Change in Asset Allocation Pattern/ Portfolio Rebalancing

Short Term Defensive Consideration
As an index linked scheme, the investment policy is primarily passive management. However, as the above-mentioned investment pattern is indicative and subject to the SEBI (MF) Regulations and Circulars issued thereunder, the same may vary from time to time. As per, clause 1.9.1.b of Master Circular the Fund Manager, may deviate from the above investment pattern for short term period on defensive considerations. The same will be rebalanced within 7 Business Days.

Portfolio Replication norms

As per clause 4.5.5 of Master Circular:

- any transactions undertaken in the scheme portfolio in order to meet the redemption and subscription obligations shall be done while ensuring that post such transactions replication of the portfolio with the index is maintained at all points of time.
- in case of change in constituents of the index due to periodic review, the portfolio of the Scheme shall be rebalanced within 7 calendar days or such other timeline as may be prescribed by SEBI from time to time.

Tracking Error:

The Scheme, in general, will hold all the securities that constitute the Underlying Index in the same proportion as the index. Expectation is that, over a period of time, the tracking error of the Scheme relative to the performance of the Underlying Index will be relatively low. The AMC would monitor the tracking error of the Scheme on an ongoing basis and would seek to minimize tracking error to the maximum extent possible.

Under normal market circumstances, such tracking error is not expected to exceed by [2.00%] p.a. (based on daily rolling returns for last 12 months). However, in case of unavoidable events like, Dividend issuance by constituent members, rights issuance by constituent members, and market volatility during rebalancing

of the portfolio following the rebalancing of the underlying basket, etc. or in abnormal market circumstances, the tracking error may exceed the above mentioned limits and the same shall be brought to the notice of Trustees with corrective actions taken by the AMC, if any.

Tracking difference (TD) for equity oriented passive schemes:

Tracking difference shall be targeted to be 50 bps (over and above actual TER charged). In case the same is not maintained, it shall be brought to the notice of trustees along with corrective actions taken by the AMC, if any.

B. WHERE WILL THE SCHEME INVEST?

The Scheme will invest in securities as mentioned below. The investments will be made as per the limits specified in the asset allocation table of the Scheme, subject to permissible limits laid under SEBI (MF) Regulations or any other applicable laws and guidelines.

- Equity and equity related instruments of the Underlying Index
- Debt and Money Market Instruments
- Short Term Deposits
- Units of mutual funds
- Derivatives
- Any other instruments as may be permitted by RBI / SEBI from time to time, subject to necessary regulatory approvals.

For detailed disclosures, kindly refer Section II.

C. WHAT ARE THE INVESTMENT STRATEGIES?

HDFC Nifty 50 Index Fund will be managed passively with investments in stocks comprising the Underlying Index subject to tracking error. The investment strategy would revolve around reducing the tracking error to the least possible extent through regular rebalancing of the portfolio, taking into account the change in weights of stocks in the Index as well as the incremental collections/redemptions in the Scheme. A part of the funds may be invested in debt and money market instruments, to meet liquidity requirements.

Since the Scheme is index fund, it will only invest in securities constituting the Underlying Index. However, due to corporate action in companies comprising the index, the Scheme may be allocated/allotted securities which are not part of the index. Such holdings would be rebalanced within 7 Business Days from the date of allotment / listing of such securities.

As part of the Fund Management process, the Scheme may use derivative instruments such as index futures and options, or any other derivative instruments that are permissible or may
be permissible in future under applicable regulations. However, trading in derivatives by the Scheme shall be for restricted purposes as permitted by the Regulations.

For detailed derivative strategies, please refer to SAI. For exposure limits to derivatives, refer section '**Where will the scheme invest' under Section II, Part II, Clause A.**

Subject to the Regulations and the applicable guidelines, the Scheme may engage in Stock Lending activities. The Scheme may also invest in the debt schemes of Mutual Funds in terms of the prevailing SEBI (MF) Regulations.

Though every endeavor will be made to achieve the objective of the Scheme, the AMC/Sponsor/ Trustee do not guarantee that the investment objective of the Scheme will be achieved. No guaranteed returns are being offered under the Scheme.

RISK CONTROL

The Scheme aims to track the Nifty 50 Index (TRI) before expenses. The index will be tracked on a regular basis and changes to the constituents or their weights, if any, will be replicated in the underlying portfolio with the purpose of minimizing tracking errors.

The Scheme being a passive investment carries lesser risk as compared to active fund management. The portfolio would follow the index and therefore the level of stock concentration in the portfolio and its volatility would be the same as that of the index, subject to tracking errors. Thus, there would be no additional element of volatility or stock concentration on account of fund manager decisions. The fund manager would endeavor to keep cash levels at the minimal to control tracking errors.

The Risk Mitigation strategy revolves around reducing the tracking error to the least possible through regular rebalancing of the portfolio, taking into account the change in weights of stocks in the Underlying Index as well as the incremental inflows into / redemptions from the Scheme.

While these measures are expected to mitigate the above risks to a large extent, there can be no assurance that these risks would be completely eliminated.

PORTFOLIO TURNOVER

Portfolio Turnover measures the volume of trading that occurs in a Scheme's portfolio during a given time period. The Scheme is an open-ended Scheme. This Fund will follow a passive investment strategy, the endeavour will be to minimise portfolio turnover subject to the exigencies and needs of the Scheme. Generally, turnover will be confined to rebalancing of portfolio on account of new subscriptions, redemptions and change in the composition of the Underlying Index and corporate actions of securities included in the Underlying Index. A higher portfolio turnover results in higher brokerage and transaction cost.

D. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?

Nifty 50 Index (TRI).

The above Index has been chosen as the benchmark since the Scheme will invest in stocks which are constituents of Nifty 50 Index (TRI). Thus, the aforesaid benchmark is most suited for comparing the performance of the Scheme.

The Trustee reserves right to change the benchmark for performance of the scheme in conformity with the investment objectives and appropriateness of the benchmark subject to SEBI (MF) Regulations, and other prevailing guidelines, if any by suitable notification to the investors to this effect.

In accordance with the investment objective and tracking error definition, the Scheme performance will be compared with the total returns of Nifty 50 Index (TRI).

Part III. OTHER DETAILS

A. COMPUTATION OF NAV

Methodology for Computation of NAV:

The Net Asset Value (NAV) per Unit of the Scheme will be computed by dividing the net assets of the Scheme by the number of Units outstanding under the Scheme on the valuation date. The AMC will value its investments according to the valuation norms, as specified in Seventh Schedule of the SEBI (MF)

Regulations, or such norms as may be specified by SEBI from time to time and as stipulated in the Valuation Policy and Procedures of the Fund, provided in SAI available on website.

In case of any conflict between the Principles of Fair Valuation and valuation guidelines specified by SEBI, the Principles of Fair Valuation shall prevail.

NAV of Units under the Scheme shall be calculated as shown below:

$$\text{NAV (Rs.) per Unit} = \frac{\text{Market or Fair Value of the Scheme's Investments + Current Assets - Current Liabilities and Provisions}}{\text{No. of Units outstanding under each Scheme/ Plan on the Valuation date}}$$

The NAV of the Scheme will be calculated and disclosed at the close of every Business Day.

The NAV of the Scheme will be calculated upto 4 decimals. Units will be allotted upto 3 decimals.

Illustration for Computation of NAV:

NAV for the Scheme shall be calculated as shown below:

Particulars	**Amount (In INR)**
Assets	
Investments (at Market Value)	10,000
(Equity/Debt/Derivatives)	
Current Assets	
Interest receivable	1,000
Dividend Receivables	550
Trades Receivables	1,500
Total Assets (A)	13,050
Current Liabilities	
Trade Payables	1,500
Expense Payable	25
Dividend payable	25
Total Liabilities (B)	1,550
Net Assets (C) (A – B)	11,500
Units Outstanding (D)	1,000
NAV per unit (C/D)	₹ 11.50

METHODOLOGY FOR CALCULATION OF SALE AND REPURCHASE PRICE

- **Ongoing Price for subscription (purchase)/ switch-in (from other schemes/ plans of the mutual fund) by investors. (This is the price you need to pay for purchase/ switch-in):**

  The Sale Price for a valid purchase will be the Applicable NAV.

  i.e. Sale Price = Applicable NAV

  For a valid purchase request of Rs. 10,000 where the applicable NAV is Rs. 11.1234, the units allotted will be:

  = 10,000 (i.e. purchase amount)
  11.1234 (i.e. applicable NAV)

  = 899.006 units (rounded to three decimals)

  Charges/expenses, if any, borne by the investors have not been considered in the above illustration.

- **Ongoing Price for redemption (sale)/ switch-outs (to other schemes/plans of the mutual fund) by investors. (This is the price you will receive for redemptions/ switch-outs):**

  The Repurchase Price for a valid repurchase will be the applicable NAV reduced by any exit load (say 1%). i.e. applicable NAV - (applicable NAV X applicable exit load).

  For a valid repurchase request where the applicable NAV is Rs. 12.1234, the repurchase price will be:

  = 12.1234 - (12.1234 X 1.00%)

  = 12.1234 - 0.1212

  = Rs. 12.0022

  Therefore, for a repurchase of 899.006 units, the proceeds received by the investor will be -

  = 899.006 (units) * 12.0022 (Repurchase price)

  = Rs. 10,790.02 (rounded to two decimals)

  Charges/expenses, if any, borne by the investors have not been considered in the above illustration.

