SR. No	Types of Instruments
1.	Securitized debt
2.	Structured Obligations/Credit Enhanced Debt
3.	Derivatives
4.	Foreign securities
5.	Stock lending

However, as the Scheme invests in the Underlying Schemes, it will have exposure to other instruments, including the above, as per investments / transactions and limits of the respective Underlying Schemes.

Changes in asset allocation pattern/Portfolio Rebalancing:

Short Term Defensive Consideration:

Subject to SEBI (MF) Regulations the asset allocation pattern indicated above may change from time to time, keeping in view market conditions, market opportunities, applicable regulations and political and economic factors. It must be clearly understood that the percentages stated above are only indicative and not absolute and that they can vary substantially depending upon the perception of the Investment Manager, the intention being at all times to seek to protect the interests of the Unit holders. As per clause 1.9.1.b of Master Circular, as may be amended from time to time, such changes in the investment pattern will be for short term and for defensive consideration only.

In the event of change in the asset allocation, the fund manager will carry out portfolio rebalancing within 30 calendar days or such other timeline as may be prescribed by SEBI from time to time.

Portfolio rebalancing:

As per clause 3.11 of Master Circular, as may be amended/ clarified from time to time, in the event of change in the asset allocation due to passive breaches (occurrence of instances not arising out of omission and commission of the AMC), the fund manager is required to carry out portfolio rebalancing within 30 Business Days.

In case the portfolio is not rebalanced within the period of 30 Business days, justification in writing, including details of efforts taken to rebalance the portfolio shall be placed before the Investment Committee. The Investment Committee, if it so desires, can extend the timeline for rebalancing up to sixty (60) Business days from the date of completion of mandated rebalancing period. In case the portfolio of the scheme is not rebalanced within the aforementioned mandated plus extended timelines, the AMC shall follow the requirements specified under the aforesaid circular including reporting the deviation to Trustees at each stage.

B. WHERE WILL THE SCHEME INVEST?

The Scheme will invest in securities as mentioned below. The investments will be made as per the limits specified in the asset allocation table of the Scheme, subject to permissible limits laid under SEBI (MF) Regulations or any other applicable laws and guidelines.

1. Units of various schemes of onshore Mutual Fund(s).
2. Obligations/ Term Deposits of banks (both public and private sector) and development financial institutions.
3. Money market instruments permitted by SEBI/RBI.
4. The Scheme will make investments in Domestic Gold Exchange Traded Fund(s) and other Domestic Exchange Traded Fund(s).
5. Debt and Money Market Instruments.
6. Any other instruments as may be permitted by RBI / SEBI from time to time, subject to necessary regulatory approvals.

For detailed disclosures, kindly refer Section II.

C. WHAT ARE THE INVESTMENT STRATEGIES?

Subject to the Regulations and other prevailing laws as applicable, the Scheme will invest in any of the following category of the schemes:

1. Units of domestic Equity Oriented Schemes;
2. Units of domestic Debt Oriented Schemes;
3. Units of domestic Gold ETF Schemes;

The Scheme will allocate its assets between equity oriented /debt oriented /gold ETF schemes based on prevailing market conditions subject to permissible limits. The Fund Manager will increase exposure to Equity oriented schemes when market valuations are attractive and will prune down the equity exposure by increasing exposure in Debt Oriented or Gold ETF Schemes, when equity markets get expensive or experience volatility or under any other conditions as found suitable by the Fund Manager.

Depending upon the market conditions and in the interest of the investors, the Fund Manager shall decide allocation to various schemes of mutual fund(s), and investments in Debt and Money Market Instruments within the asset allocation limits specified under 'Asset Allocation' section.

Though every endeavour will be made to achieve the objective of the Scheme, the AMC/Sponsor/Trustee do not guarantee that the investment objective of the Scheme will be achieved. No guaranteed returns are being offered under the Scheme.

Risk Control

Investments made from the corpus of the Scheme would be in accordance with the investment objective of the Scheme and the provisions of the SEBI (MF) Regulations. The Scheme's portfolio shall predominantly consist of equity oriented / debt oriented /gold ETF/ silver ETF schemes. Thus, the mitigation policies applicable to those Schemes will be applicable to this Scheme.

PORTFOLIO TURNOVER

The Scheme is an open-ended Scheme. The portfolio is managed from a long term perspective with an endeavour to keep portfolio turnover ratio low. However, it is expected that there would be a number of subscriptions and redemptions on a daily basis. Consequently, it is difficult to estimate with any reasonable measure of accuracy, the likely turnover in the portfolio. A higher portfolio turnover results in higher brokerage and transaction cost.

D. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?

50% NIFTY 50 (TRI) + 40% NIFTY Composite Debt Index + 10% Gold derived as per regulatory norms.

The Scheme will allocate its assets between equity oriented/ debt oriented / gold ETF scheme based on prevailing market conditions. The Fund Manager will dynamically increase exposure to Equity Oriented scheme(s) / Equity ETFs / Index Funds when market valuations are attractive and will prune down the equity exposure by increasing exposure in Debt Oriented or Gold ETF Scheme(s), when equity markets get expensive or experience volatility or under any other conditions as found suitable by the Fund Manager. Thus, the composition of the benchmark is such that it is most suited for comparing performance of the Scheme.

The Trustee reserves the right to change the benchmark for evaluation of performance of the Scheme from time to time in conformity with the investment objectives and appropriateness of the benchmark subject to SEBI (MF) Regulations, and other prevailing guidelines, if any.

INVESTMENT BY THE AMC IN THE SCHEME

The AMC may invest in the Scheme during the continuous offer period subject to the SEBI (MF) Regulations. The AMC may also invest in other existing Schemes of the Mutual Fund. As per the existing SEBI (MF) Regulations and circulars issued thereunder, the AMC will not charge Investment Management and Advisory fee on the investment made by it in this Scheme or other existing Schemes of the Mutual Fund.

PART III. OTHER DETAILS

A. COMPUTATION OF NAV

Methodology for Computation of NAV:

The Net Asset Value (NAV) per Unit of the Scheme will be computed by dividing the net assets of the Scheme by the number of Units outstanding under the Scheme on the valuation date. The AMC will value its investments according to the valuation norms, as specified in Schedule VIII of the SEBI (MF) Regulations, or such norms as may be specified by SEBI from time to time and as stipulated in the Valuation Policy and Procedures of the Fund, provided in SAI available on website.

In case of any conflict between the Principles of Fair Valuation and valuation guidelines specified by SEBI, the Principles of Fair Valuation shall prevail.

NAV of Units under each Scheme/ Plan shall be calculated as shown below:

$$\text{NAV (Rs.) per Unit} = \frac{\text{Market or Fair Value of the Scheme's Investments + Current Assets - Current Liabilities and Provisions}}{\text{No. of Units outstanding under the Scheme/Plan on the valuation date}}$$

The NAV of the Scheme will be calculated and disclosed at the close of every Business Day.

Separate NAV will be calculated and announced for each of Plans/Options. The NAVs will be calculated upto 3 decimals. Units will be allotted upto 3 decimals.

Illustration for Computation of NAV:

NAV for the Scheme shall be calculated as shown below:

Particulars	**Amount (In INR)**
Assets	
Investments (at Market Value)	10,000
(Equity/Debt/Derivatives)	
Current Assets	

Interest receivable	1,000
Dividend Receivables	550
Trades Receivables	1,500
Total Assets (A)	13,050
Current Liabilities	
Trade Payables	1,500
Expense Payable	25
Dividend payable	25
Total Liabilities (B)	1,550
Net Assets (C) (A – B)	11,500
Units Outstanding (D)	1,000
NAV per unit (C/D)	₹ 11.50

METHODOLOGY FOR CALCULATION OF SALE AND REPURCHASE PRICE

- **Ongoing Price for subscription (purchase)/ switch-in (from other schemes/ plans of the mutual fund) by investors. (This is the price you need to pay for purchase/ switch-in):**

  The Sale Price for a valid purchase will be the Applicable NAV.

  i.e. Sale Price = Applicable NAV

  For a valid purchase request of Rs. 10,000 where the applicable NAV is Rs. 11.1234, the units allotted will be:

  = 10,000 (i.e. purchase amount)
  11.1234 (i.e. applicable NAV)

  = 899.006 units (rounded to three decimals)

  Charges and other expenses, if any, borne by the investors have not been considered in the above illustration.

- **Ongoing Price for redemption (sale)/ switch-outs (to other schemes/plans of the mutual fund) by investors. (This is the price you will receive for redemptions/ switch-outs):**

  The Repurchase Price for a valid repurchase will be the applicable NAV reduced by any exit load (say 1%). i.e. applicable NAV - (applicable NAV X applicable exit load).

  For a valid repurchase request where the applicable NAV is Rs. 12.1234, the repurchase price will be:

  = 12.1234 - (12.1234 X 1.00%)

  = 12.1234 - 0.1212

  = Rs. 12.0022

  Therefore, for a repurchase of 899.006 units, the proceeds received by the investor will be -

  = 899.006 (units) * 12.0022 (Repurchase price)

= Rs. 10,790.02 (rounded to two decimals)

Charges and other expenses, if any, borne by the investors have not been considered in the above illustration.

While determining the price of the units, the mutual fund shall ensure that the repurchase price of an open ended scheme is not lower than 97 per cent of the Net Asset Value.

For other details such as policies with respect to computation of NAV, rounding off, investment in foreign securities, procedure in case of delay in disclosure of NAV etc. refer to SAI.

B. ANNUAL SCHEME RECURRING EXPENSES

These are the fees and expenses for operating the scheme. These expenses include Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer Agents' fee, marketing and selling costs etc. as given in the table below.

The AMC has estimated that upto 1.85% of the daily net assets of the scheme will be charged to the scheme as expenses. For the actual expenses being charged, the investor should refer to the website of the mutual fund.

