amended/ clarified from time to time in the event of change in the asset allocation due to passive breaches (occurrence of instances not arising out of omission and commission of the AMC), the fund manager is required to carry out portfolio rebalancing within 30 Business Days.

In case the portfolio is not rebalanced within the period of 30 Business days, justification in writing, including details of efforts taken to rebalance the portfolio shall be placed before the Investment Committee. The

Investment Committee, if it so desires, can extend the timeline for rebalancing up to sixty (60) Business days from the date of completion of mandated rebalancing period. In case the portfolio of the scheme is not rebalanced within the aforementioned mandated plus extended timelines, the AMC shall follow the requirements specified under the aforesaid circular including reporting the deviation to Trustees at each stage.

## **B. WHERE WILL THE SCHEME INVEST?**

The Scheme will invest in securities as mentioned below. The investments will be made as per the limits specified in the asset allocation table of the Scheme, subject to permissible limits laid under SEBI (MF) Regulations or any other applicable laws and guidelines.

- Mutual Fund Units of HDFC Silver ETF
- Units of other mutual funds
- Debt and Money Market Securities
- Short Term deposits
- Any other instruments as may be permitted by RBI / SEBI from time to time, subject to necessary regulatory approvals

For detailed disclosures, kindly refer Section II.

## **C. WHAT ARE THE INVESTMENT STRATEGIES?**

The investment objective of the Scheme is to seek capital appreciation by investing in units of HSETF. To achieve the investment objective, the Scheme will invest in units of HSETF.

The Scheme shall buy/sell HSETF units either directly with the Fund or through the secondary market on the Stock Exchange(s).

Investment in Debt securities and money market instruments will be as per the limits in the asset allocation table of the Scheme, subject to permissible limits laid under SEBI (MF) Regulations. Investment in debt securities will be guided by credit quality liquidity, interest rates and their outlook.

The Scheme may also invest in the schemes of Mutual Funds in terms of the prevailing SEBI (MF) Regulations.

**Though every endeavour will be made to achieve the objective of the Scheme, the AMC/Sponsor/Trustee do not guarantee that the investment objective of the Scheme will be achieved. No guaranteed returns are being offered under the Scheme.**

### **Risk Control**

Investments made from the net assets of the Scheme would be in accordance with the investment objective of the Scheme and the provisions of the SEBI (MF) Regulations. The AMC will strive to achieve the investment objective by way of a judicious portfolio mix comprising of units of HSETF, Debt securities and money market instruments. Investment in debt securities will be guided by credit quality, liquidity, interest rates and their outlook.

### **PORTFOLIO TURNOVER**

The Scheme is an open ended Fund of Fund Scheme, investing in units of HSETF. It is expected that there would be a number of subscriptions and redemptions on a daily basis. Consequently, it is difficult to estimate

with any reasonable measure of accuracy, the likely turnover in the portfolio. A higher portfolio turnover results in higher brokerage and transaction cost.

#### D. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?

Domestic Prices of physical Silver (derived as per regulatory norms)

The Scheme will be investing in the units of the underlying scheme viz. HSETF. Performance comparisons for the Scheme will be made vis-à-vis the same Benchmark.

However, the Scheme's performance may not be strictly comparable with the performance of the Benchmark, due to the inherent differences in the construction of the portfolio.

The Trustee reserves the right to change the benchmark for evaluation of performance of the Scheme from time to time in conformity with the investment objectives and appropriateness of the benchmark subject to SEBI (MF) Regulations, and other prevailing guidelines, if any.

## INVESTMENT BY THE AMC IN THE SCHEME

The AMC may invest in the Scheme during the continuous offer period subject to the SEBI (MF) Regulations. The AMC may also invest in other existing Schemes of the Mutual Fund. As per the existing SEBI (MF) Regulations and circulars issued thereunder, the AMC will not charge Investment Management and Advisory fee on the investment made by it in this Scheme or other existing Schemes of the Mutual Fund.

For details of existing mandatory investments by AMC in various schemes, visit - <https://www.hdfcfund.com/statutory-disclosure/mandatory-investment-amc>

### **PART III. OTHER DETAILS**

#### **A. COMPUTATION OF NAV**

##### **Methodology for Computation of NAV:**

The Net Asset Value (NAV) per Unit of the Scheme will be computed by dividing the net assets of the Scheme by the number of Units outstanding under the Scheme on the valuation date. The AMC will value its investments according to the valuation norms, as specified in Schedule VIII of the SEBI (MF) Regulations, or such norms as may be specified by SEBI from time to time and as stipulated in the Valuation Policy and Procedures of the Fund, provided in SAI available on website.

In case of any conflict between the Principles of Fair Valuation and valuation guidelines specified by SEBI, the Principles of Fair Valuation shall prevail.

NAV of Units under each Scheme/ Plan shall be calculated as shown below:

$$\text{NAV (Rs.) per Unit} = \frac{\text{Market or Fair Value of the Scheme's Investments} + \text{Current Assets} - \text{Current Liabilities and Provisions}}{\text{No. of Units outstanding under the Scheme/Plan}}$$

The NAV of the Scheme will be calculated and disclosed at the close of every Business Day.

Separate NAV will be calculated and announced for each of Plans/Options. The NAVs will be calculated upto 4 decimals. Units will be allotted upto 3 decimals.

The underlying units will be valued at the closing traded price of underlying units as traded on the principal exchange as on the valuation date. In case the units of underlying ETF becomes unlisted or gets classified as thinly traded/non traded the same may be valued as per the underlying NAV (adjusted for load, if any) of the fund as on the valuation date. For the purposes of determination of the thinly traded/non traded securities the definitions in the SEBI regulations pertaining to equity schemes shall be applied, since there are no specific references to Silver based units. Computation of NAV will be done after taking into account IDCW declared, if any, and the distribution tax thereon, if applicable.

##### **Illustration for Computation of NAV:**

NAV for the Scheme shall be calculated as shown below:

Particulars	Amount (In INR)
-------------	-----------------

Assets	
<b>Investments (at Market Value)</b>	10,000
(Equity/Debt/Derivatives)	
<b>Current Assets</b>	
Interest receivable	1,000
Dividend Receivables	550
Trades Receivables	1,500
<b>Total Assets (A)</b>	13,050
<b>Current Liabilities</b>	
Trade Payables	1,500
Expense Payable	25
Dividend payable	25
<b>Total Liabilities (B)</b>	1,550
<b>Net Assets (C) (A – B)</b>	11,500
<b>Units Outstanding (D)</b>	1,000
<b>NAV per unit (C/D)</b>	₹ 11.50

### **METHODOLOGY FOR CALCULATION OF SALE AND REPURCHASE PRICE**

- **Ongoing Price for subscription (purchase)/ switch-in (from other schemes/ plans of the mutual fund) by investors. (This is the price you need to pay for purchase/ switch-in):**

The Sale Price for a valid purchase will be the Applicable NAV.

i.e. Sale Price = Applicable NAV

For a valid purchase request of Rs. 10,000 where the applicable NAV is Rs. 11.1234, the units allotted will be:

$$= \frac{10,000 \text{ (i.e. purchase amount)}}{11.1234 \text{ (i.e. applicable NAV)}}$$

$$= 899.006 \text{ units (rounded to three decimals)}$$

**Charges and other expenses, if any, borne by the investors have not been considered in the above illustration.**

- **Ongoing Price for redemption (sale)/ switch-outs (to other schemes/plans of the mutual fund) by investors. (This is the price you will receive for redemptions/ switch-outs):**

The Repurchase Price for a valid repurchase will be the applicable NAV reduced by any exit load (say 1%).  
i.e. applicable NAV - (applicable NAV X applicable exit load).

For a valid repurchase request where the applicable NAV is Rs. 12.1234, the repurchase price will be:

$$= 12.1234 - (12.1234 \times 1.00\%)$$

$$= 12.1234 - 0.1212$$

$$= \text{Rs. } 12.0022$$

Therefore, for a repurchase of 899.006 units, the proceeds received by the investor will be -

$$= 899.006 \text{ (units)} \times 12.0022 \text{ (Repurchase price)}$$

$$= \text{Rs. } 10,790.02 \text{ (rounded to two decimals)}$$

**Charges and other expenses, if any, borne by the investors have not been considered in the above illustration.**

While determining the price of the units, the mutual fund shall ensure that the repurchase price of an open ended scheme is not lower than 97 per cent of the Net Asset Value.

For other details such as policies with respect to computation of NAV, rounding off, investment in foreign securities, procedure in case of delay in disclosure of NAV etc. refer to SAI.

## **B. ANNUAL SCHEME RECURRING EXPENSES**

These are the fees and expenses for operating the scheme. These expenses include Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer Agents' fee, marketing and selling costs etc. as given in the table below.