  While determining the price of the units, the mutual fund shall ensure that the repurchase price of an open ended scheme is not lower than 97 per cent of the Net Asset Value.

For other details such as policies with respect to computation of NAV, rounding off, investment in foreign securities, procedure in case of delay in disclosure of NAV etc. refer to SAI.

B. ANNUAL SCHEME RECURRING EXPENSES

These are the fees and expenses for operating the scheme. These expenses include Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer Agents' fee, marketing and selling costs etc. as given in the table below:

The AMC has estimated that upto 0.90% of the daily net assets of the scheme will be charged to the scheme as expenses. For the actual current expenses being charged, the investor should refer to the website of the AMC www.hdfcfund.com.

The Base Expense Ratio (**BER**) of the Scheme shall include (a) Investment and Advisory fees under Regulation 66 (4); (b) Recurring scheme expenses under Regulation 66 (5); and (c) Charges/ commission/

fees related to distribution of mutual fund schemes under Regulation 66 (6) but shall exclude statutory levies applicable, if any, on the said expenses and transaction cost specified under Regulation 66 (10).

The base expenses charged to the Scheme shall not exceed the limits stated in Regulation 66 of the SEBI (MF) Regulations and as permitted under SEBI Circulars issued from time to time.

Any expenditure in excess of the base limits specified in these regulations shall be borne by the AMC or the trustees or sponsors. If any expense of the scheme is borne by the AMC or by the trustee or sponsors, the same shall be done only after the investment and advisory fees charged to the scheme, if any, is fully reversed.

Various fees, expenses, charges and statutory levies that would be charged to the Scheme:

Expense Head	**% of daily net assets (estimated) (p.a.)**
Investment Management and Advisory Fees[1]	Upto 0.90%
Audit Fees	
Fees and Expenses of trustees[2]	
Custodian Fees	
Registrar & Transfer Agent Fees including cost of providing account statements / IDCW / redemption cheques/ warrants	
Marketing & Selling expenses including fees, commission and charges towards distribution of mutual fund schemes[3] [4]	
cost of statutory advertisements	
Cost related to Investor Communications	
Cost of fund transfer from location to location	
Cost towards investor education, awareness and financial inclusion[4]	
Brokerage & Transaction cost pertaining to execution of trade[5] [6]	
Other Expenses (as per Reg 66 of SEBI MF Regulations)	
Maximum Base Expense Ratio (BER) permissible under Regulation 66	**Upto 0.90%**
Maximum total expense ratio (TER) under Regulation 67[7]	Refer Note 7 below
Statutory levies (including GST) on all expenses excluding brokerage and transaction cost[8]	GST of 18% or any other rate as may be levied from time to time on the Taxable/ Invoice/ Contract amount. Additionally, levies such as Stamp Duty, STT etc.
Statutory levies (including GST) on brokerage and transaction cost[8]	Will be charged on Turnover of securities at prescribed rates

Notes:

[1]There shall be no internal sub-limits within the expense ratio for expense heads mentioned under Regulation 66 (4) and (5) viz. Investment Management and Advisory Fees and various sub-heads of recurring expenses, respectively.

[2]Trustee Fees and Expenses

In accordance with the Trust Deed constituting the Mutual Fund, the Trustee is entitled to receive, in addition to the reimbursement of all costs, charges and expenses, a quarterly fee computed at a rate not exceeding 0.10% per annum of the daily net assets of the Scheme(s) or a sum of Rs. 15,00,000 per annum, whichever is higher. Such fee shall be paid to the Trustee within seven working days from the end of each quarter every year, namely, within 7 working days from June 30, September 30, December 31 and March 31 of each year. The Trustee may charge expenses as permitted from time to time under the Trust Deed and SEBI (MF) Regulations.

[3]Direct Plan under the Scheme shall have a lower expense ratio than Regular Plan, as no distribution commission is paid under such plan. All fees and expenses charged in a Direct Plan (in percentage terms) under various heads including the investment and advisory fee shall not exceed the fees and expenses charged under such heads in a Regular Plan.
The charges or commission or fees related to distribution of mutual fund schemes shall be paid in the manner as may be specified by SEBI and AMFI from time to time.

[4]Investor Education and Awareness initiatives

As per clause 20.5.2 of Master Circular, the AMC shall set apart 5% of the total BER charged to Direct Plan, subject to maximum 0.5 bps of AUM under the Scheme within the limits of base expenses prescribed under Regulation 66 of SEBI (MF) Regulations. These funds shall be utilized as per the guidelines issued by SEBI and AMFI from time to time.

Further, as per Clause 11.6 of Master Circular, the AMC shall pay additional commission to distributors for onboarding new individual investors (new PAN) from B-30 cities at the mutual fund industry Level and new women individual investors (new PAN) from both Top 30 and B-30 cities.

The additional distribution commission shall be paid from the 2 basis points on daily net assets, mandated to be set apart annually by AMCs for investor education, awareness and financial inclusion initiatives, subject to adequate claw back provisions.

The additional commission shall be in addition to the existing trail commission paid to the distributor from the scheme.

[5]Brokerage incurred for the purpose of execution of trade shall be charged to the schemes as provided under Regulation 66 (9) upto 6 bps and 2 bps of the trade value for cash market transactions and derivatives transactions (if permitted under the scheme) respectively. Any payment towards brokerage over and above the said 6 bps and 2 bps shall be part of the Base Expense Ratio (BER) limit (excluding statutory levies) as prescribed under Regulation 66 (7).

[6]Pursuant to Regulation 66 (10), transaction cost incurred for the purpose of execution of a trade shall mean regulatory levies and any other expenses charged by the stock exchanges, clearing corporation, and clearing house, as applicable. Such transaction costs shall not form part of the Base Expense Ratio (BER).

[7]The total of all expenses charged to the investors of the scheme, as mentioned under definition of 'Total expense ratio', shall be total of expense charged within the base limit specified under Regulation 66 (7),

brokerage cost permitted under Regulation 66 (9), transaction cost incurred for the purpose of execution of trade as referred under Regulation 66 (10), and statutory levies charged to the investors. No charges other than the base expense ratio, brokerage cost, transaction cost, statutory levy and exit load including levies as may be specified by the SEBI, shall be charged to the investors. Any expense other than those specified in Regulation 66 (4), (5), (6) (9) and (10) as mentioned above, shall not be charged to the scheme and shall be borne by the AMC or trustee or sponsors.

[8]Statutory levy means levy imposed by state government and central government.

The mutual fund would update the expense ratios on the website (www.hdfcfund.com) under the Section titled "Statutory Disclosures" under sub-section titled "Total Expense Ratio of Mutual Fund Schemes". Any change in the BER in comparison to previous BER charged to any scheme/plan shall be communicated to investors of the Scheme at least three working days prior to effecting such change. Further, the notice of change in BER shall be updated in the aforesaid section of the website at least three working days prior to effecting such change. Provided that any change in BER in a mutual fund scheme due to change in AUM or any decrease in BER in a mutual fund scheme due to various other regulatory requirements shall not require issuance of any prior notice to the investors.

Illustration: Impact of Expense Ratio on Scheme's return:
Expense ratio, normally expressed as a percentage of Average Assets under Management, is calculated by dividing the permissible expenses under the Regulations by the average net assets.
To further illustrate the above in rupees terms, for the Scheme under reference, suppose an Investor invested Rs. 10,000/- (after deduction of stamp duty, if any) the impact of expenses charged will be as under:

Particulars	**Regular Plan**	**Direct Plan**
Amount invested at the beginning of the year (Rs.)	10,000	10,000
Assumed Returns before expenses (Rs.)	1,500	1,500
Expenses other than Distribution expenses (Rs.)	150	150
Distribution expenses (Rs.)	50	
Returns after expenses at the end of the year (Rs.)	**1300**	**1350**
Returns (in %)	**13%**	**13.5%**

Note(s):
- The purpose of the above illustration is purely to explain the impact of expense ratio charged under the Scheme and should not be construed as providing any kind of investment advice or guarantee of returns on investments.
- It is assumed that the expenses charged are evenly distributed throughout the year.
- The expenses of the Direct Plan under the Scheme will be lower to the extent of the distribution expenses/commission
- Any tax impact has not been considered in the above example, in view of the individual nature of the tax implications. Each investor is advised to seek appropriate advice.

C. LOAD STRUCTURE

Exit Load is an amount which is paid by the investor to redeem the units from the scheme. Load amounts are variable and are subject to change from time to time. For the current applicable structure, please refer to the website of the AMC (www.hdfcfund.com) or you may call at 1800 3010 6767/1800 419 7676 or your distributor.

Type of Load	Load chargeable (as % of NAV)
Exit Load	– In respect of each purchase / switch-in of Units, an Exit Load of 0.25% is payable if Units are redeemed/switched-out within 3 days from the date of allotment. – No Exit Load is payable if Units are redeemed / switched-out after 3 days from the date of allotment.

No Entry Load will be charged.

(i) No Exit Load shall be levied for switching between Plans / Options within the Scheme. However, exit load will be applicable if the units are switched-out / redeemed from the Scheme within the exit load period from the initial date of purchase.

(ii) No Exit load will be levied on bonus units and on units allotted on Re-investment of Income Distribution cum Capital Withdrawal.