The Base Expense Ratio (BER) of the Scheme shall include (a) Investment and Advisory fees under Regulation 66 (4); (b) Recurring scheme expenses under Regulation 66 (5); and (c) Charges/ commission/ fees related to distribution of mutual fund schemes under Regulation 66 (6) but shall exclude statutory levies applicable, if any, on the said expenses and transaction cost specified under Regulation 66 (10).

The base expenses charged to the Scheme shall not exceed the limits stated in Regulation 66 of the SEBI (MF) Regulations and as permitted under SEBI Circulars issued from time to time.

Any expenditure in excess of the base limits specified in these regulations shall be borne by the AMC or the trustees or sponsors. If any expense of the scheme is borne by the AMC or by the trustee or sponsors, the same shall be done only after the investment and advisory fees charged to the scheme, if any, is fully reversed.

Various fees, expenses, charges and statutory levies that would be charged to the Scheme:

Expense Head	**% of daily net assets (estimated) (p.a.)**
Investment Management and Advisory Fees[1]	Upto 1.85%[$$]
Audit Fees	
Fees and Expenses of trustees[2]	
Custodial Fees	
Registrar & Transfer Agent Fees including cost of providing account statements / IDCW / redemption cheques/ warrants	
Marketing & Selling expenses including fees, commission and charges towards distribution of mutual fund schemes[3]	
Cost of statutory advertisements	
Cost related to Investor Communications	
Cost of fund transfer from location to location	
Brokerage & transaction cost pertaining to execution of trade[4 5]	
Other Expenses (as per Reg 66 of SEBI MF Regulations)	
Maximum Base Expense Ratio (BER) permissible under Regulation 66	**Upto 1.85%[$$]**
Maximum total expense ratio (TER) under Regulation 67[6]	Refer Note 6 below

Statutory levies (including GST) on all expenses excluding brokerage and transaction cost[7]	GST of 18% or any other rate as may be levied from time to time on the Taxable/ Invoice/ Contract amount. Additionally, levies such as Stamp Duty, STT etc.
Statutory levies (including GST) on brokerage and transaction cost[7]	Will be charged on Turnover of securities at prescribed rates

[$$]As per Regulation 66 (7) (b), the maximum base expense ratio including weighted average of charges levied by the Underlying Schemes shall not exceed 1.85 per cent of the daily net assets of the Scheme. Further, as per Reg 66 (8) the Base Expense Ratio (BER) to be charged over and above the weighted average of the expense ratio of the underlying Scheme shall not exceed two times the weighted average of the Base Expense Ratio (BER) levied by the underlying Schemes, subject to the overall ceiling of 1.85 percent stated above.

The investors of the Scheme will bear dual recurring expenses, if any, viz, those of the Scheme and those of the underlying scheme(s).

Notes:

[1]There shall be no internal sub-limits within the expense ratio for expense heads mentioned under Regulation 66 (4) and (5) viz. Investment Management and Advisory Fees and various sub-heads of recurring expenses, respectively.

[2]Trustee Fees and Expenses

In accordance with the Trust Deed constituting the Mutual Fund, the Trustee is entitled to receive, in addition to the reimbursement of all costs, charges and expenses, a quarterly fee computed at a rate not exceeding 0.10% per annum of the daily net assets of the Scheme(s) or a sum of Rs. 15,00,000 per annum, whichever is higher. Such fee shall be paid to the Trustee within seven working days from the end of each quarter every year, namely, within 7 working days from June 30, September 30, December 31 and March 31 of each year. The Trustee may charge expenses as permitted from time to time under the Trust Deed and SEBI (MF) Regulations.

[3]Direct Plan under the Scheme shall have a lower expense ratio than Regular Plan, as no distribution commission is paid under such plan. All fees and expenses charged in a Direct Plan (in percentage terms) under various heads including the investment and advisory fee shall not exceed the fees and expenses charged under such heads in a Regular Plan.
The charges or commission or fees related to distribution of mutual fund schemes shall be paid in the manner as may be specified by SEBI and AMFI from time to time.

[4]Brokerage incurred for the purpose of execution of trade shall be charged to the schemes as provided under Regulation 66 (9) upto 6 bps and 2 bps of the trade value for cash market transactions and derivatives transactions (if permitted under the scheme) respectively. Any payment towards brokerage over and above the said 6 bps and 2 bps shall be part of the Base Expense Ratio (BER) limit (excluding statutory levies) as prescribed under Regulation 66 (7).

[5]Pursuant to Regulation 66 (10), transaction cost incurred for the purpose of execution of a trade shall mean regulatory levies and any other expenses charged by the stock exchanges, clearing corporation, and clearing house, as applicable. Such transaction costs shall not form part of the Base Expense Ratio (BER).

[6]The total of all expenses charged to the investors of the scheme, as mentioned under definition of 'Total expense ratio', shall be total of expense charged within the base limit specified under Regulation 66 (7), brokerage cost permitted under Regulation 66 (9), transaction cost incurred for the purpose of execution of trade as referred under Regulation 66 (10), and statutory levies charged to the investors. No charges other than the base expense ratio, brokerage cost, transaction cost, statutory levy and exit load including levies as may be specified by the SEBI, shall be charged to the investors. Any expense other than those specified in Regulation 66 (4), (5), (6) (9) and (10) as mentioned above, shall not be charged to the scheme and shall be borne by the AMC or trustee or sponsors.

[7]Statutory levy means levy imposed by state government and central government.

The mutual fund would update the expense ratios on the website (www.hdfcfund.com) under the Section titled "Statutory Disclosures" under sub-section titled "Total Expense Ratio of Mutual Fund Schemes". Any change in the BER in comparison to previous BER charged to any scheme/plan shall be communicated to investors of the Scheme at least three working days prior to effecting such change. Further, the notice of change in BER shall be updated in the aforesaid section of the website at least three working days prior to effecting such change. Provided that any change in BER in a mutual fund scheme due to change in AUM or any decrease in BER in a mutual fund scheme due to various other regulatory requirements shall not require issuance of any prior notice to the investors.

Actual expenses (inclusive of GST on Management fees and additional TER) for the previous financial year ended **March 31, 2026 (Audited)**:

• Regular Plan: 1.13% p.a. • Direct Plan: 0.08% p.a.

Weighted expense ratio of the underlying schemes (Direct Plan) as on September 30, 2026 (Unaudited) for HDFC Multi-Asset Active FOF is 0.61%

Note: The scheme invests only in the Direct Plan of the underlying schemes. Therefore, weighted average expense of the direct plan has been provided.

Illustration: Impact of Expense Ratio on Scheme's return:

Expense ratio, normally expressed as a percentage of Average Assets under Management, is calculated by dividing the permissible expenses under the Regulations by the average net assets.

To further illustrate in rupee terms the above, for the Scheme under reference, suppose an Investor invested Rs. 10,000/- (after deduction of stamp duty, if any) under the Growth Option, the impact of expenses charged will be as under:

Particulars	**Regular Plan**	**Direct Plan**
Amount invested at the beginning of the year (Rs.)	10,000	10,000
Returns before expenses (Rs.)	1,500	1,500
Expenses other than Distribution expenses (Rs.)	150	150
Distribution expenses (Rs.)	50	0
Returns after expenses at the end of the year (Rs.)	**1300**	**1350**
Returns (in %)	**13%**	**13.5%**

Note(s):

- The purpose of the above illustration is purely to explain the impact of expense ratio charged to the Plan(s) under the Scheme and should not be construed as providing any kind of investment advice or guarantee of returns on investments.

- It is assumed that the expenses charged are evenly distributed throughout the year.
- The expenses of the Direct Plan of the Scheme will be lower to the extent of the distribution expenses/ commission
- Any tax impact has not been considered in the above example, in view of the individual nature of the tax implications. Each investor is advised to seek appropriate advice.

C. LOAD STRUCTURE

Exit Load is an amount which is paid by the investor to redeem the units from the scheme. Load amounts are variable and are subject to change from time to time. For the current applicable structure, please refer to the website of the AMC (www.hdfcfund.com) or you may call at 1800 3010 6767/1800 419 7676 or your distributor.

Type of Load	**Load chargeable (as % of NAV)**
Exit Load	In respect of each purchase / switch-in of Units, upto 15% of the units may be redeemed without any exit load from the date of allotment. Any redemption in excess of the above limit shall be subject to the following exit load: • In respect of each purchase / switch-in of Units, an Exit Load of 1.00% is payable if Units are redeemed / switched-out within 1 year from the date of allotment. However, please note that the Units will be redeemed on First In First Out (FIFO) basis. • No Exit Load is payable if Units are redeemed / switched-out after 1 year from the date of allotment.

No Entry Load will be charged.

(i) No Exit Load shall be levied for switching between Plans / Options within the Scheme. However, exit load will be applicable if the units are switched-out / redeemed from the Scheme within the exit load period from the initial date of purchase.

(ii) No Exit load will be levied on bonus Units and on units allotted on Re-investment of Income Distribution cum Capital Withdrawal.

(iii) No Exit load will be levied on Units allotted in the Target Scheme under the Transfer of Income Distribution cum Capital Withdrawal (IDCW) Plan Facility (TIP Facility).

(iv) In case of Systematic Transactions such as Systematic Investment Plan (SIP), Flex Systematic Investment Plan (Flex SIP), Systematic Transfer Plan (STP), HDFC Flex Systematic Transfer Plan (Flex STP), HDFC Swing Systematic Transfer Plan (Swing STP), etc., Exit Load, if any, prevailing on the date of registration / enrolment shall be levied.

(v) GST on exit load, if any, shall be paid out of the exit load proceeds and exit load net of GST, if any, shall be credited to the Scheme.

