XXI.	Special Product available on Ongoing basis	SWITCHING OPTIONS DURING NFO During the NFO period, the Unit holders holding Units in non-demat form will be able to invest in the NFO of the Scheme by switching part or all of their Unit holdings held in the respective option(s) / plan(s) of the existing scheme(s) established by the Mutual Fund. Switch request will be accepted upto 3.00 p.m. (or such other applicable cut-off time as notified by SEBI from time to time) on the last day of the NFO. However, investors should ensure to submit the switch-out request sufficiently in time before close of NFO, keeping in view the pay-out cycle of the switch-out scheme so that the monies are realized by the switch-in Scheme on or before the NFO allotment date. However, if application monies (including for switch-in) are not received before the allotment date, the application shall be liable to be rejected. This Option will be useful to Unit holders who wish to alter the allocation of their investment among the scheme(s) / plan(s) of the Mutual Fund (subject to completion of lock-in period, if any, of the Units of the scheme(s) from where the Units are being switched) in order to meet their changed investment needs.

		The Switch will be effected by way of a Redemption of Units from the Scheme/ Plan and a reinvestment of the Redemption proceeds in the Scheme and accordingly, to be effective, the Switch must comply with the Redemption rules of the Scheme/ Plan and the issue rules of the Scheme (e.g. as to the minimum number of Units that may be redeemed or subscribed, Exit Load etc). The price at which the Units will be Switched-out of the Scheme/ Plan will be based on the Redemption Price, and the proceeds will be invested in the Scheme at the prevailing sale price. If the amount of switch-in is in odd multiples, the application will be processed for the eligible amount and the balance amount will be refunded. The Switch request can be made on a Transaction Slip, which should be submitted at / sent by mail to any of the Official Points of Acceptance. During NFO, unitholders may purchase units of the Scheme through stock exchange platforms, channel distributors, MFU, electronic modes. SYSTEMATIC INVESTMENT PLAN (SIP) FACILITY DURING NFO Investors can enroll for SIP facility during the NFO period by submitting duly completed SIP Enrolment Form available for Investments at the Official Point(s) of Acceptance. The first SIP installment through National Automated Clearing House (NACH) / Direct Debit / Standing Instruction will commence after 15 days from the closure of NFO. Where SIP application is accompanied with first cheque / payment, allotment shall be done under NFO for the same and the next SIP instalment will commence after 25 days from the closure of the NFO. Provided that SIP will commence only after and as per successful registration, for which a confirmation containing SIP details (viz., start date, end date amount etc) will be sent to the investor. OTHER FACILITIES DURING NFO The AMC may offer any other facility to invest during the NFO such as registration of Systematic Transfer Plan (STP), switches etc. from existing schemes into the NFO of this Scheme, subject to applicable terms and conditions. The following facilities are available during Continuous Offer Period: SYSTEMATIC INVESTMENT PLAN (SIP) The Unit holders under the eligible Scheme(s) can benefit by investing specified Rupee amounts at regular intervals for a continuous period. Under the SIP, Investors can invest a fixed
--	--	--

		amount of Rupees at regular intervals for purchasing additional Units of the Scheme(s) at Applicable NAV. SIP Top Up Facility / SIP Step Up Facility Investors may avail SIP Top-up facility where they have options to increase the SIP Installment at pre-defined intervals. This will enhance the flexibility of the investor to invest higher amounts during the tenure of the SIP. MICRO SYSTEMATIC INVESTMENT PLAN ("MICRO SIP")/ PAN EXEMPT INVESTMENTS Investor i.e. either all joint holders or the first holder who do not hold PAN or are PAN exempt investors may invest (via lumpsum/SIP) up to Rs. 50,000 per year per investor. Such PAN exempt SIPs are referred to as Micro SIP. SIP PAUSE FACILITY The Fund offers Systematic Investment Plan ("SIP") Pause facility for investors who wish to temporarily pause their SIP in the Schemes of the Fund. FLEX SYSTEMATIC INVESTMENT PLAN (FLEXSIP) Flex SIP is a facility whereby investors can invest at predetermined intervals in Growth Option of open ended equity and hybrid schemes (the eligible schemes) of the Fund, higher amount(s) determined by a formula linked to value of investments, to take advantage of market movements. CHHOTI SIP FACILITY This facility will be available only to first-time individual investors to the industry excluding minors and will be restricted to three SIPs (one each in upto 3 Asset Management Companies) ("Chhoti SIP"). Investor who initiates any SIP other than Chhoti SIP or makes lumpsum investment shall not be considered as a Chhoti SIP investor for any subsequent investments at industry level. However, SIPs that were Chhoti SIP at the time of investment shall continue as Chhoti SIP. This facility is available only under the Growth option of the Scheme. OTM - ONE TIME MANDATE ('FACILITY') OTM is a simple and convenient facility that enables the Unit holders to transact in the Schemes of the Fund by submitting OTM - One Time Mandate registration form to the Fund. Through OTM, investor authorizes the bank to debit their account upto a certain specified limit per transaction, on request received from the Fund, as and when the transaction is to be undertaken by the Unit holder, without the need of submitting cheque or fund transfer letter with every transaction thereafter. SYSTEMATIC TRANSFER PLAN (STP) A Unit holder holding units in non-demat form may enroll for the Systematic Transfer Plan and choose to Switch on a daily,

Changes in asset allocation pattern/Portfolio Rebalancing:

Short Term Defensive Consideration:

Subject to SEBI (MF) Regulations the asset allocation pattern indicated above may change from time to time, keeping in view market conditions, market opportunities, applicable regulations and political and economic factors. It must be clearly understood that the percentages stated above are only indicative and not absolute and that they can vary substantially depending upon the perception of the Investment Manager, the intention being at all times to seek to protect the interests of the Unit holders. As per clause 1.9.1.b of Master Circular, as may be amended from time to time, such changes in the investment pattern will be for short term and for defensive consideration only.

In the event of change in the asset allocation, the fund manager will carry out portfolio rebalancing within 30 calendar days or such other timeline as may be prescribed by SEBI from time to time.

Portfolio rebalancing (in case of passive breaches):

As per clause 3.11 of Master Circular, as may be amended/ clarified from time to time, in the event of change in the asset allocation due to passive breaches (occurrence of instances not arising out of omission and commission of the AMC), the fund manager is required to carry out portfolio rebalancing within 30 Business Days.

In case the portfolio is not rebalanced within the period of 30 Business days, justification in writing, including details of efforts taken to rebalance the portfolio shall be placed before the Investment Committee. The Investment Committee, if it so desires, can extend the timeline for rebalancing up to sixty (60) Business days from the date of completion of mandated rebalancing period. In case the portfolio of the scheme is not rebalanced within the aforementioned mandated plus extended timelines, the AMC shall follow the requirements specified under the aforesaid circular including reporting the deviation to Trustees at each stage.

Timelines for deployment of Funds collected during New Fund Offer (NFO) period

In accordance with clause 7.24 of Master Circular, the AMC shall deploy the funds garnered during the NFO within 30 Business Days from the date of allotment of units.

In an exceptional case, if the AMC is not able to deploy the funds as per the aforesaid timeline, justification in writing, including details of efforts taken to deploy the funds shall be placed before the Investment Committee of the AMC.

The Investment Committee, after examining the root cause for delay in deployment, may extend the timeline by 30 Business Days. The Investment Committee shall also recommend on how to ensure deployment within 30 Business Days going forward and monitor the same. However, an extension shall not be granted if the Scheme's assets are liquid and readily available.

In case the funds are not deployed as per the aforesaid mandated plus extended timelines, the AMC shall follow the requirements specified under the aforesaid circular including reporting the deviation to Trustees at each stage.

The Trustees shall monitor the deployment of funds collected in NFO and take steps, as may be required, to ensure that the funds are deployed within a reasonable timeframe.

B. WHERE WILL THE SCHEME INVEST?

The Scheme will invest in securities as mentioned below. The investments will be made as per the limits specified in the asset allocation table of the Scheme, subject to permissible limits laid under SEBI (MF) Regulations or any other applicable laws and guidelines.

- Units of Gold and Silver ETFs;
- Debt and Money Market Instruments;
- Short Term Deposits;
- Any other instruments as may be permitted by RBI / SEBI from time to time, subject to necessary regulatory approvals.

For detailed disclosures, kindly refer Section II.