(iii) No Exit load will be levied on Units allotted in the Target Scheme under the Transfer of Income Distribution cum Capital Withdrawal (IDCW) Plan Facility (TIP Facility).

(iv) In case of Systematic Transactions such as Systematic Investment Plan (SIP), Flex Systematic Investment Plan (Flex SIP), Systematic Transfer Plan (STP), HDFC Flex Systematic Transfer Plan (Flex STP), HDFC Swing Systematic Transfer Plan (Swing STP), etc., Exit Load, if any, prevailing on the date of registration / enrolment shall be levied.

The AMC/ Trustee if it so deems fit in the interest of smooth and efficient functioning of the Mutual Fund reserves the right to introduce/modify the Load Structure depending upon the circumstances prevailing at that time subject to maximum limits as prescribed under the SEBI (MF) Regulations. While determining the price of the units, the mutual fund shall ensure that the repurchase price of an open ended scheme is not lower than 97 per cent of the Net Asset Value. Exit load (net of GST) charged, if any, shall be credited to the Scheme. The investor is requested to check the prevailing load structure of the Scheme before investing.

B. RISK FACTORS

- **Scheme Specific Risk Factors**

The Scheme is subject to the specific risks that may adversely affect the Scheme's NAV, return and / or ability to meet its investment objective.

The specific risk factors related to the Scheme include, but are not limited to the following:

(i) Risks associated with Passive Investments:

- As the Scheme proposes to invest not less than 95% of the net assets in the securities of the Underlying Index in the same proportion, the Scheme will not be actively managed. Performance of the Underlying Index will have a direct bearing on the performance of the Scheme. The Scheme may be affected by a general decline in the Indian markets relating to its Underlying Index. The Scheme invests in the securities included in its Underlying Index regardless of their investment merit. The AMC does not attempt to individually select stocks or to take defensive positions in declining markets.

  Further, it is pertinent to note that there is no element of research recommendations involved before the execution of trades in the Scheme. The decision of the Fund Manager to execute trades including rebalancing required will be purely driven by the inflows and outflows in the Scheme and composition of the Underlying Index.

(ii) Tracking Error / Tracking Difference Risk:

The Fund Manager would not be able to invest the entire corpus exactly in the same proportion as in the Underlying Index due to certain factors such as the fees and expenses of the Scheme, corporate actions, cash balance, changes to the Underlying Index and regulatory policies which may affect AMC's ability to achieve close correlation with the Underlying Index of the Scheme. The Scheme's returns may therefore deviate from those of its Underlying Index.

"Tracking Error" is defined as the standard deviation of the difference in daily returns between the Scheme and the Underlying Index annualized over 1 year period. Tracking difference is the difference of returns between the Scheme and the index annualized over 1 year, 3 year, 5 year, 10 year and since the scheme inception period. Tracking Error / Tracking Difference may arise including but not limited to the following reasons: -

a. Expenditure incurred by the Scheme.
b. The holding of a cash position and accrued income prior to distribution of income and payment of accrued expenses. The Scheme may not be invested at all times as it may keep a portion of the funds in cash to meet redemptions or for corporate actions.
c. Securities trading may halt temporarily due to circuit filters.
d. Corporate actions such as debenture or warrant conversion, rights, merger, change in constituents etc.

e. Rounding off of quantity of shares in Underlying Index.
f. Dividend received from underlying securities.
g. Disinvestments by Scheme to meet redemptions, recurring expenses, etc.
h. Execution of large buy / sell orders
i. Transaction cost (including taxes and insurance premium), recurring expenses and other expenses, such as but not limited to brokerage, custody, trustee and investment management fees
j. Realisation of Unit holders' funds
k. The Scheme may not be able to acquire or sell the desired number of securities due to conditions prevailing in the securities market, such as, but not restricted to: circuit filters in the securities, liquidity and volatility in security prices.
l. The Index reflects the prices of securities at a point in time, which is the price at close of business day on BSE / National Stock Exchange of India Limited (NSE). The Scheme, however, may at times trade these securities at different points in time during the trading session and therefore the prices at which the Plan trade may not be identical to the closing price of each scrip on that day on the BSE / NSE. In addition, the Scheme may opt to trade the same securities on different exchanges due to price or liquidity factors, which may also result in traded prices being at variance, from BSE / NSE closing prices.
m. In case of investments in derivatives like index futures, the risk reward would be the same as investments in portfolio of shares representing an index. However, there may be a cost attached to buying an index future. Further, there could be an element of settlement risk, which could be different from the risk in settling physical shares and there is a risk attached to the liquidity and the depth of the index futures market as it is relatively new market.

It will be the endeavour of the fund manager to keep the tracking error as low as possible. Under normal circumstances, such tracking error is not expected to exceed 2% per annum for daily 12 month rolling return. However, in case of corporate action events like, dividend received from underlying securities, rights issue from underlying securities or market events like circuit filters in the securities and market volatility during rebalancing of the portfolio following the rebalancing of the Underlying Index, etc. or in abnormal market circumstances, the tracking error may exceed the above limits. There can be no assurance or guarantee that the Scheme will achieve any particular level of tracking error relative to performance of the Index.

(iii) Stock Liquidity in the event of Circuit Filter

Liquidity of stocks which are available only in cash segment and not in F&O segment gets adversely impacted in the event of a circuit filter imposed by any of the stock exchanges. Further, this may result in gain/loss to existing unit holders when finally the purchase / sale of that stock is executed. This would also create tracking error while comparing returns with benchmark.

Transaction type	**Upper circuit**	**Lower circuit**
Subscription	The Scheme shall buy stocks <u>as per basket</u> wherever no circuit, In case of Circuit on any stock(s) in the basket, the Scheme shall: 1. Hold cash for stock(s) on circuit at the latest available price on the stock exchange when the circuit was triggered.	NA

Transaction type	Upper circuit	Lower circuit
	2. Buy the stock(s) immediately when circuit is open. This may impact performance and result in tracking error.	
Redemption	NA	The Scheme shall sell stocks as per basket if no circuit. In case of circuit on Stock(s) in the basket, the Scheme shall: 1. Pay from cash or cash equivalent or create cash to pay for stocks on circuit at the latest available price on the stock exchange when the circuit was triggered by selling other stocks which may impact performance and result in tracking error; 2. Sell stock immediately when circuit is open and re-balance portfolio which may impact performance and result in tracking error.

(iv) Risk factors associated with investing in equities and equity related instruments

- **Price Risk:** Equity shares and equity related instruments are volatile and prone to price fluctuations on a daily basis owing to market movements. The extent of fall or rise in the prices is a fluctuation in general market conditions, factors and forces affecting capital market, Real Estate and Infrastructure sectors, level of interest rates, trading volumes, settlement periods and transfer procedures. Investments in equity shares and equity related instruments involve a degree of risk and investors should not invest in the Scheme unless they can afford to take the risks.

- **Interest Rate Risk:** Securities/Instruments of REITs run interest rate risk. Generally, when interest rates rise, prices of units fall and when interest rates drop, such prices increase.

- **Credit Risk:** Credit risk means that the issuer of a REITs security/instrument may default on interest payment or even on paying back the principal amount on maturity. Securities/Instruments of REITs are likely to have volatile cash flows as the repayment dates would not necessarily be pre scheduled.

- **Liquidity Risk:** Securities/instruments, which are not quoted on the stock exchanges, are inherently illiquid in nature and carry a larger amount of liquidity risk, in comparison to securities that are listed on the exchanges. Investment in such securities may lead to increase in the scheme portfolio risk. While securities that are listed on the stock exchange carry lower liquidity risk, the ability to sell these investments is limited by the overall trading volume on the stock exchanges and may lead to the Scheme incurring losses till the security is finally sold.

- **Reinvestment Risk:** Investments in securities/instruments of REITs may carry reinvestment risk as there could be repatriation of funds by the Trusts in form of buyback of units or Dividend pay-outs, etc. Consequently, the proceeds may get invested in assets providing lower returns.

- **Legal and Regulatory Risk:** The regulatory framework governing investments in securities/instruments of REITs comprises a relatively new set of regulations and is therefore untested, interpretation and enforcement by regulators and courts involves uncertainties. Presently, it is difficult to forecast as to how any new laws, regulations or standards or future amendments will affect the issuers of REITs and the sector as a whole. Furthermore, no assurance can be given that the regulatory system will not change in a way that will impair the ability of the Issuers to comply with the regulations, conduct the business, compete effectively or make distributions.

- Scheme's performance may differ from the benchmark index to the extent of the investments held in the debt segment, as per the investment pattern indicated under normal circumstances.

(v) Risk factors associated with investing in Fixed Income Securities

The Scheme will invest not less than 95% of its corpus in the securities representing the Underlying Index as this Scheme endeavours to earn returns that correspond to the total returns represented by the Underlying Index. The Scheme will have insignificant cash or debt/money market investments. Therefore, the Scheme is not significantly susceptible to risks associated with debt/money markets.

- The Net Asset Value (NAV) of the Scheme, to the extent invested in Debt and Money Market instruments, will be affected by changes in the general level of interest rates. The NAV of the Scheme is expected to increase from a fall in interest rates while it would be adversely affected by an increase in the level of interest rates.

- Money market instruments, while fairly liquid, lack a well developed secondary market, which may restrict the selling ability of the Scheme and may lead to the Scheme incurring losses till the security is finally sold.