<b>Expense Head</b>	<b>% of daily net assets<sup>^</sup> (estimated) (p.a.)</b>
Investment Management and Advisory Fees <sup>3</sup>	Upto 1.00% <sup>\$ ^</sup>
Trustee Fees & Expenses <sup>1</sup>	
Audit Fees & Expenses	
Custodial Fees & Expenses	
Registrar & Transfer Agent Fees including cost of providing account statements / IDCW / redemption cheques/ warrants	
Marketing & Selling expenses including Agents Commission and statutory advertisement	
Cost related to Investor Communications	
Cost of fund transfer from location to location	
Brokerage & transaction cost on value of trades <sup>4</sup>	
GST on expenses other than investment and advisory fees <sup>2</sup>	
GST on brokerage and transaction cost <sup>2</sup>	
Other Expenses (as per Reg 52 of SEBI MF Regulations)	
<b>Maximum total expense ratio (TER) permissible under Regulation 52 (6) (c)<sup>3</sup></b>	Upto 1.00% <sup>\$ ^</sup>
Additional expenses under Regulation 52 (6A) (c) <sup>4#</sup>	Upto 0.05%
Additional expenses for gross new inflows from specified cities under Regulation 52 (6A) (b) <sup>4</sup>	Upto 0.30%

<sup>\$</sup> As per Regulation 52 (6) (a)(iii), the maximum total expenses including weighted average of charges levied by the Underlying Scheme shall not exceed 1.00 per cent of the daily net assets of the Scheme. Provided that the total expense ratio to be charged over and above the weighted average of the total expense ratio of the underlying scheme shall not exceed two times the weighted average of the total expense ratio levied by the underlying schemes, subject to the overall ceiling of 1.00 percent stated above.

<sup>^</sup> Direct Plan under the Scheme shall have a lower expense ratio than Regular Plan, excluding distribution expenses, commission, etc., and no commission shall be paid from Direct Plan. All fees and expenses charged in a Direct Plan (in percentage terms) under various heads including the investment and advisory fee shall not exceed the fees and expenses charged under such heads in a Regular Plan.

**The investors of the Scheme will bear dual recurring expenses, if any, viz, those of the Scheme and those of the underlying scheme.**

<sup>#</sup> In terms of clause 10.1.7 of Master Circular, in case exit load is not levied / not applicable, the AMC shall not charge the said additional expenses.

**Notes:**

**<sup>1</sup>Trustee Fees and Expenses**

In accordance with the Trust Deed constituting the Mutual Fund, the Trustee is entitled to receive, in addition to the reimbursement of all costs, charges and expenses, a quarterly fee computed at a rate not exceeding 0.10% per annum of the daily net assets of the Scheme(s) or a sum of Rs. 15,00,000 per annum, whichever is higher. Such fee shall be paid to the Trustee within seven working days from the end of each quarter every year, namely, within 7 working days from June 30, September 30, December 31 and March 31 of each year. The Trustee may charge expenses as permitted from time to time under the Trust Deed and SEBI (MF) Regulations.

**<sup>2</sup> GST**

As per clause 10.3 of Master Circular, GST shall be charged as follows:

1. GST on investment management and advisory fees shall be charged to the Scheme in addition to the maximum limit of TER as prescribed in Regulation 52 (6) of the SEBI (MF) Regulations.
2. GST on other than investment management and advisory fees, if any, shall be borne by the Scheme within the maximum limit of TER as prescribed in Regulation 52 (6) of the SEBI (MF) Regulations.
3. GST on exit load, if any, shall be paid out of the exit load proceeds and exit load net of GST, if any, shall be credited to the Scheme.
4. GST on brokerage and transaction cost paid for execution of trade, if any, shall be within the limit prescribed under Regulation 52 of the SEBI (MF) Regulations

<sup>3</sup> There shall be no internal sub-limits within the expense ratio for expense heads mentioned under Regulation 52 (2) and (4) viz. Investment Management and Advisory Fees and various sub-heads of recurring expenses, respectively.

**<sup>4</sup> Additional Expenses under Regulation 52 (6A):**

- (i) Brokerage and transaction cost incurred for the purpose of execution of trade shall be charged to the schemes as provided under Regulation 52 (6A) (a) upto 12 bps and 5 bps for cash market transactions and derivatives transactions (if permitted under the scheme) respectively. Any payment towards brokerage and transaction costs, over and above the said 12 bps and 5 bps may be charged to the scheme within the maximum limit of Total Expense Ratio (TER) as prescribed under Regulation 52.

(ii) To improve the geographical reach of the Scheme in smaller cities / towns as may be specified by SEBI from time to time, expenses not exceeding 0.30% p.a. of daily net assets, if the new inflows from retail investors from such cities are at least (a) 30% of gross new inflows in the Scheme or (b) 15% of the average assets under management (year to date) of the Scheme, whichever is higher.

In case inflows from retail investors from beyond top 30 cities is less than the higher of (a) or (b) above, additional TER on daily net assets of the scheme shall be charged on a proportionate basis as follows:

Daily net assets X 30 basis points X New inflows from retail investors from beyond top 30 cities

365\* X Higher of (a) or (b) above

\* 366, wherever applicable.

The amount so charged shall be utilised for distribution expenses incurred for bringing inflows from retail investors from such cities. However, the amount incurred as expense on account of inflows from retail investors from such cities shall be credited back to the Scheme in case the said inflows are redeemed within a period of one year from the date of investment.

Currently, SEBI has specified that the above additional expense may be charged for inflows from retail investors from beyond 'Top 30 cities'. Top 30 cities shall mean top 30 cities based on Association of Mutual Funds in India (AMFI) data on 'AUM by Geography - Consolidated Data for Mutual Fund Industry' as at the end of the previous financial year.

Inflows from "retail investors" shall mean inflows of amount upto Rs 2 lakhs per day, from individual investors.

Note: SEBI vide its letter no. SEBI/HO/IMD-SEC-3/P/OW/2023/5823/1 dated February 24, 2023 and AMFI letter dated No. 35P/ MEM-COR/ 85-a/ 2022-23 dated March 02, 2023 has directed AMC's to keep B-30 incentive structure in abeyance with effect from March 01, 2023 till further notice. Accordingly, the B-30 incentive structure shall be implemented as per SEBI / AMFI directions from time to time.

(iii) Expenses not exceeding 0.05% p.a. of daily net assets towards Investment Management and Advisory Fees and the various sub-heads of recurring expenses mentioned under Regulation 52 (2) and (4) respectively of SEBI (MF) Regulations. Provided that such additional expenses shall not be charged to the schemes where the exit load is not levied or applicable.

All scheme related expenses including commission paid to distributors, by whatever name it may be called and in whatever manner it may be paid, shall necessarily be paid from the scheme only within the regulatory limits and not from the books of AMC, its associate, sponsor, trustees or any other entity through any route in terms of SEBI circulars, subject to the clarifications provided by SEBI to AMFI vide letter dated February 21, 2019 on implementation of clause 10.1.12 of Master Circular on Total Expense Ratio (TER) and performance disclosure for Mutual Fund.

The total expenses charged to the Scheme shall not exceed the limits stated in Regulation 52 of the SEBI (MF) Regulations and as permitted under SEBI Circulars issued from time to time. Any expenditure in excess of the SEBI regulatory limits shall be borne by the AMC or by the Trustee or the Sponsor.

The mutual fund would update the current expense ratios on the website ([www.hdfcfund.com](http://www.hdfcfund.com)) at least three working days prior to the effective date of the change and update the TER under the Section titled "Statutory Disclosures" under sub-section titled "Total Expense Ratio of Mutual Fund Schemes".

Actual expenses (inclusive of GST on Management fees and additional TER) for the previous financial year ended March 31, 2025 (Audited):

- Regular Plan: 0.60% p.a.
- Direct Plan: 0.27% p.a.

Actual expenses (inclusive of additional TER) for HDFC Silver ETF (underlying scheme) for the previous financial year ended March 31, 2025 (Audited): 0.40%.

### Illustration: Impact of Expense Ratio on Scheme's return:

Expense ratio, normally expressed as a percentage of Average Assets under Management, is calculated by dividing the permissible expenses under the Regulations by the average net assets.

To further illustrate in rupee terms the above, for the Scheme under reference, suppose an Investor invested Rs. 10,000/- (after deduction of stamp duty, if any) under the Growth Option, the impact of expenses charged will be as under:

Particulars	Regular Plan	Direct Plan
Amount invested at the beginning of the year (Rs.)	10,000	10,000
Returns before expenses (Rs.)	1,500	1,500
Expenses other than Distribution expenses (Rs.)	150	150
Distribution expenses (Rs.)	50	0
<b>Returns after expenses at the end of the year (Rs.)</b>	<b>1300</b>	<b>1350</b>
<b>Returns (in %)</b>	<b>13%</b>	<b>13.5%</b>

### Note(s):

- The purpose of the above illustration is purely to explain the impact of expense ratio charged to the Plan(s) under the Scheme and should not be construed as providing any kind of investment advice or guarantee of returns on investments.
- It is assumed that the expenses charged are evenly distributed throughout the year.
- The expenses of the Direct Plan of the Scheme will be lower to the extent of the distribution expenses/ commission
- Any tax impact has not been considered in the above example, in view of the individual nature of the tax implications. Each investor is advised to seek appropriate advice.

### C. LOAD STRUCTURE

Exit Load is an amount which is paid by the investor to redeem the units from the scheme. Load amounts are variable and are subject to change from time to time. For the current applicable structure, please refer to the website of the AMC ([www.hdfcfund.com](http://www.hdfcfund.com)) or you may call at 1800 3010 6767/1800 419 7676 or your distributor.

Type of Load	Load chargeable (as % of NAV)
Exit Load	<p>In respect of each purchase/switch-in of units -</p> <ul style="list-style-type: none"> <li>- an Exit Load of 1% is payable if Units are redeemed/ switched-out within 15 days from the date of allotment.</li> <li>- No Exit Load is payable if Units are redeemed/ switched-out on or after 15 days from the date of allotment</li> </ul>

No Entry Load will be charged.