The AMC/ Trustee if it so deems fit in the interest of smooth and efficient functioning of the Mutual Fund reserves the right to introduce/modify the Load Structure depending upon the circumstances prevailing at that time subject to maximum limits as prescribed under the SEBI (MF) Regulations. While determining the price of the units, the mutual fund shall ensure that the repurchase price of an open ended scheme is not lower than 97 per cent of the Net Asset Value. Exit load (net of GST) charged, if any, shall be credited to the Scheme. The investor is requested to check the prevailing load structure of the Scheme before investing.

B. RISK FACTORS

■ Scheme Specific Risk Factors:

Some of the specific risk factors related to the Scheme include, but are not limited to the following:

Risk Factors related to Underlying Schemes

a) HDFC Multi-Asset Active FOF (HMAAF) will invest primarily in a combination of equity oriented, debt oriented and gold ETF schemes. Hence, scheme specific risk factors of the Underlying Schemes will be applicable. All risks associated with Underlying Schemes, including performance of their underlying stocks, derivative instruments, stock-lending, investments in foreign securities etc., will therefore be applicable in the case of HMAAF. The investors should refer to the Scheme Information Documents and the related addenda for the scheme specific risk factors of the respective Underlying Schemes. Investors who intend to invest in HMAAF are required to and deemed to have understood the risk factors of the Underlying Schemes.

b) Movements in the Net Asset Value (NAV) of the Underlying Schemes may impact the performance of HMAAF. Any change in the investment policies or fundamental attributes of the Underlying Schemes will affect the performance of HMAAF.

c) The investors of HMAAF shall bear the recurring expenses of HMAAF in addition to the expenses of the Underlying Schemes (subject to regulatory limits). Hence the investor under HMAAF may receive lower pre-tax returns than what they may receive if they had invested directly in the Underlying Schemes in the same proportions. Further, expenses charged being dependent on the structure and weightage of the underlying schemes, may lead to non-uniform charging of expenses over a period of time.

d) The Portfolio disclosure of HMAAF will be limited to providing the particulars of the allocation to the Underlying Schemes where HMAAF has invested and will not include the investments made by the Underlying Schemes.

e) Redemptions by HMAAF from the Underlying Schemes would be subject to applicable exit loads, which may impact performance of the Scheme.

f) The processing of redemption requests within 3 Working Days of the Redemption date will be subject to the ability of the Scheme to liquidate units of the underlying Scheme(s). The payment of redemption proceeds under the Scheme will be subject to receipt of redemption proceeds from the underlying Scheme(s).

g) Switch-out from an Underlying Scheme and Switch in to another Underlying Scheme will be subject to the provisions of applicability of NAV as also the payout and pay-in cycles applicable to redemption / purchase under the relevant schemes. In times of
extreme volatility, this may have impact on the NAV of HMAAF, particularly at the time of portfolio rebalancing. Purchase of units in underlying schemes will attract applicable stamp duty.

h) A Fund Manager managing any one of the Fund of Funds schemes may also be the Fund Manager for any underlying schemes.

(i) Risk factors associated with investing in equities and equity related instruments

- Underlying schemes may invest in Equity shares and equity related instruments are volatile and prone to price fluctuations on a daily basis. Investments in equity shares and equity related instruments involve a degree of risk and investors should not invest in the Scheme unless they can afford to take the risks.
- Securities, which are not quoted on the stock exchanges, are inherently illiquid in nature and carry a larger amount of liquidity risk, in comparison to securities that are listed on the exchanges. Investment in such securities may lead to increase in the scheme portfolio risk.
- While securities that are listed on the stock exchange carry lower liquidity risk, the ability to sell these investments is limited by the overall trading volume on the stock exchanges and may lead to the Scheme incurring losses till the security is finally sold.
- Scheme's performance may differ from the benchmark index to the extent of the investments held in the debt segment, as per the investment pattern indicated under normal circumstances.

(ii) Risk factors associated with investing in Fixed Income Securities

- The Net Asset Value (NAV) of the Scheme, to the extent invested in Debt and Money Market instruments, will be affected by changes in the general level of interest rates. The NAV of the Scheme is expected to increase from a fall in interest rates while it would be adversely affected by an increase in the level of interest rates.
- Money market instruments, while fairly liquid, lack a well developed secondary market, which may restrict the selling ability of the Scheme and may lead to the Scheme incurring losses till the security is finally sold.
- Investments in money market instruments involve credit risk commensurate with short term rating of the issuers.
- Investment in Debt instruments are subject to varying degree of credit risk or default (i.e. the risk of an issuer's inability to meet interest or principal payments on its obligations) or any other issues, which may have their credit ratings downgraded. Changes in financial conditions of an issuer, changes in economic and political conditions in general, or changes in economic or and political conditions specific to an issuer, all of which are factors that may have an adverse impact on an issuer's credit quality and security values. This may increase the risk of the portfolio. The Investment Manager will endeavour to manage credit risk through in-house credit analysis.
- **Prepayment Risk:** Certain fixed income securities give an issuer the right to call back its securities before their maturity date, in periods of declining interest rates. The possibility of such prepayment may force the Scheme to reinvest the proceeds of such investments in securities offering lower yields, resulting in lower interest income for the Scheme.
- **Reinvestment Risk:** This risk refers to the interest rate levels at which cash flows received from the securities in the Scheme are reinvested. The additional income from reinvestment is the "interest on interest" component. The risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed.
- **Settlement risk:** Different segments of Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances. Delays or other problems in settlement of transactions could result in temporary periods when the assets of the Scheme are uninvested and no return is earned thereon. The inability of the Scheme to make intended securities purchases, due to settlement problems, could cause the Scheme to miss certain investment opportunities. Similarly, the inability to sell securities held in the Scheme's portfolio, due to the absence of a well developed and liquid secondary market for debt securities, may result at times in potential losses to the Scheme in the event of a subsequent decline in the value of securities held in the Scheme's portfolio.
- Government securities where a fixed return is offered run price-risk like any other fixed income security. Generally, when interest rates rise, prices of fixed income securities fall and when interest rates drop, the prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of interest rates. The new level of

interest rate is determined by the rates at which government raises new money and/or the price levels at which the market is already dealing in existing securities. The price-risk is not unique to Government Securities. It exists for all fixed income securities. However, Government Securities are unique in the sense that their credit risk generally remains zero. Therefore, their prices are influenced only by movement in interest rates in the financial system.

- Different types of fixed income securities in which the Scheme would invest as given in the Scheme Information Document carry different levels and types of risk. Accordingly, the Scheme risk may increase or decrease depending upon its investment pattern. e.g. corporate bonds carry a higher level of risk than Government securities. Further even among corporate bonds, AAA rated bonds are comparatively less risky than AA rated bonds.
- The AMC may, considering the overall level of risk of the portfolio, invest in lower rated / unrated securities offering higher yields as well as zero coupon securities that offer attractive yields. This may increase the absolute level of risk of the portfolio.
- As zero coupon securities do not provide periodic interest payments to the holder of the security, these securities are more sensitive to changes in interest rates and are subject to issuer default risk. Therefore, the interest rate risk of zero coupon securities is higher. The AMC may choose to invest in zero coupon securities that offer attractive yields. This may increase the risk of the portfolio. Zero coupon or deep discount bonds are debt obligations that do not entitle the holder to any periodic payment of interest prior to maturity or a specified date when the securities begin paying current interest and therefore, are generally issued and traded at a discount to their face values. The discount depends on the time remaining until maturity or the date when securities begin paying current interest. It also varies depending on the prevailing interest rates, liquidity of the security and the perceived credit risk of the Issuer. The market prices of zero coupon securities are generally more volatile than the market prices of securities that pay interest periodically.

(iii) Risks associated with investment in unlisted securities:

- Except for any security of an associate or group company, the scheme can invest in securities which are not listed on a stock exchange ("unlisted Securities") or receive unlisted securities which in general are subject to greater price fluctuations, less liquidity and greater risk than those which are traded in the open market. These securities may lack a liquid secondary market and there can be no assurance that the Scheme will realise their investments in unlisted securities at a fair value.
- Investment in unrated instruments may involve a risk of default or decline in market value higher than rated instruments due to adverse economic and issuer-specific developments. Such investments display increased price sensitivity to changing interest rates and to a deteriorating economic environment. The market values for unrated investments tends to be more volatile and such securities tend to be less liquid than rated debt securities.

(iv) Risk factors associated with investment in Tri-Party Repo

The mutual fund is a member of securities segment and Triparty Repo trade settlement of the Clearing Corporation of India (CCIL). All transactions of the mutual fund in government securities and in Tri-party Repo trades are settled centrally through the infrastructure and settlement systems provided by CCIL; Thus, reducing the settlement and counterparty risks considerably for transactions in the said segments. The members are required to contribute an amount as communicated by CCIL from time to time to the default fund maintained by CCIL as a part of the default waterfall (a loss mitigating measure of CCIL in case of default by any member in settling transactions routed through CCIL).

As per the waterfall mechanism, after the defaulter's margins and the defaulter's contribution to the default fund have been appropriated, CCIL's contribution is used to meet the losses. Post utilization of CCIL's contribution if there is a residual loss, it is appropriated from the default fund contributions of the non-defaulting members. Thus, the scheme is subject to risk of the initial margin and default fund contribution being invoked in the event of failure of any settlement obligations. In addition, the fund contribution is

allowed to be used to meet the residual loss in case of default by the other clearing member (the defaulting member).

CCIL shall maintain two separate Default Funds in respect of its Securities Segment, one with a view to meet losses arising out of any default by its members from outright and repo trades and the other for meeting losses arising out of any default by its members from Triparty Repo trades. The mutual fund is exposed to the extent of its contribution to the default fund of CCIL, in the event that the contribution of the mutual fund is called upon to absorb settlement/default losses of another member by CCIL, as a result the scheme may lose an amount equivalent to its contribution to the default fund.