- Investments in money market instruments involve credit risk commensurate with short term rating of the issuers.

- Investment in Debt instruments are subject to varying degree of credit risk or default (i.e. the risk of an issuer's inability to meet interest or principal payments on its obligations) or any other issues, which may have their credit ratings downgraded. Changes in financial conditions of an issuer, changes in economic and political conditions in general, or changes in economic or and political conditions specific to an issuer, all of which are factors that may have an adverse impact on an issuer's credit quality and security values. The Investment Manager will endeavour to manage credit risk through in-house credit analysis. This may increase the risk of the portfolio.

- **Prepayment Risk:** Certain fixed income securities give an issuer the right to call back its securities before their maturity date, in periods of declining interest rates. The possibility of such prepayment may force the Scheme to reinvest the proceeds of such investments in securities offering lower yields, resulting in lower interest income for the Scheme.

- **Reinvestment Risk:** This risk refers to the interest rate levels at which cash flows received from the securities in the Scheme are reinvested. The additional income from reinvestment is the "interest on

interest" component. The risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed.

- **Settlement risk:** Different segments of Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances. Delays or other problems in settlement of transactions could result in temporary periods when the assets of the Scheme are uninvested, and no return is earned thereon. The inability of the Scheme to make intended securities purchases, due to settlement problems, could cause the Scheme to miss certain investment opportunities. Similarly, the inability to sell securities held in the Scheme's portfolio, due to the absence of a well developed and liquid secondary market for debt securities, may result at times in potential losses to the Scheme in the event of a subsequent decline in the value of securities held in the Scheme's portfolio.

- Government securities where a fixed return is offered run price-risk like any other fixed income security. Generally, when interest rates rise, prices of fixed income securities fall and when interest rates drop, the prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of interest rates. The new level of interest rate is determined by the rates at which government raises new money and/or the price levels at which the market is already dealing in existing securities. The price-risk is not unique to Government Securities. It exists for all fixed income securities. However, Government Securities are unique in the sense that their credit risk generally remains zero. Therefore, their prices are influenced only by movement in interest rates in the financial system.

(vi) Risk factors associated with investment in Tri-Party Repo

The Mutual Fund is a member of securities segment and Triparty Repo trade settlement of the Clearing Corporation of India (CCIL). All transactions of the mutual fund in government securities and in Tri-party Repo trades are settled centrally through the infrastructure and settlement systems provided by CCIL; thus, reducing the settlement and counterparty risks considerably for transactions in the said segments. The members are required to contribute an amount as communicated by CCIL from time to time to the default fund maintained by CCIL as a part of the default waterfall (a loss mitigating measure of CCIL in case of default by any member in settling transactions routed through CCIL).

As per the waterfall mechanism, after the defaulter's margins and the defaulter's contribution to the default fund have been appropriated, CCIL's contribution is used to meet the losses. Post utilization of CCIL's contribution if there is a residual loss, it is appropriated from the default fund contributions of the non-defaulting members. Thus, the Scheme is subject to risk of the initial margin and default fund contribution being invoked in the event of failure of any settlement obligations. In addition, the fund contribution is allowed to be used to meet the residual loss in case of default by the other clearing member (the defaulting member).

CCIL shall maintain two separate Default Funds in respect of its Securities Segment, one with a view to meet losses arising out of any default by its members from outright and repo trades and the other for meeting losses arising out of any default by its members from Triparty Repo trades. The mutual fund is exposed to the extent of its contribution to the default fund of CCIL, in the event that the contribution of the mutual fund is called upon to absorb settlement/ default losses of another member by CCIL, as a result the Scheme may lose an amount equivalent to its contribution to the default fund.

(vii) General Risk Factors

- Trading volumes, settlement periods and transfer procedures may restrict the liquidity of the investments made by the Scheme. Different segments of the Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances leading to delays in receipt of proceeds from sale of securities. The NAV of the Units of the Scheme can go up or down because of various factors that affect the capital markets in general.

- As the liquidity of the investments made by the Scheme could, at times, be restricted by trading volumes and settlement periods, the time taken by the Mutual Fund for redemption of Units may be significant in the event of an inordinately large number of redemption requests or restructuring of the Scheme. In view of the above, the Trustee has the right, in its sole discretion, to limit redemptions (including suspending redemptions) under certain circumstances, as described under **'Right to Restrict Redemptions'** in Section **'Restrictions, if any, on the right to freely retain or dispose of units being offered'**.

- At times, due to the forces and factors affecting the capital market, the Scheme may not be able to invest in securities falling within its investment objective resulting in holding the monies collected by it in cash or cash equivalent or invest the same in other permissible securities / investments amounting to substantial reduction in the earning capability of the Scheme. The Scheme may retain certain investments in cash or cash equivalents for its day-to-day liquidity requirements.

- Performance of the Scheme may be affected by political, social, and economic developments, which may include changes in government policies, diplomatic conditions, and taxation policies.

- The Scheme at times may receive large number of redemption requests, leading to an asset-liability mismatch and therefore, requiring the investment manager to make a distress sale of the securities leading to realignment of the portfolio and consequently resulting in investment in lower yield instruments.

(viii) Risk factors associated with investing in Derivatives

- The AMC, on behalf of the Scheme may use various derivative products, from time to time, in an attempt to protect the value of the portfolio and enhance Unit holders' interest. Derivative products are specialized instruments that require investment techniques and risk analysis different from those associated with stocks and bonds. The use of a derivative requires an understanding not only of the underlying instrument but of the derivative itself. Other risks include, the risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.
- Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies.
- The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments.
- **Credit Risk**: The credit risk in derivative transaction is the risk that the counter party will default on its obligations and is generally low, as there is no exchange of principal amounts in a derivative transaction.
- **Market Risk:** Market movements may adversely affect the pricing and settlement of derivatives.
- **Illiquidity risk:** This is the risk that a derivative cannot be sold or purchased quickly enough at a fair price, due to lack of liquidity in the market.

(ix) Risks associated with Securities Lending

As with other modes of extensions of credit, there are risks inherent to securities lending, including the risk of failure of the other party, in this case the approved intermediary, to comply with the terms of the agreement entered into between the lender of securities i.e. the Scheme and the approved intermediary. Such failure can result in the possible loss of rights to the collateral put up by the borrower of the securities, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of any corporate benefits accruing to the lender from the securities deposited with the approved intermediary. The scheme may not be able to sell lent out securities, which can lead to temporary illiquidity & loss of opportunity.

(x) Risk factors associated for investments in Mutual Fund Schemes

The Scheme may invest in units of Liquid and Overnight Schemes for liquidity purposes only.

1. Movements in the Net Asset Value (NAV) of these Schemes may impact the performance. Any change in the investment policies or fundamental attributes of these Schemes will affect the performance of the Scheme to the extent of investment in such schemes.
2. Redemptions by in these Schemes would be subject to applicable exit loads.

(xi) Disclaimer of indices

Nifty 50 Index (TRI): The Scheme of HDFC Mutual Fund (the "Product") is not sponsored, endorsed, sold or promoted by NSE INDICES LTD. NSE INDICES LTD does not make any representation or warranty, express or implied, to the owners of the Product or any member of the public regarding the advisability of investing in securities generally or in the Product particularly or the ability of the Nifty 50 Index (TRI) to track general stock market performance in India. The relationship of NSE INDICES LTD to the Licensee is only in respect of the licensing of certain trademarks and trade names of its Index which is determined, composed and calculated by NSE INDICES LTD without regard to the Licensee or the Product. NSE INDICES LTD does not have any obligation to take the needs of the Licensee or the owners of the Product into consideration in determining, composing or calculating Nifty 50 Index (TRI). NSE INDICES LTD is not responsible for or has participated in the determination of the timing of, prices at, or quantities of the Product to be issued or in the determination or calculation of the equation by which the Product is to be converted into cash. NSE INDICES LTD has no obligation or liability in connection with the administration, marketing or trading of the Product.

NSE INDICES LTD makes no express or implied warranties, and expressly disclaim all warranties of merchantability or fitness for a particular purpose or use with respect to the Index or any data included therein. Without limiting any of the foregoing, NSE INDICES LTD expressly disclaim any and all liability for any damages or losses arising out of or related to the Product, including any and all direct, special, punitive, indirect, or consequential damages (including lost profits), even if notified of the possibility of such damages.

An investor, by subscribing or purchasing an interest in the Product, will be regarded as having acknowledged, understood and accepted the disclaimer referred to in Clauses above and will be bound by it.

C. RISK MITIGATION STRATEGIES

The Scheme aims to track the Nifty 50 Index (TRI) before expenses. The index will be tracked on a regular basis and changes to the constituents or their weights, if any, will be replicated in the underlying portfolio with the purpose of minimizing tracking errors.

The Scheme being a passive investment carries lesser risk as compared to active fund management. The portfolio would follow the index and therefore the level of stock concentration in the portfolio and its volatility would be the same as that of the index, subject to tracking errors. Thus, there would be no additional element of volatility or stock concentration on account of fund manager decisions. The fund manager would endeavor to keep cash levels at the minimal to control tracking errors.

The Risk Mitigation strategy revolves around reducing the tracking error to the least possible through regular rebalancing of the portfolio, taking into account the change in weights of stocks in the Underlying Index as well as the incremental inflows into / redemptions from the Scheme.