- No Exit Load shall be levied for switching between Plans / Options within the Scheme. However, exit load will be applicable if the units are switched-out / redeemed from the Scheme within the exit load period from the initial date of purchase.
- No Exit load will be levied on bonus Units and on units allotted on Re-investment of Income Distribution cum Capital Withdrawal.
- No Exit load will be levied on Units allotted in the Target Scheme under the Transfer of Income Distribution cum Capital Withdrawal (IDCW) Plan Facility (TIP Facility).

- (iv) In case of Systematic Transactions such as Systematic Investment Plan (SIP), Systematic Transfer Plan (STP), HDFC Flex Systematic Transfer Plan (Flex STP), HDFC Swing Systematic Transfer Plan (Swing STP), etc., Exit Load, if any, prevailing on the date of registration / enrolment shall be levied.**

The AMC/ Trustee if it so deems fit in the interest of smooth and efficient functioning of the Mutual Fund reserves the right to introduce/modify the Load Structure depending upon the circumstances prevailing at that time subject to maximum limits as prescribed under the SEBI (MF) Regulations. While determining the price of the units, the mutual fund shall ensure that the repurchase price of an open ended scheme is not lower than 97 per cent of the Net Asset Value. Exit load (net of GST) charged, if any, shall be credited to the Scheme. The investor is requested to check the prevailing load structure of the Scheme before investing.

## SECTION II

### **I. INTRODUCTION**

#### **A. DEFINITIONS / INTERPRETATION**

Visit: <https://www.hdfcfund.com/statutory-disclosure/offer-document-disclosures>

#### **B. RISK FACTORS**

##### **■ Scheme Specific Risk Factors:**

Some of the specific risk factors related to the Scheme include, but are not limited to the following:

The Scheme is subject to the specific risks that may adversely affect the Scheme's NAV, return and / or ability to meet its investment objective.

The specific risk factors related to the Scheme include, but are not limited to the following:

##### **○ Risks related to investments in Silver / Underlying Scheme**

- The Scheme shall invest in HDFC Silver ETF (HSETF) – the underlying scheme. Hence the Scheme's performance shall primarily depend upon the performance of HSETF. Any change in the investment policies or the fundamental attributes of the underlying scheme could affect the scheme /performance of the Scheme.
- Investments by HSETF are subject to availability of Silver. If favorable investment opportunities do not exist or opportunities have notably diminished, HSETF may suspend accepting fresh subscriptions. This may also affect the acceptance of subscription by the Scheme.
- All risks associated with the underlying scheme, including performance of underlying physical silver, asset class risk, passive investment risk, indirect taxation risk, etc., will therefore be applicable to this Scheme. Investors who intend to invest in the Scheme are required to and deemed to have understood the risk factors of the underlying scheme.
- The Portfolio disclosure of the Scheme will be limited to providing the particulars of the underlying scheme where the Scheme has invested and will not include the investments made by the underlying scheme.
- The value (price) of silver may fluctuate for several reasons and all such fluctuations will impact the NAV of Units under the Scheme. The factors that may effect the price of silver, among other things, include demand and supply for silver in India and in the global market, Indian and Foreign exchange rates, Interest rates, Inflation trends, market risks including trading risks in silver as commodity, legal restrictions on the movement/trade of silver that may be imposed by RBI, Government of India or countries that supply or purchase silver to/from India, trends and restrictions on import/export of Silver in and out of India, etc.
- The Scheme assets are invested in HSETF and valued at the market price of the said units on The National Stock Exchange of India Limited (NSE). The same may be at a variance to the NAV of the underlying scheme, due to market expectations, demand/supply of the HSETF units, prevailing market conditions, etc. To that extent the performance of Scheme shall be at variance with that of the underlying scheme.
- The changes in asset allocation may result in higher transaction costs.
- The Scheme will subscribe according to the value equivalent to unit creation size as applicable for the underlying scheme. When subscriptions received are not adequate enough to invest in creation unit size,

the subscriptions may be deployed in Money market instruments within the limits specified under the Asset allocation pattern, which will have a different return profile compared to silver returns profile.

Alternatively the units of the underlying scheme may be acquired from the stock exchanges where the price quoted may be at variance with the underlying NAV, resulting in a higher acquisition costs.

- **Taxation:** Repurchase of units of the underlying scheme or sale of units of the underlying scheme on the Stock Exchange may attract short or long term capital gain tax depending upon the acquisition cost and holding period of the Units. Moreover, converting units of the underlying scheme to Silver may also attract Wealth tax. Furthermore, Silver is subject to indirect tax not restricted to the following: Sales Tax, Octroi, VAT, Stamp Duty, and Custom Duty. Hence, any change in the rates of taxation/applicable taxes would affect the valuation of the Scheme.

- **Redemption Risk:**

The units issued under the Scheme will derive liquidity primarily from the underlying scheme having creation/ redemption process in creation unit size of predefined quantity of physical silver (currently 30 kg). At times prevailing market conditions may affect the ability of the underlying scheme to sell silver against the redemption request received.

Furthermore, the endeavor would always be to get cash on redemptions from the underlying scheme. However, in case the underlying scheme is unable to sell for any reason, and delivers physical silver, there could be delay in payment of redemption proceeds pending such realization.

Additionally, the Scheme will derive liquidity from trading units of underlying scheme on the exchange(s) in the secondary market which may be inherently restricted by trading volumes, settlement periods and transfer procedures. As there is no active secondary market developed or maintained by the underlying scheme, the processing of redemption requests at times may be delayed.

In the event of an inordinately large number of redemption requests, or re-structuring of the Scheme's investment portfolio, the processing of redemption requests may be delayed.

- **Right to Limit Redemptions**

- The Trustee, in the interest of the Unit holders of the Scheme offered in this Scheme Information Document and keeping in view the unforeseen circumstances/unusual market conditions, may limit the total number of Units, which can be redeemed on any Business Day depending on the ability of the Scheme to sell units of the underlying scheme and / or underlying scheme able to liquidate silver against the redemption request submitted by the Unit holders of the Scheme due to prevailing market conditions.
- In view of the above, the Trustee has the right, in its sole discretion, to limit redemptions (including suspending redemptions) under certain circumstances, as described under 'Right to restrict redemption and/or suspend redemption of the units' in Section 'Restrictions, if any, on the right to freely retain or dispose of Units being offered'.

- **Risk factors associated with HSETF**

- **Risk factors associated with investing in Silver and Silver related instruments**
- **Market Risk:** The value of the Units relates directly to the value of the Silver held by the Scheme and fluctuations in the price of Silver could adversely affect investment value of the Units. The factors that may effect the price of Silver, inter-alia, include economic and political developments, changes in interest rates and perceived trends in bullion prices, exchange rates, inflation trends, market movements, etc.

- **Currency Risk:** The formula for determining NAV of the Units is based on the imported (landed) value of Silver. The landed value of Silver is computed by multiplying international market price by US dollar value. The value of Silver or NAV, therefore will depend upon the conversion value of US dollar into Indian rupee and attracts all the risks attached to such conversion.
- **Counter party Risk:** There is no Exchange for physical Silver in India. The Scheme may have to buy or sell Silver from the open market, which may lead to counter party risks for the Scheme for trading and settlement.
- **Asset Class Risk:** The returns from physical Silver in which the Scheme invests may underperform returns from other securities or asset classes.
- **Physical Silver:** There is a risk that part or all of the Scheme's Silver could be lost, damaged or stolen. Access to the Scheme's Silver could also be restricted by natural events or human actions. Any of these actions may have adverse impact on the operations of the Scheme and consequently on investment / redemption in Units.
- **Liquidity Risk:** The Scheme may retain certain investments in cash or cash equivalents for its day-to-day liquidity requirements. The Scheme has to sell Silver only to bullion bankers / traders who are authorized to buy Silver. Though, there are adequate numbers of players (commercial or bullion bankers) to whom the Scheme can sell Silver, the Scheme may have to resort to distress sale of Silver if there is no or low demand for Silver to meet its cash needs of redemption or expenses.

The Trustee, in general interest of the Unit holders of the Scheme offered under this Scheme Information Document and keeping in view of the unforeseen circumstances / unusual market conditions, may limit the total number of Units, which can be redeemed on any Business Day.

- **Regulatory Risk:** Any changes in trading regulations by the stock exchange(s) or SEBI may affect the ability of Authorised Participant / Market Makers to arbitrage resulting into wider premium / discount to NAV. Any changes in the regulations relating to import and export of Silver or Silver jewellery (including customs duty, sales tax and any such other statutory levies) may affect the ability of the Scheme to buy / sell Silver against the purchase and redemption requests received.
  - **Passive Investments:** The Scheme is not actively managed. The performance of the Scheme may be affected by a general price decline in the Silver prices. The Scheme invests in the physical Silver regardless of their investment merit. The AMC does not attempt to take defensive positions in declining markets.
  - **Indirect taxation:** For the valuation of Silver by the Scheme, indirect taxes like customs duty, VAT, etc. would also be considered. Hence, any change in the rates of indirect taxation / applicable taxes would affect the valuation of the Scheme.
  - **Operational Risk:** Silver Exchange Traded Funds (SETFs) are relatively new products and their value could decrease if unanticipated operational or trading problems arise. HDFC Silver ETF, an open ended Exchange Traded Fund, is therefore subject to operational risks.
- In addition, investors should be aware that there is no assurance that Silver will maintain its long-term value in terms of purchasing power. In the event that the price of Silver declines, the value of investment in Units is expected to decline proportionately.
- **Redemption Risk:** Though this is an open-ended scheme, the Scheme would ordinarily repurchase Units in Creation Unit Size. Thus, Unit holding less than Creation Unit Size can only be sold through the secondary market on the Exchange. Further, the price received upon the redemption of Units of the Scheme may be less than the value of the underlying commodity represented by them. If on any day the requisite price as specified under the Regulations or the currency exchange rate is not available due to holiday(s) etc., then the immediately previous day's prices / rates shall be applied for

the purpose of calculating the value of the underlying commodity. Hence the NAV so computed may vary from the price of the underlying commodity in the domestic market.