C. WHAT ARE THE INVESTMENT STRATEGIES?

The Scheme shall invest in units of Gold and Silver ETFs (the Underlying schemes) managed by HDFC Mutual Fund. The Scheme will manage its allocation towards Underlying schemes across gold and silver based on current macroeconomic and market conditions and their future outlook, or any other conditions as found suitable by the Fund Manager.

Investments in debt and money market instruments would be undertaken after assessing the associated credit risk, interest rate risk and liquidity risk within the limits in the Asset Allocation table of the Scheme, subject to permissible limits laid under SEBI (MF) Regulations.

Though every endeavour will be made to achieve the objective of the Scheme, the AMC/Sponsor/Trustee do not guarantee that the investment objective of the Scheme will be achieved. No guaranteed returns are being offered under the Scheme.

Risk Control

Investments made from the net assets of the Scheme would be in accordance with the investment objective of the Scheme and the provisions of the SEBI (MF) Regulations. The AMC will strive to achieve the investment objective by way of a judicious portfolio mix comprising of units of Gold and Silver ETFs, Debt securities and

money market instruments. Investment in debt securities will be guided by credit quality, liquidity, interest rates and their outlook.

PORTFOLIO TURNOVER

The Scheme is an open ended Fund of Fund Scheme, investing predominantly in units of Gold and Silver ETFs. It is expected that there would be a number of subscriptions and redemptions on a daily basis. Consequently, it is difficult to estimate with any reasonable measure of accuracy, the likely turnover in the portfolio. A higher portfolio turnover results in higher brokerage and transaction cost.

D. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?

Domestic Price of physical Gold (70%) and Domestic Price of physical Silver (30%) (derived as per regulatory norms)

The Scheme will be investing in the units of Gold and Silver ETFs. Performance comparisons for the Scheme will be made vis-à-vis the same Benchmark.

However, the Scheme's performance may not be strictly comparable with the performance of the Benchmark, due to the inherent differences in the construction of the portfolio. The Trustee reserves right to change the benchmark for performance of the scheme in conformity with the investment objectives and appropriateness of the benchmark subject to SEBI (MF) Regulations, and other prevailing guidelines, if any.

G. HOW HAS THE SCHEME PERFORMED?

This Scheme is a new Scheme and does not have any performance track record.

H. ADDITIONAL SCHEME RELATED DISCLOSURES

This is a new Scheme and therefore, the requirement of following additional disclosures is currently not applicable for the Scheme:

- The tenure for which the fund manager has been managing the Scheme.
- Scheme 's portfolio holdings (top 10 holdings by issuer and fund allocation towards various sectors).
- Portfolio Disclosure - Monthly
- Portfolio Turnover Rate for equity-oriented schemes.
- Addendums
- Aggregate investment in the Scheme by Fund Manager(s), key personnel and AMC directors.

However, the following disclosures will be made available as and when due, as given below:

Scheme's portfolio holdings - <https://www.hdfcfund.com/statutory-disclosure/portfolio/monthly-portfolio>

Portfolio Disclosure -

- Monthly - <https://www.hdfcfund.com/statutory-disclosure/portfolio/monthly-portfolio>

Addendums - <https://www.hdfcfund.com/statutory-disclosure/form-disclosures/addenda-notices>

For disclosure with respect to investments by key personnel and AMC directors including regulatory provisions in this regard, kindly refer SAI.

INVESTMENT BY THE AMC IN THE SCHEME

The AMC may invest in the Scheme or other Schemes of the Fund, in accordance with and subject to the SEBI (MF) Regulations. As per the existing SEBI (MF) Regulations and circulars issued thereunder, the AMC will not charge Investment Management and Advisory fee on the investment made by it in Schemes of the Mutual Fund. In case of NFO, AMC's Mandatory investment may be made during the allotment of units and shall be calculated as a percentage of the final allotment value excluding AMC's mandatory investment amount.

For details of existing mandatory investments by AMC in various schemes, visit - <https://www.hdfcfund.com/statutory-disclosure/mandatory-investment-amc>

PART III. OTHER DETAILS

A. COMPUTATION OF NAV

Methodology for Computation of NAV:

The Net Asset Value (NAV) per Unit of the Scheme will be computed by dividing the net assets of the Scheme by the number of Units outstanding under the Scheme on the valuation date. The AMC will value its investments according to the valuation norms, as specified in Schedule VII of the SEBI (MF) Regulations, or such norms as may be specified by SEBI from time to time and as stipulated in the Valuation Policy and Procedures of the Fund, provided in SAI / available on website.

In case of any conflict between the Principles of Fair Valuation and valuation guidelines specified by SEBI, the Principles of Fair Valuation shall prevail.

NAV of Units under each Scheme/ Plan shall be calculated as shown below:

$$\text{NAV (Rs.) per Unit} = \frac{\text{Market or Fair Value of the Scheme's Investments} + \text{Current Assets} - \text{Current Liabilities and Provisions}}{\text{No. of Units outstanding under the Scheme/Plan}}$$

The NAV of the Scheme will be calculated and disclosed at the close of every Business Day.

Separate NAV will be calculated and announced for each of Plans/Options. The NAVs will be calculated upto 4 decimals. Units will be allotted upto 3 decimals.

Illustration for Computation of NAV:

NAV for the Scheme shall be calculated as shown below:

Particulars	Amount (In INR)
Assets	
Investments (at Market Value)	10,000
Current Assets	
Interest receivable	1,000
Dividend Receivables	550
Trades Receivables	1,500
Total Assets (A)	13,050

Current Liabilities	
Trade Payables	1,500
Expense Payable	25
Dividend payable	25
Total Liabilities (B)	1,550
Net Assets (C) (A – B)	11,500
Units Outstanding (D)	1,000
NAV per unit (C/D)	₹ 11.50

METHODOLOGY FOR CALCULATION OF SALE AND REPURCHASE PRICE

- **Ongoing Price for subscription (purchase)/ switch-in (from other schemes/ plans of the mutual fund) by investors. (This is the price you need to pay for purchase/ switch-in):**

The Sale Price for a valid purchase will be the Applicable NAV.

i.e. Sale Price = Applicable NAV

For a valid purchase request of Rs. 10,000 where the applicable NAV is Rs. 11.1234, the units allotted will be:

$$= \frac{10,000 \text{ (i.e. purchase amount)}}{11.1234 \text{ (i.e. applicable NAV)}}$$

$$= 899.006 \text{ units (rounded to three decimals)}$$

Charges/expenses, if any, borne by the investors have not been considered in the above illustration.

- **Ongoing Price for redemption (sale)/ switch-outs (to other schemes/plans of the mutual fund) by investors. (This is the price you will receive for redemptions/ switch-outs):**

The Repurchase Price for a valid repurchase will be the applicable NAV reduced by any exit load (say 1%).
i.e. applicable NAV - (applicable NAV X applicable exit load).

For a valid repurchase request where the applicable NAV is Rs. 12.1234, the repurchase price will be:

$$= 12.1234 - (12.1234 \times 1.00\%)$$

$$= 12.1234 - 0.1212$$

$$= \text{Rs. } 12.0022$$

Therefore, for a repurchase of 899.006 units, the proceeds received by the investor will be -

$$= 899.006 \text{ (units)} \times 12.0022 \text{ (Repurchase price)}$$

$$= \text{Rs. } 10,790.02 \text{ (rounded to two decimals)}$$

Charges/expenses, if any, borne by the investors have not been considered in the above illustration.

While determining the price of the units, the mutual fund shall ensure that the repurchase price of an open ended scheme is not lower than 97 per cent of the Net Asset Value.

For other details such as policies with respect to computation of NAV, rounding off, investment in foreign securities, procedure in case of delay in disclosure of NAV etc. refer to SAI.

B. NEW FUND OFFER (NFO) EXPENSES

These expenses are incurred for the purpose of various activities related to the NFO like sales and distribution, marketing and advertising, registrar expenses, printing and stationery, bank charges etc. All the expenditures pertaining to launch of new fund offer till the date of allotment of mutual fund units to investors shall be borne by the asset management company or trustees or sponsor.

C. ANNUAL SCHEME RECURRING EXPENSES

These are the fees and expenses for operating the scheme. These expenses include Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer Agents fee, marketing and selling costs etc. as given in the table below. The expenses shall be subject to the base expense limits, brokerage limits, transaction cost and statutory levies permissible under these regulations.

The AMC has estimated that upto 0.90% of the daily net assets of the scheme shall be charged to the scheme as base expenses. For the actual expenses being charged, the investor should refer to the website of the mutual fund.