While these measures are expected to mitigate the above risks to a large extent, there can be no assurance that these risks would be completely eliminated.

II. INFORMATION ABOUT THE SCHEME:

A. WHERE WILL THE SCHEME INVEST?

The Scheme will invest in securities as mentioned below. The investments will be made as per the limits specified in the asset allocation table of the Scheme, subject to permissible limits laid under SEBI (MF) Regulations or any other applicable laws and guidelines.

- **Investment in equity and equity related instruments:**

(i) The Scheme would invest in Securities which are constituents of the Underlying Index and endeavor to track the Underlying Index.

(ii) Stock futures / index futures and such other permitted derivative instruments mainly for portfolio balancing.

(iii) Further, due to corporate action in companies comprising the Underlying Index, the scheme may be allocated/allotted securities which are not part of the Underlying Index. For example, the Scheme may invest in stocks not included in the relevant Underlying Index in order to reflect various corporate actions (such as mergers) and other changes in the relevant Underlying Index (such as reconstitutions, additions, deletions and these holdings will be in anticipation and in the direction of impending changes in the Underlying Index).

- **Debt securities:**

Debt issuances by various types of issuers such as Government of India, State and local Governments, Government Agencies and statutory bodies, Corporate Entities, Public / Private sector undertakings, Public / Private sector banks and development financial institutions, etc. Debt issuances may include but are not limited to:

1. Non-convertible debentures;
2. Bonds;
3. Secured premium notes;
4. Zero interest bonds;

5. Deep discount bonds;
6. Floating rate bond / notes;
7. Non Convertible Preference Shares;
8. Any other domestic fixed income security.

- Money Market Instruments include:
  1. Commercial papers
  2. Commercial bills
  3. Treasury bills
  4. Government securities having an unexpired maturity upto one year
  5. Tri-party Repos/ Reverse Repo on Government securities or treasury bills (TREPS)
  6. Certificate of deposit
  7. Usance bills
  8. Permitted securities under a repo / reverse repo agreement.

Any other instruments as may be permitted by RBI / SEBI from time to time, subject to necessary regulatory approvals.

Investments in Debt and Money Market Instruments will be as per the limits specified in the asset allocation table**,** subject to restrictions / limits laid under SEBI (MF) Regulations mentioned under section **'WHAT ARE THE INVESTMENT RESTRICTIONS**?'.

Investments in debt will be made through primary or secondary market purchases, other public offers, placements and right offers (including renunciation). The securities could be listed, privately placed, secured /unsecured, rated.

- Where the monies are parked in short term deposits of Scheduled Commercial Banks pending deployment, the Scheme shall abide by the following guidelines as per clause 13.7 of the Master Circular, as may be amended from time to time:

  1) "Short Term" for parking of funds shall be treated as a period not exceeding 91 calendar days.
  2) Such short-term deposits shall be held in the name of the Scheme.
  3) The Scheme shall not park more than 15% of the net assets in short term deposit(s) of all the scheduled commercial banks put together. However, such limit may be raised to 20% with prior approval of the Trustee.
  4) Parking of funds in short term deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the Mutual Fund in short term deposits.
  5) The Scheme shall not park more than 10% of the net assets in short term deposit(s), with any one scheduled commercial bank including its subsidiaries.
  6) The Scheme shall not park funds in short- term deposit of a bank, which has invested in the Scheme. Trustees/ AMC shall also take steps to ensure that a bank in which the Scheme has short term deposit does not invest in the Scheme until the Scheme has short term deposit with such bank.
  7) No investment management and advisory fees will be charged for such investments in the Scheme.

  The aforesaid limits shall not be applicable to term deposits placed as margins for trading in cash and derivatives market.

- The Scheme may engage in securities lending within the overall framework of 'Securities Lending Scheme, 1997 specified by SEBI and such other norms as may be specified by SEBI from time to time.

- The Scheme may invest in other schemes managed by the AMC or in the schemes of any other mutual funds, provided it is in conformity with the investment objectives of the Scheme and in terms of the prevailing SEBI (MF) Regulations. As per the SEBI (MF) Regulations, no investment management fees will be charged for such investments and the aggregate inter scheme investment made by all the schemes of HDFC Mutual Fund or in the schemes of other mutual funds shall not exceed 5% of the net asset value of the HDFC Mutual Fund.

Trading in Derivatives

- The Scheme may take derivatives position based on the opportunities available subject to the guidelines provided by SEBI from time to time and in line with the overall investment objective of the Scheme.
- The Scheme intends to use derivatives mainly for the purpose of portfolio balancing and in case of unavailability of underlying securities. Losses may arise as a result of using derivatives, but these are likely to be compensated by the gains on the underlying cash instruments held by the Scheme. The Scheme will not assume any leveraged exposure to derivatives.
- The Scheme may take position in derivative instruments like Futures, Options, and such other derivative instruments as may be permitted by SEBI from time to time.
- Exposure to equity derivatives of the index itself or its constituent stocks may be undertaken when equity shares are unavailable, insufficient or for rebalancing in case of corporate actions for a temporary period. Index futures/options are meant to be an efficient way of buying/selling an index compared to buying/selling a portfolio of physical shares representing an index for ease of execution and settlement. It can help in reducing the tracking error in the Scheme. Index futures/options may avoid the need for trading in individual components of the index, which may not be possible at times, keeping in mind the circuit filter system and the liquidity in some of the individual stocks. Index futures/options can also be helpful in reducing the transaction costs and the processing costs on account of ease of execution of one trade compared to several trades of shares comprising the Underlying Index and will be easy to settle compared to physical portfolio of shares representing the Underlying Index. In case of investments in index futures/options, the risk/reward would be the same as investments in portfolio of shares representing an index. However, there may be a cost attached to buying an index future/option. The Scheme will not maintain any leveraged or trading positions.

- **Exposure to Derivatives**

  The exposure limits for trading in derivatives by Mutual Funds specified by SEBI vide its clause 13.15 of Master Circular and as amended from time to time are as follows:

  Position Limits
  The position limits for trading in derivatives by Mutual Funds specified by clause 13.15 of the Master Circular read with SEBI circular No. SEBI/HO/MRD/TPD-1/P/CIR/2025/79 dated May 29, 2025 are as follows:

  1. Position limit for Mutual Funds in index options contracts

  The position limit for the Mutual Fund in index options contracts shall be as follows:

i. The Mutual Fund position limit in all index options contracts on a particular underlying index shall be net end of day future equivalent open interest limit of ₹ 1,500 crore and gross future equivalent open interest of ₹ 10,000 crore (i.e. neither gross long Future Equivalent open interest nor gross short Future Equivalent open interest shall exceed ₹10,000 cr).
ii. This limit would be applicable on open positions in all options contracts on a particular Underlying Index.

2. Position limit for Mutual Funds in index futures contracts

The position limit for the Mutual Fund in index futures contracts shall be as follows:
i. The Mutual Fund position limit in all index futures contracts on a particular Underlying Index shall be ₹500 cr or 15% of the total open interest (OI) of the market in index futures, whichever is higher.
ii. This limit would be applicable on open positions in all futures contracts on a particular Underlying Index.

3. Position limit for Mutual Funds for stock based derivative contracts

The Mutual Fund position limit in a derivative contract on a particular underlying stock, i.e. stock option contracts and stock futures contracts will be as follows:

The combined futures and options position limit shall be 30% of the applicable Market Wide Position Limit (MWPL).

Exposure Limits
The exposure limits for trading in derivatives by Mutual Funds specified by clauses 13.18.1 and 13.15 of Master Circular, are as follows:

1. The cumulative gross exposure through equity, debt, derivative positions (other permitted securities/assets and such other securities/assets as may be permitted by SEBI from time to time shall not exceed 100% of the net assets of the scheme.

2. Mutual Funds shall not write options or purchase instruments with em-bedded written options except as permitted under SEBI circulars from time to time. Currently Mutual Fund schemes (**except Index Funds and ETFs**) may write call options only under a covered call strategy.

3. The total exposure related to option premium paid must not exceed 20% of the net assets of the scheme.

4. Cash or cash equivalents i.e. Government Securities, T-Bills and Repo on Government Securities with residual maturity of less than 91 calendar days may be treated as not creating any exposure.

5. Definition of Exposure in case of Derivative Positions:
Each position taken in derivatives shall have an associated exposure as defined under. Exposure is the maximum possible loss that may occur on a position. However, certain derivative positions may theoretically have unlimited possible loss. Exposure in derivative positions shall be computed as follows:

Position	**Exposure**
Futures (long and short)	Futures Price * Lot Size * Number of Contracts
Option Bought	Option Premium Paid * Lot Size * Number of Contracts

Position	Exposure
Options Sold	Market price of the underlying * Lot size * Number of contracts
Any other derivative exposure	Notional market value of the contract

B. WHAT ARE THE INVESTMENT RESTRICTIONS?

As per the Regulations, the following investment restrictions are currently applicable to the Scheme:

- The Mutual Fund shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relevant securities and in all cases of sale, deliver the securities.

  Provided further that the Mutual Fund may enter into derivatives transactions in a recognized stock exchange, subject to the framework specified by SEBI.

  Provided further that sale of government security already contracted for purchase shall be permitted in accordance with the guidelines issued by the Reserve Bank of India in this regard.