- HDFC Silver ETF (HSETF) is a passively managed fund that shall be investing substantial portion of its assets in physical Silver and tracking its performance to the price of Silver. Therefore, irrespective of decline / rise in prices of physical Silver, HSETF shall remain invested in Silver and being a passively managed fund, no active calls based on outlook of Silver prices will be taken by the Fund.
- Investments by the Scheme are subject to availability of Silver. If favorable investment opportunities do not exist or opportunities have notably diminished, the scheme may suspend accepting fresh subscriptions.
- Performance of the Scheme may be affected by political, social and economic developments, which may include changes in government policies, diplomatic conditions, taxation and other policies.
- NAV of the Scheme is dependent on valuation of silver. Silver has to be valued based on the formula prescribed by SEBI. NAV so computed may vary from the price of silver in the domestic market.

#### • **Custody risk**

There is a risk that part or all of the physical silver belonging to the Scheme could be lost, damaged or stolen. In order to ensure safety, the said silver will be stored with custodian in its vaults. In order to mitigate the risks associated with handling, storing and safekeeping of physical silver necessary insurance covers are taken by custodians.

#### • **Tracking Error**

The tracking error i.e. the annualised standard deviation of the difference in daily returns between physical silver and the NAV of Silver ETF based on past one year rolling over data.

In case of unavoidable circumstances in the nature of force majeure which are beyond the control of the AMCs, the tracking error may exceed 2%, for which approval of Board of AMC and Trustees shall be taken and the same shall prominently be disclosed on the website of the AMC.

Along with the disclosure of tracking error, the scheme shall also disclose the tracking difference i.e. the difference of returns between physical silver and the Silver ETF, on the website of the AMC on monthly basis for tenures 1 year, 3 year, 5 year, 10 year and since the date of allotment of units.

Tracking error could be the result of a variety of factors including but not limited to:

- Delay in the purchase or sale of silver due to
  - Illiquidity of silver,
  - Delay in realisation of sale proceeds,
  - Creating a lot size to buy the required amount of silver
- The Scheme may buy or sell the silver at different points of time during the trading session at the then prevailing prices which may not correspond to its closing prices.
- The potential for trades to fail, which may result in the Scheme not having acquired silver at a price necessary to track the benchmark price.
- The holding of a cash position and accrued income prior to distribution of income and payment of accrued expenses.
- Disinvestments to meet redemptions, recurring expenses etc.
- Execution of large buy / sell orders
- Transaction cost (including taxes and insurance premium) and recurring expenses

- Realisation of Unit holders' funds

Tracking error due to movement in prices of physical silver will impact the performance of HSETF. However, the Scheme will endeavor to keep tracking error as low as possible by:

- Use of silver related derivative instruments
- Rebalancing of the portfolio.
- Setting off of incremental subscriptions against redemptions.

- **Risk associated with Lending of physical Silver** - The physical Silver lending activity by Scheme will have the inherent probability of collateral value drastically falling in time of strong downward market trends resulting in inadequate value of collateral. It is also possible that the borrowing party and / or the approved intermediary may suddenly suffer severe business setback and become unable to honor its commitments. This along with a simultaneous fall in value of collateral would render potential loss to the Scheme. Also the risk could be in the form of non-availability of ready physical Silver for sale, during the period physical Silver is lent. Physical Silver would be lent if permitted by the concerned regulatory authorities in India.

- **Market Trading Risks**

- Although Units of Scheme described in this Scheme Information Document are listed / to be listed on the Exchange, there can be no assurance that an active secondary market will be developed or be maintained.
- Trading in Units of the Scheme on the Exchange may be halted because of market conditions or for reasons that in view of the Exchange Authorities or SEBI, trading in Units of the Scheme is not advisable. In addition, trading in Units of the Scheme is subject to trading halts caused by extraordinary market volatility and pursuant to the Exchange and SEBI 'circuit filter' rules. There can be no assurance that the requirements of the Exchange necessary to maintain the listing of Units of the Scheme will continue to be met or will remain unchanged.
- Any changes in trading regulations by the Stock Exchange(s) or SEBI may affect the ability of market maker to arbitrage resulting into wider premium / discount to NAV.
- The Units of the Scheme may trade above or below their NAV. The NAV of the Scheme will fluctuate with changes in the market value of Scheme's holdings. The trading prices of Units of the Scheme will fluctuate in accordance with changes in their NAV as well as market supply and demand for the Units of the Scheme.
- The Units will be issued only in demat form through depositories. The records of the depository are final with respect to the number of Units available to the credit of Unit holder. Settlement of trades, repurchase of Units by the Mutual Fund during liquidity window depends upon the confirmations to be received from depository(ies) on which the Mutual Fund has no control.
- Governments, central banks and related institutions worldwide, own a significant portion of the aggregate world Silver holdings. If one or more of these institutions decides to sell in amounts large enough to cause a decline in world Silver prices, the price of Units of the Scheme will be adversely affected.
- The Scheme provides for the creation and redemption of Units in Creation Unit Size directly with the Fund and therefore, it is expected that large discounts or premiums to the NAV of the Units of the Scheme will not sustain due to arbitrage opportunity available.
- Conversion of underlying physical Silver into the Units of the Scheme may attract capital gain tax depending on acquisition cost and holding period.

**(i) Risk factors associated with investing in Fixed Income Securities**

- The Net Asset Value (NAV) of the Scheme, to the extent invested in Debt and Money Market instruments, will be affected by changes in the general level of interest rates. The NAV of the Scheme is expected to increase from a fall in interest rates while it would be adversely affected by an increase in the level of interest rates.
- Money market instruments, while fairly liquid, lack a well developed secondary market, which may restrict the selling ability of the Scheme and may lead to the Scheme incurring losses till the security is finally sold.
- Investments in money market instruments involve credit risk commensurate with short term rating of the issuers.
- Investment in Debt instruments are subject to varying degree of credit risk or default (i.e. the risk of an issuer's inability to meet interest or principal payments on its obligations) or any other issues, which may have their credit ratings downgraded. Changes in financial conditions of an issuer, changes in economic and political conditions in general, or changes in economic or and political conditions specific to an issuer, all of which are factors that may have an adverse impact on an issuer's credit quality and security values. This may increase the risk of the portfolio. The Investment Manager will endeavour to manage credit risk through in-house credit analysis.
- **Prepayment Risk:** Certain fixed income securities give an issuer the right to call back its securities before their maturity date, in periods of declining interest rates. The possibility of such prepayment may force the Scheme to reinvest the proceeds of such investments in securities offering lower yields, resulting in lower interest income for the Scheme.
- **Reinvestment Risk:** This risk refers to the interest rate levels at which cash flows received from the securities in the Scheme are reinvested. The additional income from reinvestment is the "interest on interest" component. The risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed.
- **Settlement risk:** Different segments of Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances. Delays or other problems in settlement of transactions could result in temporary periods when the assets of the Scheme are uninvested and no return is earned thereon. The inability of the Scheme to make intended securities purchases, due to settlement problems, could cause the Scheme to miss certain investment opportunities. Similarly, the inability to sell securities held in the Scheme's portfolio, due to the absence of a well developed and liquid secondary market for debt securities, may result at times in potential losses to the Scheme in the event of a subsequent decline in the value of securities held in the Scheme's portfolio.
- Government securities where a fixed return is offered run price-risk like any other fixed income security. Generally, when interest rates rise, prices of fixed income securities fall and when interest rates drop, the prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of interest rates. The new level of interest rate is determined by the rates at which government raises new money and/or the price levels at which the market is already dealing in existing securities. The price-risk is not unique to Government Securities. It exists for all fixed income securities. However, Government Securities are unique in the sense that their credit risk generally remains zero. Therefore, their prices are influenced only by movement in interest rates in the financial system.
- Different types of fixed income securities in which the Scheme would invest as given in the Scheme Information Document carry different levels and types of risk. Accordingly, the Scheme risk may increase or decrease depending upon its investment pattern. e.g. corporate bonds carry a higher level of risk than Government securities. Further even among corporate bonds, AAA rated bonds are comparatively less risky than AA rated bonds.
- The AMC may, considering the overall level of risk of the portfolio, invest in lower rated / unrated securities offering higher yields as well as zero coupon securities that offer attractive yields. This may increase the absolute level of risk of the portfolio.
- As zero coupon securities do not provide periodic interest payments to the holder of the security, these securities are more sensitive to changes in interest rates and are subject to issuer default risk.

Therefore, the interest rate risk of zero coupon securities is higher. The AMC may choose to invest in zero coupon securities that offer attractive yields. This may increase the risk of the portfolio. Zero coupon or deep discount bonds are debt obligations that do not entitle the holder to any periodic payment of interest prior to maturity or a specified date when the securities begin paying current interest and therefore, are generally issued and traded at a discount to their face values. The discount depends on the time remaining until maturity or the date when securities begin paying current interest. It also varies depending on the prevailing interest rates, liquidity of the security and the perceived credit risk of the Issuer. The market prices of zero coupon securities are generally more volatile than the market prices of securities that pay interest periodically.