The Base Expense Ratio (**BER**) of the Scheme shall include (a) Investment and Advisory fees under Regulation 66 (4); (b) Recurring scheme expenses under Regulation 66 (5); and (c) Charges/ commission/ fees related to distribution of mutual fund schemes under Regulation 66 (6) but shall exclude statutory levies applicable, if any, on the said expenses and transaction cost specified under Regulation 66 (10).

The base expenses charged to the Scheme shall not exceed the limits stated in Regulation 66 of the SEBI (MF) Regulations and as permitted under SEBI Circulars issued from time to time.

Any expenditure in excess of the base limits specified in these regulations shall be borne by the AMC or the trustees or sponsors. If any expense of the scheme is borne by AMC or by the trustee or sponsors, the same shall be done only after the investment and advisory fees charged to the scheme, if any, is fully reversed.

Various fees, expenses, charges and statutory levies that would be charged to the Scheme:

Expense Head	% of daily net assets (estimated) (p.a.)
Investment Management and Advisory Fees ¹	Upto 0.90 % ^{\$\$}
Audit Fees	
Fees and Expenses of trustees ²	
Custodial Fees	
Registrar & Transfer Agent Fees including cost of providing account statements / IDCW / redemption cheques/ warrants	
Marketing & Selling expenses including fees, commission and charges towards distribution of mutual fund schemes ³	
Cost of statutory advertisements	
Cost related to Investor Communications	
Cost of fund transfer from location to location	
Brokerage & transaction cost pertaining to execution of trade ^{4 5}	
Other Expenses (as per Reg 66 of SEBI MF Regulations)	

Maximum total expense ratio (TER) permissible under Regulation 67⁶	Refer Note 6 below
Statutory levies (including GST) on all expenses excluding brokerage and transaction cost⁷	GST of 18% or any other rate as may be levied from time to time on the Taxable/ Invoice/ Contract amount. Additionally, levies such as Stamp Duty, STT etc.
Statutory levies (including GST) on brokerage and transaction cost⁷	Will be charged on Turnover of securities at prescribed rates

⁶As per Regulation 66 (7) (b), the maximum base expense ratio including weighted average of charges levied by the Underlying Schemes shall not exceed 0.90 per cent of the daily net assets of the Scheme. Further, as per Reg 66 (8) the base expense ratio to be charged over and above the weighted average of the expense ratio of the underlying Scheme shall not exceed two times the weighted average of the base expense ratio levied by the underlying Schemes, subject to the overall ceiling of 0.90 percent stated above.

The investors of the Scheme will bear dual recurring expenses, if any, viz, those of the Scheme and those of the underlying scheme(s).

Notes:

¹There shall be no internal sub-limits within the expense ratio for expense heads mentioned under Regulation 66 (4) and (5) viz. Investment Management and Advisory Fees and various sub-heads of recurring expenses, respectively.

²Trustee Fees and Expenses

In accordance with the Trust Deed constituting the Mutual Fund, the Trustee is entitled to receive, in addition to the reimbursement of all costs, charges and expenses, a quarterly fee computed at a rate not exceeding 0.10% per annum of the daily net assets of the Scheme(s) or a sum of Rs. 15,00,000 per annum, whichever is higher. Such fee shall be paid to the Trustee within seven working days from the end of each quarter every year, namely, within 7 working days from June 30, September 30, December 31 and March 31 of each year. The Trustee may charge expenses as permitted from time to time under the Trust Deed and SEBI (MF) Regulations.

³Direct Plan under the Scheme shall have a lower expense ratio than Regular Plan, as no distribution commission is paid under such plan. All fees and expenses charged in a Direct Plan (in percentage terms) under various heads including the investment and advisory fee shall not exceed the fees and expenses charged under such heads in a Regular Plan.

The charges or commission or fees related to distribution of mutual fund schemes shall be paid in the manner as may be specified by SEBI and AMFI from time to time.

⁴Brokerage incurred for the purpose of execution of trade shall be charged to the schemes as provided under Regulation 66 (9) upto 6 bps and 2 bps of the trade value for cash market transactions and derivatives transactions (if permitted under the scheme) respectively. Any payment towards brokerage over and above the said 6 bps and 2 bps shall be part of the Base Expense Ratio (BER) limit (excluding statutory levies) as prescribed under Regulation 66 (7).

⁵Pursuant to Regulation 66 (10), transaction cost incurred for the purpose of execution of a trade shall mean regulatory levies and any other expenses charged by the stock exchanges, clearing corporation, and clearing house, as applicable. Such transaction costs shall not form part of the Base Expense Ratio (BER).

⁶The total of all expenses charged to the investors of the scheme, as mentioned under definition of 'Total expense ratio', shall be total of expense charged within the base limit specified under Regulation 66 (7), brokerage cost permitted under Regulation 66 (9), transaction cost incurred for the purpose of execution of trade as referred under Regulation 66 (10), and statutory levies charged to the investors. No charges other than the base expense ratio, brokerage cost, transaction cost, statutory levy and exit load including levies as may be specified by the SEBI, shall be charged to the investors. Any expense other than those specified in Regulation 66 (4), (5), (6) (9) and (10) as mentioned above, shall not be charged to the scheme and shall be borne by the AMC or trustee or sponsors.

⁷Statutory levy means levy imposed by state government and central government.

The mutual fund would update the expense ratios on the website (www.hdfcfund.com) under the Section titled "Statutory Disclosures" under sub-section titled "Total Expense Ratio of Mutual Fund Schemes". Any change in the BER in comparison to previous BER charged to any scheme/plan shall be communicated to investors of the Scheme at least three working days prior to effecting such change. Further, the notice of change in BER shall be updated in the aforesaid section of the website at least three working days prior to effecting such change. Provided that any change in BER in a mutual fund scheme due to change in AUM or any decrease in BER in a mutual fund scheme due to various other regulatory requirements shall not require issuance of any prior notice to the investors.

Illustration: Impact of Expense Ratio on Scheme's return:

Expense ratio, normally expressed as a percentage of Average Assets under Management, is calculated by dividing the permissible expenses under the Regulations by the average net assets.

To further illustrate in rupee terms the above, for the Scheme under reference, suppose an Investor invested Rs. 10,000/- (after deduction of stamp duty) under the Growth Option, the impact of expenses charged will be as under:

Particulars	Regular Plan	Direct Plan
Amount invested at the beginning of the year (Rs.)	10,000	10,000
Assumed Returns before expenses (Rs.)	1,500	1,500
Expenses other than Distribution expenses (Rs.)	150	150
Distribution expenses (Rs.)	50	0
Returns after expenses at the end of the year (Rs.)	1300	1350
Returns (in %)	13%	13.5%

Note(s):

- The purpose of the above illustration is purely to explain the impact of expense ratio charged to the Plan(s) under the Scheme and should not be construed as providing any kind of investment advice or guarantee of returns on investments.
- It is assumed that the expenses charged are evenly distributed throughout the year.
- The expenses of the Direct Plan of the Scheme will be lower to the extent of the distribution expenses/ commission
- Any tax impact has not been considered in the above example, in view of the individual nature of the tax implications. Each investor is requested to seek appropriate advice.

D. LOAD STRUCTURE

Type of Load	Load chargeable (as %age of NAV)
Exit Load	In respect of each purchase / switch-in of Units, an Exit Load of 1% is payable if Units are redeemed / switched-out within 15 days from the date of allotment. No Exit Load is payable if Units are redeemed / switched-out after 15 days from the date of allotment.

No Entry Load will be charged.

- (i) No Exit Load shall be levied for switching between Plans / Options within the Scheme. However, exit load will be applicable if the units are switched-out / redeemed from the Scheme within the exit load period from the initial date of purchase.
- (ii) No Exit load will be levied on bonus Units and on units allotted on Re-investment of Income Distribution cum Capital Withdrawal.
- (iii) No Exit load will be levied on Units allotted in the Target Scheme under the Transfer of Income Distribution cum Capital Withdrawal (IDCW) Plan Facility (TIP Facility).
- (iv) **In case of Systematic Transactions such as Systematic Investment Plan (SIP), Flex Systematic Investment Plan (Flex SIP), Systematic Transfer Plan (STP), HDFC Flex Systematic Transfer Plan (Flex STP), HDFC Swing Systematic Transfer Plan (Swing STP), etc., Exit Load, if any, prevailing on the date of registration / enrolment shall be levied.**
- (v) GST on exit load, if any, shall be paid out of the exit load proceeds and exit load net of GST, if any, shall be credited to the Scheme.