- The Mutual Fund shall enter into transactions relating to Government Securities only in dematerialised form except for such instruments as may be specified by SEBI from time to time.

- The mutual fund shall get the securities purchased or transferred in the name of the mutual fund on account of the Scheme except in respect of such securities as may be specified by SEBI from time to time.

- The mutual fund shall not borrow except to meet temporary liquidity needs for the purpose of repurchase or redemption of units or payment of interest or Income Distribution cum Capital Withdrawal payout to the unitholders or for settlement of trades by equity-oriented index funds and equity-oriented exchange traded funds on account of under execution of sell trades on the stock exchange in the manner as may be specified by the board from time to time.

  The borrowing specified above shall be subject to:
  (a) such borrowing not exceeding twenty per cent of the net assets of the scheme; and
  (b) duration of such borrowing not exceeding a period of six months.

- The mutual fund is permitted to undertake intraday borrowing for addressing timing mismatch between outflows and inflows of a scheme, subject to such conditions as specified by SEBI.
- Save as otherwise expressly provided under SEBI (MF) Regulations, the Mutual Fund shall not advance any loans for any purpose.

- As per SEBI (MF) Regulations, the mutual fund under all its Scheme(s) will not own more than 10% of any company's paid up capital carrying voting rights.

  Provided that the Sponsor of the Fund, its associate or group company including the asset management company of the Fund, through the Scheme(s) of the Fund or otherwise, individually or collectively, directly or indirectly, shall not have 10% or more of the share- holding or voting rights in the asset management company or the trustee company of any other mutual fund.

  Provided further that in the event of a merger, acquisition, scheme of arrangement or any other arrangement involving the sponsors of the mutual funds, shareholders of the asset management

companies or trustee companies, their associates or group companies which results in the incidental acquisition of shares, voting rights or representation on the board of the asset management companies or trustee companies beyond the above specified limit, such exposure may be rebalanced within a period of one year of coming into force of such an arrangement.

- The Scheme shall only invest in equity shares or equity related instruments which are listed or to be listed.

- The Scheme shall not make any investment in:
  - Any unlisted security of an associate or group company of the Sponsor; or
  - Any security issued by way of private placement by an associate or group company of the Sponsor; or
  - The listed securities of group companies of the Sponsors which is in excess of 25% of the net assets of the scheme, except for investments by equity oriented exchange traded funds (ETFs) and Index Funds and subject to such conditions as may be specified by SEBI;
  - any fund of funds Scheme.

- The cumulative gross exposure through all permissible investments viz. equity, debt and derivative positions should not exceed 100% of the net assets of the Scheme except to the extent of deployment of subscription cash flow.

- The Scheme shall not invest more than 10% of its NAV in debt instruments comprising money market instruments and non-money market instruments issued by a single issuer which are rated not below investment grade by a credit rating agency authorised to carry out such activity under the Act, subject to the below limits at rating level. Such investment limit may be extended to 12% of the NAV of the scheme with the prior approval of the Board of Trustees and the Board of directors of the asset management company.

  The Scheme shall not invest more than:

  a. 10% of its NAV in debt and money market securities rated AAA; or

  b. 8% of its NAV in debt and money market securities rated AA; or

  c. 6% of its NAV in debt and money market securities rated A and below issued by a single issuer.

  The above investment limits may be extended by up to 2% of the NAV of the scheme with prior approval of the Board of Trustees and Board of Directors of the AMC, subject to overall limit of 12% of its NAV of the Scheme for a single issuer.

  Provided that such limit shall not be applicable for investments in Government Securities, treasury bills and Tri-party Repos / Reverse Repo on Government securities or treasury bills (TREPS).

  Provided further that such limit shall not be applicable for investments in case of debt exchange traded funds or such other funds as may be specified by SEBI from time to time.

- The Scheme shall not invest in unlisted debt instruments, bespoke or complex debt products, unrated debt and money market instruments (except G-Secs, T-Bills and other money market instruments).

  Further, the Scheme shall comply with provisions of clauses 5.4 and 13.1 of Master Circular regarding investment in Debt and Money Market Instruments, as amended from time to time, to the extent applicable to the Scheme.

- The Scheme may invest in other scheme(s) under the same AMC or any other mutual fund without charging any fees, provided that aggregate inter scheme investment made by all Schemes under the same AMC or in Schemes under the management of any other asset management shall not exceed 5% of the net asset value of the Mutual Fund. Further, the Scheme shall not invest in any fund of funds scheme.

- Pending deployment of funds of the Scheme in securities in terms of the investment objectives of the Scheme, the Fund may park the funds of the Scheme in short term deposits of scheduled commercial banks subject to the following guidelines as specified by SEBI
    - "Short Term" for parking of funds shall be treated as a period not exceeding 91 calendar days.
    - Short Term deposits shall be held in the name of the Scheme.
    - Total investment of the Scheme in short term deposit(s) of all the Scheduled Commercial Banks put together shall not exceed 15% of the net assets. However, this limit can be raised upto 20% of the net assets with prior approval of the Board of Trustees.
    - Investments in short term deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the Mutual Fund in short term deposits.
    - The Scheme shall not park more than 10% of the net assets in short term deposit(s) of any one scheduled commercial bank including its subsidiaries.
    - The Scheme shall not park in short term deposit of a bank which has invested in the Scheme. Trustees/ AMC shall also take steps to ensure that a bank in which the Scheme has short term deposit does not invest in the Scheme until the Scheme has short term deposit with such bank.
    - No investment management and advisory fees will be charged for such investments in the Scheme.
    - The aforesaid limits shall not be applicable to term deposits placed as margins for trading in cash market.
    - However, period for 'pending deployment' as stated above for the Scheme shall not exceed 7 days.

Non-Convertible Preference Shares shall be treated as debt instruments and hence investment restrictions as applicable to debt instruments shall be applicable to these instruments.

The AMC / Trustee may alter these above stated restrictions from time to time to the extent the SEBI (MF) Regulations change, so as to permit the Scheme to make its investments in the full spectrum of permitted investments for mutual funds to achieve its respective investment objective. The AMC/Trustee may from time to time alter these restrictions in conformity with the SEBI (MF) Regulations. Further, apart from the investment restrictions prescribed under SEBI (MF) Regulations, the Fund may follow any internal norms vis-à-vis restricting / limiting exposure to a particular scrip or sector, etc.

All investment restrictions shall be applicable at the time of making investment.

D. INDEX METHODOLOGY

ABOUT THE UNDERLYING INDEX

NIFTY 50 (Total Returns Index)

The Nifty 50 Index is the flagship index on the National Stock Exchange of India Ltd. (NSE). The Index tracks the behavior of a portfolio of blue-chip companies, the largest and most liquid Indian securities. It represents the weighted average of 50 of the largest Indian companies listed on the NSE. Stocks are weighted using free float market capitalization methodology.

The review of Nifty 50 is undertaken semi-annually based on data for six months ending January and July.

The Scheme proposes to invest in equity and equity related instruments of companies, which are constituents of the NIFTY 50 Index. Hence, it is an appropriate benchmark for the Scheme. Further, a Total Returns Index reflects the returns on the index from index gain/loss plus dividend payments by constituent index stocks. The performance will be benchmarked to the Total Returns Variant of the Index.

The Trustee reserves the right to change the benchmark for evaluation of performance of the Scheme from time to time in conformity with the investment objectives and appropriateness of the benchmark subject to SEBI (MF) Regulations, and other prevailing guidelines, if any.

Portfolio Concentration Norms for Equity ETFs and Index Funds as per SEBI guidelines

In accordance with clause 4.3 of Master Circular, the Index shall comply with the following portfolio concentration norms:

(a) The Index shall have a minimum of 10 stocks as its constituents.
(b) No single stock shall have more than 25% weight in the Index.
(c) The weightage of the top three constituents of the Index, cumulatively shall not be more than 65% of the Index.
(d) The individual constituent of the Index shall have a trading frequency greater than or equal to 80% and an average impact cost of 1% or less over previous six months.

The Scheme shall monitor compliance with the aforesaid norms by the Index at the end of every calendar quarter.

Further, the updated constituents of the Index will be made available on the website of the Fund.