(v) Risk factors associated with Repo in permitted Corporate Debt Securities

In repo transactions, also known as a repo or sale repurchase agreement, securities are sold with the seller agreeing to buy them back at later date. The repurchase price should be greater than the original sale price, the difference effectively representing interest. A repo in corporate debt securities is economically similar to a secured loan, with the buyer receiving corporate debt securities as collateral to protect against default. Some of the risks associated with repo in corporate debt are given below:

Counterparty Risk: Counterparty risk refers to the inability of the seller to meet the obligation to buy back securities at the contracted price on the contracted date. In case of over the counter (OTC) repo trades, the investment manager will endeavour to manage counterparty risk by dealing only with counterparties having strong credit profiles. Also, the counter-party risk is to an extent mitigated by taking collateral equivalent in value to the transaction after knocking off a minimum haircut on the intrinsic value of the collateral. In the event of default by the repo counterparty, the scheme shall have recourse to the corporate debt securities. In case the repo transaction is executed on exchange platform approved by RBI/SEBI, the exchange may also provide settlement guarantee.

Collateral Risk: Collateral risk arises when the market value of the securities is inadequate to meet the repo obligations. This risk can be partly mitigated by restricting participation in repo transactions only in corporate debt securities which are approved by credit risk team. Additionally, to address the risk related to reduction in market value of corporate debt security held as collateral due to credit rating downgrade, the repo contract can incorporate either an early termination of the repo agreement or call for fresh margin to meet the minimum haircut requirement or call for replacement of security with eligible security. Moreover, the investment manager may apply a higher haircut on the underlying security than required as per RBI/SEBI regulation to adjust for the illiquidity and interest rate risk on the underlying instrument. To mitigate the risk of price reduction due to interest rate changes, the adequacy of the collateral can be monitored on a daily basis by considering the daily market value & applying the prescribed haircut. The fund manager or the exchange can then arrange for additional collateral from the counterparty, within a prespecified period. If the counterparty is not able to top-up either in form of cash / collateral, it would tantamount to early termination of the repo agreement, and the outstanding amount can be recovered by sale of collateral.

(vi) Risk factors associated for investments in Mutual Fund Schemes

1. Movements in the Net Asset Value (NAV) of these Schemes may impact the performance. Any change in the investment policies or fundamental attributes of these Schemes will affect the performance of the Scheme to the extent of investment in such schemes.
2. Redemptions by in these Schemes would be subject to applicable exit loads.

(vii) General Risk factors

- Trading volumes, settlement periods and transfer procedures may restrict the liquidity of the investments made by the Scheme. Different segments of the Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances leading to delays in receipt of proceeds from sale of securities. The NAV of the Units of the Scheme can go up or down because of various factors that affect the capital markets in general.

- As the liquidity of the investments made by the Scheme could, at times, be restricted by trading volumes and settlement periods, the time taken by the Mutual Fund for redemption of Units may be significant in the event of an inordinately large number of redemption requests or restructuring of the Scheme. In view of the above, the Trustee has the right, in its sole discretion, to limit redemptions (including suspending redemptions) under certain circumstances, as described under **section Right to Restrict Redemption and / or Suspend Redemption of the units.**
- At times, due to the forces and factors affecting the capital market, the Scheme may not be able to invest in securities falling within its investment objective resulting in holding the monies collected by it in cash or cash equivalent or invest the same in other permissible securities / investments amounting to substantial reduction in the earning capability of the Scheme. The Scheme may retain certain investments in cash or cash equivalents for its day-to-day liquidity requirements.
- Investment strategy to be adopted by the Scheme may carry the risk of significant variance between the portfolio allocation of the Scheme and the Benchmark particularly over a short to medium term period.
- Performance of the Scheme may be affected by political, social, and economic developments, which may include changes in government policies, diplomatic conditions, and taxation policies.
- The Scheme at times may receive large number of redemption requests, leading to an asset-liability mismatch and therefore, requiring the investment manager to make a distress sale of the securities leading to realignment of the portfolio and consequently resulting in investment in lower yield instruments.

C. RISK MITIGATION STRATEGIES

The Scheme's portfolio shall predominantly consist of equity oriented / debt oriented /gold ETF/ silver ETF schemes. The scheme will endeavor to follow a diversified approach by allocating to different schemes to mitigate portfolio risk. The mitigation strategies applicable to underlying schemes will also be applicable to this scheme.

While these measures are expected to mitigate the above risks to a large extent, there can be no assurance that these risks would be completely eliminated.

II. INFORMATION ABOUT THE SCHEME:

A. WHERE WILL THE SCHEME INVEST?

The Scheme will invest securities as mentioned below. The investments will be made as per the limits specified in the asset allocation table of the Scheme, subject to permissible limits laid under SEBI (MF) Regulations or any other applicable laws and guidelines.

The corpus of the Scheme shall be invested in accordance with the investment objective in any (but not exclusively) of the following securities:

The Scheme will invest in the schemes of domestic Mutual Funds that invest in various asset classes depending on the asset allocation pattern and Investment Objective of the respective schemes and in gold ETFs. As per SEBI guidelines (i) A fund of funds scheme shall not invest in any other fund of funds scheme and (ii) a Fund of funds scheme shall not invest its assets other that in schemes of mutual funds, except to the extent of funds required for meeting the liquidity requirements for the purpose of repurchases or redemptions. Subject to the Regulations, the Scheme can invest in any (but not exclusively) of the following securities:

1) Units of various schemes of onshore Mutual Fund(s).

2) Obligations/ Term Deposits of banks (both public and private sector) and development financial institutions.

3) Money market instruments permitted by SEBI/RBI

4) The Scheme will make investments in Domestic Gold Exchange Traded Fund(s) and other Domestic Exchange Traded Fund(s).

The units of the schemes in which the Scheme proposes to make investments in, could be listed or unlisted, open/closed ended. The units may be acquired through subscription to the units during the New Fund Offer of the schemes or by subscriptions on on-going basis in case of open -ended schemes.

Investments in Debt and Money Market Instruments will be as per the limits specified in the asset allocation table, subject to restrictions / limits laid under SEBI (MF) Regulations mentioned under section **'WHAT ARE THE INVESTMENT RESTRICTIONS?'**

Debt securities:

Debt instruments issued by statutory bodies (which may or may not carry a state/central government guarantee), Corporate Entities (Public / Private sector undertakings), Public / Private sector banks and development financial institutions and guaranteed by Government of India and State Governments such as:

1. Non-convertible debentures;
2. Bonds;
3. Secured premium notes;
4. Zero interest bonds;
5. Deep discount bonds;
6. Floating rate bond / notes;
7. Any other permissible domestic fixed income instrument.

- Money Market Instruments include:
  1. Commercial papers
  2. Commercial bills
  3. Treasury bills
  4. Government securities having an unexpired maturity upto one year
  5. Tri-party Repos/ Reverse Repos on Government securities or treasury bills (TREPS)
  6. Certificate of deposit
  7. Usance bills
  8. Permitted securities under a repo / reverse repo agreement
  9. Any other instruments as may be permitted by RBI / SEBI from time to time, subject to necessary regulatory approvals.

  Investments in debt will be made through primary or secondary market purchases, other public offers, placements and right offers (including renunciation). The securities could be listed, unlisted (as permitted), privately placed, secured /unsecured, rated / unrated.
  Investment in debt securities will usually be in instruments, which have been assessed as "high investment grade" by at least one credit rating agency authorised to carry out such activity under the applicable regulations. Pursuant to clause 13.1 of Master Circular, the AMC may constitute committee(s) to approve proposals for investments in unrated debt instruments. The AMC Board and the Trustee shall approve the detailed parameters for such investments. The details of such investments would be communicated by the AMC to the Trustee in their periodical reports. It would also be clearly mentioned in the reports, how the parameters have been complied with.

However, in case any unrated debt security does not fall under the parameters, the prior approval of Board of AMC and Trustee shall be sought. Investment in debt instruments shall generally have a low risk profile and those in money market instruments shall have an even lower risk profile. The maturity profile of debt instruments will be selected in accordance with the AMC's view regarding current market conditions, interest rate outlook and the stability of ratings.

The Scheme shall abide by the guidelines for parking of funds in short term deposits as per clause 13.7 of Master Circular, as may be amended from to time. For details, refer section **'What are the Investment Restrictions'**.

- **Debt Market In India**

The instruments available in Indian Debt Market are classified into two categories, namely Government and Non - Government debt. The instruments available in these categories include:

A] Government Debt

- Central Government Debt
- Treasury Bills
- Dated Government Securities
  - Coupon Bearing Bonds
  - Floating Rate Bonds
  - Zero Coupon Bonds
- State Government Debt
  - State Government Loans
  - Coupon Bearing Bonds

B] Non-Government Debt

- Instruments issued by Government Agencies and other Statutory Bodies
  - Government Guaranteed Bonds
  - PSU Bonds
- Instruments issued by Public Sector Undertakings
  - Commercial Paper
  - PSU Bonds
  - Fixed Coupon Bonds
  - Floating Rate Bonds
  - Zero Coupon Bonds
- Instruments issued by Banks and Development Financial Institutions
  - Certificates of Deposit
  - Promissory Notes
  - Bonds
  - Fixed Coupon Bonds
  - Floating Rate Bonds
  - Zero Coupon Bonds
- Instruments issued by Corporate Bodies
  - Commercial Paper
  - Non-Convertible Debentures
  - Fixed Coupon Debentures
  - Floating Rate Debentures

- Zero Coupon Debentures
- Pass Through Securities

Activity in the Primary and Secondary Market is dominated by Central Government Securities including Treasury Bills. These instruments comprise close to 60% of all outstanding debt and more than 75% of the daily trading volume on the Wholesale Debt Market Segment of the National Stock Exchange of India Limited.