The AMC/ Trustee if it so deems fit in the interest of smooth and efficient functioning of the Mutual Fund reserves the right to introduce/modify the Load Structure depending upon the circumstances prevailing at that time subject to maximum limits as prescribed under the SEBI (MF) Regulations. While determining the price of the units, the mutual fund shall ensure that the repurchase price of an open ended scheme is not lower than 97 per cent of the Net Asset Value. Exit load (net of GST) charged, if any, shall be credited to the Scheme. The investor is requested to check the prevailing load structure of the Scheme before investing.

SECTION II

I. INTRODUCTION

A. DEFINITIONS / INTERPRETATION

Visit: <https://www.hdfcfund.com/statutory-disclosure/offer-document-disclosures>

B. RISK FACTORS

Scheme Specific Risk Factors:

Some of the specific risk factors related to the Scheme include, but are not limited to the following:

- The Scheme shall invest in units of Gold and Silver ETFs managed by HDFC Mutual Fund – the Underlying schemes. Hence the Scheme's performance shall primarily depend upon the performance of the underlying ETFs. Any change in the investment policies or the fundamental attributes of the underlying scheme could affect the scheme /performance of the Scheme.
- Investments by gold and silver ETFs are subject to availability of gold and silver respectively. If favorable investment opportunities do not exist or opportunities have notably diminished, gold and silver ETFs may suspend accepting fresh subscriptions. This may also affect the acceptance of subscription by the Scheme.
- All risks associated with the underlying scheme, including performance of underlying physical gold and silver, asset class risk, passive investment risk, indirect taxation risk, etc., will therefore be applicable to this Scheme. Investors who intend to invest in the Scheme are required to and deemed to have understood the risk factors of the underlying scheme.
- The Portfolio disclosure of the Scheme will be limited to providing the particulars of the underlying scheme where the Scheme has invested and will not include the investments made by the underlying scheme.
- The value (price) of gold and silver may fluctuate for several reasons and all such fluctuations will impact the NAV of Units under the Scheme. The factors that may affect the price of gold and silver, among other things, include demand and supply for gold and silver in India and in the global market, Indian and Foreign exchange rates, Interest rates, Inflation trends, market risks including trading risks in gold and silver as commodity, legal restrictions on the movement/trade of gold and silver that may be imposed by RBI, Government of India or countries that supply or purchase gold and silver to/from India, trends and restrictions on import/export of gold and silver in and out of India, etc.
- The Scheme assets are invested in units of gold and silver ETFs managed by HDFC Mutual Fund and valued at the market price of the said units on The National Stock Exchange of India Limited (NSE). The same may be at a variance to the NAV of the underlying scheme, due to market expectations, demand/supply of the underlying ETF units, prevailing market conditions, etc. To that extent the performance of Scheme shall be at variance with that of the underlying scheme.
- The changes in asset allocation may result in higher transaction costs.
- The Scheme will subscribe according to the value equivalent to unit creation size as applicable for the underlying scheme. When subscriptions received are not adequate enough to invest in creation unit size, the subscriptions may be deployed in Money market instruments within the limits specified under

the Asset allocation pattern, which will have a different return profile compared to gold and silver returns profile. Alternatively, the units of the underlying schemes may be acquired from the stock exchanges where the price quoted may be at variance with the underlying NAV, resulting in a higher acquisition costs.

(i) Risks associated with investments in underlying schemes i.e. Gold/Silver ETFs

To the extent the Scheme's assets are invested in Gold /Silver ETFs, the risks associated with the underlying Gold / Silver ETFs, will also be applicable. Some of them are explained below:

- **Currency Risk:** The formula for determining NAV of the Units of Gold/Silver ETFs is based on the imported (landed) value of gold. Landed value of gold/silver held by Gold/Silver ETFs is computed by multiplying international market price by US dollar value. The value of gold or NAV, therefore will depend upon the conversion value of US dollar into Indian rupee and attracts all the risks attached to such conversion.
- **Regulatory Risk:** Any changes in trading regulations by the stock exchange(s) or SEBI may affect the ability of Authorised Participant of Gold/Silver ETFs to arbitrage resulting into wider premium/discount to NAV. Any changes in the regulations relating to import and export of gold or gold jewellery (including customs duty, sales tax and any such other statutory levies) may affect the ability of the underlying Gold/Silver ETFs to buy/sell gold against the purchase and redemption requests received.
- Units of Gold/Silver ETFs may be acquired from the stock exchanges where the price quoted may be at variance with the underlying NAV, resulting in higher acquisition costs.
- **Redemption Risk:** The units issued under the Scheme, when predominantly invested in Gold/Silver ETFs, will derive liquidity from the underlying Gold/Silver ETF having creation/redemption process in creation unit size of predefined quantity of physical gold/Silver (e.g. 1 kg). At times prevailing market conditions may affect the ability of the underlying Gold/Silver ETFs to sell gold against the redemption request received.
- Furthermore, the endeavor would always be to get cash on redemptions from the underlying Gold/Silver ETFs. However, in case the underlying Gold/Silver ETF is unable to sell for any reason, and delivers physical gold, there could be delay in payment of redemption proceeds pending such realization.
- Additionally, the Scheme will derive liquidity from trading units of underlying Gold/Silver ETFs on the exchange(s) in the secondary market which may be inherently restricted by trading volumes, settlement periods and transfer procedures. As there is no active secondary market for Gold/Silver ETFs, the processing of redemption requests at times may be delayed. In the event of an inordinately large number of redemption requests, or re-structuring of the Scheme's investment portfolio, the processing of redemption requests may be delayed.
- Gold/Silver ETFs would ordinarily repurchase Units in Creation Unit Size. Thus, Unit holding less than Creation Unit Size can only be sold through the secondary market on the Exchange. Further, the price received upon the redemption of Units of Gold/Silver ETFs may be less than the value of the gold/silver represented by them.
- **Tracking Error:** The ETFs may not perfectly replicate gold/ silver prices due to expenses, cash holdings or operational inefficiencies.

The tracking error i.e. the annualised standard deviation of the difference in daily returns between physical gold/ silver and the NAV of Gold/ Silver ETFs based on past one year rolling over data. In case of unavoidable circumstances in the nature of force majeure which are beyond the control of the AMCs, the tracking error may exceed 2%, for which approval of Board of AMC and Trustees shall be taken and the same shall prominently be disclosed on the website of the AMC.

Along with the disclosure of tracking error, the scheme shall also disclose the tracking difference i.e. the difference of returns between physical gold/ silver and Gold/ Silver ETFs, on the website of the AMC on monthly basis for tenures 1 year, 3 year, 5 year, 10 year and since the date of allotment of units.

Tracking error could be the result of a variety of factors including but not limited to:

- Delay in the purchase or sale of gold/ silver due to
 - Illiquidity of gold/ silver,
 - Delay in realisation of sale proceeds,
 - Creating a lot size to buy the required amount of gold/ silver
- The Scheme may buy or sell the gold/ silver at different points of time during the trading session at the then prevailing prices which may not correspond to its closing prices.
- The potential for trades to fail, which may result in the Scheme not having acquired gold/ silver at a price necessary to track the benchmark price.
- The holding of a cash position and accrued income prior to distribution of income and payment of accrued expenses.
- Disinvestments to meet redemptions, recurring expenses etc.
- Execution of large buy / sell orders
- Transaction cost (including taxes and insurance premium) and recurring expenses
- Realisation of Unit holders' funds

Tracking error due to movement in prices of physical gold/ silver will impact the performance of the Scheme. However, the Scheme will endeavor to keep tracking error as low as possible by:

- Use of gold/silver related derivative instruments
- Rebalancing of the portfolio.
- Setting off of incremental subscriptions against redemptions.

- **Market Trading Risks:** Although units of Gold/Silver ETFs are listed on recognised stock exchange(s), there can be no assurance that an active secondary market will be developed or be maintained.
- Trading in units of Gold/Silver ETFs on the Exchange may be halted because of market conditions or for reasons that in view of the Exchange Authorities or SEBI, trading in units of Gold/Silver ETFs is not advisable. In addition, trading in units of Gold/Silver ETFs is subject to trading halts caused by extraordinary market volatility and pursuant to the Exchange and SEBI 'circuit filter' rules. There can be no assurance that the requirements of the Exchange necessary to maintain the listing of units of Gold/Silver ETFs will continue to be met or will remain unchanged.
- Any changes in trading regulations by the Stock Exchange(s) or SEBI may affect the ability of market maker to arbitrage resulting into wider premium/discount to NAV.
- The units of Gold/Silver ETFs may trade above or below their NAV. The NAV of Gold/Silver ETFs will fluctuate with changes in the market value of that scheme's holdings. The trading prices of units of Gold/Silver ETFs will fluctuate in accordance with changes in their NAV as well as market supply and demand for the units of Gold/Silver ETF.
- Gold/Silver ETFs may provide for the creation and redemption of units in Creation Unit Size directly with the concerned Mutual Fund and therefore, it is expected that large discounts or premiums to the NAV of the units of Gold/Silver ETFs will not sustain due to arbitrage opportunity available.
- There is no assurance that gold/silver will maintain its long-term value in terms of purchasing power. In the event of price of gold/silver declining, the value of investment in Units of the Scheme is expected to decline proportionately.