**(ii) Risks associated with investment in unlisted securities:**

Except for any security of an associate or group company, the scheme can invest in securities which are not listed on a stock exchange ("unlisted Securities") which in general are subject to greater price fluctuations, less liquidity and greater risk than those which are traded in the open market.

**(iii) Risk factors associated with investment in Tri-Party Repo**

The mutual fund is a member of securities segment and Triparty Repo trade settlement of the Clearing Corporation of India (CCIL). All transactions of the mutual fund in government securities and in Tri-party Repo trades are settled centrally through the infrastructure and settlement systems provided by CCIL; Thus, reducing the settlement and counterparty risks considerably for transactions in the said segments. The members are required to contribute an amount as communicated by CCIL from time to time to the default fund maintained by CCIL as a part of the default waterfall (a loss mitigating measure of CCIL in case of default by any member in settling transactions routed through CCIL).

As per the waterfall mechanism, after the defaulter's margins and the defaulter's contribution to the default fund have been appropriated, CCIL's contribution is used to meet the losses. Post utilization of CCIL's contribution if there is a residual loss, it is appropriated from the default fund contributions of the non-defaulting members. Thus, the scheme is subject to risk of the initial margin and default fund contribution being invoked in the event of failure of any settlement obligations. In addition, the fund contribution is allowed to be used to meet the residual loss in case of default by the other clearing member (the defaulting member).

CCIL shall maintain two separate Default Funds in respect of its Securities Segment, one with a view to meet losses arising out of any default by its members from outright and repo trades and the other for meeting losses arising out of any default by its members from Triparty Repo trades. The mutual fund is exposed to the extent of its contribution to the default fund of CCIL, in the event that the contribution of the mutual fund is called upon to absorb settlement/default losses of another member by CCIL, as a result the scheme may lose an amount equivalent to its contribution to the default fund.

**(iv) Risk factors associated with Repo in permitted Corporate Debt Securities**

In repo transactions, also known as a repo or sale repurchase agreement, securities are sold with the seller agreeing to buy them back at later date. The repurchase price should be greater than the original sale price, the difference effectively representing interest. A repo in corporate debt securities is economically similar to a secured loan, with the buyer receiving corporate debt securities as collateral to protect against default. Some of the risks associated with repo in corporate debt are given below:

**Counterparty Risk:** Counterparty risk refers to the inability of the seller to meet the obligation to buy back securities at the contracted price on the contracted date. In case of over the counter (OTC) repo trades, the investment manager will endeavour to manage counterparty risk by dealing only with counterparties having

strong credit profiles. Also, the counter-party risk is to an extent mitigated by taking collateral equivalent in value to the transaction after knocking off a minimum haircut on the intrinsic value of the collateral. In the event of default by the repo counterparty, the scheme shall have recourse to the corporate debt securities. In case the repo transaction is executed on exchange platform approved by RBI/SEBI, the exchange may also provide settlement guarantee.

**Collateral Risk:** Collateral risk arises when the market value of the securities is inadequate to meet the repo obligations. This risk can be partly mitigated by restricting participation in repo transactions only in corporate debt securities which are approved by credit risk team. Additionally, to address the risk related to reduction in market value of corporate debt security held as collateral due to credit rating downgrade, the repo contract can incorporate either an early termination of the repo agreement or call for fresh margin to meet the minimum haircut requirement or call for replacement of security with eligible security. Moreover, the investment manager may apply a higher haircut on the underlying security than required as per RBI/SEBI regulation to adjust for the illiquidity and interest rate risk on the underlying instrument. To mitigate the risk of price reduction due to interest rate changes, the adequacy of the collateral can be monitored on a daily basis by considering the daily market value & applying the prescribed haircut. The fund manager or the exchange can then arrange for additional collateral from the counterparty, within a prespecified period. If the counterparty is not able to top-up either in form of cash / collateral, it would tantamount to early termination of the repo agreement, and the outstanding amount can be recovered by sale of collateral.

#### (v) Risk factors associated for investments in Mutual Fund Schemes

1. Movements in the Net Asset Value (NAV) of these Schemes may impact the performance. Any change in the investment policies or fundamental attributes of these Schemes will affect the performance of the Scheme to the extent of investment in such schemes.
2. Redemptions by in these Schemes would be subject to applicable exit loads.

#### (vi) General Risk factors

- Trading volumes, settlement periods and transfer procedures may restrict the liquidity of the investments made by the Scheme. Different segments of the Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances leading to delays in receipt of proceeds from sale of securities. The NAV of the Units of the Scheme can go up or down because of various factors that affect the capital markets in general.
- As the liquidity of the investments made by the Scheme could, at times, be restricted by trading volumes and settlement periods, the time taken by the Mutual Fund for redemption of Units may be significant in the event of an inordinately large number of redemption requests or restructuring of the Scheme. In view of the above, the Trustee has the right, in its sole discretion, to limit redemptions (including suspending redemptions) under certain circumstances, as described under **section Right to Restrict Redemption and / or Suspend Redemption of the units.**
- At times, due to the forces and factors affecting the capital market, the Scheme may not be able to invest in securities falling within its investment objective resulting in holding the monies collected by it in cash or cash equivalent or invest the same in other permissible securities / investments amounting to substantial reduction in the earning capability of the Scheme. The Scheme may retain certain investments in cash or cash equivalents for its day-to-day liquidity requirements.
- Investment strategy to be adopted by the Scheme may carry the risk of significant variance between the portfolio allocation of the Scheme and the Benchmark particularly over a short to medium term period.
- Performance of the Scheme may be affected by political, social, and economic developments, which may include changes in government policies, diplomatic conditions, and taxation policies.

- The Scheme at times may receive large number of redemption requests, leading to an asset-liability mismatch and therefore, requiring the investment manager to make a distress sale of the securities leading to realignment of the portfolio and consequently resulting in investment in lower yield instruments.

## C. RISK MITIGATION STRATEGIES

Investments made from the net assets of the Scheme would be in accordance with the investment objective of the Scheme and the provisions of the SEBI (MF) Regulations. The AMC will strive to achieve the investment objective by way of a judicious portfolio mix comprising of units of HSETF, Debt securities and money market instruments. Investment in debt securities will be guided by credit quality, liquidity, interest rates and their outlook.

### 1) Operational Risk

This is the ability of the Fund to process the purchase/redemption requests within the stipulated time period under the Scheme.

The underlying scheme primarily invests in physical Silver which satisfy the norms of 'Good Delivery' as defined by the Regulations. Liquidity issues are not envisaged as Silver is a globally traded commodity and thereby very liquid.

The processing of purchase/redemption requests received by the Scheme will depend on the ability to buy/sell units of the Underlying Scheme in creation unit size. Consequently, the underlying scheme shall buy/sell physical Silver in creation unit size only. Further, the Scheme shall also endeavor to process the purchase redemption requests by buying/selling the units of the underlying scheme on the stock exchange(s) in the secondary market.

### 2) Tracking Error

Tracking error means the variance between daily returns of the underlying benchmark (Silver in this case) and the NAV of the Scheme for any given period. NAV of the Scheme is dependant on closing trade price of HSETF. NAV so computed may vary from the price of Silver in the domestic market.

Tracking error can also be caused by late realization of cheques / demand drafts. However cheques in the normal course of banking would take 2/3 days for realization. Hence the investment can be done only on the 3rd or 4th day depending upon the timing of the credit in the Scheme account, as explained below.

#### A) Banking and Utilization of Funds

Following are the various modes of payments for Purchase/ Additional purchases and SIP transactions for HDFC SILVER ETF FUND OF FUND:

Sr. No.	Payment Mode	Clearing
1	RTGS	Same Day
2	Transfer Instrument	Same Day
3	Auto Debit	Same Day
4	NEFT	Same Day or the next day
5	ECS	One/Two days or Five/seven days (Depending on the clearing cycle of that particular location)
6	MICR	Two days but in some cases 3-7 Days
7	PDC	As per MICR clearing cycle of RBI/SBI

The cash flow through various modes of acceptance will be analyzed on a daily basis. Investment into units of HSETF would be on the basis of this cash flow analysis & subscription/ redemption request received. Subsequent deployment into HSETF would also be based on this analysis. The deployment will be carefully planned on the basis of the mode of acceptance of instrument with an objective to moderate tracking error.

To illustrate – A cheque of Rs.10,000 received on T day in the Scheme would result in the investor getting the NAV of T day as per extant guidelines. The said cheque would be realized only on T+2/3 and hence the fund would invest in HSETF units on T+2/3 as the case may be. There could be underlying price movements in HSETF between T day and T+3/4 day. This could result in tracking error. To that extent the performance of scheme shall be at variance with that of the underlying scheme. However, over periods of time it may get neutralized.

a. The table below highlights the Clearing Mechanism of the funds based on various modes of payments vis-a-vis different types of location for lumpsum investments:

Location/ Mode of clearing	RTGS	NEFT	ECS (RBI locations)	ECS (Non RBI locations)	MICR (RBI locations)	MICR (Non- RBI locations)
Tier I	T day	T day upto 5.00 pm, Otherwise T+1	T+3 days	NA	T+2 days	NA
Tier II	T day	T day upto 5.00 pm	T+3 days	T+3 days	T+2 days	T+3 days
Tier III	T day	T day upto 5.00 pm	NA	T+4 days	NA	T+4 days
Tier IV	T day	T day upto 5.00 pm	NA	T+5 days	NA	T+5 days

NA – Not Applicable

b. The table below highlights the percentage of funds received through Systematic Investments Plans from various ECS location:

Date	Trade Date	% of funds received	Cumulative %
SIP date (T)	T + 1	1.54	1.54
	T + 2	95.05	96.59
	T + 3	2.62	99.21
	T + 4	0.76	99.97
	T + 5	0.03	100.00
<b>Total</b>		<b>100.00</b>	<b>100.00</b>

As per the above table almost 99% of credit is happening into our account by T+3.