In the money market, activity levels of the Government and Non- Government Debt vary from time to time. Instruments that comprise a major portion of money market activity include,

- Overnight Call
- Repo/Reverse Repo Agreements
- Tri-party Repos on Government securities or treasury bills (TREPS)
- Treasury Bills
- Government Securities with a residual maturity of < 1 year
- Commercial Paper
- Certificates of Deposit
- Bills Rediscounting Scheme

Though not strictly classified as Money Market Instruments, PSU/ DFI / Corporate paper with a residual maturity of < 1 year, are actively traded and offer a viable investment option.

The following table gives approximate yields prevailing during the month ended **September 30, 2026** on some of the instruments. These yields are indicative and do not indicate yields that may be obtained in future as interest rates keep changing consequent to changes in macro economic conditions and RBI policy.

Instrument	**Yield Range (% per annum)**
Inter bank Call Money	4.35 - 5.25
91 Day Treasury Bill	5.17 - 5.50
364 Day Treasury Bill	5.81 - 6.17
A1 + Commercial Paper 90 Days	5.90 - 6.40
5 Year Government of India Security	6.49 - 6.89
10 Year Government of India Security	6.94 - 7.19
15 Year Government of India Security	7.10 - 7.38
1 Year Corporate Bond - AAA Rated	7.10 - 7.87
3 Year Corporate Bond - AAA Rated	7.58 - 8.12
5 Year Corporate Bond - AAA Rated	7.46 - 8.14

Source: Bloomberg

These yields are indicative and do not indicate yields that may be obtained in future as interest rates keep changing consequent to changes in macro economic conditions and RBI policy. The price and yield on various debt instruments fluctuate from time to time depending upon the macro economic situation, inflation rate, overall liquidity position, foreign exchange scenario etc. Also, the price and yield vary according to maturity profile, credit risk etc.

Generally, for instruments issued by a non-Government entity (corporate / PSU bonds), the yield is higher than the yield on a Government Security with corresponding maturity. The difference, known as credit spread, depends on the credit rating of the entity.

B. WHAT ARE THE INVESTMENT RESTRICTIONS?

Pursuant to SEBI (MF) Regulations, the following investment restrictions are applicable to the Scheme:

- The mutual fund shall settle their transactions only in dematerialised securities except for such instruments as may be specified by SEBI from time to time.

- The mutual fund shall get the securities purchased or transferred in the name of the mutual fund on account of the Scheme, except in respect of such securities as may be specified by SEBI from time to time.

- The mutual fund shall not borrow except to meet temporary liquidity needs for the purpose of repurchase or redemption of units or payment of interest or Income Distribution cum Capital Withdrawal payout to the unitholders or for settlement of trades by equity-oriented index funds and equity-oriented exchange traded funds on account of under execution of sell trades on the stock exchange in the manner as may be specified by the board from time to time.

  The borrowing specified above shall be subject to:
  (a) such borrowing not exceeding twenty per cent of the net assets of the scheme; and
  (b) duration of such borrowing not exceeding a period of six months.

- The mutual fund is permitted to undertake intraday borrowing for addressing timing mismatch between outflows and inflows of a scheme, subject to such conditions as specified by SEBI.

- Save as otherwise expressly provided under SEBI (MF) Regulations, the Mutual Fund shall not advance any loans for any purpose.

- The Scheme shall not make any investment in:
  - Any unlisted security of an associate or group company of the Sponsor; or
  - Any security issued by way of private placement by an associate or group company of the Sponsor; or
  - The listed securities of group companies of the Sponsors which is in excess of 25% of the net assets of the scheme, except for investments by equity oriented exchange traded funds (ETFs) and Index Funds and subject to such conditions as may be specified by SEBI;
  - Any fund of funds Scheme.

- The cumulative gross exposure through equity oriented, debt oriented, gold ETF schemes and debt securities and money market instruments should not exceed 100% of the net assets of the scheme subject to clause 13.18.1 of Master Circular.

- The Scheme shall not invest in unlisted debt instruments including commercial papers, except Government Securities and other money market instruments.

Provided that the Scheme may invest in unlisted non-convertible debentures up to a maximum of 10% of the debt portfolio of the Scheme subject to such conditions as may be specified by SEBI from time to time.
Provided further that the Scheme shall comply with the norms under the above clauses within the time and in the manner as may be specified by SEBI.

Provided further that the norms for investments by the Scheme in unrated debt instruments shall be as specified by SEBI from time to time.

Further, the Scheme shall comply with provisions of clauses 5.4 and 13.1 of Master Circular regarding investment in Debt and Money Market Instruments, as amended from time to time, to the extent applicable to the Scheme.

- As per AMFI Best Practices Guidelines Circular No.115/2024-25 as amended from time to time, investment in Partly Paid Debentures, if undertaken, will be subject to a cap on maximum investment of Mutual Fund Scheme at 5% of the AUM of the scheme. However, once the Partly Paid Debentures are fully paid up, the cap on maximum investment of Mutual Fund scheme at 5% of the AUM of the scheme will not apply.

- Transfer of investments from one scheme to another scheme in the same Mutual Fund, shall be allowed only subject to such conditions as specified by SEBI from time to time.
- Pending deployment of funds of the Scheme in securities in terms of the investment objectives of the Scheme, the Fund may park the funds of the Scheme in short term deposits of scheduled commercial banks subject to the following guidelines as specified by SEBI from time to time.

    - "Short Term" for parking of funds shall be treated as a period not exceeding 91 days.
    - Short Term deposits shall be held in the name of the Scheme.
    - The Scheme(s) shall not park more than 15% of the net assets in short term deposit(s) of all the scheduled commercial banks put together.
    - However, this limit can be raised upto 20% of the net assets with prior approval of the Board of Trustees.
    - Parking of funds in short term deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the Mutual Fund in short term deposits.
    - The Scheme shall not park more than 10% of the net assets in short term deposit(s) of any one scheduled commercial bank including its subsidiaries.
    - The Scheme shall not park in short term deposit of a bank which has invested in the Scheme. Trustees/ AMC shall also take steps to ensure that a bank in which the Scheme has short term deposit does not invest in the Scheme until the Scheme has short term deposit with such bank.
    - No investment management and advisory fees will be charged for such investments in the Scheme.
    - The aforesaid limits shall not be applicable to term deposits placed as margins for trading in cash and derivative market.
    - However, period for 'pending deployment' as stated above for the Scheme shall not exceed 7 days.

The AMC / Trustee may alter these above stated restrictions from time to time to the extent the SEBI (MF) Regulations change, so as to permit the Scheme to make its investments in the full spectrum of permitted investments for mutual funds to achieve its respective investment objective. The AMC/Trustee may from time to time alter these restrictions in conformity with the SEBI (MF) Regulations. Further, apart from the investment restrictions prescribed under SEBI (MF) Regulations, the Fund may follow any internal norms vis-à-vis restricting / limiting exposure to a particular scrip or sector, etc.

All investment restrictions shall be applicable at the time of making investment.

The AMC / Trustee may alter these above stated restrictions from time to time to the extent the SEBI (MF) Regulations change, so as to permit the Scheme to make its investments in the full spectrum of permitted investments for mutual funds to achieve its respective investment objective. The AMC/Trustee may from time to time alter these restrictions in conformity with the SEBI (MF) Regulations. Further, apart from the investment restrictions prescribed under SEBI (MF) Regulations, the Fund may follow any internal norms vis-à-vis restricting/ limiting exposure to a particular scrip or sector, etc.

All investment restrictions shall be applicable at the time of making investment.

D. OTHER SCHEME SPECIFIC DISCLOSURES:

Listing and transfer of units	Being an open ended Scheme under which Sale and Redemption of Units will be made on continuous basis by the Mutual Fund (subject to completion of lock-in period, if any), the Units of the Scheme are not proposed to be listed on any stock exchange. However, the Mutual Fund may at its sole discretion list the Units under the Scheme on one or more stock exchange at a later date. The Units of the Schemes in Demat mode are freely transferable subject to applicable laws. Units held in Statement of Account (SoA) mode may be transferred subject to prevailing AMFI / SEBI guidelines from time to time. If an applicant desires to transfer Units held in physical mode for e.g. in statement of account form, the AMC shall, upon receipt of valid and complete request for transfer together with the relevant documents, register the transfer within 30 days. Provided that the transferor(s) and the transferee(s) will have to comply with the procedure for transfer as may be laid down by the AMC or as required under the prevailing law from time to time including payment of stamp duty for transfer of Units, etc. Units held in Demat form are transferable in accordance with the provisions of Depositories Act, 1996 and the Securities and Exchange Board of India (Depositories and Participants) Regulations, 2018 as may be amended from time to time." For more details, refer SAI.
Dematerialization of units	The Unit holders would have an option to hold the Units in demat form or account statement (non-demat) form. Units held in Demat Form are freely transferable subject to applicable laws. The Applicant intending to hold Units in demat form will be required to have a beneficiary account with a Depository Participant (DP) of the NSDL/CDSL and will be required to mention in the application form DP's Name, DP ID No. and Beneficiary Account No. with the DP at the time of purchasing Units.
IDCW (Dividend) Policy	The Trustee may decide to declare distributions under the IDCW Option of the Scheme subject to availability of distributable surplus. For IDCW Options having a defined frequency, the Trustee at its sole discretion may also declare interim distributions between two successive record dates. The declaration / actual payment of IDCW and the frequency thereof will depend on the availability of distributable surplus computed in accordance with SEBI (MF) Regulations. The decision of the Trustee in this regard shall be final. IDCW, if declared, will be paid (subject to deduction of tax at source, if any) to those Unit holders whose names appear in the Register of Unit holders on the record date. In case of units held in dematerialized mode, the Depositories (NSDL/CDSL) will provide the list of eligible demat account holders and the number of units held by them in electronic form on the Record date to the Registrars and Transfer Agent of the Mutual Fund.