- Governments, central banks and related institutions worldwide, own a significant portion of the aggregate world gold holdings. If one or more of these institutions decides to sell in amounts large enough to cause a decline in world gold prices, the price/value of units of the Scheme, to the extent invested in gold, will be adversely affected.
- Physical gold/silver held by underlying Gold/Silver ETFs may face risk of loss, theft or inadequate insurance. This can have an impact on the ability of the Scheme to access investment redemption in Units of ETFs.

(ii) Risk factors associated with investing in Fixed Income Securities

- The Net Asset Value (NAV) of the Scheme, to the extent invested in Debt and Money Market instruments, will be affected by changes in the general level of interest rates. The NAV of the Scheme is expected to increase from a fall in interest rates while it would be adversely affected by an increase in the level of interest rates.
- Money market instruments, while fairly liquid, lack a well developed secondary market, which may restrict the selling ability of the Scheme and may lead to the Scheme incurring losses till the security is finally sold.
- Investments in money market instruments involve credit risk commensurate with short term rating of the issuers.
- Investment in Debt instruments are subject to varying degree of credit risk or default (i.e. the risk of an issuer's inability to meet interest or principal payments on its obligations) or any other issues, which may have their credit ratings downgraded. Changes in financial conditions of an issuer, changes in economic and political conditions in general, or changes in economic or and political conditions specific to an issuer, all of which are factors that may have an adverse impact on an issuer's credit quality and security values. This may increase the risk of the portfolio. The Investment Manager will endeavour to manage credit risk through in-house credit analysis.
- **Prepayment Risk:** Certain fixed income securities give an issuer the right to call back its securities before their maturity date, in periods of declining interest rates. The possibility of such prepayment may force the Scheme to reinvest the proceeds of such investments in securities offering lower yields, resulting in lower interest income for the Scheme.
- **Reinvestment Risk:** This risk refers to the interest rate levels at which cash flows received from the securities in the Scheme are reinvested. The additional income from reinvestment is the "interest on interest" component. The risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed.
- **Settlement risk:** Different segments of Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances. Delays or other problems in settlement of transactions could result in temporary periods when the assets of the Scheme are uninvested and no return is earned thereon. The inability of the Scheme to make intended securities purchases, due to settlement problems, could cause the Scheme to miss certain investment opportunities. Similarly, the inability to sell securities held in the Scheme's portfolio, due to the absence of a well developed and liquid secondary market for debt securities, may result at times in potential losses to the Scheme in the event of a subsequent decline in the value of securities held in the Scheme's portfolio.
- Government securities where a fixed return is offered run price-risk like any other fixed income security. Generally, when interest rates rise, prices of fixed income securities fall and when interest rates drop, the prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of interest rates. The new level of interest rate is determined by the rates at which government raises new money and/or the price levels at which the market is already dealing in existing securities. The price-risk is not unique to Government

Securities. It exists for all fixed income securities. However, Government Securities are unique in the sense that their credit risk generally remains zero. Therefore, their prices are influenced only by movement in interest rates in the financial system.

- Different types of fixed income securities in which the Scheme would invest as given in the Scheme Information Document carry different levels and types of risk. Accordingly, the Scheme risk may increase or decrease depending upon its investment pattern. e.g. corporate bonds carry a higher level of risk than Government securities. Further even among corporate bonds, AAA rated bonds are comparatively less risky than AA rated bonds.
- The AMC may, considering the overall level of risk of the portfolio, invest in lower rated / unrated securities offering higher yields as well as zero coupon securities that offer attractive yields. This may increase the absolute level of risk of the portfolio.
- As zero coupon securities do not provide periodic interest payments to the holder of the security, these securities are more sensitive to changes in interest rates and are subject to issuer default risk. Therefore, the interest rate risk of zero coupon securities is higher. The AMC may choose to invest in zero coupon securities that offer attractive yields. This may increase the risk of the portfolio. Zero coupon or deep discount bonds are debt obligations that do not entitle the holder to any periodic payment of interest prior to maturity or a specified date when the securities begin paying current interest and therefore, are generally issued and traded at a discount to their face values. The discount depends on the time remaining until maturity or the date when securities begin paying current interest. It also varies depending on the prevailing interest rates, liquidity of the security and the perceived credit risk of the Issuer. The market prices of zero coupon securities are generally more volatile than the market prices of securities that pay interest periodically.

Risks associated with investment in unlisted securities: Except for any security of an associate or group company, the scheme can invest in securities which are not listed on a stock exchange ("unlisted Securities") which in general are subject to greater price fluctuations, less liquidity and greater risk than those which are traded in the open market.

(iii) Risk factors associated with investment in Tri-Party Repo

The mutual fund is a member of securities segment and Triparty Repo trade settlement of the Clearing Corporation of India (CCIL). All transactions of the mutual fund in government securities and in Tri-party Repo trades are settled centrally through the infrastructure and settlement systems provided by CCIL; Thus, reducing the settlement and counterparty risks considerably for transactions in the said segments. The members are required to contribute an amount as communicated by CCIL from time to time to the default fund maintained by CCIL as a part of the default waterfall (a loss mitigating measure of CCIL in case of default by any member in settling transactions routed through CCIL).

As per the waterfall mechanism, after the defaulter's margins and the defaulter's contribution to the default fund have been appropriated, CCIL's contribution is used to meet the losses. Post utilization of CCIL's contribution if there is a residual loss, it is appropriated from the default fund contributions of the non-defaulting members. Thus, the scheme is subject to risk of the initial margin and default fund contribution being invoked in the event of failure of any settlement obligations. In addition, the fund contribution is allowed to be used to meet the residual loss in case of default by the other clearing member (the defaulting member).

CCIL shall maintain two separate Default Funds in respect of its Securities Segment, one with a view to meet losses arising out of any default by its members from outright and repo trades and the other for

meeting losses arising out of any default by its members from Triparty Repo trades. The mutual fund is exposed to the extent of its contribution to the default fund of CCIL, in the event that the contribution of the mutual fund is called upon to absorb settlement/default losses of another member by CCIL, as a result the scheme may lose an amount equivalent to its contribution to the default fund.

(iv) Risk factors associated with Repo in permitted Corporate Debt Securities

In repo transactions, also known as a repo or sale repurchase agreement, securities are sold with the seller agreeing to buy them back at later date. The repurchase price should be greater than the original sale price, the difference effectively representing interest. A repo in corporate debt securities is economically similar to a secured loan, with the buyer receiving corporate debt securities as collateral to protect against default. Some of the risks associated with repo in corporate debt are given below:

Counterparty Risk: Counterparty risk refers to the inability of the seller to meet the obligation to buy back securities at the contracted price on the contracted date. In case of over the counter (OTC) repo trades, the investment manager will endeavour to manage counterparty risk by dealing only with counterparties having strong credit profiles. Also, the counter-party risk is to an extent mitigated by taking collateral equivalent in value to the transaction after knocking off a minimum haircut on the intrinsic value of the collateral. In the event of default by the repo counterparty, the scheme shall have recourse to the corporate debt securities. In case the repo transaction is executed on exchange platform approved by RBI/SEBI, the exchange may also provide settlement guarantee.

Collateral Risk: Collateral risk arises when the market value of the securities is inadequate to meet the repo obligations. This risk can be partly mitigated by restricting participation in repo transactions only in corporate debt securities which are approved by credit risk team. Additionally, to address the risk related to reduction in market value of corporate debt security held as collateral due to credit rating downgrade, the repo contract can incorporate either an early termination of the repo agreement or call for fresh margin to meet the minimum haircut requirement or call for replacement of security with eligible security. Moreover, the investment manager may apply a higher haircut on the underlying security than required as per RBI/SEBI regulation to adjust for the illiquidity and interest rate risk on the underlying instrument. To mitigate the risk of price reduction due to interest rate changes, the adequacy of the collateral can be monitored on a daily basis by considering the daily market value & applying the prescribed haircut. The fund manager or the exchange can then arrange for additional collateral from the counterparty, within a prespecified period. If the counterparty is not able to top-up either in form of cash / collateral, it would tantamount to early termination of the repo agreement, and the outstanding amount can be recovered by sale of collateral.