## B) Utilization of Funds

Transactions are accepted before the cut off time as specified by SEBI from time to time. All the transactions are reported in our Registrars and Transfer Agents system by the respective branches across India and funds get deposited into the banks accounts.

On the basis of clear Funds being available for deployment, cash flows are reported to the fund manager on timely basis.

The inputs regarding cash flows by various modes of acceptance will be planned on a daily basis. The subscription/redemption request will also be reported and used as a basis for investing in HSETF on

realization of funds. This will also form the basis for subsequent deployment of funds in HSETF. The deployment will be carefully planned on the basis of the mode of acceptance of instrument to moderate tracking error.

Fund Manager will either execute trade for the units of HSETF on exchange or subscribe directly to HSETF (direct via AMC) depending on market dynamics in the best interest of the investors.

Tracking error could be the result of a variety of factors including but not limited to:

- Delay in the purchase or sale due to market illiquidity.
- Availability of Silver bars for creation of units of HSETF.
- Delay in receipt of subscription/SIP inflows.
- Fund flows in the Scheme of value lesser than Creation lot size of HSETF.
- The trade execution prices for units of HSETF may be different from NAV of HSETF.
- The holding of a cash position and accrued income.

Tracking error due to movement in prices of physical Silver will impact the performance of the Scheme. However, the Scheme will endeavor to keep tracking error as low as possible by:

- Appointing leaders in bullion business as Authorized participants/Market Makers under HSETF to enhance liquidity on the stock exchange and reduce the impact cost and that will help the Fund to minimize tracking error.
- Appointing leading bullion banks to make Silver bars available for creation of units under HSETF.
- Estimate the inputs regarding cash flows by various modes of acceptance on a daily basis. The subscription/redemption request will also be reported and used as a basis for planning investments in HSETF. The deployment will be carefully planned on the basis of the mode of acceptance of instrument to moderate tracking error.
- For small amounts of inflows/outflows which are less than the creation size of HSETF, the Scheme will buy/sell HSETF units directly on the stock exchange without waiting for additional subscription redemption to minimize tracking error.
- Offsetting the expenses/interest against the net inflows / outflows and investing/redeeming the balance amount from HSETF to minimize the tracking error in best interest of investors.

### **3) Credit Evaluation Policy**

The credit evaluation policy of the AMC entails evaluation of credit fundamentals of each investment opportunity. Some of the factors that are evaluated inter-alia may include outlook on the sector, parentage, quality of management, and overall financial strength of the credit. The AMC utilizes ratings of recognised rating agencies as an input in the credit evaluation process. Investments in bonds and debenture are usually in instruments that have been assigned high investment grade ratings by a recognized rating agency.

### **4) Interest Rate Risk**

An interest rate scenario analysis would be performed on an on-going basis, considering the impact of the developments on the macro-economic front and the demand and supply of funds. Based on the above analysis, the AMC would manage the investments of the Scheme on a dynamic basis to exploit emerging opportunities in the investment universe and manage risks at all points in time.

## 5) Liquidity Risk

The AMC will attempt to reduce liquidity risk by investing in securities that would result in a staggered maturity profile of the portfolio, investment in structured securities that provide easy liquidity and securities that have reasonable secondary market activity. In the event of a requirement to liquidate all or a substantial part of these investments in a very short duration of time, the AMC may not be able to realize the full value of these securities to an adverse impact on the Net Asset Value of the Scheme. Please refer to section “Right to Limit Redemption” and “Suspension of Sale/ Redemption of the Units”.

## 6) Market Liquidity Risk

The liquidity of investments made in the Schemes may be restricted by trading volumes, settlement periods and transfer procedures.

Although the investment universe constitutes securities which will have high market liquidity, there is a possibility that market liquidity could get impacted on account of company/sector/ general market related events and there could be a price impact on account of portfolio rebalancing. Different segments of the Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances. Delays or other problems in settlement of transactions could result in temporary periods when the assets of the Schemes are uninvested and no return is earned thereon. The inability of the Scheme to make intended securities purchases, due to settlement problems, could cause the Schemes to miss certain investment opportunities. Money market instruments, while fairly liquid, lack a well developed secondary market, which may restrict the selling ability of the Schemes and may lead to the Schemes incurring losses till the security is finally sold.

Securities, which are not quoted on the stock exchanges, are inherently illiquid in nature and carry a larger amount of liquidity risk, in comparison to securities that are listed on the exchanges or offer other exit options to the investor.

## II. INFORMATION ABOUT THE SCHEME:

### A. WHERE WILL THE SCHEME INVEST?

The Scheme will invest securities as mentioned below. The investments will be made as per the limits specified in the asset allocation table of the Scheme, subject to permissible limits laid under SEBI (MF) Regulations or any other applicable laws and guidelines.

- The Scheme will predominantly invest in Units of HDFC Silver ETF. The Scheme may invest in other schemes managed by the AMC or in the schemes of any other mutual funds, provided it is in conformity with the investment objectives of the Scheme and in terms of the prevailing SEBI (MF) Regulations.
- Debt and Money Market Securities  
Investments in Debt and Money Market Instruments will be as per the limits specified in the asset allocation table(s) of the Scheme, subject to permissible limits laid under SEBI (MF) Regulations.  
Investments in debt and money market instruments will be made through secondary market purchases, initial public offers, other public offers, placements and right offers (including renunciation). The securities could be listed, privately placed, secured/unsecured, rated.
- Pending deployment as per investment objective, the moneys under the Scheme may be parked in short-term deposits of Scheduled Commercial Banks.  
The Scheme shall abide by the guidelines for parking of funds in short term deposits as per clause 12.16 of Master Circular, as may be amended from time to time. For details, refer section ‘What are the Investment Restrictions’ under Section II, Part II, Clause B.
- Any other instruments as may be permitted by RBI / SEBI from time to time, subject to necessary regulatory approvals.

## **B. WHAT ARE THE INVESTMENT RESTRICTIONS?**

Pursuant to SEBI (MF) Regulations, the following investment restrictions are applicable to the Scheme:

- The Scheme shall not invest its assets other than in HSETF, except as permitted under the Asset allocation pattern, as disclosed in this Scheme Information Document.
- The Scheme shall not invest in foreign debt securities.
- The Mutual Fund shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relevant securities and in all cases of sale, deliver the securities:

Provided further that sale of government security already contracted for purchase shall be permitted in accordance with the guidelines issued by the Reserve Bank of India in this regard.

- The Mutual Funds having an aggregate of securities worth Rs.10 crore or more as on the latest balance-sheet date, shall subject to such instructions as may be issued from time to time by SEBI, settle their transactions only through dematerialised securities. The Mutual Fund shall enter into transactions relating to Government Securities only in dematerialised form.
- Save as otherwise expressly provided under SEBI (MF) Regulations, the Mutual Fund shall not advance any loans for any purpose.
- The mutual fund shall not borrow except to meet temporary liquidity needs of the mutual funds for the purpose of repurchase, redemption of units or payment of interest to the unitholders.

Provided that the mutual fund shall not borrow more than 20 per cent of the net asset of the scheme and the duration of such a borrowing shall not exceed a period of six months.

- The Mutual Fund shall get the securities purchased/ transferred in the name of the Mutual Fund on account of the respective Scheme, wherever the investments are intended to be of a long term nature.
- The Scheme shall not invest more than 10% of its debt portfolio in debt instruments comprising money market instruments and non-money market instruments issued by a single issuer which are rated not below investment grade by a credit rating agency authorised to carry out such activity under the Act subject to the below limits at rating level:

The scheme shall not invest more than:

- a. 10% of its debt portfolio in debt and money market securities rated AAA; or
- b. 8% of its debt portfolio in debt and money market securities rated AA; or
- c. 6% of its debt portfolio in debt and money market securities rated A and below issued by a single issuer.

The above investment limits may be extended by up to 2% of its NAV of the Scheme with prior approval of the Board of Trustees and Board of Directors of the AMC, subject to overall limit of 12% of debt portfolio of the Scheme for a single issuer.

Provided that such limit shall not be applicable for investments in Government Securities, treasury bills and Tri-party Repos on Government securities or treasury bills (TREPS).

Provided further that such limit shall not be applicable for investments in case of debt exchange traded funds or such other funds as may be specified by SEBI from time to time.

- As per SEBI Circular No. SEBI/HO/IMD/PoD2/P/CIR/2024/183 dated December 31, 2024, the Scheme shall not invest in unlisted debt instruments, bespoke or complex debt products, unrated debt and money market instruments (except G-Secs, T-Bills and other money market instruments).

Further, the Scheme shall comply with provisions of clauses 4.3.1 and 12.1 of Master Circular regarding investment in Debt and Money Market Instruments, as amended from time to time, to the extent applicable to the Scheme.

- The Scheme may invest in another scheme(s) under the same AMC or any other mutual fund without charging any fees, provided that aggregate inter-scheme investment made by all schemes under the same AMC or in schemes under the management of any other asset management shall not exceed 5% of the net asset value of the Mutual Fund.

Provided that the Scheme shall not invest in any fund of funds scheme.