	There is no assurance or guarantee to Unit holders as to the rate/quantum of IDCW distribution nor that IDCW will be paid regularly. On payment of IDCW, the NAV will stand reduced by the amount of IDCW and Dividend distribution tax /statutory levy (if applicable) paid. The Trustee/ AMC reserves the right to change the record date from time to time. **IDCW Distribution Procedure** In accordance with clause 12.5 of Master Circular, the procedure for IDCW Distribution would be as under: 1. Quantum of IDCW and the record date will be fixed by the Trustee in their meeting. IDCW so decided shall be paid, subject to availability of distributable surplus. 2. Within one calendar day of decision by the Trustee, the AMC shall issue notice to the public communicating the decision about the IDCW including the record date, in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of the region where the head office of the Mutual Fund is situated. 3. The Record Date will be 2 working days from the date of publication in at least one English newspaper or in a newspaper published in the language of the region where the Head Office of the mutual fund is situated, whichever is issued earlier. Record date shall be the date which will be considered for the purpose of determining the eligibility of investors whose names appear on the register of Unit holders maintained by the Mutual Fund/ statement of beneficial ownership maintained by the Depositories, as applicable, for receiving IDCW. 4. The notice will, in font size 10, bold, categorically state that pursuant to payment of IDCW, the NAV of the Scheme would fall to the extent of payout and statutory levy (if applicable). 5. The NAV will be adjusted to the extent of IDCW distribution and statutory levy, if any, at the close of business hours on record date. 6. Before the issue of such notice, no communication indicating the probable date of IDCW declaration in any manner whatsoever will be issued by Mutual Fund. The requirement of giving notice shall not be applicable for IDCW Options having frequency upto one month.
Allotment	All Applicants whose monies towards purchase of Units have been realised by the Fund will be allotted units within 5 working days, provided the applications are complete in all respects and are found to be in order. Units will be allotted in dematerialized form if so requested by the unit holder in the application form. In all other cases, statement of account showing the number of units allotted will be issued. Any application for subscription of units may be rejected if found invalid, incomplete or due to unavailability of underlying securities, etc. The AMC shall issue units in dematerialized form to a unit holder in a scheme within two working days of the receipt of request from the unit holder to convert his units in demat form.

	All Units will rank pari passu, among Units within the same Option in the Scheme concerned as to assets and liabilities, earnings and the receipt of IDCW distributions, if any, as may be declared by the Trustee.

The restriction on Redemption (including switch-out) shall be applicable where the Redemption (including switch-out) request is for a value above Rs. 2,00,000/- (Rupees Two Lakhs). Further, no restriction shall be applicable to the Redemption / switch-out request upto Rs. 2,00,000/- (Rupees Two Lakhs). It is further clarified that, in case of redemption request beyond Rs. 2,00,000/- (Rupees Two Lakhs), no restriction shall be applicable on first Rs. 2,00,000/- (Rupees Two Lakhs). The Trustee / AMC reserves the right to restrict Redemption or suspend Redemption of the Units in the Scheme of the Fund on account of circumstances leading to a systemic crisis or event(s) that severely constrict market liquidity or the efficient functioning of the markets. A list of such circumstances under which the restriction on Redemption or suspension of Redemption of the Units in the Scheme of the Fund may be imposed are as follows: 1. Liquidity issues- when market at large becomes illiquid affecting almost all securities rather than any issuer specific security; or 2. Market failures / Exchange closures; or 3. Operational issues; or 4. If so directed by SEBI. It is clarified that since the occurrence of the abovementioned eventualities have the ability to impact the overall market and liquidity situation, the same may result in exceptionally large number of Redemption requests being made and in such a situation the indicative timelines, if any mentioned by the Fund in the scheme offering documents, for processing of requests for Redemption may not be applicable. Any restriction on Redemption or suspension of Redemption of the Units in the Scheme(s) of the Mutual Fund shall be made applicable only after specific approval of the Board of Directors of the AMC and Trustee Company and thereafter, immediately informing the same to SEBI. The AMC / Trustee reserves the right to change / modify the provisions of right to restrict Redemption and / or suspend Redemption of the Units in the Scheme of the Fund.
Cut off timing for subscriptions/ redemptions/ switches This is the time before which your application (complete in all respects) should reach the official points of acceptance.	The below cut-off timings and applicability of NAV shall be applicable in respect of valid applications received at the Official Point(s) of Acceptance on a Business Day: **A] For Purchase (including switch-in) of any amount:** ● In respect of valid applications received upto 3.00 p.m. and where the funds for the entire amount are available for utilization before the cut-off time i.e. credited to the bank account of the Scheme before the cut-off time - the closing NAV of the day shall be applicable. ● In respect of valid applications received after 3.00 p.m. and where the funds for the entire amount are credited to the bank account of the Scheme either at any time on the same day or before the cut-off time of the next Business Day i.e. available for utilization before the cut-off

	time of the next Business Day - the closing NAV of the next Business Day shall be applicable. ● Irrespective of the time of receipt of application, where the funds for the entire amount are credited to the bank account of the Scheme before the cut-off time on any subsequent Business Day i.e. available for utilization before the cut-off time on any subsequent Business Day - the closing NAV of such subsequent Business Day shall be applicable. **B] For Switch-ins of any amount:** For determining the applicable NAV, the following shall be ensured: ● Application for switch-in is received before the applicable cut-off time. ● Funds for the entire amount of subscription/purchase as per the switch-in request are credited to the bank account of the Scheme before the cut-off time. ● The funds are available for utilization before the cut-off time. ● In case of 'switch' transactions from one scheme to another, the allocation shall be in line with redemption payouts. In case of switches, the request should be received on a day which is a Business Day for the Switch-out scheme. Redemption for switch-out shall be processed at the applicable NAV as per cut-off timing. Switch-in will be processed at the Applicable NAV (on a Business Day) based on realization of funds as per the redemption pay-out cycle for the switch-out scheme. For investments through systematic investment routes such as Systematic Investment Plans (SIP), Flex SIP, Systematic Transfer Plans (STP), Flex-STP, Swing STP, Transfer of Income Distribution cum Capital Withdrawal (IDCW) Plan facility (TIP), etc. the units will be allotted as per the closing NAV of the day on which the funds are available for utilization by the Target Scheme irrespective of the installment date of the SIP, STP or record date of IDCW etc. While the AMC will endeavour to deposit the payment instruments accompanying investment application submitted to it with its bank expeditiously, it shall not be liable for delay in realization of funds on account of factors beyond its control such as clearing / settlement cycles of the banks. Since different payment modes have different settlement cycles including electronic transactions (as per arrangements with Payment Aggregators / Banks / Exchanges etc), it may happen that the investor's account is debited, but the money is not credited within cut-off time on the same date to the Scheme's bank account, leading to a gap / delay in Unit allotment. Investors are therefore urged to use the most efficient electronic payment modes to avoid delays in realization of funds and consequently in Unit allotment. **C] For Redemption (including switch-out) applications** ● In respect of valid applications received upto 3 p.m. on a Business Day by the Fund, same day's closing NAV shall be applicable.

	• In respect of valid applications received after 3 p.m. on a Business Day by the Fund, the closing NAV of the next Business Day shall be applicable. **Transactions through online facilities / electronic modes:** The time of transaction done through various online facilities / electronic modes offered by the AMC, for the purpose of determining the applicability of NAV, would be the time when the request for purchase / sale / switch of units is received in the servers of AMC/RTA. The AMC has the right to amend cut off timings subject to SEBI (MF) Regulations for the smooth and efficient functioning of the Scheme.
Minimum amount for purchase/redemption/switches	**Minimum amount for Purchase/Redemption (including Switch-in/out):** For details refer section **'Highlights / Summary of the Scheme'.** The request for minimum amount /units for redemption / switch-out of Units under each plan / option would be Rs. 100 and multiples of Re. 1/- thereafter. Note: Provisions for minimum amount of purchase / redemptions are not applicable in case of mandatory investments by the Designated Employees of the AMC in accordance with clause 7.14 of Master Circular. There will be no minimum redemption criterion for Unit based redemption. The Redemption / Switch-out would be permitted to the extent of credit balance in the Unit holder's account of the Plan(s) / Option(s) of the Scheme (subject to completion of Lock-in period or release of pledge / lien or other encumbrances). The Redemption / Switch-out request can be made by specifying the rupee amount or by specifying the number of Units of the respective Plan(s) / Option(s) to be redeemed. In case a Redemption / Switch-out request received is for both, a specified rupee amount and a specified number of Units of the respective Plan(s)/ Option(s), the specified number of Units will be considered the definitive request. In case the value / number of available units held in the Unit holder's folio / account under the Plan / Option of the Scheme is less than the amount / number of units specified in the redemption / switchout request, then the transaction shall be treated as an 'all units' redemption and the entire balance of available Units in the folio / account of the Unit holder under the stated Plan / Option of the Scheme shall be redeemed.
Accounts Statements	The AMC shall send an allotment confirmation specifying the units allotted by way of email and/or SMS within 5 working days of receipt of valid application/transaction to the Unit holders registered e-mail address and/ or mobile number (whether units are held in demat mode or in account statement form). A Consolidated Account Statement (CAS) detailing all the transactions across all mutual funds and holdings at the end of the month shall be sent to the Unit holders in whose folio(s) transaction(s) have taken place during the month on registered email address on or before 12th of the succeeding month