(v) Risk factors associated for investments in Mutual Fund Schemes

1. Movements in the Net Asset Value (NAV) of these Schemes may impact the performance. Any change in the investment policies or fundamental attributes of these Schemes will affect the performance of the Scheme to the extent of investment in such schemes.
2. Redemptions by in these Schemes would be subject to applicable exit loads.

(vi) General Risk factors

- Trading volumes, settlement periods and transfer procedures may restrict the liquidity of the investments made by the Scheme. Different segments of the Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances

leading to delays in receipt of proceeds from sale of securities. The NAV of the Units of the Scheme can go up or down because of various factors that affect the capital markets in general.

- As the liquidity of the investments made by the Scheme could, at times, be restricted by trading volumes and settlement periods, the time taken by the Mutual Fund for redemption of Units may be significant in the event of an inordinately large number of redemption requests or restructuring of the Scheme. In view of the above, the Trustee has the right, in its sole discretion, to limit redemptions (including suspending redemptions) under certain circumstances, as described under **section Right to Restrict Redemption and / or Suspend Redemption of the units.**
- At times, due to the forces and factors affecting the capital market, the Scheme may not be able to invest in securities falling within its investment objective resulting in holding the monies collected by it in cash or cash equivalent or invest the same in other permissible securities / investments amounting to substantial reduction in the earning capability of the Scheme. The Scheme may retain certain investments in cash or cash equivalents for its day-to-day liquidity requirements.
- Investment strategy to be adopted by the Scheme may carry the risk of significant variance between the portfolio allocation of the Scheme and the Benchmark particularly over a short to medium term period.
- Performance of the Scheme may be affected by political, social, and economic developments, which may include changes in government policies, diplomatic conditions, and taxation policies.
- The Scheme at times may receive large number of redemption requests, leading to an asset-liability mismatch and therefore, requiring the investment manager to make a distress sale of the securities leading to realignment of the portfolio and consequently resulting in investment in lower yield instruments.

C. RISK MITIGATION STRATEGIES

Investments made from the net assets of the Scheme would be in accordance with the investment objective of the Scheme and the provisions of the SEBI (MF) Regulations. The AMC will strive to achieve the investment objective by way of a judicious portfolio mix comprising of units of gold and silver ETFs, Debt securities and money market instruments. Investment in debt securities will be guided by credit quality, liquidity, interest rates and their outlook.

1) Operational Risk - This is the ability of the Fund to process the purchase/redemption requests within the stipulated time period under the Scheme. The underlying schemes primarily invest in physical gold and silver which satisfy the norms of 'Good Delivery' as defined by the Regulations. Liquidity issues are not envisaged as gold and silver are globally traded commodities and thereby very liquid. The processing of purchase/redemption requests received by the Scheme will depend on the ability to buy/sell units of the Underlying Schemes in creation unit size. Consequently, the underlying schemes shall buy/sell physical gold and silver in creation unit size only. Further, the Scheme shall also endeavor to process the purchase redemption requests by buying/selling the units of the underlying schemes on the stock exchange(s) in the secondary market.

2) Tracking Error - Tracking error means the variance between daily returns of the underlying benchmark (Gold and Silver in this case) and the NAV of the Scheme for any given period. NAV of the Scheme is dependent on closing trade price of underlying gold and silver ETFs. NAV so computed may vary from the price of gold and silver in the domestic market.

While these measures are expected to mitigate the above risks to a large extent, there can be no assurance that these risks would be completely eliminated.

II. INFORMATION ABOUT THE SCHEME:

 - Parking of funds in short term deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the Mutual Fund in short term deposits.
 - The Scheme shall not park more than 10% of the net assets in short term deposit(s), with any one scheduled commercial bank including its subsidiaries.
 - The Scheme shall not park funds in short-term deposit of a bank, which has invested in the Scheme.
 - Trustees/AMC shall also take steps to ensure that a bank in which the Scheme has short term deposit does not invest in the Scheme until the Scheme has short term deposit with such bank.
 - No investment management and advisory fees will be charged for such investments in the Scheme.
 - The aforesaid limits shall not be applicable to term deposits placed as margins for trading in cash and derivative market.

However, period for 'pending deployment' as stated above for the Scheme shall not exceed 7 days.

The AMC/Trustee may alter these above stated restrictions from time to time to the extent the SEBI (MF) Regulations change, so as to permit the Scheme to make its investments in the full spectrum of permitted investments for mutual funds to achieve its respective investment objective. The AMC/Trustee may from time to time alter these restrictions in conformity with the SEBI (MF) Regulations. Further, apart from the investment restrictions prescribed under SEBI (MF) Regulations, the Fund may follow any internal norms vis-à-vis restricting/limiting exposure to a particular scrip or sector, etc.

All investment restrictions shall be applicable at the time of making investment.

- SEBI has reviewed and provided its comments on the proposal
- A written communication (including digital modes such as email/sms etc.) about the proposed change is sent to each unit holder;

- A notice shall be given in respect of such changes which shall be displayed on the website of the AMC i.e. www.hdfcfund.com; and
- The Unit holders are given an option for a period of atleast 30 calendar days to exit at the prevailing Net Asset Value without any exit Load.

D. OTHER SCHEME SPECIFIC DISCLOSURES:

Listing and transfer of units	Being an open ended Scheme under which Sale and Redemption of Units will be made on continuous basis by the Mutual Fund (subject to completion of lock-in period, if any), the Units of the Scheme are not proposed to be listed on any stock exchange. However, the Mutual Fund may at its sole discretion list the Units under the Scheme on one or more stock exchange at a later date. The Units of the Schemes in Demat mode are freely transferable subject to applicable laws. Units held in Statement of Account (SoA) mode may be transferred subject to prevailing AMFI / SEBI guidelines from time to time. If an applicant desires to transfer Units held in physical mode for e.g. in statement of account form, the AMC shall, upon receipt of valid and complete request for transfer together with the relevant documents, register the transfer within 30 calendar days. Provided that the transferor(s) and the transferee(s) will have to comply with the procedure for transfer as may be laid down by the AMC or as required under the prevailing law from time to time including payment of stamp duty for transfer of Units, etc. Units held in Demat form are transferable in accordance with the provisions of Depositories Act, 1996 and the Securities and Exchange Board of India (Depositories and Participants) Regulations, 2018 as may be amended from time to time.” For more details, refer SAI.
Dematerialization of units	The Unit holders would have an option to hold the Units in demat form or account statement (non-demat) form. Units held in Demat Form are freely transferable subject to applicable laws. The Applicant intending to hold Units in demat form will be required to have a beneficiary account with a Depository Participant (DP) of the NSDL/CDSL and will be required to mention in the application form DP's Name, DP ID No. and Beneficiary Account No. with the DP at the time of purchasing Units. The statement of holding of the beneficiary account holder for units held in demat will be sent by the respective DPs periodically. If the Unit holder desires to hold the Units in a Dematerialized / Rematerialized form at a later date, the request for conversion of units held in Account Statement (non demat) form into Demat (electronic) form or vice versa should be submitted alongwith a Demat/Remat Request Form to their Depository Participants. The AMC shall issue units in dematerialized form to

	a unit holder in a scheme within two working days of the receipt of request from the unit holder. However, the Trustee / AMC reserves the right to change the dematerialization / rematerialization process in accordance with the procedural requirements laid down by the Depositories, viz. NSDL/ CDSL and/or in accordance with the provisions laid under the Depositories Act, 1996 and Regulations thereunder.
Minimum Target amount to be raised	The minimum target amount to be raised during the NFO Period shall be Rs. 10 Crore. In case the Mutual Fund fails to collect the minimum subscription amount of Rs. 10 Crore under the Scheme, the Mutual Fund and the AMC shall be liable to refund the subscription amount to the Applicants of the Scheme.
Dividend Policy (IDCW)	The Trustee may decide to declare distributions under the IDCW Option of the Scheme subject to availability of distributable surplus. For IDCW Options having a defined frequency, the Trustee at its sole discretion may also declare interim distributions between two successive record dates. The declaration / actual payment of IDCW and the frequency thereof will depend on the availability of distributable surplus computed in accordance with SEBI (MF) Regulations. The decision of the Trustee in this regard shall be final. IDCW, if declared, will be paid (subject to deduction of tax at source, if any) to those Unit holders whose names appear in the Register of Unit holders on the record date. In case of units held in dematerialized mode, the Depositories (NSDL/CDSL) will provide the list of eligible demat account holders and the number of units held by them in electronic form on the Record date to the Registrars and Transfer Agent of the Mutual Fund. There is no assurance or guarantee to Unit holders as to the rate/quantum of IDCW distribution nor that IDCW will be paid regularly. On payment of IDCW, the NAV will stand reduced by the amount of IDCW and Dividend distribution tax /statutory levy (if applicable) paid. The Trustee/ AMC reserves the right to change the record date from time to time. IDCW Distribution Procedure In accordance with clause 12.5 of Master Circular, the procedure for IDCW Distribution would be as under: 1. Quantum of IDCW and the record date will be fixed by the Trustee in their meeting. IDCW so decided shall be paid, subject to availability of distributable surplus. 2. Within one calendar day of decision by the Trustee, the AMC shall issue notice to the public communicating the decision about the IDCW including the record date, in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of the region where the head office of the Mutual Fund is situated.