- Pending deployment of funds of the Scheme in securities in terms of the investment objectives of the Scheme, the Fund may park the funds of the Scheme in short term deposits of scheduled commercial banks subject to the following guidelines as specified by clause 12.16 of Master Circular, as amended from time to time.
  - “Short Term” for parking of funds shall be treated as a period not exceeding 91 days.
  - Short Term deposits shall be held in the name of the Scheme.
  - The Scheme(s) shall not park more than 15% of the net assets in short term deposit(s) of all the scheduled commercial banks put together.
  - However, this limit can be raised upto 20% of the net assets with prior approval of the Board of Trustees.
  - Parking of funds in short term deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the Mutual Fund in short term deposits.
  - The Scheme shall not park more than 10% of the net assets in short term deposit(s) of any one scheduled commercial bank including its subsidiaries.
  - The Scheme shall not park in short term deposit of a bank which has invested in the Scheme. Trustees/ AMC shall also take steps to ensure that a bank in which the Scheme has short term deposit does not invest in the Scheme until the Scheme has short term deposit with such bank.
  - No investment management and advisory fees will be charged for such investments in the Scheme.
  - The aforesaid limits shall not be applicable to term deposits placed as margins for trading in cash and derivative market.
  - However, period for ‘pending deployment’ as stated above for the Scheme shall not exceed 7 days.
- The Scheme shall not make any investments in:
  - (a) any unlisted security of an associate or group company of the Sponsors;
  - (b) any security issued by way of private placement by an associate or group company of the Sponsors;
  - (c) the listed securities of group companies of the Sponsors which is in excess of 25% of the net assets;
  - (d) any fund of funds scheme.

The AMC / Trustee may alter these above stated restrictions from time to time to the extent the SEBI (MF) Regulations change, so as to permit the Scheme to make its investments in the full spectrum of permitted investments for mutual funds to achieve its respective investment objective. The AMC/Trustee may from time to time alter these restrictions in conformity with the SEBI (MF) Regulations. Further, apart from the investment restrictions prescribed under SEBI (MF) Regulations, the Fund may follow any internal norms vis-à-vis restricting/ limiting exposure to a particular scrip or sector, etc.

All investment restrictions shall be applicable at the time of making investment.

## C. FUNDAMENTAL ATTRIBUTES

- The Unit holders are given an option for a period of atleast 30 calendar days to exit at the prevailing Net Asset Value without any exit Load.

## D. INDEX METHODOLOGY

There is no Index for the Underlying Scheme viz. HDFC Silver ETF (HSETF) which invests in Silver and Silver related instruments. The underlying Scheme undertakes valuation of Silver as under:

### Valuation of Silver:

HSETF will invest in physical Silver. Since physical Silver and other permitted instruments linked to Silver are denominated in Silver tonnage, it will be valued based on the market price of Silver in the domestic market and will be marked to market on a daily basis. The market price of Silver in the domestic market on any Business Day would be arrived at as under.

#### Value of Silver:

Silver held by the Fund would be valued at their domestic price(s). For arriving at the domestic price of Silver on any Business Day, the per troy ounce, US dollar price of Silver (fineness of 999.0 parts per thousand) of that day, sourced as specified in the Regulations, would be adjusted for –

- (a) conversion to metric measures as per standard conversion rates;
- (b) for conversion of US dollars into Indian rupees as per the RBI reference rate, of that business day, declared by the Foreign Exchange Dealers Association of India (FEDAI); and
- (c) addition of -
  - i. transportation and other charges that may be normally incurred in bringing such Silver from London (as specified in the Regulations) to the place where it is actually stored on behalf of the Fund; and
  - ii. notional customs duty and other applicable taxes and levies that may be normally incurred to bring the Silver from London (as specified in the Regulations) to the place where it is actually stored on behalf of the Fund.

Provided that the adjustment under clause (c) above may be made on the basis of a notional premium that is usually charged for delivery of Silver to the place where it is stored on behalf of the Fund.

Provided further that where the Silver held by a Scheme has a greater fineness, the relevant price as per regulatory norms shall be taken as the reference price under this sub-paragraph.

Price of Silver (London AM Rate)	A	23.50\$/ounce
Premium (cost of import)	B	0.25 \$/ounce
Total price of Silver	C=(A+B)	23.75 \$/ounce
Conversion factor (Kg's to ounce)	D	32.15
RBI Reference Rate (\$)	E	78.84
Price of Silver per Kg. (CxDxE)	F	Rs.60,199.27
Import Duty per Kg*	G	Rs.6,555.00
Total price of Silver (F+G)	H	Rs.66,754.00

\*Custom Duty, as currently levied by the tax authorities and is subject to change.

<p><b>The policy regarding reissue of repurchased units, including the maximum extent, the manner of reissue, the entity (the scheme or the AMC) involved in the same.</b></p>	<p>Presently, the AMC does not intend to reissue the repurchased units. However, the Trustee reserves the right to reissue the repurchased units at a later date after issuing adequate public notices and taking approvals, if any, from SEBI.</p>
<p><b>Restrictions, if any, on the right to freely retain or dispose of units being offered.</b></p>	<p><b>RIGHT TO RESTRICT REDEMPTION AND / OR SUSPEND REDEMPTION OF THE UNITS</b> (as per clause 1.12 of Master Circular):</p> <p>The Fund at its sole discretion reserves the right to restrict Redemption (including switch-out) of the Units (including Plan /Option) of the Scheme of the Fund upon occurrence of the below mentioned events for a period not exceeding ten (10) working days in any ninety (90) days period subject to approval of the Board of Directors of the AMC and the Trustee. The restriction on Redemption (including switch-out) shall be applicable where the Redemption (including switch-out) request is for a value above Rs. 2,00,000/- (Rupees Two Lakhs). Further, no restriction shall be applicable to the Redemption / switch-out request upto Rs. 2,00,000/- (Rupees Two Lakhs). It is further clarified that, in case of redemption request beyond Rs. 2,00,000/- (Rupees Two Lakhs), no restriction shall be applicable on first Rs. 2,00,000/- (Rupees Two Lakhs).</p> <p>The Trustee / AMC reserves the right to restrict Redemption or suspend Redemption of the Units in the Scheme of the Fund on account of circumstances leading to a systemic crisis or event(s) that severely constrict market liquidity or the efficient functioning of the markets. A list of such circumstances under which the restriction on Redemption or suspension of Redemption of the Units in the Scheme of the Fund may be imposed are as follows:</p>

	<ol style="list-style-type: none"> <li>1. Liquidity issues- when market at large becomes illiquid affecting almost all securities rather than any issuer specific security; or</li> <li>2. Market failures / Exchange closures; or</li> <li>3. Operational issues; or</li> <li>4. If so directed by SEBI.</li> </ol> <p>It is clarified that since the occurrence of the abovementioned eventualities have the ability to impact the overall market and liquidity situation, the same may result in exceptionally large number of Redemption requests being made and in such a situation the indicative timelines, if any mentioned by the Fund in the scheme offering documents, for processing of requests for Redemption may not be applicable.</p> <p>Any restriction on Redemption or suspension of Redemption of the Units in the Scheme(s) of the Mutual Fund shall be made applicable only after specific approval of the Board of Directors of the AMC and Trustee Company and thereafter, immediately informing the same to SEBI.</p> <p>The AMC / Trustee reserves the right to change / modify the provisions of right to restrict Redemption and / or suspend Redemption of the Units in the Scheme of the Fund.</p>
<p><b>Cut off timing for subscriptions/ redemptions/ switches</b></p> <p>This is the time before which your application (complete in all respects) should reach the official points of acceptance.</p>	<p>The below cut-off timings and applicability of NAV shall be applicable in respect of valid applications received at the Official Point(s) of Acceptance on a Business Day:</p> <p><b>A] For Purchase (including switch-in) of any amount:</b></p> <ul style="list-style-type: none"> <li>• In respect of valid applications received upto 3.00 p.m. and where the funds for the entire amount are available for utilization before the cut-off time i.e. credited to the bank account of the Scheme before the cut-off time - the closing NAV of the day shall be applicable.</li> <li>• In respect of valid applications received after 3.00 p.m. and where the funds for the entire amount are credited to the bank account of the Scheme either at any time on the same day or before the cut-off time of the next Business Day i.e. available for utilization before the cut-off time of the next Business Day - the closing NAV of the next Business Day shall be applicable.</li> <li>• Irrespective of the time of receipt of application, where the funds for the entire amount are credited to the bank account of the Scheme before the cut-off time on any subsequent Business Day i.e. available for utilization before the cut-off time on any subsequent Business Day - the closing NAV of such subsequent Business Day shall be applicable.</li> </ul> <p><b>B] For Switch-ins of any amount:</b></p> <p>For determining the applicable NAV, the following shall be ensured:</p> <ul style="list-style-type: none"> <li>• Application for switch-in is received before the applicable cut-off time.</li> <li>• Funds for the entire amount of subscription/purchase as per the switch-in request are credited to the bank account of the Scheme before the cut-off time.</li> <li>• The funds are available for utilization before the cut-off time.</li> </ul>