	and by 15th of the succeeding month for those who have opted for physical copy. Half-yearly CAS shall be issued to all investors providing the prescribed details across all schemes of mutual funds and securities held in dematerialized form across demat accounts, if applicable, at the end of every six months (i.e. September/ March) on or before 18th day of succeeding month on registered email address and 21st day of succeeding month through physical copy for those who do not have registered email addresses. For further details, refer SAI.
IDCW (Dividend)	The payment of IDCW/Dividend to the unitholders shall be made within seven working days from the record date or as per timelines prescribed by SEBI/AMFI.
Redemption	The redemption or repurchase proceeds shall be dispatched to the unitholders within three working days from the date of redemption or repurchase or such other timelines as may be specified by SEBI / AMFI from time to time in case of exceptional circumstances or otherwise. For details refer para 15.3.3 of Master Circular.
Bank Mandate	**BANK DETAILS** In order to protect the interest of Unit holders from fraudulent encashment of redemption / IDCW cheques, SEBI has made it mandatory for investors to provide their bank details viz. name of bank, branch, address, account type and number, etc. to the Mutual Fund. Payment will be made only in the Bank Account registered with the Mutual Fund. In case of units held in demat mode, payment will be made to the bank account linked to the demat account. The bank account registered in the folio of a minor should be that of the minor or should be a joint account of the minor with the guardian. Applications without complete bank details shall be rejected. The AMC will not be responsible for any loss arising out of fraudulent encashment of cheques/ warrants and/ or any delay/ loss in transit. ● **Multiple Bank Accounts Registration** The AMC/ Mutual Fund provides a facility to the investors to register multiple bank accounts (currently upto 5 for Individuals and 10 for Non - Individuals) for receiving redemption/ IDCW proceeds etc. by providing necessary documents. Investors must specify any one account as the "Default Bank Account". ● **Change in Bank Account** For investors holding units in demat mode, the procedure for change in bank details would be as determined by the depository participant. For investors holding units in non-demat mode, the Unit holders may change their bank details registered with the Mutual Fund by submitting 'Multiple Bank Account Registration Form' or a standalone separate Change of Bank Details Form.
Delay in payment of redemption /repurchase proceeds/IDCW (Dividend)	The AMC shall be liable to pay interest to the Unit holders at 15% or such other rate as may be prescribed by SEBI from time to time, in case the redemption/ repurchase/ IDCW proceeds are not transferred within the prescribed timeline. However, the AMC will not be liable to pay any interest

	or compensation or any amount otherwise, in case the AMC / Trustee is required to obtain from the investor / unit holders verification of identity or such other details relating to subscription for Units under any applicable law or as may be required by a regulatory body or any government authority, which results in delay in processing the application.
Unclaimed Redemption and Income Distribution cum Capital Withdrawal Amount	The unclaimed Redemption and IDCW amounts (the funds) are currently deployed by the Mutual Fund only in TREPS. However, the same may be deployed in other permissible instruments such as call money market or money market instruments or in a separate plan specifically launched under Overnight/Liquid/ Money Market Mutual Fund schemes to deploy unclaimed Redemption and IDCW amounts. Investors who claim the unclaimed amounts during a period of three years from the due date shall be paid initial unclaimed amount along-with the income earned on its deployment. Investors, who claim these amounts after 3 years, shall be paid initial unclaimed amount along-with the income earned on its deployment till the end of the third year. After the third year, the income earned on such unclaimed amounts shall be used for the purpose of investor education. The AMC will make a continuous effort to remind the investors through letters to take their unclaimed amounts. The details of such unclaimed redemption/IDCW amounts are made available to investors upon them providing proper credentials, on website of the Mutual Fund and AMFI along with the information on the process of claiming the unclaimed amount and the necessary forms/documents required for the same. Further, the information on unclaimed amount along-with its prevailing value (based on income earned on deployment of such unclaimed amount), will be separately disclosed to investors through the periodic statement of accounts/Consolidated Account Statement sent to the investors. Further, the investment management fee charged by the AMC for managing the said unclaimed amounts shall not exceed 50 basis points.
Disclosure with respect to investment by minors	Investments (including through existing SIP registrations) in the name of minors shall be permitted only from bank account of the minor, parent or legal guardian of the minor or from a joint account of the minor with the parent or legal guardian. It is reiterated that the redemption/ Income Distribution cum Capital Withdrawal (IDCW) proceeds for investments held in the name of Minor shall continue to be transferred to the verified bank account of the minor (i.e. of the minor or joint account of minor with parent/ legal guardian) only. Therefore, investors must ensure to update the folios with minor's bank account details as the 'Pay-out Bank account' by providing necessary documents before tendering redemption requests / for receiving IDCW distributions. **MINOR ATTAINING MAJOR STATUS** The Mutual Fund/AMC will register SIP/STP/SWAP(SWP)/or any other systematic enrollment in the folio held by a minor only till the date of the minor attaining majority, even though the instructions may be for a period beyond that date. Such enrollments will automatically stand terminated upon the Unit Holder attaining 18 years of age.

	For folios where the units are held on behalf of the minor, the account shall be frozen for operation by the guardian on the day the minor attains majority and no transactions shall be permitted till the requisite documents for changing the status of the account from 'minor' to 'major' are submitted.

- **Investment Strategy of the underlying funds**

Sr. No	Scheme Name	Investment Strategy
1.	HDFC Banking & Financial Services Fund	The Scheme shall invest predominantly in equity and equity related securities of companies/entities engaged in banking and financial services in India and abroad. The classification of “Financial Services Companies” will be guided by AMFI Sector classification or other financial services as identified by the fund manager. The Scheme may invest in IPOs of companies which could be classified under Financial Services Sector.

		Further, to achieve diversification, the Scheme may also invest up to 20% of the assets in companies/ entities other than banking and financial services companies. The Scheme may invest in other schemes managed by the AMC or in the schemes of any other mutual funds in terms of the prevailing SEBI (MF) Regulations. Subject to the Regulations and the applicable guidelines, the Scheme may engage in Stock Lending activities. The Scheme may also invest in the hybrid securities viz. units of InvITs for diversification and subject to necessary stipulations by SEBI from time to time. The Scheme will retain the flexibility to invest in the Gold and Silver instruments (ETFs only), Units of Domestic Mutual Funds only Overnight Funds, Liquid Funds and Money Market Mutual Funds only). Further other liquid instruments shall include cash, bank deposits with Scheduled Commercial Banks, Government Securities, Treasury bills, Repo on Government securities and any other instruments as specified by SEBI from time to time as per the limits in the asset allocation table of the Scheme, subject to permissible limits laid under SEBI (MF) Regulations.
2.	HDFC Corporate Bond Fund	The Scheme aims to generate income by predominantly investing in AA+ and above rated bonds. The Scheme shall endeavour to develop a well-diversified portfolio of debt (including securitised debt) and other instruments. The Scheme may also invest in the schemes of Mutual Funds. The Scheme may also invest in the hybrid securities viz. units of InvITs for diversification and subject to necessary stipulations by SEBI from time to time. As part of the Fund Management process, the Scheme may use derivative instruments such as futures and options, or any other derivative instruments that are permissible or may be permissible in future under applicable regulations. However, trading in derivatives by the Scheme shall be for restricted purposes as permitted by the regulations. For detailed derivative strategies, please refer to SAI. For exposure limits to derivatives, refer section **'Where will the scheme invest' under Section II, Part II, Clause A in the SID of the Scheme.**
3.	HDFC Dividend Yield Fund	The Scheme shall invest primarily in equity and equity related instruments of dividend yielding companies/ entities at the time of investment. Companies may also choose to do a buyback in addition to or as an alternative to dividend. This also constitutes a yield to shareholders. The Scheme will consider dividend yielding stocks which have paid dividend (or done a buyback) in atleast one of the three preceding financial years. While trailing dividend yield will be an important factor in selecting a stock, the fund manager will also consider on business

		fundamentals, industry outlook, absolute as well as relative valuations, growth outlook and corporate governance. Further, to achieve diversification the Scheme may also invest up to 20% of the assets in companies other than Dividend Yielding Companies. The aim will be to build a portfolio, which represents a cross section of the dividend yielding companies in the prevailing market. In order to reduce the risk of volatility, the Scheme will diversify across major industries and economic sectors to the extent possible. The Scheme may invest in other schemes managed by the AMC or in the schemes of any other mutual funds in terms of the prevailing SEBI (MF) Regulations. Subject to the Regulations and the applicable guidelines, the Scheme may, engage in Stock Lending activities. The Scheme may also invest in the hybrid securities viz. units of InvITs for diversification and subject to necessary stipulations by SEBI from time to time. The Scheme will retain the flexibility to invest in Units of Domestic Mutual Funds (Overnight Funds, Liquid Funds and Money Market Mutual Funds only) and Gold and Silver instruments (ETFs only). Further other liquid instruments shall include cash, bank deposits with Scheduled Commercial Banks, Government Securities, Treasury bills, Repo on Government securities and any other instruments as specified by SEBI from time to time as per the limits in the asset allocation table of the Scheme, subject to permissible limits laid under SEBI (MF) Regulations.
4.	HDFC Flexi Cap Fund	The investment objective of the Scheme is to generate capital appreciation / income from a portfolio, predominantly of equity & equity related instruments. The Scheme would predominantly invest in companies/ entities spanning entire market capitalization that: a) are likely to achieve above average growth b) enjoy distinct competitive advantages, and c) have superior financial strength. The aim of the equity strategy will be to build a portfolio, representing a cross section of companies diversified across major industries, economic sectors and market capitalization that offer an acceptable risk reward balance. A part of the funds may be invested in money market instruments. Money market instruments, Gold and Silver instruments (ETFs only), Other liquid instruments (cash, bank deposits with Scheduled Commercial Banks, Government Securities, Treasury bills, Repo on Government securities) and Units of Mutual Fund (Overnight Funds, Liquid Funds and Money Market Mutual Funds