	3. The Record Date will be 2 working days from the date of publication in at least one English newspaper or in a newspaper published in the language of the region where the Head Office of the mutual fund is situated, whichever is issued earlier. Record date shall be the date which will be considered for the purpose of determining the eligibility of investors whose names appear on the register of Unit holders maintained by the Mutual Fund/ statement of beneficial ownership maintained by the Depositories, as applicable, for receiving IDCW. 4. The notice will, in font size 10, bold, categorically state that pursuant to payment of IDCW, the NAV of the Scheme would fall to the extent of payout and statutory levy (if applicable). 5. The NAV will be adjusted to the extent of IDCW distribution and statutory levy, if any, at the close of business hours on record date. 6. Before the issue of such notice, no communication indicating the probable date of IDCW declaration in any manner whatsoever will be issued by Mutual Fund. The requirement of giving notice shall not be applicable for IDCW Options having frequency upto one month.
Allotment	All Applicants whose monies towards purchase of Units have been realised by the Fund will receive a full and firm allotment of Units, provided also the applications are complete in all respects and are found to be in order. Any application for subscription of units may be rejected if found invalid, incomplete or due to unavailability of underlying securities, etc. For applicants applying through 'APPLICATIONS SUPPORTED BY BLOCKED AMOUNT (ASBA)', on allotment, the amount will be unblocked in their respective bank accounts and account will be debited only to the extent required to pay for allotment of Units applied in the application form. Units will be allotted upto 3 decimals. Face Value per unit of all Plans/ Options under the Scheme is Rs. 10. Applicants under the Scheme will have an option to hold the Units either in physical form (i.e. account statement) or in dematerialized form. Accordingly, the AMC shall allot units either in physical form (i.e. account statement) or in dematerialized form within 5 working days from the date of closure of the NFO period. All Units will rank pari passu, among Units within the same Option in the Scheme concerned as to assets, earnings and the receipt of Distributions, if any, as may be declared by the Trustee. Note: Allotment of units will be done after deduction of applicable stamp duty. Note: For the purpose of allotment of units / refund of monies under NFO the term "working days" shall include Business Days but shall not include Holidays.

Refund	In case the Scheme fails to collect the minimum subscription amount of Rs. 10 Crore, the Mutual Fund and the AMC shall be liable to refund the subscription amount to the Applicants of the Scheme. Refunds of subscription money, if any, shall be completed within 5 working days from the closure of the New Fund Offer Period. Interest for any delay on subscription amount will be payable at the rate of 15% per annum for the period in excess of 5 working days and will be charged to the AMC. Refund payments may be made through electronic modes such as RTGS, NEFT, IMPS, direct credit, etc. as permitted by RBI from time to time or in any other manner specified by SEBI from time to time. Payment will be made favouring the Sole / First Applicant. Note: For the purpose of allotment of units / refund of monies under NFO the term "working days" shall include Business Days but shall not include Holidays.

How to Apply and other details	The Applications Forms are available at Investor Service Centres (ISCs)/Official Points of Acceptance (OPAs) of Mutual Fund and/or may be downloaded from the website of AMC. The application forms should be submitted at ISCs /OPAs. OPAs include various Distributors, Registered Investment Advisers (RIAs), Portfolio Managers, Execution only Platforms (EOPs), Stock Exchange Platforms and other transaction platforms with whom AMC has entered into tie up to accept transactions from their customers. Investors may apply through the ASBA process during the NFO period of the Scheme by filling in the ASBA form and submitting the same to their

	respective banks, which in turn will block the amount in the account as per the authority contained in ASBA form and undertake other tasks as per the procedure specified therein. For complete details on ASBA process refer Statement of Additional Information (SAI) made available on our website www.hdfcfund.com. Refer back cover page for contact details of Registrar and Transfer Agent (CAMS), brief details various official points of acceptance, collecting bankers during NFO (if any), etc. The list of the ISCs/ OPAs, of the Mutual Fund is provided on the website of the AMC. i.e. www.hdfcfund.com. For further details, please refer to the SAI and Application form available on the website for the instructions. It is mandatory for investors to mention bank account numbers in their applications/requests for redemption.
The policy regarding reissue of repurchased units, including the maximum extent, the manner of reissue, the entity (the scheme or the AMC) involved in the same.	Presently, the AMC does not intend to reissue the repurchased units. However, the Trustee reserves the right to reissue the repurchased units at a later date after issuing adequate public notices and taking approvals, if any, from SEBI.
Restrictions, if any, on the right to freely retain or dispose of units being offered.	RIGHT TO RESTRICT REDEMPTION AND / OR SUSPEND REDEMPTION OF THE UNITS (as per clause 5.3 of Master Circular): The Fund at its sole discretion reserves the right to restrict Redemption (including switch-out) of the Units (including Plan /Option) of the Scheme of the Fund upon occurrence of the below mentioned events for a period not exceeding ten (10) working days in any ninety (90) days period subject to approval of the Board of Directors of the AMC and the Trustee. The restriction on Redemption (including switch-out) shall be applicable where the Redemption (including switch-out) request is for a value above Rs. 2,00,000/- (Rupees Two Lakhs). Further, no restriction shall be applicable to the Redemption / switch-out request upto Rs. 2,00,000/- (Rupees Two Lakhs). It is further clarified that, in case of redemption request beyond Rs. 2,00,000/- (Rupees Two Lakhs), no restriction shall be applicable on first Rs. 2,00,000/- (Rupees Two Lakhs). The Trustee / AMC reserves the right to restrict Redemption or suspend Redemption of the Units in the Scheme of the Fund on account of circumstances leading to a systemic crisis or event(s) that severely constrict market liquidity or the efficient functioning of the markets. A list of such circumstances under which the restriction on Redemption or suspension of Redemption of the Units in the Scheme of the Fund may be imposed are as follows:

	1. Liquidity issues- when market at large becomes illiquid affecting almost all securities rather than any issuer specific security; or 2. Market failures / Exchange closures; or 3. Operational issues; or 4. If so directed by SEBI. It is clarified that since the occurrence of the abovementioned eventualities have the ability to impact the overall market and liquidity situation, the same may result in exceptionally large number of Redemption requests being made and in such a situation the indicative timelines, if any mentioned by the Fund in the scheme offering documents, for processing of requests for Redemption may not be applicable. Any restriction on Redemption or suspension of Redemption of the Units in the Scheme(s) of the Mutual Fund shall be made applicable only after specific approval of the Board of Directors of the AMC and Trustee Company and thereafter, immediately informing the same to SEBI. The AMC / Trustee reserves the right to change / modify the provisions of right to restrict Redemption and / or suspend Redemption of the Units in the Scheme of the Fund.
Cut off timing for subscriptions/ redemptions/ switches This is the time before which your application (complete in all respects) should reach the official points of acceptance.	The below cut-off timings and applicability of NAV shall be applicable in respect of valid applications received at the Official Point(s) of Acceptance on a Business Day: A] For Purchase (including switch-in) of any amount: • In respect of valid applications received upto 3.00 p.m. and where the funds for the entire amount are available for utilization before the cut-off time i.e. credited to the bank account of the Scheme before the cut-off time - the closing NAV of the day shall be applicable. • In respect of valid applications received after 3.00 p.m. and where the funds for the entire amount are credited to the bank account of the Scheme either at any time on the same day or before the cut-off time of the next Business Day i.e. available for utilization before the cut-off time of the next Business Day - the closing NAV of the next Business Day shall be applicable. • Irrespective of the time of receipt of application, where the funds for the entire amount are credited to the bank account of the Scheme before the cut-off time on any subsequent Business Day i.e. available for utilization before the cut-off time on any subsequent Business Day - the closing NAV of such subsequent Business Day shall be applicable. B] For Switch-ins of any amount: For determining the applicable NAV, the following shall be ensured: • Application for switch-in is received before the applicable cut-off time.