E. OTHER SCHEME SPECIFIC DISCLOSURES:

Listing and transfer of units	Being an open ended Scheme under which Sale and Redemption of Units will be made on continuous basis by the Mutual Fund (subject to completion of lock-in period, if any), the Units of the Scheme are not proposed to be listed on any stock exchange. However, the Mutual Fund may at its sole discretion list the Units under the Scheme on one or more stock exchange at a later date. The Units of the Schemes in Demat mode are freely transferable subject to applicable laws. Units held in Statement of Account (SoA) mode may be transferred subject to prevailing AMFI / SEBI guidelines from time to time. If an applicant desires to transfer Units held in physical mode for e.g. in statement of account form, the AMC shall, upon receipt of valid and complete request for transfer together with the relevant documents,

	register the transfer within 30 days. Provided that the transferor(s) and the transferee(s) will have to comply with the procedure for transfer as may be laid down by the AMC or as required under the prevailing law from time to time including payment of stamp duty for transfer of Units, etc. Units held in Demat form are transferable in accordance with the provisions of Depositories Act, 1996 and the Securities and Exchange Board of India (Depositories and Participants) Regulations, 2018 as may be amended from time to time." For more details, refer SAI.
Dematerialization of units	The Unit holders would have an option to hold the Units in demat form or account statement (non-demat) form. Units held in Demat Form are freely transferable subject to applicable laws. The Applicant intending to hold Units in demat form will be required to have a beneficiary account with a Depository Participant (DP) of the NSDL/CDSL and will be required to mention in the application form DP's Name, DP ID No. and Beneficiary Account No. with the DP at the time of purchasing Units.
IDCW (Dividend) Policy	Not Applicable as Scheme currently does not offer IDCW Option.
Allotment	All Applicants whose monies towards purchase of Units have been realised by the Fund will be allotted units within 5 working days, provided the applications are complete in all respects and are found to be in order. Units will be allotted in dematerialized form if so requested by the unit holder in the application form. In all other cases, statement of account showing the number of units allotted will be issued. Any application for subscription of units may be rejected if found invalid, incomplete or due to unavailability of underlying securities, etc. The AMC shall issue units in dematerialized form to a unit holder in a scheme within two working days of the receipt of request from the unit holder to convert his units in demat form. All Units will rank pari passu, among Units within the same Option in the Scheme concerned as to assets and liabilities, earnings and the receipt of IDCW distributions, if any, as may be declared by the Trustee. Units will be allotted upto 3 decimals. Face Value per unit of all Plans/ Options under the Scheme is Rs.10.
Who can invest This is an indicative list and investors shall consult their financial advisor to ascertain whether the scheme is suitable to their risk profile. Subject to the SEBI (MF) Regulations, the Trustee may inter-alia reject any application for the purchase of Units if the application is invalid or incomplete or non-permissible under law or if the AMC/Trustee for any other reason to believe that it would not be in the best interest of the Scheme or its Unitholders to accept such an application.
Who cannot invest	The persons/entities as specified under section **"Who Can Invest?" s**hall not be eligible to invest in the Scheme, if such persons/entities are: 1. United States Person (U.S. person*) as defined under the extant laws of the United States of America, except the following: a. NRIs/PIOs may invest/transact, in the Scheme, when present in India, as lump sum subscription, redemption and/or switch transaction, including registration of systematic transactions only through physical form and upon submission of such additional documents/undertakings, etc., as may be stipulated by AMC/Trustee from time to time and subject to compliance with all applicable laws and regulations prior to investing in the Scheme. b. FPIs may invest in the Scheme as lump sum subscription and/or switch transaction (other than systematic transactions) through submission of physical form in India, subject to compliance with all applicable laws and regulations and the terms, conditions, and documentation requirements stipulated by the AMC/Trustee from time to time, prior to investing in the Scheme. The Trustee/AMC reserves the right to put the transaction requests received from such U.S. person on hold/reject the transaction request/redeem the units, if allotted, as the case may be, as and when identified by the AMC that the same is not in compliance with the applicable laws and/or the terms and conditions stipulated by Trustee/AMC from time to time. Such redemptions will be subject to applicable taxes and exit load, if any.

	The physical application form(s) for transactions (in non-demat mode) from such U.S. person will be accepted ONLY at the Investor Service Centres (ISCs) of HDFC Asset Management Company Limited (HDFC AMC). Additionally, such transactions in physical application form(s) will also be accepted through Distributors and other platforms subject to receipt of such additional documents/undertakings, etc., as may be stipulated by AMC/Trustee from time to time from the Distributors/Investors. 2. Residents of Canada; 3. Investor residing in any Financial Action Task Force (FATF) designated High Risk jurisdiction. *The term "U.S. person" means any person that is a U.S. person within the meaning of Regulations under the Securities Act of 1933 of U.S. or as defined by the U.S. Commodity Futures Trading Commission or as per such further amended definitions, interpretations, legislations, rules etc, as may be in force from time to time.
How to Apply and other details	The Applications Forms are available at Investor Service Centres (ISCs)/Official Points of Acceptance (OPAs) of Mutual Fund and/or may be downloaded from the website of AMC. The application forms should be submitted at ISCs /OPAs. OPAs include various Distributors, Registered Investment Advisers (RIAs), Portfolio Managers, Execution only Platforms (EOPs), Stock Exchange Platforms and other transaction platforms with whom AMC has entered into tie up to accept transactions from their customers. Refer back cover page for contact details of Registrar and Transfer Agent (CAMS), brief details various official points of acceptance, collecting bankers during NFO (if any), etc. The list of the ISCs/ OPAs, of the Mutual Fund is provided on the website of the AMC. i.e. www.hdfcfund.com. For further details, please refer to the SAI and Application form available on the website for the instructions. It is mandatory for investors to mention bank account numbers in their applications/requests for redemption.
The policy regarding reissue of repurchased units, including the maximum extent, the manner of reissue, the entity (the scheme or the AMC) involved in the same.	Presently, the AMC does not intend to reissue the repurchased units. However, the Trustee reserves the right to reissue the repurchased units at a later date after issuing adequate public notices and taking approvals, if any, from SEBI.

Restrictions, if any, on the right to freely retain or dispose of units being offered.	**RIGHT TO RESTRICT REDEMPTION AND / OR SUSPEND REDEMPTION OF THE UNITS** (as per clause 5.3 of Master Circular): The Fund at its sole discretion reserves the right to restrict Redemption (including switch-out) of the Units (including Plan /Option) of the Scheme of the Fund upon occurrence of the below mentioned events for a period not exceeding ten (10) working days in any ninety (90) days period subject to approval of the Board of Directors of the AMC and the Trustee. The restriction on Redemption (including switch-out) shall be applicable where the Redemption (including switch-out) request is for a value above Rs. 2,00,000/- (Rupees Two Lakhs). Further, no restriction shall be applicable to the Redemption / switch-out request upto Rs. 2,00,000/- (Rupees Two Lakhs). It is further clarified that, in case of redemption request beyond Rs. 2,00,000/- (Rupees Two Lakhs), no restriction shall be applicable on first Rs. 2,00,000/- (Rupees Two Lakhs). The Trustee / AMC reserves the right to restrict Redemption or suspend Redemption of the Units in the Scheme of the Fund on account of circumstances leading to a systemic crisis or event(s) that severely constrict market liquidity or the efficient functioning of the markets. A list of such circumstances under which the restriction on Redemption or suspension of Redemption of the Units in the Scheme of the Fund may be imposed are as follows: 1. Liquidity issues- when market at large becomes illiquid affecting almost all securities rather than any issuer specific security; or 2. Market failures / Exchange closures; or 3. Operational issues; or 4. If so directed by SEBI. It is clarified that since the occurrence of the abovementioned eventualities have the ability to impact the overall market and liquidity situation, the same may result in exceptionally large number of Redemption requests being made and in such a situation the indicative timelines, if any mentioned by the Fund in the scheme offering documents, for processing of requests for Redemption may not be applicable. Any restriction on Redemption or suspension of Redemption of the Units in the Scheme(s) of the Mutual Fund shall be made applicable only after specific approval of the Board of Directors of the AMC and Trustee Company and thereafter, immediately informing the same to SEBI. The AMC / Trustee reserves the right to change / modify the provisions of right to restrict Redemption and / or suspend Redemption of the Units in the Scheme of the Fund.
Cut off timing for subscriptions/ redemptions/ switches	The below cut-off timings and applicability of NAV shall be applicable in respect of valid applications received at the Official Point(s) of Acceptance on a Business Day:

This is the time before which your application (complete in all respects) should reach the official points of acceptance.	**A] For Purchase (including switch-in) of any amount:** • In respect of valid applications received upto 3.00 p.m. and where the funds for the entire amount are available for utilization before the cut-off time i.e. credited to the bank account of the Scheme before the cut-off time - the closing NAV of the day shall be applicable. • In respect of valid applications received after 3.00 p.m. and where the funds for the entire amount are credited to the bank account of the Scheme either at any time on the same day or before the cut-off time of the next Business Day i.e. available for utilization before the cut-off time of the next Business Day - the closing NAV of the next Business Day shall be applicable. • Irrespective of the time of receipt of application, where the funds for the entire amount are credited to the bank account of the Scheme before the cut-off time on any subsequent Business Day i.e. available for utilization before the cut-off time on any subsequent Business Day - the closing NAV of such subsequent Business Day shall be applicable. **B] For Switch-ins of any amount:** For determining the applicable NAV, the following shall be ensured: • Application for switch-in is received before the applicable cut-off time. • Funds for the entire amount of subscription/purchase as per the switch-in request are credited to the bank account of the Scheme before the cut-off time. • The funds are available for utilization before the cut-off time. • In case of 'switch' transactions from one scheme to another, the allocation shall be in line with redemption payouts. In case of switches, the request should be received on a day which is a Business Day for the Switch-out scheme. Redemption for switch-out shall be processed at the applicable NAV as per cut-off timing. Switch-in will be processed at the Applicable NAV (on a Business Day) based on realization of funds as per the redemption pay-out cycle for the switch-out scheme. For investments through systematic investment routes such as Systematic Investment Plans (SIP), Flex SIP, Systematic Transfer Plans (STP), Flex-STP, Swing STP, Transfer of Income Distribution cum Capital Withdrawal (IDCW) Plan facility (TIP), etc. the units will be allotted as per the closing NAV of the day on which the funds are available for utilization within applicable cut-off time by the Target Scheme irrespective of the installment date of the SIP, STP or record date of IDCW etc. While the AMC will endeavour to deposit the payment instruments accompanying investment application submitted to it with its bank expeditiously, it shall not be liable for delay in realization of funds on account of factors beyond its control such as clearing / settlement cycles of the banks.