		only), subject to permissible limits laid under SEBI (MF) Regulations. The Scheme may also invest in the hybrid securities viz. units of InvITs for diversification and subject to necessary stipulations by SEBI from time to time. Subject to the Regulations and the applicable guidelines, the Scheme may engage in Stock Lending activities.
5.	HDFC Gilt Fund	The Scheme will invest the proceeds of the Scheme in Government securities issued by the Center and/or States on the basis of expected interest rate outlook. The Scheme may also invest in the schemes of Mutual Funds. The Scheme may invest in foreign government securities. The Scheme will purchase securities in the public offerings, as well as those traded in the secondary markets. On occasions, if deemed appropriate, the Scheme may also participate in auction of Government Securities. The Mutual Fund will seek to underwrite issuance of Government Securities if and when permitted by SEBI/RBI and subject to the prevailing rules and regulations specified in this respect and may also participate in their auction from time to time. As part of the Fund Management process, the Scheme may use derivative instruments such as futures and options, or any other derivative instruments that are permissible or may be permissible in future under applicable regulations. However, trading in derivatives by the Scheme shall be for restricted purposes as permitted by the regulations. For detailed derivative strategies, please refer to SAI. For exposure limits to derivatives, refer section **'Where will the scheme invest' under Section II, Part II, Clause A in the SID of the Scheme.** **GOVERNMENT SECURITIES MARKET IN INDIA** Being a Gilt Scheme, Investments will be made in Government of India Dated Securities, Treasury Bills and State Government Dated Securities. Of these, Government of India Dated Securities may be rated the highest in terms of liquidity, followed by Treasury Bills and State Government Dated Securities. State Government Dated Securities normally offer yields which are higher than Government of India Dated Securities for similar tenure. Yields on these instruments are dynamic and change from time to time. Factors affecting the yields include the prevalent liquidity conditions, expectations on supply of these instruments from the issuers and the economic scenario.
6.	HDFC Gold ETF	The investment objective of the Scheme is to seek capital appreciation by investing in units of HDFC Gold ETF (HGETF). To achieve the investment objective, the Scheme will predominantly invest in units of HGETF. The Scheme shall buy/sell HGETF units either directly with the Fund or through the secondary market on the Stock Exchange(s). Investment in Debt securities and money market instruments will be as per the limits in the asset allocation table of the Scheme, subject to permissible limits laid under SEBI (MF) Regulations.

		Investment in debt securities will be guided by credit quality, liquidity, interest rates and their outlook. The Scheme may also invest in the schemes of Mutual Funds in terms of the prevailing SEBI (MF) Regulations. **Though every endeavor will be made to achieve the objectives of the Scheme, the AMC / Sponsor / Trustee do not guarantee that the investment objective of the Scheme will be achieved. No guaranteed returns are being offered under the Scheme.**
7. The Scheme may also invest upto 20% of the total assets of the Scheme in non infrastructure related companies/ entities. The Scheme will invest in companies/ entities spanning entire market capitalization. The Scheme may also invest upto 20% of AUM in Gold and Silver instruments (ETFs only), units of Domestic Mutual Funds (Overnight Funds, Liquid Funds and Money Market Mutual Funds only). Further other liquid instruments shall include cash, bank deposits with Scheduled Commercial Banks, Government Securities, Treasury bills, Repo on Government securities and any other instruments as specified by SEBI from time to time. The Scheme may also invest in the hybrid securities viz. units of InvITs for diversification and subject to necessary stipulations by SEBI from time to time. Subject to the Regulations and the applicable guidelines, the Scheme may, engage in Stock Lending activities. The Scheme may also invest in the schemes of Mutual Funds in terms of the prevailing SEBI (MF) Regulations. **Though every endeavor will be made to achieve the objectives of the Scheme, the AMC / Sponsor / Trustee do not guarantee that the investment objective of the Scheme will be achieved. No guaranteed returns are being offered under the Scheme.**

8.	HDFC Medium to Long Term Fund	The total assets of the Scheme will be invested in debt securities and money market instruments such that Portfolio Macaulay duration is between 4 years and 7 years. Since the Macaulay Duration of the portfolio will be managed in the range of 4 – 7 years, the Scheme is subject to interest rate risk on an ongoing basis. The investment team of the AMC will take into account the macro economic conditions, including factors affecting both liquidity and interest rates. The fund manager, in the interest of investors, may reduce the portfolio duration of the scheme upto one year i.e. between 1 year and 7 years, in case of a view on interest rate movements in light of anticipated adverse situation. The Scheme shall endeavour to develop a well-diversified portfolio of debt (including securitised debt) and other instruments. The Scheme may also invest in the schemes of Mutual Funds. As part of the Fund Management process, the Scheme may use derivative instruments such as futures and options, or any other derivative instruments that are permissible or may be permissible in future under applicable regulations. However, trading in derivatives by the Scheme shall be for restricted purposes as permitted by the regulations. For detailed derivative strategies, please refer to SAI. For exposure limits to derivatives, refer section **'Where will the scheme invest' under Section II, Part II, Clause A in the SID of the Scheme.**
9.	HDFC Ultra Short to Short Term Fund	The Scheme shall invest in debt securities and money market instruments such that the Macaulay Duration of the portfolio is between 6 and 12 months. The Scheme shall endeavour to develop a well-diversified portfolio of debt (including securitised debt) and other instruments. The Scheme would endeavour to generate returns commensurate with low levels of interest rate risk. The Scheme may also invest in the schemes of Mutual Funds. As part of the Fund Management process, the Scheme may use derivative instruments such as futures and options, or any other derivative instruments that are permissible or may be permissible in future under applicable regulations. However, trading in derivatives by the Scheme shall be for restricted purposes as permitted by the regulations. For detailed derivative strategies, please refer to SAI. For exposure limits to derivatives, refer section **'Where will the scheme invest' under Section II, Part II, Clause A in the SID of the Scheme.**
10.	HDFC Long Term Fund	The Scheme shall invest in debt securities and money market instruments such that the Macaulay Duration of the portfolio is between 6 and 12 months. The Scheme shall endeavour to develop a well-diversified portfolio of debt (including securitised debt) and other instruments. The Scheme would endeavour to generate returns commensurate with low levels of interest rate risk. The Scheme may also invest in the schemes of Mutual Funds. As part of the Fund Management process, the Scheme may use derivative instruments such as futures and options, or any other

		derivative instruments that are permissible or may be permissible in future under applicable regulations. However, trading in derivatives by the Scheme shall be for restricted purposes as permitted by the regulations. For detailed derivative strategies, please refer to SAI. For exposure limits to derivatives, refer section **'Where will the scheme invest' under Section II, Part II, Clause A in the SID of the Scheme.**
11.	HDFC Large & Mid Cap Fund	The investment objective of the Scheme is to generate long term capital appreciation/income from a portfolio of equity and equity related securities of predominantly large cap and midcap Companies/ entities. The Scheme would predominantly invest in companies/ entities spanning entire market capitalization which: a) are likely to achieve above average growth; b) enjoy distinct competitive advantages; c) have superior financial strength; d) are trading at relatively attractive valuations; and/or e) have value unlocking potential. The aim of the equity strategy will be to build a portfolio of strong companies/ entities in the prevailing market environment. The fund aims to maintain a reasonably diversified portfolio at all times. The Scheme can also invest upto 30% of AUM in money market instruments. Investment in Gold and Silver instruments (ETFs only), Money Market Instruments and units of Domestic Mutual Funds shall only include Overnight Funds, Liquid Funds and Money Market Mutual Funds. Further other liquid instruments shall include cash, bank deposits with Scheduled Commercial Banks, Government Securities, Treasury bills, Repo on Government securities will be as per the limits in the asset allocation table of the Scheme, subject to permissible limits laid under SEBI (MF) Regulations. Investment in debt securities will be guided by credit quality, liquidity, interest rates and their outlook. The Scheme may also invest in the hybrid securities viz. units of InvITs for diversification and subject to necessary stipulations by SEBI from time to time. Subject to the Regulations and the applicable guidelines, the Scheme may engage in Stock Lending activities. The Scheme may also invest in the schemes of Mutual Funds in terms of the prevailing SEBI (MF) Regulations.
12.	HDFC Medium Term Fund	The investment objective of the Scheme is to generate income/ capital appreciation by investing in a range of debt and money market instruments of various maturity dates, while maintaining the Macaulay Duration of the portfolio between 3 – 4 years. Investments made from the total assets of the Scheme would be in accordance with the features of the Scheme and the provisions of the SEBI (MF) Regulations. Since Macaulay Duration of the

		portfolio will be managed in the range of 3 – 4 years, the Scheme will be subject to interest rate risk on an ongoing basis. The fund manager, in the interest of investors, may reduce the portfolio duration of the scheme upto one year i.e. between 1 year and 4 years, in case of a view on interest rate movements in light of anticipated adverse situation. The Scheme shall endeavour to develop a well-diversified portfolio of debt (including securitised debt) and other instruments. The Scheme may also invest in the schemes of Mutual Funds. As part of the Fund Management process, the Scheme may use derivative instruments such as futures and options, or any other derivative instruments that are permissible or may be permissible in future under applicable regulations. However, trading in derivatives by the Scheme shall be for restricted purposes as permitted by the regulations. For detailed derivative strategies, please refer to SAI. For exposure limits to derivatives, refer section **'Where will the scheme invest' under Section II, Part II, Clause A in the SID of the Scheme.**
13.	HDFC Mid Cap Fund	The investment objective of the Scheme is to provide long-term capital appreciation/income by investing predominantly in Mid-Cap companies/ entities. The Scheme shall follow a predominantly Mid cap strategy with a minimum exposure of 65% to Mid-Cap stocks. The Scheme may also seek participation in other equity and equity related securities to achieve optimal portfolio construction. The aim of equity strategy will be to predominantly build a portfolio of mid-cap companies/ entities which have: a) reasonable growth prospects b) sound financial strength c) sustainable business models d) acceptable valuation that offers potential for capital appreciation. The Scheme aims to maintain a reasonably diversified portfolio at all times. The Scheme may also invest a certain portion of its corpus in Money market instruments, Other liquid instruments (cash, bank deposits with Scheduled Commercial Banks, Government Securities, Treasury bills, Repo on Government securities) and Units of Mutual Fund (Overnight Funds, Liquid Funds and Money Market Mutual Funds only).