	• Funds for the entire amount of subscription/purchase as per the switch-in request are credited to the bank account of the Scheme before the cut-off time. • The funds are available for utilization before the cut-off time. • In case of 'switch' transactions from one scheme to another, the allocation shall be in line with redemption payouts. In case of switches, the request should be received on a day which is a Business Day for the Switch-out scheme. Redemption for switch-out shall be processed at the applicable NAV as per cut-off timing. Switch-in will be processed at the Applicable NAV (on a Business Day) based on realization of funds as per the redemption pay-out cycle for the switch-out scheme. For investments through systematic investment routes such as Systematic Investment Plans (SIP), Flex SIP, Systematic Transfer Plans (STP), Flex-STP, Swing STP, Transfer of Income Distribution cum Capital Withdrawal (IDCW) Plan facility (TIP), etc. the units will be allotted as per the closing NAV of the day on which the funds are available for utilization by the Target Scheme irrespective of the installment date of the SIP, STP or record date of IDCW etc. While the AMC will endeavour to deposit the payment instruments accompanying investment application submitted to it with its bank expeditiously, it shall not be liable for delay in realization of funds on account of factors beyond its control such as clearing / settlement cycles of the banks. Since different payment modes have different settlement cycles including electronic transactions (as per arrangements with Payment Aggregators / Banks / Exchanges etc), it may happen that the investor's account is debited, but the money is not credited within cut-off time on the same date to the Scheme's bank account, leading to a gap / delay in Unit allotment. Investors are therefore urged to use the most efficient electronic payment modes to avoid delays in realization of funds and consequently in Unit allotment. C] For Redemption (including switch-out) applications • In respect of valid applications received upto 3 p.m. on a Business Day by the Fund, same day's closing NAV shall be applicable. • In respect of valid applications received after 3 p.m. on a Business Day by the Fund, the closing NAV of the next Business Day shall be applicable. Transactions through online facilities / electronic modes: The time of transaction done through various online facilities / electronic modes offered by the AMC, for the purpose of determining the applicability of NAV, would be the time when the request for purchase / sale / switch of units is received in the servers of AMC/RTA. The AMC has the right to amend cut off timings subject to SEBI (MF) Regulations for the smooth and efficient functioning of the Scheme.

Minimum amount for purchase/redemption/switches	Minimum amount for Purchase/Redemption (including Switch-in/out): For details refer section ' Highlights / Summary of the Scheme '.
Accounts Statements	The AMC shall send an allotment confirmation specifying the units allotted by way of email and/or SMS within 5 working days from the closure of the NFO period to the Unit holders registered e-mail address and/ or mobile number (whether units are held in demat mode or in account statement form). A Consolidated Account Statement (CAS) detailing all the transactions across all mutual funds and holdings at the end of the month shall be sent to the Unit holders in whose folio(s) transaction(s) have taken place during the month on registered email address or before 12th of the succeeding month and by 15th of the succeeding month for those who have opted for physical copy. Half-yearly CAS shall be issued at the end of every six months (i.e. September/ March) on or before 18th day of succeeding month on registered email address and 21st for those who have opted for physical copy, to all investors providing the prescribed details across all schemes of mutual funds and securities held in dematerialized form across demat accounts, if applicable. For further details, refer SAI.
Dividend/ IDCW	Not Applicable as Scheme currently does not offer IDCW Option.
Redemption	The redemption or repurchase proceeds shall be dispatched to the unitholders within 3 working days from the date of redemption or repurchase or such other timelines as may be specified by SEBI / AMFI from time to time in case of exceptional circumstances or otherwise. For details refer para 15.3.3 of Master Circular.
Bank Mandate	BANK DETAILS In order to protect the interest of Unit holders from fraudulent encashment of redemption / IDCW cheques, SEBI has made it mandatory for investors to provide their bank details viz. name of bank, branch, address, account type and number, etc. to the Mutual Fund. Payment will be made only in the Bank Account registered with the Mutual Fund. In case of units held in demat mode, payment will be made to the bank account linked to the demat account. The bank account registered in the folio of a minor should be that of the minor or should be a joint account of the minor with the guardian. Applications without complete bank details shall be rejected. The AMC will not be responsible for any loss arising out of fraudulent encashment of cheques/ warrants and/ or any delay/ loss in transit. • Multiple Bank Accounts Registration The AMC/ Mutual Fund provides a facility to the investors to register multiple bank accounts (currently upto 5 for Individuals and 10 for Non - Individuals) for receiving redemption/ IDCW proceeds etc. by providing necessary

	documents. Investors must specify any one account as the "Default Bank Account". ● Change in Bank Account For investors holding units in demat mode, the procedure for change in bank details would be as determined by the depository participant. For investors holding units in non-demat mode, the Unit holders may change their bank details registered with the Mutual Fund by submitting 'Multiple Bank Account Registration Form' or a standalone separate Change of Bank Details Form.
Delay in payment of redemption /repurchase proceeds/dividend	The AMC shall be liable to pay interest to the Unit holders at 15% or such other rate as may be prescribed by SEBI from time to time, in case the redemption/ repurchase/ IDCW proceeds are not transferred within the prescribed timeline. However, the AMC will not be liable to pay any interest or compensation or any amount otherwise, in case the AMC / Trustee is required to obtain from the investor / unit holders verification of identity or such other details relating to subscription for Units under any applicable law or as may be required by a regulatory body or any government authority, which results in delay in processing the application.
Unclaimed Redemption and Income Distribution cum Capital Withdrawal Amount	The unclaimed Redemption and IDCW amounts (the funds) are currently deployed by the Mutual Fund only in TREPS. However, the same may be deployed in other permissible instruments such as call money market or money market instruments or in a separate plan specifically launched under Overnight/Liquid/ Money Market Mutual Fund schemes to deploy unclaimed Redemption and IDCW amounts. Investors who claim the unclaimed amounts during a period of three years from the due date shall be paid initial unclaimed amount along-with the income earned on its deployment. Investors, who claim these amounts after 3 years, shall be paid initial unclaimed amount along-with the income earned on its deployment till the end of the third year. After the third year, the income earned on such unclaimed amounts shall be used for the purpose of investor education. The AMC will make a continuous effort to remind the investors through letters to take their unclaimed amounts. The details of such unclaimed redemption/IDCW amounts are made available to investors upon them providing proper credentials, on website of the Mutual Fund and AMFI along with the information on the process of claiming the unclaimed amount and the necessary forms/documents required for the same. Further, the information on unclaimed amount along-with its prevailing value (based on income earned on deployment of such unclaimed amount), will be separately disclosed to investors through the periodic statement of accounts/Consolidated Account Statement sent to the investors. Further, the investment management fee charged by the AMC for managing the said unclaimed amounts shall not exceed 50 basis points.
Disclosure with respect to investment by minors	Investments (including through existing SIP registrations) in the name of minors shall be permitted only from bank account of the minor, parent or legal

	guardian of the minor or from a joint account of the minor with the parent or legal guardian. It is reiterated that the redemption/ Income Distribution cum Capital Withdrawal (IDCW) proceeds for investments held in the name of Minor shall continue to be transferred to the verified bank account of the minor (i.e. of the minor or joint account of minor with parent/ legal guardian) only. Therefore, investors must ensure to update the folios with minor's bank account details as the 'Pay-out Bank account' by providing necessary documents before tendering redemption requests / for receiving IDCW distributions. MINOR ATTAINING MAJOR STATUS The Mutual Fund/AMC will register SIP/STP/SWAP/or any other systematic enrollment in the folio held by a minor only till the date of the minor attaining majority, even though the instructions may be for a period beyond that date. Such enrollments will automatically stand terminated upon the Unit Holder attaining 18 years of age. For folios where the units are held on behalf of the minor, the account shall be frozen for operation by the guardian on the day the minor attains majority and no transactions shall be permitted till the requisite documents for changing the status of the account from 'minor' to 'major' are submitted.