	Since different payment modes have different settlement cycles including electronic transactions (as per arrangements with Payment Aggregators / Banks / Exchanges etc), it may happen that the investor's account is debited, but the money is not credited within cut-off time on the same date to the Scheme's bank account, leading to a gap / delay in Unit allotment. Investors are therefore urged to use the most efficient electronic payment modes to avoid delays in realization of funds and consequently in Unit allotment. **C] For Redemption (including switch-out) applications** • In respect of valid applications received upto 3 p.m. on a Business Day by the Fund, same day's closing NAV shall be applicable. • In respect of valid applications received after 3 p.m. on a Business Day by the Fund, the closing NAV of the next Business Day shall be applicable. **Transactions through online facilities / electronic modes:** The time of transaction done through various online facilities / electronic modes offered by the AMC, for the purpose of determining the applicability of NAV, would be the time when the request for purchase / sale / switch of units is received in the servers of AMC/RTA. The AMC has the right to amend cut off timings subject to SEBI (MF) Regulations for the smooth and efficient functioning of the Scheme.
Minimum amount for purchase/redemption/switches/ subscription/ redemption with AMC.	**Minimum amount for Purchase/ Redemption (including Switch-in/Out):** For details refer section **'Highlights / Summary of the Scheme'.** The request for minimum amount /units for redemption / switch-out of Units under each plan / option would be Rs. 100/- and multiples of Rs. 1/- thereafter. There will be no minimum redemption criterion for Unit based redemption. The Redemption / Switch-out would be permitted to the extent of credit balance in the Unit holder's account of the Plan(s) / Option(s) of the Scheme (subject to completion of Lock-in period or release of pledge / lien or other encumbrances). The Redemption / Switch-out request can be made by specifying the rupee amount or by specifying the number of Units of the respective Plan(s) / Option(s) to be redeemed. In case a Redemption / Switch-out request received is for both, a specified rupee amount and a specified number of Units of the respective Plan(s)/ Option(s), the specified number of Units will be considered the definitive request. In case the value / number of available units held in the Unit holder's folio / account under the Plan / Option of the Scheme is less than the amount / number of units specified in the redemption / switchout request, then the transaction shall be treated as an 'all units' redemption and the entire balance of available Units in the folio /

	account of the Unit holder under the stated Plan / Option of the Scheme shall be redeemed.
Accounts Statements	The AMC shall send an allotment confirmation specifying the units allotted by way of email and/or SMS within 5 working days of receipt of valid application/transaction to the Unit holders registered e-mail address and/ or mobile number (whether units are held in demat mode or in account statement form). A Consolidated Account Statement (CAS) detailing all the transactions across all mutual funds and holdings at the end of the month shall be sent to the Unit holders in whose folio(s) transaction(s) have taken place during the month on registered email address on or before 12th of the succeeding month and by 15th of the succeeding month for those who have opted for physical copy. Half-yearly CAS shall be issued to all investors providing the prescribed details across all schemes of mutual funds and securities held in dematerialized form across demat accounts, if applicable, at the end of every six months (i.e. September/ March) on or before 18th day of succeeding month on registered email address and 21st day of succeeding month through physical copy for those who do not have registered email addresses. For further details, refer SAI.
IDCW (Dividend)	Not Applicable as Scheme currently does not offer IDCW Option.
Redemption	The redemption or repurchase proceeds shall be dispatched to the unitholders within three working days from the date of redemption or repurchase or such other timelines as may be specified by SEBI / AMFI from time to time in case of exceptional circumstances or otherwise. For details refer para 15.3.3 of Master Circular.
Bank Mandate	**BANK DETAILS** In order to protect the interest of Unit holders from fraudulent encashment of redemption / IDCW cheques, SEBI has made it mandatory for investors to provide their bank details viz. name of bank, branch, address, account type and number, etc. to the Mutual Fund. Payment will be made only in the Bank Account registered with the Mutual Fund. In case of units held in demat mode, payment will be made to the bank account linked to the demat account. The bank account registered in the folio of a minor should be that of the minor or should be a joint account of the minor with the guardian. Applications without complete bank details shall be rejected. The AMC will not be responsible for any loss arising out of fraudulent encashment of cheques/ warrants and/ or any delay/ loss in transit.

	• **Multiple Bank Accounts Registration** The AMC/ Mutual Fund provides a facility to the investors to register multiple bank accounts (currently upto 5 for Individuals and 10 for Non - Individuals) for receiving redemption/ IDCW proceeds etc. by providing necessary documents. Investors must specify any one account as the "Default Bank Account". • **Change in Bank Account** For investors holding units in demat mode, the procedure for change in bank details would be as determined by the depository participant. For investors holding units in non-demat mode, the Unit holders may change their bank details registered with the Mutual Fund by submitting 'Multiple Bank Account Registration Form' or a standalone separate Change of Bank Details Form.
Delay in payment of redemption /repurchase proceeds/IDCW (Dividend)	The AMC shall be liable to pay interest to the Unit holders at 15% or such other rate as may be prescribed by SEBI from time to time, in case the redemption/ repurchase/ IDCW proceeds are not transferred within the prescribed timeline. However, the AMC will not be liable to pay any interest or compensation or any amount otherwise, in case the AMC / Trustee is required to obtain from the investor / unit holders verification of identity or such other details relating to subscription for Units under any applicable law or as may be required by a regulatory body or any government authority, which results in delay in processing the application.
Unclaimed Redemption and Income Distribution cum Capital Withdrawal Amount	The unclaimed Redemption and IDCW amounts (the funds) are currently deployed by the Mutual Fund only in TREPS. However, the same may be deployed in other permissible instruments such as call money market or money market instruments or in a separate plan specifically launched under Overnight/Liquid/ Money Market Mutual Fund schemes to deploy unclaimed Redemption and IDCW amounts. Investors who claim the unclaimed amounts during a period of three years from the due date shall be paid initial unclaimed amount along-with the income earned on its deployment. Investors, who claim these amounts after 3 years, shall be paid initial unclaimed amount along-with the income earned on its deployment till the end of the third year. After the third year, the income earned on such unclaimed amounts shall be used for the purpose of investor education. The AMC will make a continuous effort to remind the investors through letters to take their unclaimed amounts. The details of such unclaimed redemption/IDCW amounts are made available to investors upon them providing proper credentials, on website the of Mutual Fund and AMFI along with the information on the process of claiming the unclaimed amount and the necessary forms/documents required for the same. Further, the information on unclaimed amount along-with its prevailing value (based on income earned on deployment of such unclaimed amount), will be separately disclosed to investors through the periodic statement of accounts/Consolidated Account Statement sent to the

	investors. Further, the investment management fee charged by the AMC for managing the said unclaimed amounts shall not exceed 50 basis points.
Disclosure with respect to investment by minors	Investments (including through existing SIP registrations) in the name of minors shall be permitted only from bank account of the minor, parent or legal guardian of the minor or from a joint account of the minor with the parent or legal guardian. It is reiterated that the redemption/ Income Distribution cum Capital Withdrawal (IDCW) proceeds for investments held in the name of Minor shall continue to be transferred to the verified bank account of the minor (i.e. of the minor or joint account of minor with parent/ legal guardian) only. Therefore, investors must ensure to update the folios with minor's bank account details as the 'Pay-out Bank account' by providing necessary documents before tendering redemption requests / for receiving IDCW distributions. **MINOR ATTAINING MAJOR STATUS** The Mutual Fund/AMC will register SIP/STP/SWAP(SWP)/or any other systematic enrollment in the folio held by a minor only till the date of the minor attaining majority, even though the instructions may be for a period beyond that date. Such enrollments will automatically stand terminated upon the Unit Holder attaining 18 years of age. For folios where the units are held on behalf of the minor, the account shall be frozen for operation by the guardian on the day the minor attains majority and no transactions shall be permitted till the requisite documents for changing the status of the account from 'minor' to 'major' are submitted.

B. TRANSPARENCY/NAV DISCLOSURE

Net Asset Value This is the value per unit of the scheme on a particular day. You can ascertain the value of your investments by multiplying the NAV with your unit balance.	The AMC will calculate and disclose NAVs at the close of every Business Day. As required by SEBI, the NAVs shall be disclosed in the following manner: i) Displayed on the website of the Mutual Fund (www.hdfcfund.com) ii) Displayed on the website of Association of Mutual Funds in India (AMFI) (www.amfiindia.com). iii) Any other manner as may be specified by SEBI from time to time. AMC shall update the NAVs on the website of the Fund and AMFI by 11.00 p.m. every Business day. In case of any delay in uploading on AMFI website, the reasons for such delay would be explained to AMFI and SEBI in writing. If the NAVs are not available before commencement of business hours on the following day due to any reason, Mutual Fund shall issue a press release providing reasons and explaining when the Mutual Fund would be able to publish the NAVs. Mutual Fund / AMC will provide facility of sending latest available NAVs to unitholders through SMS, upon receiving a specific request in this regard.

C. TRANSACTION CHARGES AND STAMP DUTY

Transaction Charges	No transaction charges shall be deducted from the subscription amount for transactions /applications received through the distributors (i.e. in Regular Plan).