	<ul style="list-style-type: none"> <li>• In case of 'switch' transactions from one scheme to another, the allocation shall be in line with redemption payouts.</li> </ul> <p>In case of switches, the request should be received on a day which is a Business Day for the Switch-out scheme. Redemption for switch-out shall be processed at the applicable NAV as per cut-off timing. Switch-in will be processed at the Applicable NAV (on a Business Day) based on realization of funds as per the redemption pay-out cycle for the switch-out scheme.</p> <p>For investments through systematic investment routes such as Systematic Investment Plans (SIP), Flex SIP, Systematic Transfer Plans (STP), Flex-STP, Swing STP, Transfer of Income Distribution cum Capital Withdrawal (IDCW) Plan facility (TIP), etc. the units will be allotted as per the closing NAV of the day on which the funds are available for utilization by the Target Scheme irrespective of the installment date of the SIP, STP or record date of IDCW etc.</p> <p>While the AMC will endeavour to deposit the payment instruments accompanying investment application submitted to it with its bank expeditiously, it shall not be liable for delay in realization of funds on account of factors beyond its control such as clearing / settlement cycles of the banks.</p> <p>Since different payment modes have different settlement cycles including electronic transactions (as per arrangements with Payment Aggregators / Banks / Exchanges etc), it may happen that the investor's account is debited, but the money is not credited within cut-off time on the same date to the Scheme's bank account, leading to a gap / delay in Unit allotment. Investors are therefore urged to use the most efficient electronic payment modes to avoid delays in realization of funds and consequently in Unit allotment.</p> <p><b>C] For Redemption (including switch-out) applications</b></p> <ul style="list-style-type: none"> <li>• In respect of valid applications received upto 3 p.m. on a Business Day by the Fund, same day's closing NAV shall be applicable.</li> <li>• In respect of valid applications received after 3 p.m. on a Business Day by the Fund, the closing NAV of the next Business Day shall be applicable.</li> </ul> <p><b>Transactions through online facilities / electronic modes:</b></p> <p>The time of transaction done through various online facilities / electronic modes offered by the AMC, for the purpose of determining the applicability of NAV, would be the time when the request for purchase / sale / switch of units is received in the servers of AMC/RTA.</p> <p>The AMC has the right to amend cut off timings subject to SEBI (MF) Regulations for the smooth and efficient functioning of the Scheme.</p>
<p><b>Minimum amount for purchase/redemption/switches</b></p>	<p><b>Minimum amount for Purchase/Redemption (including Switch-in/out):</b></p> <p>For details refer section '<b>Highlights / Summary of the Scheme</b>'.</p>

	<p>The request for minimum amount /units for redemption / switch-out of Units under each plan / option would be Rs. 100 and multiples of Re. 1/- thereafter.</p> <p>Note: Provisions for minimum amount of purchase / redemptions are not applicable in case of mandatory investments by the Designated Employees of the AMC in accordance with clause 6.10 of Master Circular.</p> <p>There will be no minimum redemption criterion for Unit based redemption.</p> <p>The Redemption / Switch-out would be permitted to the extent of credit balance in the Unit holder's account of the Plan(s) / Option(s) of the Scheme (subject to completion of Lock-in period or release of pledge / lien or other encumbrances).</p> <p>The Redemption / Switch-out request can be made by specifying the rupee amount or by specifying the number of Units of the respective Plan(s) / Option(s) to be redeemed. In case a Redemption / Switch-out request received is for both, a specified rupee amount and a specified number of Units of the respective Plan(s)/ Option(s), the specified number of Units will be considered the definitive request.</p> <p>In case the value / number of available units held in the Unit holder's folio / account under the Plan / Option of the Scheme is less than the amount / number of units specified in the redemption / switchout request, then the transaction shall be treated as an 'all units' redemption and the entire balance of available Units in the folio / account of the Unit holder under the stated Plan / Option of the Scheme shall be redeemed.</p>
<b>Accounts Statements</b>	<p>The AMC shall send an allotment confirmation specifying the units allotted by way of email and/or SMS within 5 working days of receipt of valid application/transaction to the Unit holders registered e-mail address and/ or mobile number (whether units are held in demat mode or in account statement form).</p> <p>A Consolidated Account Statement (CAS) detailing all the transactions across all mutual funds and holdings at the end of the month shall be sent to the Unit holders in whose folio(s) transaction(s) have taken place during the month on registered email address on or before 12th of the succeeding month and by 15th of the succeeding month for those who have opted for physical copy.</p> <p>Half-yearly CAS shall be issued to all investors providing the prescribed details across all schemes of mutual funds and securities held in dematerialized form across demat accounts, if applicable, at the end of every six months (i.e. September/ March) on or before 18th day of succeeding month on registered email address and 21st day of succeeding month through physical copy for those who do not have registered email addresses.</p> <p>For further details, refer SAI.</p>
<b>Dividend/ IDCW</b>	<p>Not Applicable.</p> <p>The Scheme offers only Growth Option. IDCW will not be declared under the said Option.</p>

<b>Redemption</b>	<p>The redemption or repurchase proceeds shall be dispatched to the unitholders within three working days from the date of redemption or repurchase or such other timelines as may be specified by SEBI / AMFI from time to time in case of exceptional circumstances or otherwise.</p> <p>For details refer para 14.1.3 of Master Circular.</p>
<b>Bank Mandate</b>	<p><b>BANK DETAILS</b></p> <p>In order to protect the interest of Unit holders from fraudulent encashment of redemption / IDCW cheques, SEBI has made it mandatory for investors to provide their bank details viz. name of bank, branch, address, account type and number, etc. to the Mutual Fund. Payment will be made only in the Bank Account registered with the Mutual Fund. In case of units held in demat mode, payment will be made to the bank account linked to the demat account. The bank account registered in the folio of a minor should be that of the minor or should be a joint account of the minor with the guardian. Applications without complete bank details shall be rejected. The AMC will not be responsible for any loss arising out of fraudulent encashment of cheques/ warrants and/ or any delay/ loss in transit.</p> <ul style="list-style-type: none"> <li> <p><b>Multiple Bank Accounts Registration</b></p> <p>The AMC/ Mutual Fund provides a facility to the investors to register multiple bank accounts (currently upto 5 for Individuals and 10 for Non - Individuals) for receiving redemption/ IDCW proceeds etc. by providing necessary documents. Investors must specify any one account as the "Default Bank Account".</p> </li> <li> <p><b>Change in Bank Account</b></p> <p>For investors holding units in demat mode, the procedure for change in bank details would be as determined by the depository participant.</p> <p>For investors holding units in non-demat mode, the Unit holders may change their bank details registered with the Mutual Fund by submitting 'Multiple Bank Account Registration Form' or a standalone separate Change of Bank Details Form.</p> </li> </ul>
<b>Delay in payment of redemption /repurchase proceeds/dividend</b>	<p>The AMC shall be liable to pay interest to the Unit holders at 15% or such other rate as may be prescribed by SEBI from time to time, in case the redemption/ repurchase/ IDCW proceeds are not transferred within the prescribed timeline. However, the AMC will not be liable to pay any interest or compensation or any amount otherwise, in case the AMC / Trustee is required to obtain from the investor / unit holders verification of identity or such other details relating to subscription for Units under any applicable law or as may be required by a regulatory body or any government authority, which results in delay in processing the application.</p>
<b>Unclaimed Redemption and Income Distribution cum Capital Withdrawal Amount</b>	<p>The unclaimed Redemption and IDCW amounts (the funds) are currently deployed by the Mutual Fund only in TREPS. However, the same may be deployed in other permissible instruments such as call money market or money market instruments or in a separate plan specifically launched under Overnight/Liquid/ Money Market Mutual Fund schemes to deploy unclaimed Redemption and IDCW amounts. Investors who claim the unclaimed</p>

	<p>amounts during a period of three years from the due date shall be paid initial unclaimed amount along-with the income earned on its deployment. Investors, who claim these amounts after 3 years, shall be paid initial unclaimed amount along-with the income earned on its deployment till the end of the third year. After the third year, the income earned on such unclaimed amounts shall be used for the purpose of investor education. The AMC will make a continuous effort to remind the investors through letters to take their unclaimed amounts. The details of such unclaimed redemption/IDCW amounts are made available to investors upon them providing proper credentials, on website of the Mutual Fund and AMFI along with the information on the process of claiming the unclaimed amount and the necessary forms/documents required for the same.</p> <p>Further, the information on unclaimed amount along-with its prevailing value (based on income earned on deployment of such unclaimed amount), will be separately disclosed to investors through the periodic statement of accounts/Consolidated Account Statement sent to the investors. Further, the investment management fee charged by the AMC for managing the said unclaimed amounts shall not exceed 50 basis points.</p>
<b>Disclosure with respect to investment by minors</b>	<p>Investments (including through existing SIP registrations) in the name of minors shall be permitted only from bank account of the minor, parent or legal guardian of the minor or from a joint account of the minor with the parent or legal guardian.</p> <p>It is reiterated that the redemption/ Income Distribution cum Capital Withdrawal (IDCW) proceeds for investments held in the name of Minor shall continue to be transferred to the verified bank account of the minor (i.e. of the minor or joint account of minor with parent/ legal guardian) only. Therefore, investors must ensure to update the folios with minor's bank account details as the 'Pay-out Bank account' by providing necessary documents before tendering redemption requests / for receiving IDCW distributions.</p> <p><b>MINOR ATTAINING MAJOR STATUS</b></p> <p>The Mutual Fund/AMC will register SIP/STP/SWAP/or any other systematic enrollment in the folio held by a minor only till the date of the minor attaining majority, even though the instructions may be for a period beyond that date. Such enrollments will automatically stand terminated upon the Unit Holder attaining 18 years of age.</p> <p>For folios where the units are held on behalf of the minor, the account shall be frozen for operation by the guardian on the day the minor attains majority and no transactions shall be permitted till the requisite documents for changing the status of the account from 'minor' to 'major' are submitted.</p>
